Board of Trustees and President Donald R. Bobbitt:

It is my pleasure to transmit to you the Audited Financial Statements of the University of Arkansas System for the fiscal year ended June 30, 2019. The data presented, including the Management's Discussion and Analysis, Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows, are presented on a consolidated basis and include all components of the System: UAF (University of Arkansas, Fayetteville, including the Division of Agriculture, Arkansas Archeological Survey, Criminal Justice Institute, and Clinton School of Public Service), UAFS (University of Arkansas at Fort Smith), UALR (University of Arkansas at Little Rock), UAMS (University of Arkansas for Medical Sciences), UAM (University of Arkansas at Monticello), UAPB (University of Arkansas at Pine Bluff), CCCUA (Cossatot Community College of the University of Arkansas), PCCUA (Phillips Community College of the University of Arkansas), UACCB (University of Arkansas Community College at Batesville), UACCHT (University of Arkansas Community College at Hope-Texarkana), UACCM (University of Arkansas Community College at Morrilton), UAPTC (University of Arkansas Pulaski Technical College), UACCRM (University of Arkansas Community College at Rich Mountain), ASMSA (Arkansas School for Mathematics, Sciences and the Arts), and SYSTEM (University of Arkansas System Administration, including University of Arkansas System eVersity).

These statements were prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements used to prepare the consolidated report, except for the Medical Sciences campus and the discretely presented component units, were audited by Arkansas Legislative Audit. The financial statements from the Medical Sciences campus were audited by KPMG LLP. The consolidated financial statements received an unmodified audit opinion.

LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

INDEPENDENT AUDITOR'S REPORT

University of Arkansas System Legislative Joint Auditing Committee

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the University of Arkansas System (University), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the University of Arkansas for Medical Sciences, a unit of the System, whose statements reflect total assets and revenues constituting 28% and 51%, respectively, of the related combined totals. Additionally, we did not audit the financial statements of the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc., which represents 100% of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of Arkansas for Medical Sciences, University of Arkansas Foundation, Inc., and University of Arkansas Fayetteville Campus Foundation, Inc., is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2019, and the respective changes in financial position, and where applicable, cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Prior Year Comparative Information

We have previously audited the University's 2018 financial statements, and we expressed unmodified opinions on the respective financial statements of the business-type activities and the aggregate discretely presented component units in our report dated November 19, 2018. In our opinion, the comparative information presented herein as of and for the year ended June 30, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, certain information pertaining to pensions, and certain information pertaining to postemployment benefits other than pensions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, the Statement of Cash Flows – Direct Method – by Campus are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows – Direct Method – by Campus are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows – Direct Method – by Campus are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 19, 2019 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

ARKANSAS LEGISLATIVE AUDIT

Roger A. Norman, JD, CPA, CFE, CFF Legislative Auditor

Little Rock, Arkansas November 19, 2019 EDHE14119

Introduction

The University of Arkansas System ("the University") is pleased to present its financial statements for the fiscal year ended June 30, 2019, with comparative statements for the fiscal years ended June 30, 2018 and 2017.

The University of Arkansas System ("the University"), which prior to 1969 consisted of the Fayetteville and the Medical Sciences campuses, expanded in 1969 to include the Little Rock campus (formerly Little Rock University), in 1971 to include the Monticello campus (formerly Arkansas A&M College), in 1972 to include the Pine Bluff campus (formerly Arkansas AM&N College), in 1996 to include the Phillips campus (formerly Phillips County Community College) and the Hope campus (formerly Red River Technical College), and in 1998 to include the Batesville campus (formerly Gateway Technical College). On July 1, 2001, the University was expanded to include campuses in Morrilton (formerly Petit Jean College) and DeQueen (formerly Cossatot Community College). The Fort Smith campus (formerly Westark College) joined the University on January 1, 2002. Forest Echoes Technical Institute and Great Rivers Technical Institute merged with the Monticello campus on July 1, 2003. The for Mathematics. Arkansas School Sciences and the Arts, a residential high school, joined the University on January 1, 2004. On February 1, 2017, Pulaski Technical College and Rich Mountain Community College ioined University becoming the University of Arkansas-Pulaski Technical College and the University of Arkansas at Rich Mountain Community College. addition these campuses, the University includes the System

Administration. whose financial statements include eVersity, and the following units that are included in the financial statements of the Fayetteville campus: Clinton School of Public Service. Division of Agriculture (Agricultural Experiment Station and the Cooperative Extension Service), Arkansas Archeological Survey, and Criminal Justice Institute.

All programs and activities of the University of Arkansas are governed by its ten-member Board of Trustees who are appointed by the Governor for tenvear terms, which has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the Criminal Justice Institute, the Director of the Arkansas Archeological Survey, and the Director of the Arkansas School for Mathematics, Sciences and the Arts, who have responsibility for the programs and activities of their respective campuses or state-wide operating division.

Overview of the Financial Statements and Financial Analysis

The University's financial statements are prepared in accordance with standards issued by the Governmental Accounting Standards Board (GASB). The financial statement presentation provides comprehensive, entity-wide perspective of the University's assets, deferred outflows, liabilities, deferred inflows, net position, revenues, expenses, changes in net position, and cash flows. The financial statements included are the of Net Statements Position, the Statements of Revenues, Expenses and Changes in Net Position, and the Statements of Cash Flows. This discussion has been prepared by management and should be read in conjunction with the financial statements and notes following this section.

The University has identified two legally separate foundations, the University of Arkansas Foundation, Inc. and the University of Arkansas Favetteville Campus Foundation, Inc., that meet the criteria set forth for component units. These foundations provide financial support for the objectives, purposes, and programs of the University. Although the University does not control the timing. purpose or amount received by these Foundations, the resources (and income thereon), they hold and invest are dedicated to the benefit of the University. Because these resources held by the foundations can only be used by, or for the benefit of, the University, and are deemed material, they are considered component units and are discretely presented in the financial statement Additional information about report. component units is provided in Note 1.

Statements of Net Position

The Statement of Net Position provides a fiscal snapshot of the University as of the end of the fiscal year. All assets (property that we own and what we are owed by others), deferred outflows of resources (consumption of net position by the University that is applicable to a future reporting period), liabilities (what we owe to others and have collected from others before we have provided the service), deferred inflows of resources (acquisition of net position by the

University that is applicable to a future reporting period), and net position (assets and deferred outflows of resources minus liabilities and deferred inflows of resources) are reported in this statement. Assets and liabilities are presented in the order of their relative liquidity, and are identified as current or noncurrent. Current assets are those assets that can be realized in the coming year, and current liabilities are expected to be paid within the next year. Noncurrent assets and liabilities are not expected to be realized as cash or paid in the subsequent year. Assets, deferred outflows of resources. liabilities and deferred inflows of resources are generally measured using current values. One exception is capital assets, which are stated at historical cost less accumulated depreciation.

Net position is divided into three major categories. The first category, invested in capital assets, net of related debt, reflects the equity in property, plant and equipment owned by the University. The next category is restricted net position. which is divided into two subcategories, expendable and nonexpendable. The expendable category is available for expenditure by the University but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The corpus of nonexpendable restricted resources is only available for investment purposes. The final category is unrestricted net position which is available for any lawful purpose of the University.

Unrestricted	765,918,887	590,143,922	540,058,515
Total Net Position	\$ 2,619,951,446	\$2,466,031,742	\$ 2,334,310,395

The University's total assets increased \$137.1 million, or 3.0%. Cash and cash equivalents increased \$27.3 million and investments increased by \$106.4 million. Cash and cash equivalents increased \$15.1 million at UAF, \$10.9 million at UALR and \$39.8 million at UAMS. These increases were offset by a decrease in UASYS cash and cash equivalents of \$43.8 million. **UAF** increased investments \$22.4 million. UASYS increased investments \$50.7 million and UAMS increased \$24.5 million. Deposits held in trust decreased by \$74.3 million of which UAF comprised \$52.6 million of the decrease which were related to spending of bond proceeds on capital projects completed during 2019. UAMS drew down funds of \$14.9 million through equipment financing as the installation occurred of a new phone system. Capital assets increased \$87.3 million net of accumulated depreciation. Fayetteville had an increase in capital asset additions of \$198 million with depreciation of \$86 million. Construction in progress increased by \$174.6 million during 2019 of which \$288 million were placed into service, including the football stadium expansion of the north end zone. The Windgate Art & Design District Buildings, library changes, and other athletic facilities are in progress along Fayetteville new dorms in completed in the fall of 2019. UAMS has an increase in capital asset additions of \$61 million net of depreciation and amortization of \$67 million.

Deferred outflows of resources consist of deferred amounts on refinancing of debt and deferred amounts related to pensions and other post-employment benefits (OPEB). Overall, deferred outflows decreased \$13.5 million, or (21.5%). Deferred outflows related to pensions comprised most of the decrease at \$11.8 million as a result of actuarially determined amounts. The amortization of the debt refunding decreased the deferred outflows balance by \$2.4 million.

Total liabilities decreased \$40.5 million, or 2.0%. The liability for bonds, notes, capital leases and installment contracts decreased \$34.6 million. Netted in that amount, UAF issued new bonds that totaled \$30 million. The additional debt is offset by a total of \$92.4 in repayments during fiscal 2019. The liability for future insurance claims increased by \$.9 million and is due to the UA Health Plan experiencing an overall plan loss ratio of 101% compared to a loss ratio of 95% in the previous fiscal year (Note 14).

Deferred inflows of resources related to pension plans increased \$8.7 million, or 99.4%, as a result of actuarially determined amounts. In addition, deferred inflows related to OPEBs increased of \$1.4 million.

The increase in net position was \$153.9 million, or 6.2%. The increase is the result of 2019 revenues, expenses and changes in net position. Net investments in capital assets increased \$58.6 million with UAF comprising \$64.9 million of the increase offset by changes at the other Restricted net position, campuses. expendable non-expendable. and decreased \$80.4 million with UAF decreasing \$17.9 million and UAMS decreasing \$62.9 million. Unrestricted net position increased \$175.8 million with UAF adding \$47.9 million, UAMS adding \$104.9 million, and UAFS adding \$8.3 million. These increases were offset by increases and decreases at the remaining Although campuses. unrestricted net position is not subject to externally-imposed restrictions, majority of the University's unrestricted net position is subject to internal designations to meet various specific commitments. These commitments include reserves established for future capital projects, other academic or research priorities; working capital for self-supporting auxiliary enterprises; and reserves for the continued recognition of OPEB and pension obligations.

Statements of Revenues, Expenses and Changes in Net Position

Changes in total net position, as presented on the Statements of Net Position, is based on the activity presented in the Statements of Revenues, Expenses and Changes in Net Position. The statements present the revenues earned by the University, both operating and nonoperating, and the expenses incurred by the University, both operating and nonoperating, and any other revenues, expenses, gains and losses received or spent by the University. Operating revenues are received for providing goods and services to the various customers and constituencies of the University. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for operating revenues and to carry out the mission of the University. Non-operating revenues are revenues received for which goods and services are not provided. In with GASB accordance standards, significant recurring sources University revenue such state appropriations, gifts, investment income and certain grants and contracts are reported as non-operating revenues.

The 2019 operating loss of \$595.2 million highlights the University's dependence on non-operating revenues, including state appropriations, to meet the costs of operations and provide funds for the acquisition of capital assets.

Operating revenues increased \$113.4 million, or 4.7%. Net student tuition and fees increased \$5.4 million, reflecting increases for UAF of \$10.2 million offset by small increases and decreases spread through the rest of the campuses. Net patient services increased \$70 million or 5.7% at UAMS due to increases in inpatient and outpatient volumes. Grants and contracts increased \$7.7 million, of which UAMS increased \$9.7 million and UAF decreased \$5.6 million. Other

operating revenue increased \$22.8 million, attributed to UAMS's increase of \$22.1 million for specialty and retail pharmacy activity.

Total operating expenses increased \$55.9 million, or 1.8%. Compensation and benefits only increased \$4.2 million, or 0.2% increase, over the previous year. UAF increased \$4.9 million due to increases in salaries for faculty and staff. The cost of supplies and services increased \$32.1 million, of which \$17.9 million is attributable to UAMS, UAF increased \$23.2 million, offset by UALR's decrease of \$7.9 million. The increase at UAMS was due to increases in medical supplies, primarily for a higher surgery volume, and drugs and medicines

for patient care. Depreciation increased \$13.7 million with UAF accounting for \$10.5 million of the increase. The changes were spread throughout the campuses. The insurance plan expenses increased \$6.9 million due to higher claims costs.

Net non-operating revenues decreased by \$14 million, or 2%. State appropriations decreased \$11.6 million and grants decreased \$1.2 million, offset by investment income increasing \$3.3 million and gifts increasing \$4.4 million. Loss on disposal of assets increased \$2.3 million.

Other changes in net position decreased \$28.7 million, or 31.2%. Capital grants and gifts decreased \$42.3 million with most of the decrease related to UAF. The pollution remediation costs decreased \$12.7 million at UAF during 2019.

Gifts reported reflect only a portion of the gifts available to the University. Most gifts for the benefit of the University are made to the University of Arkansas Foundation, whose financial information is presented in Note 1.

Statements of Cash Flows

The Statement of Cash Flows provides information about the cash activity of the University during the year. The statement is divided into five parts. The first part shows the net cash used by the operating activities of the institution. The second section reflects cash flows from non-

capital financing activities. The third section deals with cash flows from capital and related activities, such as the acquisition and construction of capital assets and proceeds from, and payment of, debt. The fourth section reflects the cash flows from investing activities and shows the purchases, proceeds, and interest received from these activities. The fifth section, not shown in the condensed statement below, reconciles the net cash used by operating activities to the net operating income or loss reflected on the Statement of Revenues, Expenses and Changes in Net Position. This statement aids in the assessment of University's ability to obligations as they become due, the need for external financing, and the ability to generate future cash flow.

Similar to the operating loss on the Statement of Revenues, Expenses, and Changes in Net Position, net cash used in operating activities does not reflect all resources available to the University because generally accepted accounting principles require state appropriations, gifts and grants to be reported as nonoperating financing activities. The net cash provided by the combination of operating and noncapital financing activities is a better depiction of the results achieved for the year. The net cash for 2019 is \$351.2 million, an increase of \$110.8 million from the prior year. The changes are explained in the discussion in relation to the Statements of Revenues. Expenses and Changes in Net Position.

Purchases of capital assets and repayments of long-term debt exceeded debt proceeds and capital grants and gifts during 2019 which was consistent with the previous years. Purchases of investments exceeds the proceeds from sales and maturities of investments in the current year which was also consistent with prior years. The University shifted cash to investments during the year as has been done in previous years.

Capital Assets and Long-Term Debt Activity

At June 30, 2019, the University had \$2.9 billion of capitalized assets, net of accumulated depreciation of \$2.8 billion. Capital additions in 2019 totaled \$292 million which was offset by depreciation of \$200 million, net of transfers and deletions, resulted in a net increase in capital assets of \$87 million.

New debt issued for bonds, notes, capital leases and installment contracts offset by payments of principal was a net decrease of \$34.6 million for 2019. The University issued a total of \$30 million in bonds for the Fayetteville campus. More detailed information about debt activity was

discussed previously and is presented in Note 10.

Economic Outlook

The University's net position increased \$153.9 million for 2019. Moody's last reaffirmed the University's rating of Aa2 with a stable outlook on September 26, 2019. One of the University's greatest strengths is the diverse stream of revenue which funds its operations, including tuition, patient services revenue, state appropriations, investment income, grants and contracts, and support from foundations, individuals, corporations. Because the Fayetteville campus and the Medical Sciences campus account for 74.7% of total net position and 88.8% of operating revenues, discussion below is centered on these two campuses.

UAMS

UAMS closed fiscal year 2019 up \$39.9 million in net position, a much better outcome than the balanced budget projected for the period. UAMS was able to achieve this positive result through decreased spending efforts related to resource optimization and increases in

patient revenue. Additional one-time items included a \$15.7 million true up of the estimated DSH (disproportionate chare hospital) payments.

The fiscal year 2020 budget reflects a balance of projected revenues and expenditures based on conservative estimates of revenue gains in patient services and includes budget control measures related to resource optimization. With modest budgetary goals to sustain continued support for UAMS' mission and maintenance of quality service to patients and students, to build back university reserves and to funding for increase improvements, deferred maintenance and infrastructure, UAMS expects to finish fiscal year 2020 within budget.

Despite efforts to reduce and control spending and increase revenues, UAMS expects continuing financial pressures in the near term. State appropriations are expected to remain flat over the next several years, except for \$10 million additional funding to support efforts by UAMS to seek designation as a National Cancer Institute Center. No significant downturn in state funding is anticipated.

There is continuing uncertainty as to how the changes in the Arkansas Works (Medicaid expansion program) will ultimately affect UAMS. The new work requirement that was effective in June 2018 was struck down in a federal court: however, that decision was subsequently appealed. The outcome of that appeal is still pending. Finally, UAMS anticipates continuing downward pressure on third party reimbursements. In summary, the economic outlook for UAMS is stable. However, it will require a continuing commitment to improve the performance and cost efficiency of operations, to manage within budget limits, and to

carefully evaluate the financial opportunities and risks ahead.

UAF

Financial and political support from state government remains a critical element to the continued financial health of UAF. In 2019. the total general revenue distribution from the State, included in state appropriation revenue, increased slightly to \$208.2 million from the \$202.9 million reported in 2018. This was due primarily to Act 148 of 2017 discussed in the paragraph below. Estimates for 2020 indicate general revenue distributions from the State will remain flat, with no significant increase decrease. or Management will continue to institute both internal and external efforts to maximize the state resources available, while seeking ways to minimize the effect of state funding levels not keeping pace with growth.

In 2017, The Arkansas Legislature enacted Act 148 which adopted a productivity-based funding model for most state-supported higher education institutions. As provided in the Act, the Department of Higher Arkansas Education developed the model with measures for effectiveness, affordability, and efficiency. That model was first used to determine funding recommendations for the 2018-19 academic year and resulted in a small increase in university funding based on those measures. UAF does not anticipate material changes in its funding level over the short term based on the new funding policy.

We continue to seek ways to manage the cost of attendance so that it remains affordable while achieving revenue support necessary to offer a high-quality university experience. Diverse revenue resources, including state appropriations, tuition and fees (net of scholarship

allowance). private support and sponsored grants and contracts all contribute to support the mission of teaching, research and service. Tuition and mandatory fee increases totaling 0.74% for resident and 3.53% for nonresident students, respectively, were necessary in 2019 to maintain the facilities, faculty and other support needed to fulfill our mission. As enrollment stabilizes, together with state funding levels not able to keep pace with formula calculations, it is expected that UAF must continue to look to increases in tuition rates for revenue support as well as grow other revenue streams.

Fiscal year 2019 was the penultimate year for Campaign Arkansas, the university's capital campaign to advance academic opportunity at UAF. Campaign Arkansas has a goal of raising \$1.25 billion by June 30, 2020, and the overall total reached \$1.11 billion by the end of fiscal year 2019. The campaign is raising funds for scholarships and fellowships, endowed faculty chairs, capital projects. interdisciplinary academic programs and other priority areas that will advance UAF's goals and objectives.

Like the previous years, fiscal year 2019 was another strong fundraising year, with \$163.4 million raised, surpassing the goal of \$125.6 million. The total amount raised includes gifts of cash, gifts-inkind, planned gifts and new pledges. Approximately \$17.8 million of the total was directed by donors to be used as endowment when received. The private support garnered each year is needed to provide resources. facilities. the experiences and campus environment that ensures UAF fulfills its land-grant mission and remains a top-tier research institution for students while also

advancing the economic development of the State of Arkansas.

Preliminary figures indicate that the university enrolled 27,559 students for the fall 2019 semester while setting new records for retention and graduation rates. University enrollment has increased 28.75%, or 6.154 students over the past ten years. While enrollment topped 27,500 for the third year in a row, this year's total is slightly lower than last year's record enrollment of 27,778. This modest decline is an indication that the size of UAF's enrollment is stabilizing after two decades of unprecedented growth. This decline of 1.0% in fall 2019 comes after increases of 1.3% in fall 2017 and 0.8% in fall 2018. This more stable enrollment is welcomed as the university assesses future goals and the optimum number of students.

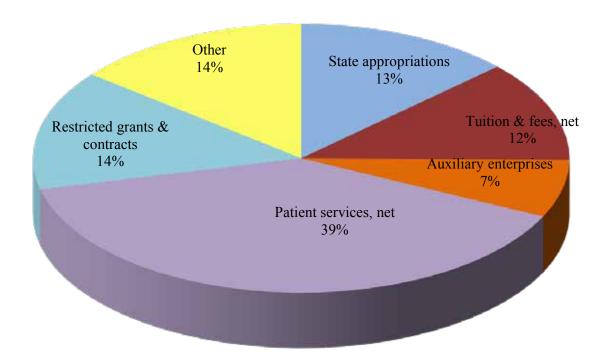

All Campuses

Financial support from state government for all campuses remains a critical element to the continued financial health of the University. Arkansas appears to have a healthy, growing economy as general revenue forecasts are positive and the state budget remains balanced. As the unemployment rate remains at record lows, enrollment in higher education may remain flat or decrease at most campuses, so management will continue to budget conservatively and to emphasize cost containment.

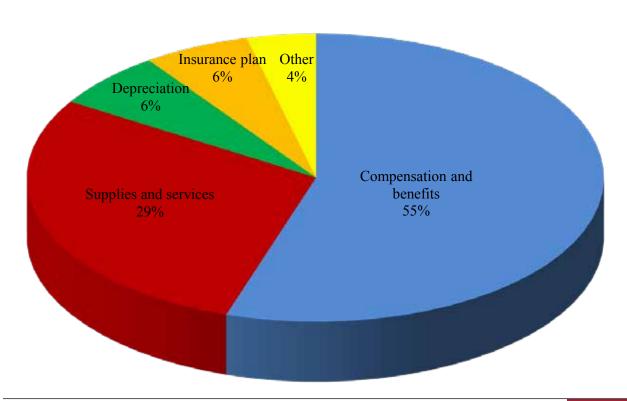

Preliminary data shows that the number of enrolled students (headcount) has decreased from the fall semester of 2018 to the fall semester of 2019, to 65,875. The number of full-time equivalent students has also decreased from 53,191 to 52,412.

2019 Revenues \$3.324 Billion

2019 Expenses \$3.170 Billion

Note 1: Summary of Significant Accounting Policies

The financial statements for the University of Arkansas ("the University") have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The accompanying notes to the financial statements are an integral part of the financial statements.

The following acronyms are used for the various campuses and divisions of the University as reported in the financial statements: UAF (University of Arkansas, Fayetteville, including the Division of Agriculture, which includes the Agricultural Experiment Station and Cooperative Extension Service, Arkansas Archeological Survey (AAS), Criminal Justice Institute (CJI), and Clinton School of Public Service), UAFS (University of Arkansas at Fort Smith), UALR (University of Arkansas at Little Rock), UAMS (University of Arkansas for Medical Sciences), UAM (University of Arkansas at Monticello), UAPB (University of Arkansas at Pine Bluff), CCCUA (Cossatot Community College of the University of Arkansas), PCCUA (Phillips Community College of the University of Arkansas Community College at Batesville), UACCHT (University of Arkansas Community College at Hope-Texarkana), UACCM (University of Arkansas Community College at Morrilton), University of Arkansas-Pulaski Technical College (UAPTC), University of Arkansas Community College at Rich Mountain (UACCRM), ASMSA (Arkansas School for Mathematics, Sciences and the Arts), and SYSTEM (University of Arkansas System Administration, including University of Arkansas System eVersity).

Basis of Presentation and Measurement Focus

For financial reporting purposes, the University is considered a special-purpose government engaged in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized in the period in which they are incurred, if measurable, including depreciation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows, deferred outflows, revenues and expenses at the date of the financial statements. Significant estimates affecting the financial statements include the determination of allowances for uncollectible accounts, patient services-related contractual adjustments and third-party payor settlements, and various investment risks and fair market valuations. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include short-term, highly liquid investments that are readily convertible to cash and have a maturity at acquisition of three months or less.

Investments

Investments and funds held in trust by others of marketable securities are reported at fair value as established by major securities markets. The fair value of venture capital and other investments is based on the most current information reported to the University by the respective investment managers. Changes in unrealized gain (loss) on the carrying value are reported as a component of investment income on the statement of revenues, expenses and changes in net position.

Accounts Receivable

Receivables that represent charges due the University from various student fees, room and board, student fines, patient care services, and other charges are stated at estimated net realizable values; that is, the gross amount of the receivable is reduced by allowances for estimated uncollectible accounts and contractual allowances (related to patient care revenue). Receivables can also include unreimbursed expenses relating to research contracts with federal, state, and private agencies.

Patient Accounts Receivable

Patient accounts receivable are shown net of contractual allowances and an allowance for doubtful accounts. Credit balances representing refunds due are reported as accounts payable. The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in federal and state governmental care coverage and other collection indicators.

Inventories

Inventories are valued at the lower of cost or market, with cost generally being determined on a first-in, first-out (FIFO) or average-cost basis.

Capital Assets

Capital assets consisting of land, buildings, improvements, furniture, equipment, intangible assets, and construction in progress, are stated at cost or acquisition value at date of gift. Library holdings are generally valued using average prices for library acquisitions. If material, in previous years, interest on borrowings to finance facilities was capitalized during construction, net of any investment income earned through the temporary investment of project borrowings. Beginning in the current fiscal year, interest will no longer be capitalized due to early adoption of Governmental Accounting Standards Board Statement No. 89. In accordance with the University's capitalization policy, equipment includes all furniture, fixtures and equipment with a unit cost of \$5,000 or more and an estimated useful life of one year or more. Intangible assets are capitalized when the cost is \$500,000 or more for purchased software, \$1,000,000 or more for internally developed software, or \$250,000 or more for easements, land use rights, trademarks and copyrights, and patents.

Livestock is maintained primarily for research purposes with any other benefits derived from the operations considered as incidental to the primary mission of the University. The inventory value placed on the animals is determined by utilizing current market prices and breeding and research intangibles.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets -- generally 15-30 years for buildings, 15-20 years for infrastructure and land improvements, 3-10 years for equipment, 10 years for library holdings, and the applicable term for capital leases.

UAMS bases its estimated useful lives on guidelines established by the American Hospital Association (AHA) which may differ slightly from those shown above for the other campuses.

Deferred Outflows of Resources

Deferred outflows of resources represent a decrease of net position that applies to future periods, therefore, these items will not be recognized as an expense or expenditure until that period.

Compensated Absences

Vested or accumulated vacation and sick leave of University employees are recorded as an expense and liability as the benefits are earned. Amounts recorded include salary expense as well as salary-related payments (e.g., FICA taxes, retirement, etc.). No liability is recorded for nonvested accumulated rights to receive sick leave benefits. The current portion of compensated absences is determined using the average balance paid annually in the prior two-year period.

Unearned Revenue

Unearned revenue consists primarily of student tuition and fees and athletic ticket sales related to future fiscal years, and amounts received from grant and contract sponsors that have not yet been earned under the terms of the agreements.

Deferred Inflows of Resources

Deferred inflows of resources represent an increase of net position that applies to future periods, therefore, these items will not be recognized as revenue until that period.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Public Employees Retirement System and the Arkansas Teacher Retirement System (the respective Systems) and additions to/deductions from the respective System's fiduciary net position have been determined on the same basis as they are reported by the respective Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

The University's net position is classified as follows:

 Net investment in capital assets - Capital assets, net of accumulated depreciation and outstanding principal balances of debt obligations related to those capital assets. However, unexpended debt proceeds at year-end are reported as net position restricted for capital projects.

• Restricted:

<u>Non-expendable</u> — Portion subject to externally-imposed stipulations that they be maintained permanently by the University. Such assets include the University's permanent endowment funds.

<u>Expendable</u> – Portion whose use by the University is subject to externally-imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time. There is no formal policy requiring restricted net position to be used either before or after unrestricted net position is used for the same purpose. Responsible officials determine at the time funds are expended to use any unrestricted net position that may be available.

• *Unrestricted* – Portion that is not subject to externally imposed stipulations. This portion may be designated for specific purposes by management or the Board of Trustees or may be otherwise limited by contractual agreements with outside parties.

Classification of Revenues

The University has classified its revenues as either operating or non-operating according to the following criteria:

- Operating Revenue includes activities that have the characteristics of exchange transactions, such as student tuition and fees (net of scholarship discounts and allowances), patient services (net of contractual agreements), most federal, state, and local grants and contracts, revenues associated with auxiliary enterprises (net of scholarship discounts and allowances), interest on institutional student loans, and the University's self-funded insurance plans.
- *Non-Operating Revenue* includes activities that have the characteristics of non-exchange transactions, such as gifts and contributions, state appropriations, interest on debt, and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances. Scholarship discounts and allowances are the differences between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs, are recorded as either operating or non-operating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Net Patient Services Revenue

Patient care revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered. Retroactive adjustments arising under reimbursement agreements with third-party payors are accrued on an estimated basis in the period in which the related services are rendered and adjusted as final settlements are determined.

Charity Care

UAMS provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because UAMS does not pursue collection of

amounts determined to qualify as charity care, these amounts are accounted for as a reduction of patient services revenue at the time the services are rendered.

Grants and Contracts

The University has been awarded grants and contracts for operations for which the moneys have not been received or expended. These awards have not been reflected in the financial statements but represent commitments of sponsors to provide funds for specific research and training projects.

Federal research grants and contracts normally provide for the recovery of direct and indirect costs, subject to adjustment based upon review by the granting agencies. The University recognizes revenue associated with direct costs as the related costs are incurred. The recovery of indirect costs is recorded at predetermined rates negotiated with the federal government.

State Appropriations

State appropriations are reported as non-operating revenue, net of the Medicaid match payments required under various contracts between UAMS and the Arkansas Department of Human Services. The match payments were \$93,909,000 and \$79,747,000 for the fiscal years ended June 30, 2019 and 2018, respectively.

Component Units

In fiscal year 2019, there were two qualifying foundations determined to be component units for the University of Arkansas System: The University of Arkansas Foundation, Inc. and the University of Arkansas Fayetteville Campus Foundation, Inc. Although the University does not control the timing or amount of receipts from either of these foundations, the majority of resources or income thereon, which the foundations hold and invest, is restricted to the activities of the University by the donors. Because these restricted resources held by the foundations can be used only by, or for the benefit of, the University, and their individual net assets are considered as having met the financial accountability criteria by management, these two foundations are considered component units and are discretely presented in the University's financial statements.

The University of Arkansas Foundation, Inc. is a separate not-for-profit organization, which operates for charitable educational purposes, including the administration and investment of gifts and other amounts received directly or indirectly for the benefit of the University of Arkansas. The Board of Directors has twenty-two members, four of which are current or previous members of the Board of Trustees of the University of Arkansas. During the years ended June 30, 2019 and 2018, the Foundation distributed \$69,355,873 and \$67,569,344, respectively, to or on behalf of the University. Complete financial statements for the Foundation can be obtained from the administrative office at 535 Research Center Boulevard, Suite 120, Fayetteville, AR 72701.

The University of Arkansas Fayetteville Campus Foundation, Inc. is a not-for-profit charitable organization which was established by the Walton Family Charitable Support Foundation, Inc., for the exclusive benefit of the University of Arkansas, Fayetteville campus. The Foundation was established on March 11, 2003, and exists primarily to support the Honors College, the Graduate School, and the University's library. The Board of Trustees of the Foundation is made up of seven members, including three members who are also employees of the University. During the years ended June 30, 2019 and 2018, the Foundation distributed \$23,618,294 and \$19,314,656,

respectively, to or on behalf of the University. Complete financial statements for the Foundation can be obtained from the administrative office at 535 Research Center Boulevard, Suite 120, Fayetteville, AR 72701.

Encumbrances

Encumbrances representing commitments and outstanding purchase orders for goods and services not received as of the last day of the fiscal year are not reported as expenses or included in liabilities in the accompanying financial statements.

New Accounting Pronouncements

The GASB issued the following statements, which became effective for the fiscal year ended June 30, 2019:

- Statement No. 83, Certain Asset Retirement Obligations
- Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements

Management has determined that there was no material impact on the financial statements for the implementation of these two Statements. In addition to the implementation of these two Statements, the State of Arkansas prospectively early implemented Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The effect of the implementation on the current fiscal year was not material to the financial statements.

Additionally, the GASB issued the following statements, which become effective for the future fiscal years noted below:

For the year ending June 30, 2020

- Statement No. 84, Fiduciary Activities
- Statement No. 90, Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61

For the year ending June 30, 2021

- Statement No. 87, Leases
- Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period (early implemented in fiscal 2019)

For the year ending June 30, 2022

• Statement No. 91, Conduit Debt Obligations

Management has not yet determined the effects of these statements on the University's financial statements.

Note 2: Reporting Entity

The University of Arkansas System, which prior to 1969 consisted of the Fayetteville and Medical Sciences campuses, was expanded in 1969 to include the Little Rock campus (formerly Little Rock University), in 1971 to include the Monticello campus (formerly Arkansas A&M College), in 1972 to include the Pine Bluff campus (formerly Arkansas AM&N College), in 1996 to include the

Phillips campus (formerly Phillips County Community College), and the Hope campus (formerly Red River Technical College), and in 1998 to include the Batesville campus (formerly Gateway Technical College). On July 1, 2001, the University was expanded to include campuses in Morrilton (formerly Petit Jean College) and DeQueen (formerly Cossatot Community College). The Fort Smith campus (formerly Westark College) joined the University on January 1, 2002. Forest Echoes Technical Institute in Crossett and Great Rivers Technical Institute in McGehee merged with the Monticello campus on July 1, 2003. The Arkansas School for Mathematics, Sciences and the Arts, a residential high school, joined the University on January 1, 2004. On February 1, 2017, Pulaski Technical College and Rich Mountain Community College became the sixth and seventh two-year colleges to join the UA System. In addition to these campuses, the University includes the System Administration, whose financial statements include eVersity, and the following units that are included in the financial statements of the Fayetteville campus: Clinton School of Public Service, Division of Agriculture (Agricultural Experiment Station and the Cooperative Extension Service), Arkansas Archeological Survey, and the Criminal Justice Institute.

All programs and activities of the University of Arkansas System are governed by its Board of Trustees, which has been accorded constitutional status for the exercise of its powers and authority by Amendment 33 to the Arkansas Constitution. The Board of Trustees has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the CJI, the Director of AAS, and the Director of ASMSA, who have responsibility for the programs and activities of their respective campuses or state-wide operating division.

The financial reporting entity consists of (a) the primary government; (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Under the provisions of this statement, the University is an institution of higher education of the State of Arkansas (primary government).

Note 3: Net Patient Services Revenue and Charity Care

Patient care operations are included in the accompanying financial statements under accounting principles generally followed by governmental colleges and universities. Patient accounts receivable at June 30, 2019 and 2018 are recorded net of an allowance for doubtful accounts of \$323,478,000 and \$319,668,000, respectively.

Net patient services revenue for the years ended June 30, 2019 and 2018, are as follows:

GROSS PATIENT REVENUE	2019	2018
Gross patient revenue	\$ 3,326,003,000	\$ 3,152,259,000
Less: patient services contractual allowances	(1,968,128,000)	(1,870,735,000)
Less: provision for bad debt	(56,839,000)	(50,460,000)
TOTAL	\$ 1,301,036,000	\$ 1,231,064,000

UAMS provided approximately \$52,706,000 and \$59,210,000 in charity care, based on established rates, during the years ended June 30, 2019 and 2018, respectively. Because UAMS does not pursue collection of amounts determined to qualify as charity care, they are not included in gross patient revenue above. Net patient services revenue for the years ended June 30, 2019 and 2018, includes approximately \$97,368,000 and \$62,274,000, respectively, from the Medicaid program representing payments relating to Upper Payment Limit and Disproportionate Share reimbursements. These payments are available to state-operated teaching hospitals under Medicaid regulations. Net patient services revenue for the years ended June 30, 2019 and 2018, includes approximately \$41,128,000 and \$38,286,000, respectively, of net revenue from the Supplemental Medicaid program. Parking services for the years ended June 30, 2019 and 2018, valued at \$1,281,000 and \$1,289,000, respectively, were provided to patients and guests at no additional charge.

The Hospital, Faculty Group Practice (FGP), and Regional Campuses have agreements with governmental and other third-party payors that provide for reimbursement at amounts different from their established rates. Contractual adjustments under third-party reimbursement programs represent the difference between the billings at established rates for services and amounts reimbursed by third-party payors. A summary of the basis of reimbursement with significant third-party payors is as follows:

Hospital:

Medicare – Inpatient acute care services rendered to program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Some transplantation services are paid based upon a cost reimbursement methodology. Outpatient services are paid based on a prospective payment system where services are classified into groups called Ambulatory Payment Classifications (APC). Services in each APC are similar clinically and in terms of the resources they require. The Hospital is paid for cost-reimbursable items at a tentative rate with final settlement determined after submission of an annual cost report by the Hospital and audit by the Medicare fiscal intermediary. As of June 30, 2019, the Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through June 30, 2017.

Medicaid – Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed based upon a cost-reimbursement methodology. The Hospital is paid at a tentative rate with final settlement determined after submission of an annual cost report by the Hospital and audits by the Medicaid audit contractor. The Hospital is required to pay the federal match for the difference in reimbursement between the Tax Equity and Fiscal Responsibility Act inpatient rate and full cost. For outpatient services, the Hospital is required to pay the federal match for the difference reimbursed between the outpatient prospective rates and full cost. As of June 30, 2019,

the Hospital's Medicaid cost reports have been audited by the Medicaid audit contractor through June 30, 2013.

FGP and Regional Campuses:

Services rendered to both Medicare and Medicaid program beneficiaries are reimbursed on prospectively determined rates per unit of service.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. The net adjustments to estimated settlements resulted in no change to net patient services revenue for the years ended June 30, 2019 and 2018. Management believes that UAMS is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs.

The Hospital, FGP, and Regional Campuses have agreements with certain commercial insurance carriers and preferred provider organizations, which include prospectively determined rates per discharge, discounts from established charges, and prospectively determined per diem rates.

Additionally, UAMS has agreements to provide healthcare professionals to independent healthcare providers at contractually determined rates. These providers are responsible for billing and collecting from patients and third party payors, as applicable, for the services provided by UAMS staff supplied by these contracts.

Note 4: Cash, Cash Equivalents and Investments

A.C.A. §19-4-805 authorizes institutions of higher learning to determine the depositories and nature of investments of any of their cash funds which are not currently needed for operating purposes.

Cash and Cash Equivalents

Cash deposits are carried at cost. The following schedule reconciles the amount of deposits to the statement of net position at June 30, 2019:

Cash and Cash Equivalents	
Cash deposits at year end	\$ 449,664,990
cash held on deposit in state treasury	24,208,092
cash equivalents	9,252,883
cash on hand	257,333
Less: cash/cash equiv shown as deposits held in trust on SNP	(7,981,717)
adjustment for deposits in transit within the system	 230,840
TOTAL	\$ 475,632,421

Deposits are exposed to custodial risk if they are not covered by depository insurance (FDIC) and are uncollateralized. At June 30, 2019, none of the University's bank balances were exposed to custodial credit risk.

Investments

Investments are reported at fair value, which, for reporting purposes, is market value. The following is a summary of the University's investments held at June 30, 2019:

Investment Type	Fair Value
Mutual & Money Market Funds	\$ 20,475,753
Corporate & Municipal Bonds	61,071,614
External Investment Pool	164,981,393
Short-term Investment Fund Pool	240,317,781
Certificate of Deposits	53,549,684
U.S. Treasury & Government Sponsored Agencies	258,736,300
Commercial Paper	50,561,167
Other	4,746,267
Sub-Total	854,439,959
-shown as cash/cash equiv on Stmt of Net Position	(9,487,579)
-shown as deposits held in trust on Stmt of Net Position	(50,959,359)
Investments as reported on Stmt of Net Position	\$ 793,993,021

The University is required to provide investment risk disclosures for all invested funds. Interest rate risk is the risk that changes if interest rates will adversely affect the fair value of an investment. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The following tables show these risks for the University's funds outside the external investment pool and short-term investment fund pool.

		Interest Rate Risk

External Investment Pool

In 1997, the University of Arkansas and the University of Arkansas Foundation established an external investment pool. This arrangement commingles (pools) the moneys of more than one

legally separate entity and invests, on the participants' behalf, in an investment portfolio. Subsequent to its establishment, other entities have joined including the Walton Arts Foundation in 1998, the Fayetteville Campus Foundation in 2003, the University of Arkansas Community College at Hope Foundation in 2007, the Razorback Foundation in 2012, and the University of Arkansas Technology Development Foundation in 2016.

The external investment pool is exempt from registration with the Securities and Exchange Commission. The University of Arkansas Board of Trustees and the University of Arkansas Foundation Board of Trustees were the sponsors of this investment pool and were responsible for operation and oversight for the pool. All participation in this investment pool is voluntary.

In January 2010, the University of Arkansas Investment Committee approved an agreement which delegated authority to the UA Foundation to manage University funds held in the Pool. The agreement included delegation of all responsibility for all investment guidelines and performance objectives for accounts within the Pool. The agreement also delegated to the UA Foundation authority for further delegation of portfolio implementation decisions to one or more investment managers. In January 2010, the UA Foundation entered into such an agreement with Cambridge Associates, LLC.

In 2018, the UA Foundation revised their investment policies to only allow endowed monies to be maintained in the investment pool. In response to the change, the UA System Investment Committee approved an agreement with Wilmington Trust to create a short-term investment pool for non-endowed investments. PFM Asset Management LLC was selected through a request for proposals to act as an investment advisor for the UA System for this pool designated as the Short-Term Investment Fund, or STIF (see below for additional information).

At June 30, 2019, four campuses and one division (UAF, Division of Agriculture-Cooperative Extension Service, UALR, UAMS, and UAM) and six foundations participated in the Pool, whose net assets totaled \$2,039,688,708. The Pool was combined with 8.08% of the net assets owned by the University of Arkansas and external portions as follows: 62.78% by the University of Arkansas Foundation, 27.56% by the Fayetteville Campus Foundation, 0.74% by the Walton Arts Foundation, 0.14% by the University of Arkansas Community College at Hope Foundation, 0.03% by the University of Arkansas Technical Development Foundation, and 0.68% by the Razorback Foundation. The following tables contain information on the risk disclosures of the Pool.

Short-Term Investment Fund Pool

This pool was created for campuses to invest funds on a short-term basis so that the funds would be accessible within a short period to them as needed. There are six campuses or divisions currently invested in the STIF. The breakdown by campus or division at June 30, 2019 is as follows: System-21.08%, UALR-14.13%, UAMS-55.66%, UAM-1.28%, PCCUA-1.27%, UACCM-1.48%, and the Division of Agriculture-Cooperative Extension Service-5.10%. The following tables contain information on the risk disclosures of the STIF.

Endowment Funds

A.C.A. § 28-69-804 states, "Subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution.

The University does not have a uniform policy addressing the authorization and spending of investment income. Such policies have been established at the applicable campuses and include spending rates averaged over a specified period and compliance with donor restrictions. The computation of net appreciation on investments of donor-restricted endowments that were available for expenditure at June 30, 2019 and 2018, is as follows:

	Jı	ine 30, 2019	Jı	ane 30, 2018
Total Endowment	\$	175,184,496	\$	173,123,979
Less: Funds treated as endowment		(51,416,993)		(51,612,966)
Less: Non-expendable portion of endowment		(75,446,954)		(75,283,028)
Available for Expenditure	\$	48,320,549	\$	46,227,985

Note 5: Fair Value Measurement

The University's fair value hierarchy that prioritizes the inputs to valuation techniques gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

An individual investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the University. The University considers observable data to be market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of that investment and does not necessarily correspond to the University's perceived risk of that investment.

The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the University has the ability to access at the measurement date. Publicly traded equity securities and mutual funds are the primary investments included in Level 1 and are valued at the individual security's closing market price.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Observable inputs are those that reflect the assumptions market participants would use in pricing the asset developed based on market data obtained from independent sources. These types of sources would include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, models or other valuation methodologies. Level 2 investments include U.S. and international government debt securities valued at market corroborated prices and certain equity and fixed income investments in commingled investment vehicles reported at net asset value derived from the market prices of security holdings.
- Level 3: Inputs that are unobservable. Unobserved inputs are those that reflect the University's own assumptions about what market participants would use in pricing the asset developed based on the best information available. These types of sources would include investment manager pricing for private equities, hedge funds and certain limited partnerships. Limited partner interests in private equity and other partnerships and hedge fund investments are included in Level 3 and are valued using the individual investment manager's reported estimates of fair value developed in accordance with reasonable valuation policies.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the University believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the valuation hierarchy, University invested funds, including amounts reported as deposits with bond trustees on the Statement of Net Position, at June 30, 2019:

Summary of I	Summary of Investments by Fair Value Level

								,,-,-,-			
TOTAL INVESTMENTS							\$	844,952,380			

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 of the fair value hierarchy are valued using a funds accounting technique or are provided by time deposit custodians. Securities classified in Level 3 are valued using par value on the face of the investments.

Investments Measured at the NAV at June 30, 2019:

		Redemption	Redemption
	Fair Value	Frequency	Notice Period
External Investment Pool - UA Foundation Total Return Pool (1)	\$ 164,748,752	Daily	7 - 30 days
Short-Term Investment Fund Pool - UA System (2)	240,317,781	Daily	0-3 days
External Investment Pool - UAFS Foundation	232,641	Daily	0 days
Total Investments measured			
at the NAV	\$ 405,299,174		

- (1) This type includes investments in a broadly diversified external investment pool. Pooled investments include allocations to global equities, hedge funds, bonds, natural resources and real estate. The assets in the pool are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A one-week notice is required for redemptions over \$1 million. There is also a requirement for 30 days written notice if total withdrawals will exceed \$25 million in any 30-day period.
- (2) This type includes investments in a short-term investment pool comprised of fixed income investments with a duration of two years or less. The pooled investments are allocated primarily to treasuries, government agency bonds, corporate bonds, commercial paper, negotiable certificates of deposit, and money-market funds. The assets in the STIF are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A three-day notice is requested for redemptions of any amount.

Note 6: Disaggregation of Accounts Receivable and Accounts Payable

Current accounts receivable balances, net of allowances, at June 30, 2019 and 2018, as shown on the Statements of Net Position, consist of the following:

ACCOUNTS RECEIVABLE	June 30, 2019	June 30, 2018			
Student accounts	\$ 17,444,964	\$ 15,008,544			
Non-student accounts	72,124,617	70,275,493			
Grants and contracts	36,061,290	35,979,006			
Property and sales taxes	2,859,023	2,562,436			
Other	1,383,222	951,058			
Total	\$ 129,873,115	\$ 124,776,537			

Current accounts payable balances at June 30, 2019 and 2018, as shown on the Statements of Net Position, consist of the following:

ACCOUNTS PAYABLE	Ju	ne 30, 2019	June 30, 2018		
Trade related	\$	64,893,018	\$	68,933,261

Beginning balances at July 1, 2018 were restated for the Intangibles-software in development that include the implementation costs of the Enterprise Resource Planning software for each campus. Certain costs were in Construction in progress for \$251,859 and Intangibles-software for \$26,747 and were decreased and reclassified to Intangibles-software in development for a total increase of \$278,606.

The following table includes changes in capital assets for the year ended June 30, 2018:

The balance at June 30, 2017 was restated in the amount of \$488,381 for capitalized interest as further discussed in Note 23.

Library holdings, including old and rare books, valued at \$1,273,000 and \$1,109,000 at June 30, 2019 and 2018, respectively, held by the Medical Sciences Campus, are not included in the above chart or in the accompanying Statements of Net Position.

During the year ended June 30, 2018, UACCHT recorded a capital gift of \$8,762,345 from Hempstead County. Hempstead County residents voted to approve the issuance of bonds by Hempstead County in a special election on March 11, 2008 to finance the cost of the construction of an auditorium and conference center to be located on the campus of UACCH. The bond proceeds were used to construct Hempstead Hall, a 64,000 square foot facility featuring a conference center, a state-of-the-art theatrical stage, and outdoor amphitheater. Hempstead Hall cost \$10,478,721 to construct. Hempstead County and UACCHT entered into a long-term ground lease in July 2008 for the land on which Hempstead Hall was constructed. The County and UACCH also entered into an operating agreement in July 2008 for UACCH to operate Hempstead Hall. On May 24, 2018, the Hempstead County Quorum Court terminated the ground lease and operating agreement effective June 30, 2018, thereby, returning exclusive control and operation of the property to UACCHT. The bonds issued to fund construction of Hempstead Hall have been paid in full and retired. The carrying value of Hempstead Hall was determined to be \$8,762,345 at the time of transfer.

During the year ended June 30, 2018, ASMSA recorded a capital gift of \$852,153 from Delta Student Housing. This transaction is described in greater detail in Note 18. Delta Student Housing gifted the Student Center Building to ASMSA with net depreciated values for the building of \$11,787,195 and equipment of \$37,223 which were recorded as capital assets. A note receivable from Delta Student Housing totaling \$10,972,265 was reduced to zero noting satisfaction of the note.

Note 8: Short-Term Borrowing

The University had no short-term debt activity during the fiscal year, nor is there any outstanding balance of short-term debt as of June 30, 2019 or 2018.

Note 9: Compensated Absences

Employees accrue and accumulate annual and sick leave in accordance with policies established by the Board of Trustees. The University accrues the dollar value of leave benefits in accordance with generally accepted accounting principles which require accrual of salary-related payments directly and incrementally associated with compensated absences, such as employer's share of social security taxes, as well as applicable salary expenses. These leave benefits are payable upon retirement, termination, or death of employees, up to the maximum allowed.

Full-time, non-classified employees accrue annual leave at the rate of fifteen hours per month and full-time classified employees accrue at a variable rate (from eight to fifteen hours per month) depending upon the number of years of employment in state government. Employees who are less than full-time, but are at least 50% time, accrue annual leave at prorated amounts. Under the University's policy, an employee may carry accrued annual leave forward from one calendar year to another, up to a maximum of 240 hours (30 working days). Classified employees who meet the conditions to be considered retirees at the time of termination of employment, are entitled to a partial payment of accumulated, unused sick leave in accordance with the provisions of Arkansas Code Annotated (A.C.A.) § 21-4-501. In accordance with A.C.A. § 21-4-505, two-year institutions may, at their discretion, provide to non-classified employees the same compensation for accumulated unused sick leave provided to classified employees. The Code also allows four-year institutions the same option. Three campuses have chosen to follow the policy for non-classified employees: CCCUA, UACCB and UACCM. Sick leave for those three campuses can be paid upon termination in accordance with guidelines outlined in the law. In no event shall an employee receive a sick leave amount upon separation that exceeds \$7,500.

Changes in compensated absences are shown below:

Note 10: Bonds, Notes, Capital Leases and Installment Contracts Payable

The retirement of some bond issues is secured by a specific pledge of certain gross revenues, surplus revenues and specific fees. Separate accounting is not required for these facilities under the provisions of the debt instruments; accordingly, segment reporting is not required for financial reporting purposes. A summary of long-term debt by campus is shown below. Total debt of \$1,512,528,681 shown in these schedules, which is related to bonds, notes, capital leases and installment contracts, differs from the amount of \$1,506,903,847 shown on the Statement of Net Position. This is due to an elimination entry of \$5,624,834 to account for two loans between UA campuses (see Note 19).

UAF	\$ 19,396,101		\$	3,532,892	\$ 15,863,209	\$ 3,603,220

The current portion shown above for bonds, notes, capital leases, and installment contracts differs from the statement of net position by \$27,542, which is the current portion of an elimination entry (see Note 19).

Future Principal and Interest Payments

Total long-term debt principal and interest payments are shown below. Interest payments for variable rate debt have been calculated using the rate in effect at the financial statement date, though actual rates will vary. Total debt of \$1,512,528,681 shown in these schedules, which is related to bonds, notes, capital leases and installment contracts, differs from the amount of \$1,506,903,847 shown on the Statement of Net Position. This is due to an elimination entry of \$5,624,834 to account for two loans between UA campuses (see Note 19).

New Bonds Payable and Refundings

Fayetteville Campus:

On July 26, 2018, the University issued \$20,385,000 in Various Facility Revenue Bonds (Fayetteville Campus), Series 2018A, with an interest rate of 5.0%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a tax-exempt basis. Project include renovation of Mullins Library; construction, equipping and furnishing of the Student Success Center, an offsite Library Storage Building, the Civil Engineering Research Education Center and intramural sports facilities; construction and equipping of improvements to the south campus steam and utility system; construction and improving of a remote parking facility to be utilized by staff and faculty; renovation, expansion and equipping of Kimpel Hall; and preliminary design of various other facilities planned for the campus.

On July 26, 2018, the University issued \$6,560,000 in Various Facility Revenue Bonds (Fayetteville Campus), Series 2018B, with an interest rate ranging from 2.65% to 4.00%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a taxable basis. Projects include renovation of the Arkansas Union Food Court and renovation and expansion of Pomfret Dining Hall.

On August 1, 2017, the University issued \$95,805,000 in Various Facility Revenue Bonds (Fayetteville Campus), Series 2017, with an interest rate ranging from 2.0% to 5.0%. The bonds

were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a tax-exempt basis. Projects include construction of an addition to the Pat Walker Student Health Center, an off-site library storage facility, new student housing facilities, a new black box theater, upgrades to the campus utility system, renovation of Kimpel Hall, and preliminary design of various other facilities planned for the campus.

On April 5, 2016, the University issued \$93,590,000 in Various Facility Revenue Bonds, (Fayetteville Campus), Refunding and Improvement Series 2016A and \$15,280,000 in Various Facility Revenue Bonds, (Fayetteville Campus), Refunding Series 2016B. The Series 2016A bonds, with interest rates of 3.0% to 5.0% were issued to provide funds to finance various construction and renovation projects on the University campus, and to refund \$38,200,000 of outstanding bonds dated October 2, 2007, (Series 2007) with interest rates of 4.0% to 5.0%; and \$35,545,000 of outstanding bonds dated August 1, 2008, (Series 2008A) with interest rates of 4.0% to 5.0%. Net bonds proceeds and premiums of \$28,504,688 was available to finance construction of a civil engineering research and education center, a library storage building, campus entrance signs, intramural sports playing fields, and an addition to the Pat Walker Student Health Center; to finance renovations of student housing; and to continue renovations of Kimpel Hall, and Discovery Hall. The Series 2016B bonds with interest rates of 0.87% to 3.35% were issued on a taxable basis to refund \$13,500,000 of outstanding bonds dated August 1, 2008, (Series 2008B) with interest rates of 5.1% to 6.375%.

Net bond proceeds and premiums from Series 2016A and Series 2016B of \$94,689,148 along with \$1,873,821 of cash from the University was deposited into an escrow account to retire the bonds. The refunding of the bonds dated October 2, 2007, and all of the bonds dated August 1, 2008, was an advance refunding. The combined refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$5,764,322 for the Series 2016A bonds and \$1,679,827 for the Series 2016B bonds. These differences, reported in the accompanying financial statements as deferred outflows of resources, will be amortized through the fiscal year 2039 for Series 2016A and fiscal year 2029 for Series 2016B. The University completed the refunding to reduce its total debt service payments over the next twenty-three years by \$13,450,092 and to obtain an economic gain of \$10,092,618. The escrow account was closed out when the refunded bonds were redeemed as of November 1, 2018, and therefore has no outstanding balance at June 30, 2019.

Little Rock Campus:

On September 19, 2017, the University issued the Board of Trustees of the University of Arkansas Student Fee Revenue Bonds (Little Rock Campus), Series 2017 with a par amount of \$6,510,000, with an interest rate ranging from 2.0% to 5.0%. The bonds provided resources for the purpose of constructing, renovating, equipping and furnishing the Physics Building, infrastructure upgrades, roof repairs to the Donaghey Student Center, and other critical maintenance needs.

On April 6, 2016, the University issued \$24,490,000 in Series 2016 Auxiliary Revenue Refunding Bonds, with interest rates of 2% to 5% to advance refund \$25,600,000 of the Series 2009 Auxiliary Revenue Bonds, with interest rates of 4% to 5%. Bond proceeds and premium of \$28,581,504 were deposited into an escrow account with the trustee for defeasance of the prior bond. The combined refunding resulted in a difference between the reacquisition price and the net carrying amount of

the old debt of \$2,543,643. This difference, reported in the accompanying financial statements as deferred outflows of resources, will be amortized through the fiscal year 2035 using the straight-line method. The University completed the refunding to reduce its total debt service requirements by \$1,736,111 over the next nineteen years and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,152,088. The bonds will be fully paid by October 1, 2019. The balance in the escrow account at June 30, 2019, was \$23,320,153, and the remaining balance of the defeased bonds was \$21,840,000.

Fort Smith Campus: On October 20, 2016, the University issued refunding bonds of \$19,500,000.00 with interest rates of 2% to 5% to advance refund \$21,435,000.00 of outstanding bonds dated May 1, 2009 with interest rates of 2% to 5%. Bond proceeds of \$22,002,809 and debt service reserve funds of \$857,507 and deposit with trustee funds of \$781,102 were deposited in the advance refunding fund to retire the 2009 bonds. The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$2,206,417. The difference, reported in the accompanying financial statements as a deferred outflow, will be amortized through the fiscal year 2035 using the straight-line method. The University completed the refunding to reduce its total debt service payments over the next eighteen years by \$1,874,533 and to obtain an economic gain (difference between the present values of the old and new debt) of \$1,709,148. The escrow account was closed out when the refunded bonds were redeemed as of June 1, 2019, and therefore has no outstanding balance at June 30, 2019.

Note 11: Commitments

The University has contracted for the construction and renovations of several facilities. At June 30, 2019, the estimated remaining costs to complete these facilities are shown below.

	Contract		
Campus	Balance		
UAF	\$	47,298,706

UACCB		1,489,012	
UACCRM		5,571,312	
	\$	62,407,369	
	_		

The University has entered into various operating leases for buildings and equipment. It is expected that in the normal course of business such leases will continue to be required. Total operating leases expense in the fiscal years ended June 30, 2019 and 2018, were \$10,962,374 and \$16,839,095, respectively. Below are the scheduled payments for each of the five succeeding fiscal years and thereafter.

Operating Leases		
Year Ended June 30,		Amount
2020	\$	9,083,225
2021		6,235,703
2022		2,969,308
2023		1,834,490
2024		1,496,381
2025-2029		3,461,141

Note 12: Income Taxes

The University is tax exempt under the Internal Revenue Code except for tax on unrelated business income. The University had no significant unrelated business income for the year ended June 30, 2019. It is also exempt from state income taxes under Arkansas law. Accordingly, no provision for income taxes is made in the financial statements

Note 13: Risk Management

The University of Arkansas Risk Management Program provides insurance coverage for all campuses within the University of Arkansas System with the exception of the Fort Smith campus. UAFS moved into the System coverage effective July 1, 2019. The role of the System Office is to analyze and recommend insurance coverage, but it is ultimately up to each campus to inform the System Office regarding their specific coverage requirements.

Property coverage was insured through FM Global through August 31, 2018, with a \$100,000 deductible at the Fayetteville, Medical Sciences, and Little Rock campuses. The other covered campuses have a \$50,000 deductible. The FM Global policy also contained earthquake/flood and domestic/foreign terrorism coverage. Additionally, the Fayetteville, Medical Sciences, Phillips, and Morrilton campuses had business interruption coverage with FM Global. On September 1, 2018, property insurance was switched to Travelers' Insurance Company, maintaining the existing coverage levels and design but with the required addition of a specific wind and hail deductible which is insured separately.

Auto coverage, through Cypress Insurance Company, has a physical damage deductible of \$1,000 and provides coverage against liability losses up to \$1,000,000 per occurrence.

The Medical Sciences campus maintains malpractice insurance for certain employees under a claims-made policy. Through June 30, 2019, the Fort Smith campus carries its own property insurance through Lexington Insurance Company (\$25,000 deductible) and auto insurance through Cypress Insurance Company (\$5,000 deductible).

The University does not purchase general liability, errors or admissions, or tort immunity for claims arising from third-party losses on University property as the University of Arkansas has sovereign immunity against such claims. Claims against the University for such losses are conducted before the State Claims Commission. In such cases where the University enters into a

lease agreement to hold a function at a location not owned by the University or for special events off-campus, general liability coverage may be purchased for such functions.

The University maintains worker's compensation coverage through the State of Arkansas program. Premiums are paid through payroll and are based on a formula calculated by the Arkansas Department of Finance and Administration. The types of benefits and expenditures that are paid include the following: medical expenses, hospital expenses, death benefits, disability and claimant's attorney fees.

Additionally, the University participates in the State of Arkansas Fidelity Bond Program for claims of employee dishonesty. This program has a limit of \$300,000 recovery per occurrence with a \$2,500 deductible. Premiums are paid annually via a fund transfer from state appropriations to the Arkansas Department of Finance and Administration.

There have been no reductions in insurance coverage from the prior fiscal year. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 14: Employee Benefits

Insurance Plans

The Board of Trustees of the University of Arkansas System sponsors self-funded health (including prescription coverage) and dental benefit plans for University employees and their eligible dependents. All campuses participate in the health and dental plans. The plans are also offered to employees of the University of Arkansas Winthrop Rockefeller Institute, the University of Arkansas Foundation, Inc., the Razorback Foundation, Inc., the Walton Arts Center Council, Inc., and the University of Arkansas Technology Development Foundation.

At June 30, 2019, a total of 17,553 active employees, former employees, and pre-65 retirees were participants in the health plan. As of June 30, 2019, there were three different health plans: the Classic Plan, the Premier Plan and the Health Savings Plan. Campuses pay anywhere from 43% to 88% of the Classic Plan premium, 44% to 78% of the Premier Plan premium, and 45% to 94% of the Health Savings Plan premium. Within the System subsidy guidelines, each campus makes its contribution determination based on budget considerations. Retirees and former employees, through COBRA, participate on a fully contributory basis. A total of 18,994 active employees, former employees, and retirees were participants in the dental plan as of June 30, 2019. The University pays 0% to 100% of the total premium for full-time active employees, while retirees and former employees, through COBRA, participate on a fully contributory basis.

Both plans are accounted for on the accrual basis. The System administration estimates the medical, pharmacy and dental claims liability to be \$18,254,800 at June 30, 2019. This liability is established for incurred but not paid (IBNP) claims, and includes a related accrual for claim adjustment expenses, which are expenses incurred in the ultimate settlement of the claim. The claims and claims adjustment accrual for health, pharmacy and dental is based on the calculation prepared by Sibson Consulting.

The System administration purchases specific reinsurance from United Healthcare-BP to reduce its exposure to large claims. In a fiscal year, after paying claims of more than \$1,125,000 for any one covered individual, the University pays an aggregating specific deductible of \$200,000, on the first claim exceeding \$1,125,000 in paid claims, before being reimbursed from the reinsurance company. The plan has not purchased any annuity contracts on behalf of claimants. If needed, the University would make arrangements through its reinsurance carrier.

The funding levels for the Plan were established based upon anticipated year-end loss ratios of 95%. As of June 30, 2019, the loss ratio for the health plan was 101% and the loss ratio for the dental plan was 95%.

The System administration retains and accounts for all of the risk financing associated with the self-insurance plan's activities in accordance with GAAP.

Reconciliation of Changes in the Liability for Future Insurance Claims			
	FY19	FY18	
Unpaid claims and claim adjustment expenses			
at beginning of year	\$ 17,401,400 \$	15,180,200	
Incurred claims and claim adjustment expenses:			
Provision for insured events of the current year	173,381,850	163,194,359	
Adjustment in provision for insured events of prior years	(2,681,608)	(330,773)	
Total incurred claims and claim adjustment expenses	170,700,242	162,863,586	
Payments:			
Claims and claim adjustment expenses attributable			
to insured events of the current year	155,127,050	145,792,959	
Claims and claim adjustment expenses attributable			
to insured events of prior years	14,719,792	14,849,427	
Total Payments	169,846,842	160,642,386	
Total unpaid claims and claim adjustment expenses			
at end of year	\$ 18,254,800 \$	17,401,400	

The liability for future insurance claims includes health, pharmacy and dental incurred but not paid (IBNP) claims/claim adjustment expenses only.

Retirement Plans

Approximately ninety-seven percent of all employees of the University participate in the University of Arkansas Retirement Program (URP). The URP is a defined contribution 403(b) and 457(b) program as defined by the Internal Revenue Service Code. The authority under which the URP's benefits provisions are established or amended is through the President of the University through the Board of Trustees. Arkansas Code Annotated authorizes participation in the plan. Active recordkeeper/vendors to the URP include Teachers Insurance Annuity Association (TIAA) and Fidelity Investments.

The URP is a contributory plan with the required employee contribution and the University matching contribution, within IRS match limits, varying by campus. All four-year campuses are

transitioning to a uniform contribution formula by July 2020. That contribution formula requires an employer base contribution of 5% of an employee's eligible salary to their TIAA and/or Fidelity Investments retirement account, allocated between the two companies according to the employee's choice, with a required employee contribution of 5%. The University makes an equal contribution for employee contributions in excess of 5%, with a maximum total University contribution of 10% of eligible salary up to the IRS match limit, which at June 30, 2019, was \$28,000. The transition period began in July 2016 and provides for an annual increase of 1% in the employee required contribution percentage to reach 5% by July 2020. The most common formula in place at the community college campuses is a required employee contribution of 6% of eligible salary with a University contribution of 10% of eligible salary. Employee contributions in excess of 10% are allowed by the plans in accordance with Internal Revenue Service regulations, but the University does not match these additional contributions. All benefits attributable to plan contributions made by the participant are immediately vested in the participant, and contributions made by the University are cliff vested upon completion of two consecutive years of URP participation. The University's TIAA and Fidelity contributions for the fiscal years 2019 and 2018 were \$105,808,392 and \$101,485,764, respectively. The participants' contributions for the fiscal years 2019 and 2018 were \$122,017,565 and \$116,965,688, respectively.

The majority of the remaining benefits eligible employees of the University participate in one of the two State-sponsored defined benefit retirement plans which are closed to new University participant enrollment. Current University employees who are participants in the Arkansas Public Employees Retirement System (APERS) or the Arkansas Teachers Retirement System (ATRS) continue in that participation. Current University employees who are current APERS or ATRS participants and who transfer without a break in service between University campuses may continue in APERS participation.

APERS is a cost-sharing multiple employer defined benefit pension plan administered by the State of Arkansas. The University's required contribution rate was 15.32% in fiscal year 2019. Those employees hired after July 1, 2005, must be contributory unless they had prior service as a state employee. Employees hired before that date may be contributory. The University's contributions for the fiscal years 2019 and 2018 were \$5,079,699 and \$5,446,489, respectively. Participants' contributions for the fiscal years 2019 and 2018 were \$1,353,108 and \$1,513,576, respectively. The annual required contribution amounts and the percentage contributed are determined by the annual actuarial valuation as set forth in Arkansas Code. APERS issues a publicly available financial report, which may be obtained by writing: APERS, One Union National Plaza, 124 W. Capitol, 5th Floor, Little Rock, AR 72201.

ATRS is a cost-sharing multi-employer defined benefit pension plan. The University contributes 14% of all covered employees' salaries. Under certain conditions, covered employees may voluntarily contribute 6% of their salary. The University's contributions for the fiscal years 2019 and 2018 were \$1,616,340 and \$1,899,208, respectively. Participants' contributions for the fiscal years 2019 and 2018 were \$512,590 and \$638,640, respectively. The annual required contribution amounts and the percentage contributed are determined by the annual actuarial valuation as set forth in Arkansas Code. ATRS issues a publicly available financial report, which may be obtained by writing: ATRS, 1400 W. 3rd Street, Little Rock, AR 72201.

The University has, from time to time, negotiated voluntary early retirement agreements with faculty and staff which may include the provision of a stipend and healthcare or other benefits for future periods. The amount of liability established for these type agreements was \$805,964 at June 30, 2019.

NOTE 15: Defined Benefit Pension Plans

Arkansas Public Employees Retirement System (APERS)

Plan Description

APERS is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957 as contributory. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the plan is vested in the nine members of the Board of Trustees of the Arkansas Public Employees Retirement System (the Board). Membership includes three state and three non-state employees, all appointed by the Governor, and three ex-officio trustees, including the Auditor of the State, the Treasurer of the State and the Director of the Department of Finance and Administration. APERS issues a publicly available financial report that can be obtained at http://www.apers.org/annualreports.

Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapter 4 and may only be amended by the Arkansas General Assembly. APERS provides retirement, disability and survivor benefits. The normal retirement benefit is determined based on the member's final average compensation (an average of the highest 36 months' earnings) and the number of years of credited service. Retiree benefit increases are calculated each year on July 1 for the following 12 months. The re-determined amount is the amount of the benefit payable as of the immediately preceding July 1, increased by 3%.

Members are eligible for full retirement benefits under the following conditions:

- at age 65 with 5 years of service,
- at any age with 28 years credited service.

Members may retire with a reduced benefit at age 55 with at least 5 years of actual service at age 55, or at any age with 25 years of service.

Effective July 1, 2016, new employees of the University are no longer eligible to participate in the Arkansas Public Employees Retirement System (APERS). Existing APERS participants are allowed to continue APERS participation.

Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 4. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered.

Members who began service prior to July 1, 2005, who elected to remain in the non-contributory plan, are not required to make contributions to APERS. Members who began service on or after July 1, 2005, are required to participate in the contributory plan and contribute 5% of their salaries. Employers are required to contribute at a rate established by the Board of Trustees of APERS based on an actuary's determination of a rate required to fund the plan. The University contributed 15.32% of applicable compensation for the fiscal year ended June 30, 2019. The University's contributions for the years ending June 30, 2019 and 2018, were \$5,079,699 and \$5,446,489, respectively, while members' contributions for the years ending June 30, 2019 and 2018 were \$1,353,108 and \$1,513,576, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2019, the University reported a liability of \$44,294,023 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The university's proportion of the net pension liability was based on the university's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2019, the university's proportion was 2.008%, which was a decrease of 0.19% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2019, the University recognized pension expense of \$8,054,768. At June 30, 2019, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

APERS	Defe	erred outflows	Defe	erred inflows
Diff - expected & actual experience	\$	704,440	\$	(464,980)
Changes of assumptions		5,039,768		(2,739,250)
Net difference in projected/actual earnings		-		(1,120,850)
Changes in proportion		3,782,934		(4,699,932)
University contributions subsequent to measure		5,079,699		-
	\$	14,606,841	\$	(9,025,012)

Deferred outflows of resources of \$5,079,699, related to pensions resulting from University contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

	 June 30
2020	\$ 3,852,321
2021	927,186
2022	(3,181,347)
2023	(1,096,030)
2024	-
Thereafter	
	\$ 502,130

Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	21 years
Asset Valuation Method	4-year smoothed market; 25% corridor
Investment Rate of Return*	7.15%
Salary Increases	3.25% – 9.85% including inflation
Wage Inflation	3.25%
Retirement Age	Experience-based table of rates that are
	specific to the type of eligibility condition.
	Last updated for the valuation pursuant to an
	experience study for the period 2012-2017.
Mortality Table	RP-2014 weighted generational mortality
	tables for healthy annuitant, disability, or
	employee death in service, as applicable. The
	tables applied credibility adjustments of 135%
	for males and 125% for females and were
	adjusted for fully generational mortality
	improvements using Scale MP-2017.
Average Service Life of All Members	4.1233

^{*}Net of investment and administrative expenses.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage and by adding expected price inflation. Best estimates of arithmetic real rates of return for the 10-year period from 2018 to 2027 were based upon capital market assumptions provided by the plan's investment consultant. For each major asset class included in the plan's current asset allocation as of June 30, 2018, these best estimates are summarized in the following table:

Asset Class	Current Allocation	Long-Term Expected Real Rate of Return
Broad Domestic Equity	37%	5.97%
International Equity	24	6.07
Real Assets	16	4.59
Absolute Return	5	3.15
Domestic Fixed	18	0.83
Total	100%	

Discount Rate

A single discount rate of 7.15% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.15%. It incorporates a municipal bond rate of 3.56% based on the "Fidelity 20-Year Municipal GO AA Index" from the *Bond Buyer Index* of general obligation municipal bonds (based on the weekly rate closest to but not later than the measurement date).

The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.15%, as well as what the net pension liability, calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a single discount rate that is 1% lower (6.15%) and 1% higher (8.15%) than the current rate:

	Sensitivity of Discount Rate					
	1% Decrease Discount Rate 1% Increase					Increase
6.15%			7.15%		8.15%	
	\$	72.418.902	\$	44.294.023	\$	21.093.683

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued APERS financial report.

Arkansas Teacher Retirement System (ATRS)

Plan Description

ATRS is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 266 of 1937. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the fifteen members of the Board of Trustees of the Arkansas Teacher Retirement System (the Board). Membership includes eleven members who are elected and consist of seven active members of ATRS with at least five years of actual service, three retired members receiving an annuity from ATRS, and one active or retired member from a minority racial ethnic group. There are also four ex officio members, including the State Bank Commissioner, the Treasurer of the State, the Auditor of the State and the Commissioner of Education. ATRS issues a publicly available financial report that can be obtained at https://www.artrs.gov/publications.

Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapter 7 and may only be amended by the Arkansas General Assembly. ATRS provides retirement, disability and death benefits. The normal retirement benefit is determined based on the member's final average salary (effective April 1, 1998, computed using highest three years' salary) and the member's number of years of service.

Members are eligible to retire with a full retirement benefits at age 60 with five or more years of actual or reciprocal service or at any age with 28 or more years of credited service. Members with 25 years of actual or reciprocal service who have not attained age 60 may receive an annuity reduced by 10/12 of 1% multiplied by the number of months by which the early retirement precedes the earlier of completion of 28 years of credited service or attainment of age 60.

Members are eligible for disability benefits with five years of service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Survivor benefits are payable to qualified survivors upon the death of an active member with 5 years of service. The monthly benefit paid to eligible spouse survivors is computed as if the member had retired and elected the Joint & 100% Survivor option. Minor child survivors receive a percentage of the member's highest salary earned. ATRS also provides a lump sum death benefit for active and retired members with 10 years of actual service. The amount for contributory members will be up to \$10,000 and up to \$6,667 for noncontributory members. A cost-of-living adjustment of 3% of the current benefit is added each year.

Effective July 1, 2011, new employees of the University are no longer eligible to participate in the Arkansas Teacher Retirement System (ATRS). Existing ATRS participants are allowed to continue ATRS participation.

Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 7. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. ATRS has contributory and noncontributory plans. Employers are required to contribute at a rate established by the Board of ATRS based on an actuary's determination of a rate required to fund the plan. The University contributed 14% of applicable compensation for the fiscal year ended June 30, 2019. The University's contributions for the years ending June 30, 2019 and 2018, were \$1,616,340 and \$1,899,208, respectively, while members' contributions for the years ending June 30, 2019 and 2018 were \$512,590 and \$638,640, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2019, the University reported a liability of \$16,258,099 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on the

University's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2019, the University's proportion was 0.447%, which was a decrease of 0.093% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2019, the University recognized pension expense of \$294,571. At June 30, 2019, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

ATRS	Defe	rred outflows	Defe	rred inflows
Diff - expected & actual experience	\$	163,102	\$	(331,118)
Changes of assumptions		3,894,331		-
Net difference in projected/actual earnings		-		(2,783,112)
Changes in proportion		102,179		(5,368,275)
University contributions subsequent to measure		1,616,340		-
	\$	5,775,952	\$	(8,482,505)

Deferred outflows of resources related to pensions of \$1,616,340, resulting from University contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

	June 30
2020	\$ (620,498)
2021	(964,467)
2022	(1,665,483)
2023	(814,794)
2024	(257,651)
Thereafter	-
	\$ (4,322,893)
•	 ·

Actuarial Assumptions

The total pension liability in the June 30, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, closed
Amortization Period	28 years
Asset Valuation Method	4-year closed period; 20% corridor
Wage Inflation	2.75%
Salary Increases	2.75 – 7.75% including inflation
Investment Rate of Return	7.50% compounded annually
Retirement Age	Experience-based table of rates that are
	specific to the type of eligibility condition.
	Last updated for the 2011 valuation pursuant

	to an experience study for the period July 1, 2010 – June 30, 2015.
Mortality Table	RP-2014 Healthy Annuitant, Disabled Annuitant, and Employee Mortality Tables were used for males and females. Mortality rates were adjusted using projection scale MP-2017 from 2006.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant and actuary. For each major asset class included in the pension plan's target asset allocation as of June 30, 2018, are summarized below:

Asset Class	Target Allocation	Long-Term Expected Real
		Rate of Return
Total Equity	55%	4.9%
Fixed Income	15	1.2
Alternatives	5	4.3
Real Assets	15	4.2
Private Equity	10	6.0
Cash Equivalents	-	0.3
Total	100%	

Discount Rate

A single discount rate of 7.50% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.50%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be 14% of payroll. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.50%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1% lower (6.50%) or 1% higher (8.50%):

Sensitivity of Discount Rate					
1% Decrease Discount Rate 1% Increase					
6.50%			7.50%		8.50%
\$	27,884,836	\$	16,258,099	\$	6,616,145

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued ATRS financial report.

NOTE 16: Other Postemployment Benefits (OPEB)

The University offers postemployment health (including prescription drugs) and dental benefits, along with life insurance (\$10,000 available coverage), to eligible retirees. Health and dental benefits are provided in the University's self-funded plan sponsored by the Board of Trustees of the University of Arkansas System for current and pre-65 retired employees. The plan is considered a single-employer, defined benefit plan. The System Administration manages and administers the plan. Although benefits are also provided under the University's plan for the employees of the University of Arkansas Foundation, Inc., the University of Arkansas Winthrop Rockefeller Institute, the Walton Arts Center Foundation, Inc., the Razorback Foundation, Inc., and the University of Arkansas Technology Development Foundation, no postemployment benefit is accrued by the University for these private entities. Financial activities of the plan are reported in the accompanying consolidated financial report. No assets are accumulated in a trust. Retirees pay 100% of premiums for all campuses with the following exceptions:

UACCRM, who paid 83% of the premium for single coverage for a closed group of employees through 1/1/19, but none of the premium for a spouse or unmarried dependent. Employees who retire currently and since December 31, 2018, will pay 100% of premiums for single and spouse coverage.

UAPTC, who paid the premium for single coverage for a closed group of retirees through 1/1/18, but none of the premium for a spouse or unmarried dependent. Employees who retire currently and since December 31, 2017, will pay 100% of premiums for single and spouse coverage.

Employer costs are funded on a pay-as-you-go basis for all campuses. Retirees qualify for postemployment benefits as follows:

CCCUA: Prior to 1/1/19, employees had to be at least age 60 with at least 5 years of service. Currently, they are consistent with "All Others" category.

UACCRM: Prior to 1/1/19, employees were eligible for retirement benefits if they were at least age 60 with 12 years of service, or if they were at least age 55 and their age plus service equaled 72 points ("Rule of 72"). Currently, they are consistent with "All Others" category.

ALL OTHERS: Employees must have a combination of age and years of service of at least 70 with at least 10 years of coverage under the plan. Retirees may cover spouses and eligible dependent children. Surviving spouses can continue coverage after retiree's death.

Retirees pay 100% of the fully insured premium directly to United Healthcare. As a result, no liabilities for Medicare eligible retiree benefits are included in this valuation.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

Employees covered by Benefit Terms	Medical	Life
Inactive employees or beneficiaries currently receiving benefit payments	344	2,219
Active employees	18,896	19,845
Total Employees covered by Benefit Terms	19,240	22,064

Total OPEB Liability

Total OPEB liability as of June 30, 2019 was \$70,183,428, determined by actuarial valuations as of July 1, 2018, rolled forward.

Summary of Key Actuarial Methods and Assumptions

Valuation date July 1, 2018 valuation for the year ended June 30, 2019

Valuation year Census data collected as of February 2019

Actuarial cost method Entry Age Normal
Amortization method Level percent of payroll

Remaining amortization period 30 years rolling

Asset valuation method N/A

Actuarial assumptions:

Investment rate of return 3.87%

Rate of salary increase

for amortization 4.0%

Medical inflation rate 6.75% grading to 4% over 15 years Pharmacy inflation rate 8.5% grading to 4% over 15 years

Retiree contribution inflation

rate 5.3% then 6.9% grading to 4% over 14 years

The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2017 was 3.58%, the unfunded rate determined as of June 30, 2017 based on the Bond Buyer 20-Bond GO Index. The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2018 was 3.87%, the unfunded rate determined as of June 30, 2018 based on the Bond Buyer 20-Bond GO Index.

Mortality Rates:

Healthy RP-2014 Fully Generational Mortality Table for employees and

healthy annuitants using projection scale MP-2014

Disabled RP-2014 Fully Generational Mortality Table for disabled retirees

using projection scale MP-2014

General Overview of the Valuation Methodology

The Entry Age Actuarial Cost Method was used to value the Plan's actuarial liabilities and to set the normal cost. Under this method, the normal cost rate is the percentage of pay contribution which would be sufficient to fund the Plan benefits if it were paid from each member's entry into the Plan until termination or retirement. The unfunded liability is amortized over a rolling 30-year period. The amortization method is a level percentage of pay.

The claims costs were developed from the active premium rates for the period July 1, 2018 to June 30, 2019. Seventy percent of the premium was assumed to be for medical, 22% for pharmacy, and 8% for expenses. The claim and expense costs were trended back to the period July 1, 2017 to June 30, 2018 using an annual trend assumption of 6.75% for medical, 9% for pharmacy, and 3% for expenses.

The dental rates are set to match projected costs. Based on a comparison of the recent dental claims plus fees, the dental rates are set at a level sufficient to cover projected costs. Retirees pay 100% of the budget rate for coverage. Therefore, the cost for dental coverage was excluded from this valuation.

Changes in Actuarial Assumptions and Methods since the Prior Valuation

The claim costs and trends were updated to reflect changes in benefits and experience and our expectation for the future costs. The initial retiree contribution was adjusted to reflect current contribution rates.

The discount rate changed from 3.58% to 3.87%.

The report does not reflect future changes in benefits, penalties, taxes (including future excise taxes), or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010, related legislation, or regulations. It does reflect all ACA costs to date.

Changes in the Total OPEB Liability

The table below shows the changes in the total OPEB liability (TOL) during the measurement period ending on June 30, 2019.

Balances at 6/30/2017 (Reporting Date 6/30/2018)	\$ 68,804,939
Changes for the year:	
Service cost	3,952,830
Interest (includes interest on service cost)	2,568,932
Changes of benefit terms	832,130
Differences between expected and actual experience	(3,266,590)
Changes of assumptions	(690,230)
Benefit payments, including refunds of member contributions	(2,018,583)
Net changes in total OPEB liability	1,378,489
Balances at 6/30/2018 (Reporting Date 6/30/2019)	\$ 70,183,428

During the measurement year, the TOL increased by approximately \$1.4 million. The service cost and interest cost increased the TOL by approximately \$6.5 million while benefit payments decreased the TOL by approximately \$2.0 million.

The eligibilities and life insurance benefits were updated for select campuses which resulted in a \$.8 million increase due to changes in benefits. The discount rate changed from 3.58% to 3.87% between June 30, 2017 and June 30, 2018. This created an assumption gain of \$.7 million, which will be amortized over the average expected remaining service life of all active and inactive members of the Plan. The actual experience decreased the liability by \$3.3 million due to favorable claim experience and lower than expected elections, which will be amortized over the average expected remaining service life of all active and inactive members of the Plan.

Sensitivity of the Total OPEB Liability

Changes in the discount rate affect the measurement of the TOL. Lower discount rates produce a higher TOL and higher discount rates produce a lower TOL. The table below shows the sensitivity of the TOL to the discount rate.

Sensitivity of Total OPEB Liability to Changes in Discount Rate					
1%	Discount	1%			
Decrease	Rate	Increase			
2.87%	3.87%	4.87%			
\$79,064,956	\$70,183,428	\$62,809,483			

A one percent decrease in the discount rate increases the TOL by approximately 13%. A one percent increase in the discount rate decreases the TOL by approximately 11%.

Changes in the healthcare trends affect the measurement of the TOL. Lower healthcare trends produce a lower TOL and higher healthcare trends produce a higher TOL. The table below shows the sensitivity of the TOL to the healthcare trends.

Sensitivity of Total OPEB Liability to Changes in Healthcare Cost Trend Rates					
1%	Healthcare	1%			
Decrease	Trend	Increase			
\$65,066,510	\$70,183,428	\$76,131,300			

A one percent decrease in the healthcare trends decreases the TOL by approximately 7%. A one percent increase in the healthcare trends increases the TOL by approximately 8%.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the University recognized OPEB expense of \$4,251,736. At June 30, 2019, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

Dofound

Dofound

Delta Student Housing, Inc. (Delta) is a nonprofit corporation organized in Arkansas. Delta was created for the purpose of facilitating the financing for construction of student housing facilities on the various campuses of the University. In the fiscal year ended June 30, 2010, the Arkansas School for Mathematics, Sciences and the Arts (ASMSA) received \$6,000,000 in American Recovery & Reinvestment Act funds through the State of Arkansas and \$1,000,000 from state general improvement funds to be used toward the construction of a new residence/student life facility. In addition, ASMSA had almost \$4,000,000 of reserve funds to be used for the project. By leveraging these available funds, a financing structure was developed using federal New Markets Tax Credits (NMTC) which made available almost \$15,000,000 to construct the facility. Construction of the facility was completed in the summer of 2012. The facility was owned and managed by Delta until the completion of the NMTC compliance period of seven years, at which time the transaction was unwound and the building transferred to ASMSA through the Board of Trustees of the University. Final payouts of residual funds following the final expenses related to the transaction during fiscal 2018. Unaudited financial statements for the year ended June 30, 2019, are presented below in summary form.

Note 19: Elimination of Inter-Company Transactions

The consolidated financial statements were prepared from financial statements submitted by each campus and the System Administration of the University. The inclusion of inter-company transactions in the consolidated financial statements is not considered materially significant to distort the amounts presented in the consolidated financial statements with the following exceptions, which were eliminated.

FY19 - Statement of Net Position

An elimination entry was made to reduce accounts receivable by \$19,362,224, which represent amounts owed by the campuses to the System Administration for insurance premiums and campus billings for services rendered, amounts owed between campuses, and interest due from a System Administration loan for eVersity from the campuses. Accounts payable was reduced by \$19,281,384, representing these billed amounts adjusted by cash in-transit within the system. Cash was increased by \$230,840 to account for payments in-transit within the system.

Three loans between University entities were eliminated to reduce assets and liabilities: (1) \$300,000 (current portion \$150,000) to reflect a loan to ASMSA by the System Administration; and (2) \$649,425 (current portion \$27,604) to reflect a loan from UAMS to UAF, and (3) \$4,975,498 to reflect a loan from the campuses to eVersity. In addition, a new group of interinstitutional loans between the System Administration and 11 campuses to assist in financing the ERP implementation costs. The following schedule details the balance of the loans at June 30, 2019 which were eliminated against long-term debt (current portion \$534,938) and notes receivable:

Campus	Balance at June 30,2019
UAFS	\$ 114,372
UALR	323,004
UAM	81,281
UAMS	1,952,912
UAPB	115,939
PCCUA	40,888
UACCB	21,012
UACCHT	21,483
ASMSA	20,520
UAPTC	75,985
UACCRM	13,140
	\$ 2,780,536

FY18 - Statement of Net Position

An elimination entry was made to reduce accounts receivable by \$17,142,300, which represent amounts owed by the campuses to the System Administration for insurance premiums and campus billings for services rendered, amounts owed between campuses, and interest due from a System Administration loan for eVersity from the campuses. Accounts payable was reduced by \$17,103,278, representing these billed amounts adjusted by cash in-transit within the system. Cash was increased by \$189,022 to account for payments in-transit within the system.

Three loans between University entities were eliminated to reduce assets and liabilities: (1) \$450,000 (current portion \$150,000) to reflect a loan to ASMSA by the System Administration; and (2) \$675,931 (current portion \$26,506) to reflect a loan from UAMS to UAF, and (3) \$4.975,498 to reflect a loan from the campuses to eVersity.

FY19 - Statement of Revenues, Expenses, and Changes in Net Position

As explained in Note 14, the System Administration administers the self-funded insurance programs for the University. Insurance premiums remitted to the System Administration by the campuses are shown as insurance revenues, and insurance claims paid are shown as insurance expenditures on the System Administration's financial statements. The premiums expensed by the campuses are recorded as part of compensation and benefits. An elimination entry was made to reduce insurance revenue and compensation/benefits expenditures in the amount of \$130,771,802.

An elimination entry was made for billings by System Administration to the campuses for services rendered to reduce operating sales and services revenue and operating supplies/services expense in the amount of \$3,741,960. An elimination entry for services provided among campuses in the amount of \$826,768. These amounts decreased operating sales and services, other operating revenues and operating supplies/services.

An elimination entry for the System Administration's interest expense for a loan from the campuses was made to decrease other non-operating revenues (expenses) and investment income in the amount of \$86,703. An elimination entry for the System Administration's interest income

for the loans referred to above with 11 campuses was made to decrease interest expense and investment income in the amount of \$27,553.

FY18 - Statement of Revenues, Expenses, and Changes in Net Position

As explained in Note 14, the System Administration administers the self-funded insurance programs for the University. Insurance premiums remitted to the System Administration by the campuses are shown as insurance revenues, and insurance claims paid are shown as insurance expenditures on the System Administration's financial statements. The premiums expensed by the campuses are recorded as part of compensation and benefits. An elimination entry was made to reduce insurance revenue and compensation/benefits expenditures in the amount of \$135,541,167.

An elimination entry was made for billings by System Administration to the campuses for services rendered to reduce operating sales and services revenue and operating supplies/services expense in the amount of \$3,929,091. An elimination entry for services provided among campuses in the amount of \$865,145. These amounts decreased operating sales and services, other operating revenues and operating supplies/services.

An elimination entry for the System Administration's interest expense for a loan from the campuses was made to decrease other non-operating revenues (expenses) and investment income in the amount of \$86,703.

FY19 and FY18 - Statements of Cash Flows

The effects of the elimination entries described above to the statement of net position and the statement of revenues, expenses and changes in net position are also reflected in the statement of cash flows.

Note 20: Joint Endeavor

In 1987, the University of Arkansas and the City of Fayetteville engaged in a joint endeavor to operate the Walton Arts Center. Funds were pooled from each entity to provide for the construction and operation of the center. The University of Arkansas/City of Fayetteville Arts Foundation, Inc., now called the Walton Arts Center Foundation, Inc., was established to administer this project and its funds. Activities of the foundation were managed by nine directors - three appointed by the University, three by the City of Fayetteville, and three recommended by the Foundation that were approved by the mayor and chancellor.

The Walton Arts Center Council, Inc. was formed to construct, operate, manage, and maintain the Arts Center in Fayetteville, Arkansas, in accordance with the Interlocal Cooperation Agreement between the City of Fayetteville and the University of Arkansas. The ownership of the Arts Center facilities, including land, is held equally by the City and the University. The Arts Center Council was required to submit an annual budget to both the City and the University for approval. The Board of Trustees of The Arts Center Council was comprised of five members appointed by the University, five members appointed by the City, and ten members appointed at large, all of whom served as volunteers.

On August 14, 2014, the governing documents establishing and defining the joint endeavor between the City of Fayetteville and the University of Arkansas to operate the Walton Arts Center were revised to ensure clarity and flexibility to allow the Walton Arts Center to meet the arts and entertainment needs of all residents of Northwest Arkansas with a multi-venue system, while at the same time confirming support of the original partnership. Revisions were made to the respective Articles of Incorporation of the Walton Arts Center Foundation, Inc. and the Walton Arts Center Council, Inc. to clarify the purpose of each entity to encompass multiple venues in the Northwest Arkansas region; to allow the Walton Family Foundation to appoint nine additional directors to the Board of Directors of the Arts Center Council while ensuring that the City and University maintain their proportionate number of directors on the Board; to return the City of Favetteville's initial payment of \$1.5 million to the Foundation back to the City for the City's use in the construction of a parking facility adjacent to the Walton Arts Center or as otherwise determined by the Fayetteville City Council; and with consent by the University to expend the institution's initial payment of \$1.5 million to the Foundation to help defray the construction costs of the proposed enlargement and enhancement of the Walton Arts Center located in Fayetteville, Arkansas. To date, the University's funds placed in the endowment have not been spent. Accordingly, the relationship of the University and Walton Arts Center Foundation, Inc, remains unchanged. In the event the funds are expended, as provided in the revised agreement, the Walton Arts Center Foundation, Inc. would no longer be an agent for the University nor would the University have the right of appointment of Walton Arts Center Foundation, Inc. directors.

An Amended and Restated Interlocal Cooperation Agreement was also executed that permits the Walton Arts Center to conduct business as a separate, free-standing non-profit corporation; that budget and operational oversight rests exclusively with the Walton Arts Center Council and confirms the Walton Arts Center is no longer an agent of the University or the City, nor restricted to the terms of the original agreement; and affirms the Walton Arts Center must comply with the terms of a new lease agreement executed by the University, City of Fayetteville and the Walton Arts Center Council.

The lease agreement extends the term to twenty-five years and recognizes the changed scope of the Walton Arts Center. The lease also provides assurances regarding the on-going quality and type of performances at the Walton Arts Center in Fayetteville.

Note 21: Related Parties

The following are significant related party transactions other than those with component units discussed in Note 1.

The Vice Chancellor for Economic Development for the Fayetteville campus is a member of the Board of Directors of Arvest Bank Fayetteville, one of 16 autonomous community-oriented banks which comprise Arvest Bank Group, Inc., based in Bentonville, Arkansas. At June 30, 2019, bank balances held at Arvest Bank Group, Inc. banks total \$18,773,746 at UAF (book balances included on the Statements of Net Position were \$18,260,279).

Note 22: Contingencies

The University has been named as defendant in several lawsuits. It is the opinion of management and its legal counsel that these matters will be resolved without material adverse effect on the future operations or financial position of the University.

Immunity provisions in Arkansas law prohibit suits naming the Board of Trustees of the University of Arkansas System as a defendant in Arkansas State courts. Employees of UAMS acting in good faith in the course and scope of their employment may be sued in state courts, but only to the extent of maintained insurance coverage. UAMS maintains malpractice insurance for certain employees under a claims-made policy. Premiums are accrued based on estimated claims, with the final premium amount determined based on actual claims experience. The cost of this policy is included in supplies and other expenses. UAMS incurred costs of \$3,431,000 and \$3,311,000 for this insurance during the years ended June 30, 2019 and 2018, respectively. A party may bring an action against the University through the Arkansas State Claims Commission (the Claims Commission). The Claims Commission may award a claim of up to \$15,000 without further review or appropriation. Awards that the Claims Commission approves in excess of \$15,000 must be approved and appropriated by the Arkansas State Legislature. Appropriations of this type, if any, reduce appropriations from the state to the University in the period in which the claim is appropriated.

In the fiscal year ended June 30, 2006, the Arkansas Development Finance Authority (the Authority) issued \$36,775,000 in Tobacco Settlement Revenue Bonds. The Authority made the proceeds of the bonds available to the University of Arkansas Board of Trustees (UA Board) to fund an expansion to the Arkansas Cancer Research Center, now known as the Winthrop P. Rockefeller Cancer Institute, on the campus of the University of Arkansas for Medical Sciences (UAMS). The bonds have an approximate yield to maturity of 4.77% to 5.10% and principal and accumulated interest are payable beginning in 2021 through 2031 for \$22,158,000 of serial bonds and beginning in 2036 through 2046 for \$14,617,000 of term bonds.

Funds received from the Arkansas Tobacco Settlement Funds Act of 2000 are pledged for debt service and are the primary source of payment for the bonds. In accordance with a Loan Agreement dated June 1, 2006, between the UA Board and the Authority, the UA Board will be required to make debt service payments on the Series 2006 bond issue in the event of a shortfall in tobacco settlement revenues. However, no such payments will be made unless the debt service revenues are insufficient to make such payments. Management believes the debt service revenues will be sufficient to service the entire principal and interest due. The *Global Insights USA, Inc.* report, prepared in August 2006, on the *Forecast of U.S. Cigarette Consumption (2004-2046)* indicated that tobacco consumption in 2046 is expected to decline by 54% from the 2003 level. For fiscal year 2003, Arkansas received \$60,067,457 from the Tobacco Settlement Fund. Using the 54% decline from above, Arkansas should receive approximately \$27.6 million in 2046 with the first \$5 million dedicated to pay the debt service on this bond issue.

If debt service revenues had been considered insufficient at June 30, 2019, the University would have incurred a liability of \$69,704,000 related to the issue. This amount includes drawdown of funds related to the project, issuance costs, discounts, accreted interest, and other expenses related

to the issue. The revenues pledged by UAMS to secure the Loan Agreement consist of inpatient service fees and fees collected from other ancillary, therapeutic, and diagnostic services provided within the walls of the hospital but exclude physician-generated revenues, State appropriations, and revenues restricted for other purposes.

Note 23: Restatements

Statement of Revenues, Expenses, and Changes in Net Position

Operating revenues from grants and contracts were restated for the year ended June 30, 2018. Federal grants and contracts revenue increased by \$23,716,556 related to the reclassification of pass-through awards from state and nongovernmental sources. This change decreased state and local grants and contracts revenue by \$16,713,434 offset by a reclassification of promotion board awards from non-governmental grants and contracts revenue which decreased by \$7,003,122.

Beginning net position on June 30, 2017, as reported on the Statement of Revenues, Expenses and Changes in Net Position, was restated due to the implementation of GASB Statement 75, as amended. As a result, Net Position – beginning of the year at June 30, 2017, was reduced by \$7,118,973 to reflect the net effect of recognizing the University's total OPEB liability and deferred outflows of resources attributable to the year ended June 30, 2017.

Beginning net position, as reported on the Statement of Revenues, Expenses and Changes in Net Position, has also been restated for the year ended June 30, 2017 to reflect a change in the recognition of certain grants and contracts revenue in the amount of \$876,096 for UALR and the capitalization of interest expense of \$488,381 for UACCM. UACCM capitalized interest totaling \$488,381 on the new Workforce Building put into service in the fiscal year ended June 30, 2017.

The net effect of these restatements was a decrease to total net position for the prior year of \$7,506,688. The Statement of Cash Flows for the prior year was also restated to reflect the changes.

Statement of Net Position

A reclassification at June 30, 2018, to increase Restricted Expendable Net Position-Scholarships and Fellowships by \$24,040,000 and to decrease Unrestricted Net Position by the same amount was made to beginning net position for UAMS. There was no effect on total net position.

Note 24: Pollution Remediation

The Fayetteville campus completed a study in 2012, funded by a \$1,889,647 award from the United States Department of Energy (DOE), to develop a plan for remediation of the Southwest Experimental Fast Oxide Reactor (SEFOR) site. This study developed an estimate for future remediation costs and assessed the university's obligation for remediation at the site. The cost estimate was \$26.1 million to complete remediation of the site. Although the study concluded that the University was under no obligation to begin remediation work at that time, the study was considered Phase 1 of the voluntary remediation of the SEFOR site. During 2014, DOE

appropriated an additional \$1 million to review estimated remediation costs. Of that award, \$968,500 was made available to the university in the 2017 funding obligation.

The remediation of the SEFOR site has been completed. Expenses paid during fiscal year 2019 totaled \$7,664,343. The remaining project costs totaling \$945,758 were accrued and are included in the accounts payable at June 30, 2019 reported on the Statements of Net Position. Drawdowns during fiscal year 2019 totaled \$7,881,202. A receivable of \$1,906,166, reflecting amounts that have not yet been invoiced to the DOE award, was also established, and is included in accounts receivable at June 30, 2019 reported on the Statements of Net Position.

During fiscal year 2018, the Fayetteville campus received another DOE award totaling \$7,904,718. In August of 2018, the Fayetteville campus received an additional DOE award totaling \$5,595,282. These awards, combined with the residual left from the 2014 appropriation, brought total funds available for remediation costs to \$23,968,500. The Fayetteville campus began Phase 3B of the voluntary remediation by entering into a contract with EnergySolutions, LLC on May 18, 2018 to provide technical services for deconstruction and green fielding of the site. Total estimated cost of the Phase 3B voluntary remediation project was \$9,457,585. Expenditures incurred during fiscal year 2018 totaled \$8,030,005. The remaining project costs to complete Phase 3B, totaling \$7,566,068, were accrued and are included in accounts payable reported on the Statements of Net Position at June 30, 2018. All project costs were funded by the DOE award on a cost reimbursement basis. Drawdowns during fiscal year 2018 totaled \$7,852,519. A receivable of \$8,743,334 is included in the accounts receivable at June 30, 2018 reported on the Statements of Net Position.

Note 25: Subsequent Events

Long-Term Debt-*Fayetteville Campus*

On August 22, 2019, the University closed the Board of Trustees of the University of Arkansas Various Facility Revenue Bonds (Fayetteville Campus), Refunding and Improvement Series 2019A with a par amount of \$59,655,000. The bonds provide resources of \$30,000,000 for the renovation and reorganization of the interior of Mullins Library; construction, equipping and furnishing of the Student Success Center; construction and equipping of improvements to the north chilled water plant and utility systems; the acquisition, construction, and equipping of intramural sports facilities; and the acquisition, construction, improvement, renovation, equipping and/or furnishings of other qualifying capital projects. In addition, the bonds provide resources of \$44,551,904 for the current refunding of the Board of Trustees of the University of Arkansas Various Facility Revenue Bonds (Fayetteville Campus), Series 2009A. The University contributed \$1,889,889 into the escrow account to pay the principal amount of \$1,270,000 due on November 1,2019 plus accrued interest. The remaining outstanding balance of \$42,290,000 will be redeemed via the escrow account on the same day.

On August 22, 2019, the University closed the Board of Trustees of the University of Arkansas Athletic Facilities Revenue Bonds (Fayetteville Campus) Series 2019A with a par amount of \$24,900,000. The bonds provide resources of \$31,043,204 for the acquisition, construction, furnishing and equipping of a track and field high performance center; and the acquisition, construction, furnishing and equipping of a baseball development center and the acquisition,

construction, improvement, renovation, equipping and/or furnishings of other qualifying capital projects.

On November 5, 2019, the University closed the Board of Trustees of the University of Arkansas Various Facility Revenue Bonds (Fayetteville Campus) Taxable Refunding Series 2019B with a par amount of \$139,220,000. The bonds provide resources of \$138,656,975 to advance refund \$78,945,000 of outstanding Board of Trustees of the University of Arkansas Various Facility Revenue Bonds (Fayetteville Campus) Series 2011A, and \$50,645,000 of outstanding Board of Trustees of the University of Arkansas Various Facility Revenue Bonds (Fayetteville Campus) Series 2012B. The amount of each refunded series represents all of the outstanding maturities starting with the November 1, 2022 until final maturity for each issue. After the regularly scheduled debt service payments were made on November 1, 2019, there are remaining balances of \$4,905,000 for Series 2011A and \$2,650,000 for Series 2012B representing bonds with maturity dates through November 1, 2021.

Long-Term Debt-UAMS

On October 24, 2019, the University closed the Board of Trustees of the University of Arkansas Various Facilities Revenue Bonds (Medical Sciences Campus), Series 2019A (tax exempt) of bonds with a par amount of \$48,615,000 and 2019B (taxable) of bonds with a par amount of \$97,470,000. The bonds provide resources of \$157,359,253 for the Energy Savings Performance Contract and the Construction Interest Expense Account. The bonds will be repaid over a period of 23 years.

Long-Term Debt-UAPTC

On November 5, 2019, the University closed the Board of Trustees of the University of Arkansas Student Tuition and Fee Revenue Bonds (Pulaski Technical College campus), Taxable Refunding Series 2019A with a par amount of \$56,685,000. The bonds provide resources of \$59,465,000 for the advance refunding of the Board of Trustees of the University of Arkansas Student Tuition and Fee Revenue Bonds (Pulaski Technical College Campus), Series 2011. The University contributed \$805,000 into the escrow account along with the release of the 2011 escrow account balance of \$5,847,542. The remaining outstanding balance of the bonds will be redeemed when eligible to do so.

Long-Term Debt-UACCRM

On July 25, 2019, the University closed the Board of Trustees of the University of Arkansas Various Facilities Revenue Refunding and Improvement Bonds (Rich Mountain Campus) Series 2019 with a par amount of \$8,250,000. The bonds provide resources of \$7,500,808 for the acquisition, construction, furnishing and equipping of a student housing facility on the Mena campus, the construction, renovation, expansion, equipping, and furnishing of classroom and student facilities on the Mena campus and the acquisition, construction, improvement, renovation, equipping and/or furnishings of other qualifying capital projects. The funding for an account for interest during construction of \$199,431 was also provided. In addition, the bonds provide resources of \$1,603,443 for the current refunding of the Board of Trustees of Rich Mountain Community College Student Tuition and Fee Revenue Bonds, Series 2012.

annuitants using projection scale MP-2014

Disabled RP-2014 Fully Generational Mortality Table for disabled retirees using

projection scale MP-2014

UNIVERSITY OF ARKANSAS SYSTEM CONSOLIDATED FINANCIAL STATEMENTS FY2019 REQUIRED SUPPLEMENTARY INFORMATION

Schedule of Changes in Total OPEB Liability and Related Ratios

Total OPEB Liability	2019	2018
Service cost	\$ 3,952,830	\$ 4,589,055
Interest (includes interest on service cost)	2,568,932	2,320,787
Changes of benefit terms	832,130	
Differences between expected and actual experience	(3,266,590)	
Changes of assumptions	(690,230)	(13,904,426)
Benefit payments, including refunds of member contributions	 (2,018,583)	(2,109,079)
Net change in total OPEB liability	1,378,489	(9,103,663)
Total OPEB liability - beginning	 68,804,939	77,908,602
Total OPEB liability - ending	\$ 70,183,428	\$ 68,804,939
Covered employee payroll	\$ 1,309,045,000	\$ 1,320,436,000
Total OPEB liability as a percentage of covered employee		
payroll	5.36%	5.21%

^{*}Information is presented for those years for which it is available until a full 10-year trend is compiled.

Notes to Schedule:

No assets for the Plan are accumulated in a trust.

Change of Assumptions:

During the measurement year, the TOL increased by approximately \$1.4 million. The service cost and interest cost increased the TOL by approximately \$6.5 million while benefit payments decreased the TOL by approximately \$2.0 million.

Change of Benefits:

The eligibilities and life insurance benefits were updated for select campuses which resulted in a \$.8 million increase due to changes in benefits. The discount rate changed from 3.58% to 3.87% between June 30, 2017 and June 30, 2018. This created an assumption gain of \$.7 million, which will be amortized over the average expected remaining service life of all active and inactive members of the Plan. The actual experience decreased the liability by \$3.3 million due to favorable claim experience and lower than expected elections, which will be amortized over the average expected remaining service life of all active and inactive members of the Plan.

The University of Arkansas System is a comprehensive, publicly supported higher education system composed of unique institutions, units and divisions that share the singular goal of serving Arkansas residents and others by developing and sharing knowledge to impact an ever-changing world. The System provides access to academic and professional education and develops intellectual growth and cultural awareness in its students, staff and faculty. The System further promotes an atmosphere of excellence that honors the heritage and diversity of our state and nation, and provides students, researchers and professionals with tools to promote responsible stewardship of human, natural and financial resources at home and abroad.

Enrollment listed by campus are the preliminary official 11th-day headcounts as provided in September 2019 to the Arkansas Department of Higher Education for Fall 2019.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE

Established: 1871 Enrollment: 27,559 www.uark.edu

Founded in 1871, the University of Arkansas, Fayetteville (UAF) is the flagship institution of the University of Arkansas System. UAF is the state's foremost partner, resource and catalyst for education and economic development and is a university for the integration of student engagement, scholarship, research and innovation that collectively transforms lives while advancing Arkansas and building a better world.

As Arkansas's first land-grant university, UAF has a mandate to teach, conduct research and perform outreach. The university offers baccalaureate, master's, doctoral, professional and specialist degree programs, including a Juris Doctor degree and an LL.M. in Agriculture and Food Law. The Carnegie Foundation for the Advancement of Teaching places UAF in its highest category for research activity, a classification shared by only 3 percent of universities nationwide. Research activity is a significant academic element at the university and an economic engine for the state.

UNIVERSITY OF ARKANSAS AT FORT SMITH

Established: 1928 Joined System: 2002 Enrollment: 6,264 www.uafs.edu

The University of Arkansas at Fort Smith (UAFS) was established in 1928 in response to the need for an institution of higher education to improve the local workforce. UAFS continues that tradition today as the premiere regional institution for western Arkansas. By connecting education with careers, UAFS focuses on preparing students to succeed in the workforce as well as in elite post-graduate programs.

UAFS prides itself on highly accredited programs and exceptional faculty who continually adapt curricula to respond to the needs of business and industry. Students across disciplines experience hands-on learning in facilities equipped with leading-edge technology. Internship and mentor opportunities pair students with practitioners, developers, and executives from local start-ups to Fortune 500 companies. Employers seek out UAFS graduates, knowing they leave the institution fully prepared to succeed in high-demand fields.

UNIVERSITY OF ARKANSAS AT LITTLE ROCK

Established: 1927 Joined System: 1969 Enrollment: 9,627 www.ualr.edu

The University of Arkansas at Little Rock is a metropolitan research university that improves students' lives and advances the community and state. The university's location in the state's center of government, business and culture gives students unparalleled internship, community service, and career opportunities. The university offers baccalaureate, master's, doctoral, professional and specialist degree programs, including a Juris Doctor degree.

A community partner, UA Little Rock is a major component of the city and state's growing profile as a regional leader in research, technology transfer, economic development and job creation. More than 100 degree programs are offered in the classroom and online, including in-demand fields such as nursing, engineering, data quality, business, criminal justice, computer science and education.

UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES

Established: 1879 Enrollment: 2,768

www.uams.edu | www.uamshealth.com

The University of Arkansas for Medical Sciences (UAMS) is the only health sciences university in Arkansas. It is the state's largest public employer with more than 10,000 employees in 73 of the state's 75 counties. Clinical affiliates include Arkansas Children's Hospital, the Central Arkansas Veterans Healthcare System and Baptist Health. It is the only adult Level 1 trauma center in the state. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise including its hospital, regional clinics and clinics it operates or staffs in cooperation with other providers.

With its combination of education, research and clinical programs, UAMS has a unique capacity to lead health care improvement in the state. The university includes colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a 514-bed UAMS Medical Center; eight Regional Campuses, (each with a Family Medical Center); a statewide network of Centers on Aging; the Translational Research Institute; the Winthrop P. Rockefeller Cancer Institute; the Jackson T. Stephens Spine & Neurosciences Institute; the Donald W. Reynolds Institute on Aging;

the Harvey & Bernice Jones Eye Institute; the Psychiatric Research Institute; and the Institute for Digital Health & Innovation.

UNIVERSITY OF ARKANSAS AT MONTICELLO

Established: 1909 Joined System: 1971 Enrollment: 2,856 www.uamont.edu

Founded in 1909 as the Fourth District Agricultural School, the University of Arkansas at Monticello (UAM) is one of the region's few remaining open access universities. Serving southeast Arkansas, UAM offers 31 baccalaureate and seven master's degree programs. Additionally, the university offers eight two-year associate degrees, 17 technical certificates and 14 certificates of proficiency through its College of Technology in Crossett and McGehee.

UAM has established a reputation for academic excellence in areas such as forestry, nursing, teacher education, pre-medicine, health-related sciences, business and social sciences. The university is home to the Arkansas Forest Resources Center, which brings together interdisciplinary expertise from across the University System. In recent years, UAM has added new opportunities to its curriculum, including popular programs in social work and criminal justice, a fast-track master's degree program to place more teachers in the classroom, online master's degree programs in coaching, education, educational leadership and creative writing and a low residency master of music in jazz studies.

UNIVERSITY OF ARKANSAS AT PINE BLUFF

Established: 1873 Joined System: 1972 Enrollment: 2,535 www.uapb.edu

An 1890 land-grant institution, the University of Arkansas at Pine Bluff (UAPB) is the secondoldest university and the only public historically black university in Arkansas. The institution's historic mission is to teach in areas related to agriculture and the mechanical arts, as well as scientific and classical studies and help solve economic, agricultural and other problems in the community, state and region.

UAPB offers 30 undergraduate programs, eight master's degrees, and a doctorate program in Aquaculture/Fisheries, one of the country's leading programs that also supports Arkansas's \$165 million aquaculture and baitfish industry. The university's bachelor's degree program in regulatory science is a designated Center of Excellence by the U.S. Department of Agriculture. Other areas of emphasis at UAPB include teacher education, business development and student leadership development and its NSF-funded Science, Technology, Engineering and Math (STEM) Academy.

COSSATOT COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Established: 1975 Joined System: 2001 Enrollment: 1,521 www.cccua.edu

Cossatot Community College of the University of Arkansas (CCCUA) is located in De Queen with classroom sites in Nashville, Ashdown, Lockesburg, Dierks and Foreman. The college offers both technical certification and associate degrees and collaborates with other colleges and universities to offer bachelor's and master's degrees. Accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, CCCUA is the only community college in the state supported by sales taxes in three separate counties and one city and has the highest percentage of Hispanic students in Arkansas.

PHILLIPS COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Established: 1964 Joined System: 1996 Enrollment: 1,536 www.pccua.edu

The first community college established in Arkansas, Phillips Community College of the University of Arkansas (PCCUA) is a multi-campus, two-year college serving Eastern Arkansas in Helena-West Helena, DeWitt, and Stuttgart. PCCUA offers adult education, technical certification and associate degrees in academic, occupational/technical and continuing education programs and partners with other colleges and universities to offer bachelor's and master's degrees. We are accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the National League for Nursing Accrediting Commission, the National Accrediting Agency for Clinical Library Sciences, and the Accreditation Council for Business Schools and Programs. PCCUA is committed to helping every student succeed providing quality, affordable, and accessible education.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT BATESVILLE

Established: 1975 Joined System: 1997 Enrollment: 1,480 www.uaccb.edu

The University of Arkansas Community College at Batesville (UACCB) serves a multi-county area in north central Arkansas, offering associate degrees, technical certificates, certificates of proficiency, adult education (GED and ESL) and kids' college. Accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the campus has expanded program offerings and student services in order to meet its student-focused mission. Supported by an Independence County sales tax, UACCB provides affordable access to technical education and

college transfer programs that meet the diverse higher education needs of the citizens of northeast Arkansas.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT HOPE-TEXARKANA

Year Established: 1965 Joined System: 1996 Enrollment: 1,480 www.uaht.edu

Serving Southwest Arkansas, the University of Arkansas Community College at Hope-Texarkana (UACCHT) offers the first two years of a traditional college education transferable to a four-year university, as well as an array of certificate programs to prepare students for an ever-changing workforce. UACCHT is an accredited, open-access institution that connects students and community partners to quality education and supports a culture of academic, occupational, personal growth and enrichment programs throughout Southwest Arkansas. UACCHT is supported by a Hempstead County sales tax. UACCHT opened the Texarkana Instructional Facility in 2012 becoming a regional contributor to the educational needs of Southwest Arkansas. The Texarkana facility has enabled the College to expand programs in both the technical and industrial areas, as well as the health professions.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT MORRILTON

Established: 1961 Joined System: 2001 Enrollment: 1,839 www.uaccm.edu

Originally established as a vocational-technical school and then a technical college, the University of Arkansas Community College at Morrilton (UACCM) is a two-year institution offering university-transfer and career-specific training programs, adult education, workforce education and community outreach programs. UACCM offers an associate of arts and an associate of science degrees designed for university transfer, as well as associate of applied science degrees, technical certificates and certificates of proficiency designed for immediate entry into the job market.

UACCM has transfer agreements with all state universities, and in collaboration with individual four-year colleges, has also developed 2+2 plans that ensure a smooth transfer to specific academic degree programs.

UACCM is supported by a Conway County sales tax. Construction was completed in the spring of 2018 on the 53,843-square-foot Workforce Training Center (WTC) and is considered one of the premier technical training facilities in the state.

UNIVERSITY OF ARKANSAS-PULASKI TECHNICAL COLLEGE

Established: 1945 Joined System: 2017 Enrollment: 5,545 www.uaptc.edu

The University of Arkansas-Pulaski Technical College (UA-PTC) is a two-year technical college based in North Little Rock with a mission to serve its community's education needs through technical programs, university-based transfer programs and specialized programs for business and industry. Originally founded as a vocational-technical school, UA-PTC has evolved through the years to meet the varying educational needs of the citizens of central Arkansas. In addition to its main campus in North Little Rock, the college has four additional locations in Pulaski and Saline Counties.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT RICH MOUNTAIN

Established: 1983 Joined System: 2017 Enrollment: 865

www.uarichmountain.edu

The University of Arkansas Community College at Rich Mountain (UACCRM), based in Mena, is a comprehensive, learning-centered community college providing a range of programs including transfer and technical degrees, workforce development and adult education, among others. Through its main campus and satellite locations in Mt. Ida and Waldron, UACCRM serves the Ouachita Mountain Region with exemplary educational and enrichment opportunities to improve quality of life and economic advancement.

ARKANSAS SCHOOL FOR MATHEMATICS, SCIENCES AND THE ARTS

Established: 1993 Joined System: 2004

asmsa.org

The Arkansas School for Mathematics, Sciences and the Arts (ASMSA) is the state's premier high school focusing on excellence in mathematics, science and the arts. Located in Hot Springs, ASMSA is one of fifteen public residential high schools in the country specializing in the education of gifted and talented students who have an interest and aptitude for mathematics and science. All classes are taught at the college level, and the school offers nearly 60 concurrent courses. Through the school's "college bridge" program, ASMSA graduates average 50 hours of college credit while finishing high school.

Beyond the residential experience, ASMSA's outreach programs provide Saturday enrichment opportunities for motivated middle and early high school students. Digital learning programs like

Coding Arkansas' Future and STEM Pathways provides online instruction for students whose local school districts lack the resources for advanced instruction.

UNIVERSITY OF ARKANSAS CLINTON SCHOOL OF PUBLIC SERVICE

Established: 2004

www.clintonschool.uasys.edu

Located on the grounds of the William J. Clinton Presidential Center and Park in Little Rock, the University of Arkansas Clinton School of Public Service is the first graduate school in the nation to offer a Master of Public Service (MPS) degree, both in a classic campus setting and online. As part of the school's unique curriculum, students complete hands-on public service projects, including local work in Arkansas communities and international projects across the world.

The model is unique in higher education because most of the school's financial investment is in scholarship and service and not in infrastructure and overhead. Little Rock's River Market serves as its student union. The Central Arkansas Main Library is the school library. When there is a need for auditorium space, the school accesses the Clinton Library, the Statehouse Convention Center or the Ron Robinson Theater – all of which are within walking distance.

The school's curriculum is enhanced with a national and international speaker series which brings in leaders and scholars from the arts, business, education, government, international development, nonprofits, philanthropy and public service and are free and open to the public. The speakers have included United States presidents and ambassadors, Pulitzer Prize recipients, and Nobel Prize winners

DIVISION OF AGRICULTURE

Established: 1959 www.division.uaex.edu

The University of Arkansas Division of Agriculture is the statewide research and extension agency serving Arkansas agriculture, communities, families and youth. The mission of the division is to discover new knowledge, incorporate it into practical applications and assist Arkansans in its application. The division is comprised of two principal units: the Arkansas Agricultural Experiment Station and the Cooperative Extension Service. Division faculty and facilities are located on several university campuses, at regional research and extension centers, branch stations and other locations. An extension office is located in each county in cooperation with county governments.

The Division of Agriculture has earned patents in a variety of research programs in food science, biological and agricultural engineering, poultry science, crop, soil, and environmental sciences, and the Rice Research and Extension Center. Volunteers are an extremely important component of delivering Extension programs, particularly in 4-H, Extension Homemakers and Master Gardeners.

ARKANSAS ARCHEOLOGICAL SURVEY

Established: 1967

www.uark.edu/campus-resources/archinfo/

The mission of the Arkansas Archeological Survey is to study and protect the 13,000-year archeological heritage of Arkansas, to preserve and manage information and collections from archeological sites, and to communicate what is learned to the people of the state. The survey has research stations across the state, each with a full-time Ph.D. archeologist associated with regional higher education institutions and state parks. The archeologists conduct research, assist other state and federal agencies to help promote the economic importance of the state's heritage resources, and are available to local officials, landowners, educators and students, and citizens in need of information about archeology or archeological sites.

Arkansas Archeological Survey databases contain information on more than 48,000 archeological sites and 8,000 projects, available to qualified professional archeologists at state and federal agencies, colleges and universities, and federally recognized tribes. The Survey's curation facility, managed jointly with the University of Arkansas Museum, provides a secure, state-of-the-art home for both Survey and University artifact collections. Students and teachers across Arkansas use the Survey's educational websites to learn about our state's prehistoric and historic cultural heritage.

CRIMINAL JUSTICE INSTITUTE

Established: 1988 www.cji.edu

The Criminal Justice Institute (CJI) is a campus of the University of Arkansas System that serves a unique population of non-traditional students—certified law enforcement professionals who are actively employed within the state's law enforcement organizations. The Institute is committed to making communities safer by supporting law enforcement professionals through training, education, resources and collaborative partnerships.

Utilizing both online learning opportunities and classroom-based instruction, CJI provides an educational experience designed to enhance the performance and professionalism of law enforcement in progressive areas of policing, including law enforcement leadership and management, forensic sciences, computer technologies and related crimes, traffic safety, illicit drug investigations and school safety. In addition, the Institute develops and delivers curriculum in cyberterrorism and sexual assault management and investigation through the National Center for Rural Law Enforcement (NCRLE), a division of CJI committed to helping rural law enforcement agencies effectively combat crime in their communities.

UNIVERSITY OF ARKANSAS SYSTEM eVERSITY

Established: 2014 Enrollment: 636 www.eVersity.edu

The University of Arkansas System eVersity is a fully accredited, 100 percent-online institution created by the UA Board of Trustees in March 2014 to serve students who are unable to access traditional higher education campuses and to help adult working learners earn credentials and degrees. The mission of eVersity is to provide high-quality online courses, affordable tuition and workforce-relevant degree programs, along with using data analytics to help promote student success to earn credentials. eVersity began offering classes in partnership with existing UA System institutions in the spring of 2016 and is now a fully self-sustaining operation that processes financial aid, enrolls, promotes and graduates students within its unique schedule of seven annual abbreviated sessions.

Faculty from across the UA System develop and deliver rigorous certificate and degree programs in tandem with eVersity's award-winning instructional design team to provide students with high-quality online coursework through Open Educational Resources. There are never any fees or additional charges for books. eVersity currently enjoys an incredibly high student success rate with nearly 90 percent of its students succeeding in their classes.

UNIVERSITY OF ARKANSAS SYSTEM www.uasys.edu

The System administration carries out the governance and administration of the University of Arkansas System in accordance with policies of the Board and the President.

The System administration includes the activities that further the efforts to meet the goals of the strategic plan for the UA System and to achieve the comprehensive mission of the UA System. In this capacity, the System Office provides the oversight and development of policies and procedures to assist the campuses and units; provides oversight of the preparation of annual operating budgets and financial reports to the Board; prepares the consolidated annual financial statements; administers a program of employee benefits and risk management; provides legal advice and representation; provides internal audits and risk assessments of the fiscal operations of the campuses and entities; and coordinates public relations, media and governmental relations activities on behalf of the System, campuses and entities. The System Office further provides administrative staff support for the Board and President. Academic Affairs provides leadership and guidance to assist campuses and entities to meet statewide goals in student retention and graduation.
