Board of Trustees and President Donald R. Bobbitt:

It is my pleasure to transmit to you the Audited Financial Statements of the University of Arkansas System for the fiscal year ended June 30, 2023. The data presented, including the Management's Discussion and Analysis, Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows, are presented on a consolidated basis and include all components of the System: UAF (University of Arkansas, Fayetteville, including the Division of Agriculture, Arkansas Archeological Survey, Criminal Justice Institute, and Clinton School of Public Service), UAFS (University of Arkansas at Fort Smith), UALR (University of Arkansas at Little Rock), UAMS (University of Arkansas for Medical Sciences), UAM (University of Arkansas at Monticello), UAPB (University of Arkansas at Pine Bluff), CCCUA (Cossatot Community College of the University of Arkansas), PCCUA (Phillips Community College of the University of Arkansas), UACCB (University of Arkansas Community College at Batesville), UACCHT (University of Arkansas Community College at Hope-Texarkana), UACCM (University of Arkansas Community College at Morrilton), UAPTC (University of Arkansas Pulaski Technical College), UACCRM (University of Arkansas Community College at Rich Mountain), ASMSA (Arkansas School for Mathematics, Sciences and the Arts), and SYSTEM (University of Arkansas System Administration, including the University of Arkansas Grantham).

These statements were prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements used to prepare the consolidated report, except for the Medical Sciences campus and the discretely presented component units, were audited by Arkansas Legislative Audit. The financial statements from the Medical Sciences campus were audited by FORVIS, LLP. The consolidated financial statements received an unmodified audit opinion.

Sincerely, M. Smith

LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

INDEPENDENT AUDITOR'S REPORT

University of Arkansas System Legislative Joint Auditing Committee

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the University of Arkansas System (University), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We did not audit the financial statements of the University of Arkansas for Medical Sciences, a unit of the System, whose statements reflect total assets and revenues constituting 32% and 53%, respectively, of the related combined totals. Additionally, we did not audit the financial statements of the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc., which represent 100% of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of Arkansas for Medical Sciences, the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc., is based solely on the report of the other auditors. The financial statements of the University of Arkansas Foundation, Inc., and the University of Arkansas Fayetteville Campus Foundation, Inc. were not audited in accordance with *Government Auditing Standards*. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Notes 1 and 23 to the financial statements, the University adopted Governmental Accounting Standards Board (GASB) Statement no. 96, *Subscription-Based Information Technology Arrangements*, during the year ended June 30, 2023. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- · exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, certain information pertaining to postemployment benefits other than pensions, and certain information pertaining to pensions on pages 8-19, 104-106, and 102-103 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Statement of Net Position by Campus (Schedule 2), the Statement of Revenues, Expenses, and Changes in Net Position by Campus (Schedule 3), the Statement of Cash Flows – Direct Method – by Campus (Schedule 4) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements or the basic financial statements or to the daditional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Net Position by Campus, the Statement of Revenues, Expenses, and Changes in Net Position by Campus, and the Statement of Cash Flows – Direct Method – by Campus are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Selected Information for the Last Five Years (Schedule 1) but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2023 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

ARKANSAS LEGISLATIVE AUDIT

Roger A. Norman, JD, CPA, CFE, CFF

Legislative Auditor

Little Rock, Arkansas November 29, 2023 EDHE14123

Introduction

The University of Arkansas System ("the University") is pleased to present its financial statements for the fiscal year ended June 30, 2023. While audited financial statements for fiscal year 2022 are not presented in this report because of implementation of new **GASB** pronouncements, condensed operations and financial position data will be presented in this discussion and analysis in order to illustrate certain increases and decreases.

The University of Arkansas System ("the University"), which prior to consisted of the Fayetteville and the Medical Sciences campuses, expanded in 1969 to include the Little Rock campus (formerly Little Rock University), in 1971 to include the Monticello campus (formerly Arkansas A&M College), in 1972 to include the Pine Bluff campus (formerly Arkansas AM&N College), in 1996 to include the campus (formerly Phillips Phillips County Community College) and the Hope campus (formerly Red River Technical College), and in 1998 to include the Batesville campus (formerly Gateway Technical College). On July 1, 2001, the University was expanded to include campuses in Morrilton (formerly Petit Jean College) and DeQueen (formerly Cossatot Community College). The Fort Smith campus (formerly Westark College) joined the University on January 1, 2002. Forest Echoes Technical Institute and Great Rivers Technical Institute merged with the Monticello campus on July 1, 2003. The Arkansas School for Mathematics, Sciences and the Arts, a residential high school, joined the University on January 1, 2004. On February 1, 2017, Pulaski Technical College and Rich Mountain

College Community ioined the University becoming the University of Arkansas-Pulaski Technical College and the University of Arkansas Community College at Rich Mountain. In addition to these campuses, the University includes System Administration, financial statements include University of Arkansas Grantham, which was acquired in November 2021, and the following units that are included in the financial statements of the Fayetteville campus: Clinton School of Public Service, Division of Agriculture (Agricultural Experiment Station and the Cooperative Extension Service). Arkansas Archeological Survey, and Criminal Justice Institute.

All programs and activities of the University of Arkansas are governed by its ten-member Board of Trustees who are appointed by the Governor for tenyear terms, which has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the Criminal Justice Institute, the Director of the Arkansas Archeological Survey, and the Director of the Arkansas School for Mathematics, Sciences and the Arts, who have responsibility for the programs and activities of their respective campuses or state-wide operating division.

Overview of the Financial Statements and Financial Analysis

The University's financial statements are prepared in accordance with standards issued by the Governmental Accounting Standards Board (GASB). The financial statement presentation provides a comprehensive, entity-wide perspective

of the University's assets, deferred outflows, liabilities, deferred inflows, net position, revenues, expenses, changes in net position, and cash flows. The financial statements included are the Statements of Net Position. Statements of Revenues, Expenses and Changes in Net Position, and the Statements of Cash Flows. This discussion has been prepared management and should be read in conjunction with the financial statements and notes following this section.

The University has identified two legally separate foundations, the University of Arkansas Foundation, Inc. and the University of Arkansas Favetteville Campus Foundation, Inc., that meet the criteria set forth for component units. These foundations provide financial support for the objectives, purposes, and programs of the University. Although the University does not control the timing, purpose or amount received by these Foundations, the resources (and income thereon), they hold and invest are dedicated to the benefit of the University. Because these resources held by the foundations can only be used by, or for the benefit of, the University, and are deemed material, they are considered component units and are discretely presented in the financial statement report. Additional information about component units is provided in Note 1.

Statements of Net Position

The Statement of Net Position provides a fiscal snapshot of the University as of the end of the fiscal year. All assets (property that we own and what we are owed by others), deferred outflows of resources (consumption of net position by the University that is applicable to a future reporting period), liabilities (what we

owe to others and have collected from others before we have provided the service), deferred inflows of resources (acquisition of net position by the University that is applicable to a future reporting period), and net position (assets and deferred outflows of resources minus liabilities and deferred inflows of resources) are reported in this statement. Assets and liabilities are presented in the order of their relative liquidity and are identified as current or noncurrent. Current assets are those assets that can be realized in the coming year, and current liabilities are expected to be paid within the next year. Noncurrent assets and liabilities are not expected to be realized as cash or paid in the subsequent year. Assets, deferred outflows of resources, liabilities and deferred inflows of resources are generally measured using current values. One exception is capital assets, which are stated at historical cost less accumulated depreciation.

Net position is divided into three major categories. The first category, invested in capital assets, net of related debt, reflects the equity in property, plant and equipment owned by the University. The next category is restricted net position, which is divided into two subcategories, expendable and nonexpendable. The expendable category is available for expenditure by the University but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The corpus of nonexpendable restricted resources is only available for investment purposes. The final category is unrestricted net position which is available for any lawful purpose of the University.

Total Net Position	\$	3,072,666,651	\$	3,019,484,709	\$ 2,928,009,256

The University's total assets increased \$84.0 million, or 1.5%. Cash and cash equivalents decreased \$178.5 million, and investments increased by \$72.7 million. UAMS accounted for \$173.4 million of the decrease in cash and cash equivalents, with a \$22.8 million decrease at UAPB, and a \$5.7 million decrease at UACCHT net a \$23.4M increase across the remaining campuses. increased investments \$57.1 million, System Administration increased investments \$7.4 million, and UAMS increased \$5.4 million, with a net increase of \$2.8 million across the remaining campuses. Deposits held in trust decreased by \$13.5 million of which UAF increased by \$66.2 million and UAPB increased by \$18.2 which are related to bond proceeds offset by

UAMS's decrease of \$91.6 million and UAM's decrease of \$6.3 million. Patient accounts receivable at UAMS increased \$9.7 million and Accounts Receivable increased by \$50.3 million. Student accounts receivable increased by \$5.1 million, Grants and contracts increased by \$36.2 million, while non-student accounts decreased by \$5.8 million. The increase of \$149.3 million in Capital assets relates to GASB 96 (SBITA) adjustments of \$25.2 million, additions of \$399.3 million net of depreciation expense of \$260.1 million offset by a decrease for assets disposed of \$15.1 million. Fayetteville had an increase in capital asset additions of \$132.9 million including construction in progress increases of \$81.1 million with \$65.7 million placed into service. At UAF,

Mullins Library Renovation, Ventilation Improvements, North Chilled Water Plant Modernization, I³R Research Facility, Fine Arts Restoration, Nano Room Fit-Out, Anthony Clean Timberlands Center for Design & Material Innovation, MUSiC National Research Fabrication Facility, Arkansas Union Interior Fit Out for Student Organizations, Biology Greenhouse Addition, Reid Hall Window Replacement, Windgate Galleries, Razorback Field Fieldhouse and Bogle Park Renovation and Expansion are in progress. UAMS had an increase in capital asset additions of \$214.1 million including construction in progress increases of \$111.7 million with \$205.2 million moved into service. Progress at UAMS continues for Parking Deck 4, the Northwest Arkansas Orthopaedic and Sports Medicine Facility, and the relocation of Outpatient Center Infusion 1.

Deferred outflows of resources consist of deferred amounts on refinancing of debt and deferred amounts related to pensions and other post-employment benefits (OPEB). Overall, deferred outflows increased \$1.9 million, or 4.8%. Deferred outflows related to OPEBs decreased \$3.4 million while pension increased \$7.0 million. The decrease in amortization of the debt refunding, net of additions, was \$1.7 million.

Total liabilities increased \$50.9 million, or 2.0%. Accounts payable and other accrued liabilities decreased \$14.7 million with UAMS decreasing \$20.5 million and UAF increasing \$7.6 million. The liability for bonds, notes, leases and installment contracts increased \$81.0 million (see Note 10). Netted in that amount, UAF issued \$76.7 million of new bonded debt with a net premium of

\$5.3 million, UAPB issued \$16.7 million of new bonded debt with a net premium of \$1.2 million. UAMS issued notes payable totaling \$18.3 million. UAMS and UAF executed \$52.0 and \$20.0 million in leases, respectively. Also included in the net increase is the \$26.3 million increase related to the GASB 96 (SBITA) adjustment and other debt issued in the amount of \$3.0 million. The additional debt is offset by a total of \$138.5 million in repayments during fiscal 2023. The UAMS liability for estimated third party payor settlements by \$29.0 million decreased repayments of the advances from CMS. Unearned revenues, deposits and other increased \$2.3 million primarily related to UALR unearned grant and gift Compensated absences revenue. increased \$2.7 million. The UA Health Plan experienced an overall plan loss ratio of 95% compared to a loss ratio of 91% in the previous fiscal year (Note 14).

Deferred inflows of resources decreased by \$18.1 million in total with pension plans decreasing \$26.5 million as a result of actuarially determined amounts. In addition, deferred inflows-other increased \$1.1 million primarily related to the extension of cell phone tower leases at UAF.

The increase in net position was \$53.2 million, or 1.8%. The increase is the result of 2023 revenues, expenses and changes in net position. Net investments in capital assets increased \$64.8 million. Restricted net position, expendable and non-expendable, increased \$6.3 million. Unrestricted net position decreased \$17.8 million. In total, UAF increased \$30.6 million, while UAMS decreased \$53.4 million. These changes were offset by increases and decreases at the remaining campuses. Although unrestricted net

position is not subject to externally imposed restrictions, the majority of the University's unrestricted net position is subject to internal designations to meet various specific commitments. These commitments include reserves established for future capital projects, other academic or research priorities; working capital for self-supporting auxiliary enterprises; and reserves for the continued recognition of OPEB and pension obligations.

Statements of Revenues, Expenses and Changes in Net Position

Changes in total net position, as presented on the Statements of Net Position, is based on the activity presented in the Statements of Revenues, Expenses and Changes in Net Position. The statements present the revenues earned by the University, both operating and nonoperating, and the expenses incurred by the University, both operating and nonoperating, and any other revenues, expenses, gains and losses received or spent by the University. Operating revenues are received for providing goods and services to the various customers and constituencies of the University. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for operating revenues and to carry out the mission of the University. Non-operating revenues are revenues received for which goods and services are not provided. In accordance with GASB standards. significant recurring sources of University revenue such as state appropriations, gifts, investment income and certain grants and contracts are reported as non-operating revenues.

The 2023 operating loss of \$900.2 million highlights the University's dependence on non-operating revenues, including state appropriations, to meet the costs of operations and provide funds for the acquisition of capital assets.

Operating revenues increased \$150.3 million, or 5.4%. Net student tuition and fees increased \$23.9 million, with UAF experiencing an increase of \$23.8 million. The rest of the campuses experienced small increases and decreases in net student tuition and fee revenue. While gross patient revenue increased for UAMS, net patient services

decreased \$9.0 million or 0.7% due to an increase in patient services contractual allowances. Grants and contracts increased \$81.2 million, of which UAF increased \$15.6 million and UAMS increased \$45.2 million. Auxiliary revenues increased \$17.9 million. Other operating revenue increased \$36.3 million, of which UAMS contributed \$34.8 million to the increase primarily driven by an increase in retail and contract pharmacy revenue.

Total operating expenses increased \$238.0 million, or 6.7%. Compensation and benefits increased \$114.8 million, or

5.9%, over the previous year. The cost of supplies and services increased \$119.8 million, UAMS and UAF increased \$46.6 million and \$42.3 million, respectively. Increases at UAF are mainly attributed to grant subawards with increased research activities, increase in student housing contracts, and guest housing conferences with the return of operating at full capacity after the pandemic. Increases at UAMS are largely due to increases in medical supplies and drugs medicines patient and for Scholarships and fellowships decreased \$52.5 million due primarily to a decrease of \$18.4 million at UAF, \$6.6 million at UAPTC, and \$6.3 million at UALR. The decrease is due to the end of funds distributed directly to students from the Higher Education Emergency Relief Funds (HEERF), that were received from the Federal government in previous years as a response to the effects of the pandemic. Depreciation increased \$38.3 million with UAMS accounting for \$18.1 million of the increase and UAF had an increase of \$16.0 million. The remaining change was spread throughout the campuses. The insurance plan expenses increased \$17.6 million due primarily to increased claims expenses in the health plan. Expenses are tied to an increase in catastrophic claims, utilization, increases in pharmacy expenses.

Net non-operating revenues increased by \$49.3 million, or 5.8%. State appropriations increased \$20.3 million with UAMS increase net of Medicaid match of \$16.9 million largely driven by pass-through state funding included in appropriations. UAF also had an increase of \$1.1 million. The remaining change was spread throughout the campuses. Federal grants decreased \$106.0 million primarily due to the end of the federal government's HEERF funds. Investment

income increased \$99.9 million with UAMS accounting for \$48.5 million and UAF, \$38.9 million.

Other changes in net position decreased \$11.9 million, or 19.8%. Capital grants and gifts decreased \$8.5 million.

Gifts reported reflect only a portion of the gifts available to the University. Most gifts for the benefit of the University are made to the University of Arkansas Foundation, whose financial information is presented in Note 1.

Statements of Cash Flows

The Statement of Cash Flows provides information about the cash activity of the University during the year. The statement is divided into five parts. The first part shows the net cash used by the operating activities of the institution. The second section reflects cash flows from noncapital financing activities. The third section deals with cash flows from capital and related activities, such as the acquisition and construction of capital assets and proceeds from, and payment of, capital asset debt. The fourth section reflects the cash flows from investing activities and shows the purchases, proceeds, and investment income received from these activities. The fifth section, not shown in the condensed statement below, reconciles the net cash used by operating activities to the net operating income or loss reflected on the Statement of Revenues, Expenses and Changes in Net Position. This statement aids in the assessment of the University's ability to meet obligations as they become due, the need for external financing, and the ability to generate future cash flow.

Similar to the operating loss on the Statement of Revenues, Expenses, and Changes in Net Position, net cash used in operating activities does not reflect all resources available to the University because generally accepted accounting principles require state appropriations, gifts and grants to be reported as nonoperating financing activities. The

net cash provided by the combination of operating and noncapital financing activities is a better depiction of the results achieved for the year. The net cash for 2023 is \$131.2 million, a decrease of \$126.6 million from the prior year. The changes are explained in the discussion in relation to the Statements of Revenues, Expenses and Changes in Net Position.

Condensed Statements of Cash Flows

	Year Ended				
	June 30, 2023	June 30, 2022	June 30, 2021		
Cash provided (used) by:					
Operating activities	\$ (747,634,307)	\$ (700,539,344)	\$ (536,685,507)		
Noncapital financing activities	878,828,528	958,290,016	865,741,232		
Net cash	131,194,221	257,750,672	329,055,725		
Capital and related financing activities	(377,714,200)	(275,488,199)	(166,036,628)		
Investing activities	68,011,978	(143,983,770)	(59,436,931)		
Net change in cash	(178,508,001)	(161,721,297)	103,582,166		
Cash, beginning of year	563,508,987	725,230,284	621,648,118		
Cash, end of year	\$ 385,000,986	\$ 563,508,987	\$ 725,230,284		

Purchases of capital assets and repayments of long-term debt and related interest and fees exceeded debt proceeds, capital grants and gifts, and insurance proceeds during 2023 which was consistent with the previous years. The overall cash position declined by \$178.5 million for the year ended June 30, 2023.

Capital Assets and Long-Term Debt Activity

At June 30, 2023, the University had \$3.4 billion of capitalized assets, net of accumulated depreciation of \$3.5 billion. Capital additions in 2023 totaled \$399.3 million which was offset by depreciation of \$260.1 million, \$15.1 million of transfers and deletions and \$25.2 million related to GASB 96 adjustments, resulted in a net increase in capital assets of \$149.3 million.

New debt issued for bonds, notes, leases and installment contracts offset by payments of principal was a net increase of \$81.0 million for 2023. The University issued a total of \$99.8 million in bonds for all campuses, with repayments, of \$87.5 million. More detailed information about debt activity was discussed previously and is presented in Note 10.

Economic Outlook

The University's net position increased \$53.2 million for 2023. Moody's last reaffirmed the University's rating of Aa2 with a stable outlook on June 29, 2023. One of the University's greatest strengths is the diverse stream of revenue which funds its operations, including tuition, patient services revenue. state appropriations, investment income, grants and contracts, and support from individuals, foundations, and corporations. The 2023 fiscal year remains impacted by challenges initially brought on by the pandemic. It continues to be a struggle for our medical center to overcome record levels of inflation in labor and supplies, but significant efforts are underway to drive efficiencies in processes that increase revenue and reduce expense. Because the Fayetteville campus and the Medical Sciences campus account for 73.2% of total consolidated net position and 89.6% of consolidated operating revenues, the discussion below is centered on these two campuses.

UAMS

UAMS closed fiscal year 2023 with a decrease in net position of \$46,400,000, compared to the budgeted loss of \$7,900,000 for the period. The budget for fiscal year 2023 included the impact of the startup and anticipated opening of The Orthopaedic & Spine Hospital and assumed increases in patient volumes in both the inpatient and outpatient areas. While some clinical volumes exceeded prior year, staffing challenges have resulted in patient volumes being less than expected and are the reason net patient services revenue is below budget. In addition, supply costs increased in several areas over prior year, specifically in pharmacy expense, medical supplies, and services.

The fiscal year 2024 budget for UAMS is a decrease in net position of \$8,100,000, which is comparable to the fiscal year 2023 budgeted decrease of \$7,900,000. The recent completion of capital projects across the system to support growth in clinical programs has resulted in an increase in depreciation expense for fiscal year 2024, which is the primary driver behind the budgeted decrease in net position. Due to the significant year-over-

year increase in depreciation expense and the fact that the associated clinical programs have a ramp-up period to expected financial performance, UAMS is taking a multi-year approach to fully funding the associated depreciation expense. Despite the budgeted decrease in net position, UAMS expects to be cash flow positive for fiscal year 2024.

Budgeted operating revenues are expected to increase by \$137,300,000 over the fiscal year 2023 budget. Tuition revenue is projected to decrease slightly over the fiscal year 2023 budget. Increases of \$89,600,000 are expected in net patient service revenue. In addition to The Orthopaedic and Spine Hospital (opened in June 2023), the opening of the UAMS Health Urology Center is another source of new revenue for the fiscal year 2024 budget.

Finally, the College of Medicine is projecting estimated growth at 9% related to additional physician recruitments to be deployed at Arkansas Children's Hospital. Grants and contracts revenue are also projected to see an increase from the fiscal year 2023 budget.

Fiscal year 2024 operating expenses are budgeted to increase \$132,700,000 over the fiscal year 2023 budget. The increase in overall spending is due to increases in compensation and benefits, increased cost of medical supplies, drugs and medicine; and an increase in depreciation expenses for capital projects across UAMS.

Nonoperating revenue for fiscal year 2024 includes a decrease of \$10,500,000 in state appropriations. Noncapital investment spending is expected to be less than was budgeted in fiscal year 2023, primarily due to large capital

14

expenditures budgeted in fiscal year 2023. Additionally, an increase in the Medicaid Match is projected. This is the result of a lower Federal Medical Assistance Percentage (FMAP) rate in fiscal year 2024 due to the end of the COVID-19 public health emergency. Investment income is budgeted at \$9,970,000 for fiscal year 2024, which is consistent with historical actuals. Interest expense of \$23,120,000 is budgeted for fiscal year 2024, which is consistent with prior year.

The financial results for the first two months of fiscal year 2024 have been better than budgeted by \$1,900,000. Through August, UAMS realized a decrease in net position of \$5,400,000, versus a budgeted decrease of \$7,300,000. Patient volumes have been less than projected, but expenses have flexed with volume. Nonoperating revenue, including appropriations and gift revenue, is more than projected for the first two months.

Over the past few years, the healthcare industry has experienced significant financial challenges. These challenges, initially brought on by the pandemic, have persisted due to record levels of inflation in labor as well as supplies. UAMS has not been immune to this and has experienced the same financial challenges as other healthcare organizations across the state and the U.S. Further, UAMS' overall financial performance depends on the margin it generates from the clinical enterprise to subsidize its other mission areas of research and education. To address these challenges, UAMS has significant efforts underway to drive efficiencies in processes that increase revenue and reduce expense. UAMS believes these efforts will improve its financial

performance in the coming months and expects to end the fiscal year within its budget.

UAF

Financial and political support from state government remains a critical element to the continued financial health of the University. In 2023, the total general revenue distribution from the State increased to \$225.1 million from the \$218.8 million reported in 2022. The forecast for 2024 indicates general revenue and Educational Excellence Trust Fund distributions from the State may increase 2.3%. If state revenue continues to be as strong as the State has reported in early 2023, management will continue to institute both internal and external efforts to maximize state resources available while seeking ways to minimize the risk of state funding levels not keeping pace with growth.

In 2017, The Arkansas Legislature enacted Act 148 which adopted a productivity-based funding model for most state-supported higher education institutions. As provided in the Act, the Arkansas Division of Higher Education developed a productivity-based funding model with measures for effectiveness, affordability, and efficiency. That model was first used to determine funding recommendations for the 2018-19 academic year and resulted in a small increase in university funding based on those measures. The University does not anticipate material changes in its funding level over the short term based on this funding policy.

The University continues to seek ways to manage the cost of attendance so that it remains affordable while achieving revenue support necessary to offer a highquality university experience. Diverse

15

including revenue sources. appropriations, tuition, and fees (net of scholarship allowance), private support, and sponsored grants and contracts all contribute to support the mission of teaching, research, and service. For the 2023-2024 academic year, enrollment and state appropriations are anticipated to exceed budget. Tuition and mandatory fee increases of less than 1.0% for undergraduate resident students and just under 5.0% for undergraduate nonresident students were necessary in 2024 to maintain the facilities, faculty and other support needed to fulfill our mission.

The University continues to see strong philanthropic support. After a challenging market environment experienced nationwide in fiscal year 2022, the University's overall endowment balance rebounded 4.1% to \$1.53 billion as of June 30, 2023.

U of A alumni and friends continued to bolster funding for student and faculty support, capital improvements and programs through a tradition of private gift support, and saw \$93 million in new gifts and received \$173 million in cash payments on existing commitments in fiscal year 2023. This tally includes gifts of cash, gifts-in-kind, planned gifts and new pledges received from July 1, 2022, through June 30, 2023. Approximately \$8.6 million was directed by donors for use as endowment when received.

Preliminary figures indicate that the University enrolled 32,140 students for the Fall 2023 semester. This represents an overall increase of 3.9% over the previous year. The University also continues to set new records for retention and graduation rates. As the charts below indicate, University enrollment has

increased 22.5%, or 5,903 students, over the past ten years. Enrollment exceeded 32,000 for the first time ever and the Fall 2023 term enrolled the second largest incoming freshman class in the history of the University. Although the number of incoming freshmen, 6,344, is down from the previous year, it is the University's best prepared freshman class and includes a record number of Arkansans with an increase of 5.3% year over year. Over the last five years, the number of Arkansans in the incoming class increase by 19.5%.

Preliminary numbers indicate another strong incoming freshman class for the Fall 2024 semester as well. The applicant growth experienced in fiscal year 2023 and expected in fiscal year 2024 on top of three years of very stable enrollment numbers illustrates the continuing strength and value proposition of the University.

Also, in FY23, the University of Arkansas launched its "150 Forward" strategic planning process, a reflection of having concluded its sesquicentennial celebration and forward momentum into the future. This campuswide, collaborative effort to map out where we are as a land-grant institution and align the entire campus to three critical pillars: student success, research excellence and employer of choice initiatives.

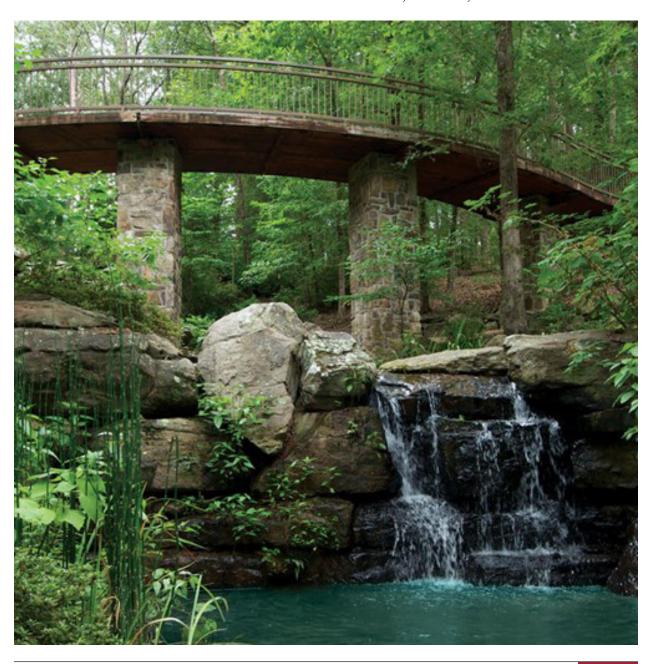

Due to our strong net position as discussed above, high level of liquidity, indications of stable State support, continuing high levels of philanthropic support, a positive enrollment outlook, and our conservative budgeting approach to the 2023-24 fiscal year, we have a high level of confidence that the University will maintain its strong position in the future.

All Campuses

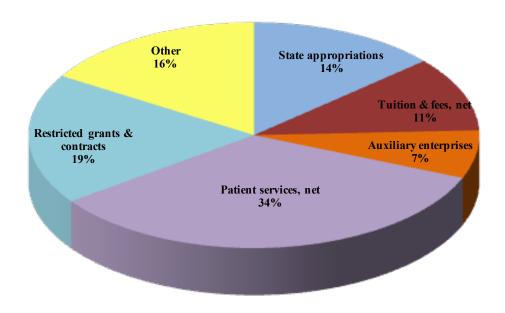

Financial support from state government for all campuses remains a critical element to the continued financial health of the University. Arkansas appears to have a healthy economy, as general revenue forecasts have been very positive, and the state budget remains balanced. As a result of these and other economic challenges, enrollment in higher education may remain flat or

decrease at most campuses as has been the case this fall, so management will continue to budget conservatively and to emphasize cost containment.

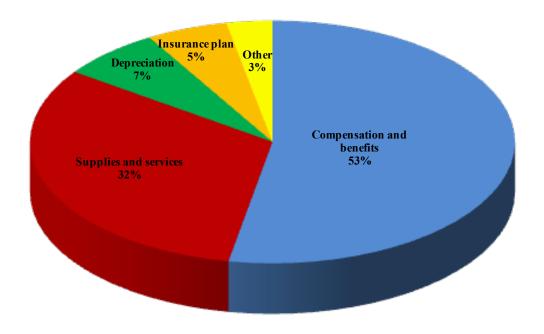

Preliminary data shows that the number of enrolled students (headcount) has decreased from the fall semester of 2022 to the fall semester of 2023, from 65,362 to 64,293. The number of full-time equivalent students has also decreased from 53,847 to 53,829.

2023 Revenues \$3.918 Billion

2023 Expenses \$3.869 Billion

Note 1: Summary of Significant Accounting Policies

The financial statements for the University of Arkansas ("the University") have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The accompanying notes to the financial statements are an integral part of the financial statements.

The following acronyms are used for the various campuses and divisions of the University as reported in the financial statements: UAF (University of Arkansas, Fayetteville, including the Division of Agriculture (UADA), which includes the Agricultural Experiment Station and Cooperative Extension Service, Arkansas Archeological Survey (AAS), Criminal Justice Institute (CJI), and Clinton School of Public Service), UAFS (University of Arkansas at Fort Smith), UALR (University of Arkansas at Little Rock), UAMS (University of Arkansas for Medical Sciences), UAM (University of Arkansas at Monticello), UAPB (University of Arkansas at Pine Bluff), CCCUA (Cossatot Community College of the University of Arkansas), PCCUA (Phillips Community College of the University of Arkansas Community College at Batesville), UACCHT (University of Arkansas Community College at Hope-Texarkana), UACCM (University of Arkansas Community College at Morrilton), University of Arkansas-Pulaski Technical College (UAPTC), University of Arkansas Community College at Rich Mountain (UACCRM), ASMSA (Arkansas School for Mathematics, Sciences and the Arts), and SYSTEM (University of Arkansas System Administration, including the University of Arkansas Grantham [UAG]).

Basis of Presentation and Measurement Focus

For financial reporting purposes, the University is considered a special-purpose government engaged in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized in the period in which they are incurred, if measurable, including depreciation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows, deferred outflows, revenues and expenses at the date of the financial statements. Significant estimates affecting the financial statements include the determination of allowances for uncollectible accounts, patient services-related contractual adjustments and third-party payor settlements, and various investment risks and fair market valuations. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include short-term, highly liquid investments that are readily convertible to cash and have a maturity at acquisition of three months or less.

Investments

Investments and funds held in trust by others of marketable securities are reported at fair value as established by major securities markets. The fair value of venture capital and other investments is based on the most current information reported to the University by the respective investment managers. Changes in unrealized gain (loss) on the carrying value are reported as a component of investment income on the statement of revenues, expenses and changes in net position.

Accounts Receivable

Receivables that represent charges due to the University from various student fees, room and board, student fines, patient care services, and other charges are stated at estimated net realizable values; that is, the gross amount of the receivable is reduced by allowances for estimated uncollectible accounts and refunds or discounts. Receivables can also include unreimbursed expenses relating to research contracts with federal, state, and private agencies.

Patient Accounts Receivable

Patient accounts receivable are shown net of contractual allowances and an allowance for doubtful accounts. Credit balances representing refunds due are reported as accounts payable. The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in federal and state governmental care coverage and other collection indicators.

Inventories

Inventories are valued at the lower of cost or market, with cost generally being determined on a first-in, first-out (FIFO) or average-cost basis.

Capital Assets

Capital assets consisting of land, buildings, improvements, furniture, equipment, intangible assets, and construction in progress, are stated at cost at the date of acquisition, or acquisition value at date of donation if acquired by gift. Library holdings are generally valued using average prices for library acquisitions. If material, in previous years, interest on borrowings to finance facilities was capitalized during construction, net of any investment income earned through the temporary investment of project borrowings. Interest is no longer capitalized in accordance with Governmental Accounting Standards Board Statement No. 89. The University's capitalization policy includes all furniture, fixtures and equipment with a unit cost of \$5,000 or more and an estimated useful life of one year or more. Intangible assets are capitalized when the cost is \$500,000 or more for purchased software, \$1,000,000 or more for internally developed software, or \$250,000 or more for easements, land use rights, trademarks and copyrights, and patents.

Livestock is maintained primarily for research purposes with any other benefits derived from the operations considered as incidental to the primary mission of the University. The inventory value placed on the animals is determined by utilizing current market prices and breeding and research intangibles.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets -- generally 15-30 years for buildings, 15-20 years for infrastructure and land improvements, 3-10 years for equipment, 10 years for library holdings, and the applicable term for leases.

UAMS bases its estimated useful lives on guidelines established by the American Hospital Association (AHA) which may differ slightly from those shown above for the other campuses.

Lease Assets

Lease assets are initially recorded at the initial measurement of the lease liability, plus lease payments made to the lessor at or before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease, plus initial direct costs that are ancillary to place the asset into service. Lease assets are amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

Subscription Assets

Subscription assets are initially recorded at the initial measurement of the subscription liability, plus subscription payments made to the subscription-based information technology arrangement (SBITA) vendor at the commencement of the SBITA term, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term, plus capitalizable initial implementation costs. Subscription assets are amortized on a straight-line basis over the shorter of the SBITA term or the useful life of the underlying IT asset.

Deferred Outflows of Resources

Deferred outflows of resources represent a decrease of net position that applies to future periods; therefore, these items will not be recognized as an expense or expenditure until that period.

Compensated Absences

Vested or accumulated vacation and sick leave of University employees are recorded as an expense and liability as the benefits are earned. Amounts recorded include salary expense as well as salary-related payments (e.g., FICA taxes, retirement, etc.). No liability is recorded for nonvested accumulated rights to receive sick leave benefits. The current portion of compensated absences is determined using the average balance paid annually in the prior two-year period.

Unearned Revenue

Unearned revenue consists primarily of student tuition and fees and athletic ticket sales related to future fiscal years, and amounts received from grant and contract sponsors that have not yet been earned under the terms of the agreements.

Deferred Inflows of Resources

Deferred inflows of resources represent an increase of net position that applies to future periods; therefore, these items will not be recognized as revenue until that period.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Public Employees Retirement System and the Arkansas Teacher Retirement System (the respective Systems) and additions to/deductions from the respective System's fiduciary net position have been determined on the same basis as they are reported by the respective Systems. For this purpose, benefit payments (including refunds of employee

contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

The University's net position is classified as follows:

- Net investment in capital assets Capital assets, net of accumulated depreciation and outstanding principal balances of debt obligations related to those capital assets. However, unexpended debt proceeds at year-end are reported as net position restricted for capital projects.
- Restricted:

<u>Non-expendable</u> — Portion subject to externally-imposed stipulations that they be maintained permanently by the University. Such assets include the University's permanent endowment funds.

<u>Expendable</u> – Portion whose use by the University is subject to externally-imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time. There is no formal policy requiring restricted net position to be used either before or after unrestricted net position is used for the same purpose. Responsible officials determine at the time funds are expended to use any unrestricted net position that may be available.

• *Unrestricted* – Portion that is not subject to externally imposed stipulations. This portion may be designated for specific purposes by management or the Board of Trustees or may be otherwise limited by contractual agreements with outside parties.

Classification of Revenues

The University has classified its revenues as either operating or non-operating according to the following criteria:

- Operating Revenue includes activities that have the characteristics of exchange transactions, such as student tuition and fees (net of scholarship discounts and allowances), patient services (net of contractual agreements), most federal, state, and local grants and contracts, revenues associated with auxiliary enterprises (net of scholarship discounts and allowances), interest on institutional student loans, and the University's self-funded insurance plans.
- Non-Operating Revenue includes activities that have the characteristics of non-exchange transactions, such as gifts and contributions, state appropriations, interest on debt, and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances. Scholarship discounts and allowances are the differences between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs, are recorded as either operating or non-operating revenues in the University's financial statements.

To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Net Patient Services Revenue

Patient care revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered. Retroactive adjustments arising under reimbursement agreements with third-party payors are accrued on an estimated basis in the period in which the related services are rendered and adjusted as final settlements are determined.

Charity Care

UAMS provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because UAMS does not pursue collection of amounts determined to qualify as charity care, these amounts are accounted for as a reduction of patient services revenue at the time the services are rendered.

Grants and Contracts

The University has been awarded grants and contracts for operations for which the moneys have not been received or expended. These awards have not been reflected in the financial statements but represent commitments of sponsors to provide funds for specific research and training projects.

Federal research grants and contracts normally provide for the recovery of direct and indirect costs, subject to adjustment based upon review by the granting agencies. The University recognizes revenue associated with direct costs as the related costs are incurred. The recovery of indirect costs is recorded at predetermined rates negotiated with the federal government.

State Appropriations

State appropriations are reported as non-operating revenue, net of the Medicaid match payments required under various contracts between UAMS and the Arkansas Department of Human Services. The match payments were \$61,074,000 for the fiscal year ended June 30, 2023.

Component Units

In fiscal year 2023, there were two qualifying foundations determined to be component units for the University of Arkansas System: The University of Arkansas Foundation, Inc. and the University of Arkansas Fayetteville Campus Foundation, Inc. Although the University does not control the timing, or amount, of receipts from either of these foundations, the majority of resources or income thereon, which the foundations hold and invest, is restricted to the activities of the University by the donors. Because these restricted resources held by the foundations can be used only by, or for the benefit of, the University, and their individual net assets are considered as having met the financial accountability criteria by management, these two foundations are considered component units and are discretely presented in the University's financial statements.

The University of Arkansas Foundation, Inc. is a separate not-for-profit organization, which operates for charitable educational purposes, including the administration and investment of gifts and other amounts received directly or indirectly for the benefit of the University of Arkansas. The Board of Directors has twenty-eight members, four of which are current or previous members of the Board of Trustees of the University of Arkansas. During the years ended June 30, 2023 and

2022, the Foundation distributed \$124,617,407 and \$94,208,388, respectively, to or on behalf of the University. Complete financial statements for the Foundation can be obtained from the administrative office at 535 Research Center Boulevard, Suite 120, Fayetteville, AR 72701.

The University of Arkansas Fayetteville Campus Foundation, Inc. is a not-for-profit charitable organization which was established by the Walton Family Charitable Support Foundation, Inc., for the exclusive benefit of the University of Arkansas, Fayetteville campus. The Foundation was established on March 11, 2003, and exists primarily to support the Honors College, the Graduate School, and the University's library. The Board of Trustees of the Foundation is made up of seven members, including three members who are also employees of the University. During the years ended June 30, 2023 and 2022, the Foundation distributed \$24,996,293 and \$22,418,322, respectively, to or on behalf of the University. Complete financial statements for the Foundation can be obtained from the administrative office at 535 Research Center Boulevard, Suite 120, Fayetteville, AR 72701.

Encumbrances

Encumbrances representing commitments and outstanding purchase orders for goods and services not received as of the last day of the fiscal year are not reported as expenses or included in liabilities in the accompanying financial statements.

New Accounting Pronouncements

The GASB issued the following statements, which became effective for the fiscal years identified below.

For the year ended June 30, 2023:

- Statement No. 91, Conduit Debt Obligations
- Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements
- Statement No. 96, Subscription-Based Information Technology Arrangements
- Statement No. 99, Omnibus 2022, the requirements in paragraphs 11-25 related to leases, PPPs, and SBITA

Management has determined that the Statements No. 91, 94, and 99 did not materially impact the System. Statement No. 96 established standards of accounting and financial reporting for Subscription-based information technology arrangements (SBITAs). As a result, beginning net position, as reported on the Statement of Revenues, Expenses and Changes in Net Position, was increased by \$4,194,796. Details of the effect implementing this statement are discussed in detail in Footnote 23.

For the year ending June 30, 2024:

- Statement No. 99, Omnibus 2022, the requirements in paragraphs 4-10 related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53
- Statement No. 100, Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62

For the year ending June 30, 2025:

• Statement No. 101, Compensated Absences

Management has not yet determined the effects of these statements on the University's financial statements.

Note 2: Reporting Entity

The University of Arkansas System, which prior to 1969 consisted of the Fayetteville and Medical Sciences campuses, was expanded in 1969 to include the Little Rock campus (formerly Little Rock University), in 1971 to include the Monticello campus (formerly Arkansas A&M College), in 1972 to include the Pine Bluff campus (formerly Arkansas AM&N College), in 1996 to include the Phillips campus (formerly Phillips County Community College), and the Hope campus (formerly Red River Technical College), and in 1998 to include the Batesville campus (formerly Gateway Technical College). On July 1, 2001, the University was expanded to include campuses in Morrilton (formerly Petit Jean College) and DeQueen (formerly Cossatot Community College). The Fort Smith campus (formerly Westark College) joined the University on January 1, 2002. Forest Echoes Technical Institute in Crossett and Great Rivers Technical Institute in McGehee merged with the Monticello campus on July 1, 2003. The Arkansas School for Mathematics, Sciences and the Arts, a residential high school, joined the University on January 1, 2004. On February 1, 2017, Pulaski Technical College and Rich Mountain Community College became the sixth and seventh two-year colleges to join the UA System. In addition to these campuses, the University includes the System Administration, whose financial statements include eVersity and the University of Arkansas Grantham (acquired on November 1, 2021 and formerly Grantham University), and the following units that are included in the financial statements of the Fayetteville campus: Clinton School of Public Service, Division of Agriculture (Agricultural Experiment Station and the Cooperative Extension Service), Arkansas Archeological Survey, and the Criminal Justice Institute.

On November 1, 2021, the University of Arkansas Board of Trustees closed a transaction to acquire Grantham University (GU), now known as University of Arkansas Grantham (UAG). As explained at the time of the decision to acquire GU, the plan was to integrate the operations of two universities (eVersity and Grantham University) into a single entity under the name the University of Arkansas Grantham. The process to wind down eVersity began in January 2022 with the transfer of students from eVersity to UAG and continued through August 2022.

All programs and activities of the University of Arkansas System are governed by its Board of Trustees, which has been accorded constitutional status for the exercise of its powers and authority by Amendment 33 to the Arkansas Constitution. The Board of Trustees has delegated to the President the administrative authority for all aspects of the University's operations. Administrative authority is further delegated to the Chancellors, the Vice President for Agriculture, the Dean of the Clinton School, the Director of the CJI, the Director of AAS, and the Director of ASMSA, who have responsibility for the programs and activities of their respective campuses or state-wide operating division.

The financial reporting entity consists of (a) the primary government; (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Under the provisions of this statement, the University is an institution of higher education of the State of Arkansas (primary government).

Note 3: Net Patient Services Revenue and Charity Care

Patient care operations are included in the accompanying financial statements under accounting principles generally followed by governmental colleges and universities. Patient accounts receivable at June 30, 2023, are recorded net of an allowance for doubtful accounts of \$297,136,000.

Net patient services revenue for the year ended June 30, 2023, is as follows:

GROSS PATIENT REVENUE	2023
Gross patient revenue	\$ 3,868,467,000
Less: patient services contractual allowances	(2,515,912,000)
Less: provision for bad debt	(26,890,000)
TOTAL	\$ 1,325,665,000

UAMS provided approximately \$ 14,881,000 in charity care, based on established rates, during the year ended June 30, 2023. Because UAMS does not pursue collection of amounts determined to qualify as charity care, they are not included in gross patient revenue above. Net patient services revenue for the year ended June 30, 2023 includes approximately \$36,192,000 from the Medicaid program representing payments relating to Upper Payment Limit and Disproportionate Share reimbursements. These payments are available to state-operated teaching hospitals under Medicaid regulations.

The Hospital, Faculty Group Practice (FGP), and Regional Campuses have agreements with governmental and other third-party payors that provide for reimbursement at amounts different from their established rates. Contractual adjustments under third-party reimbursement programs represent the difference between the billings at established rates for services and amounts reimbursed by third-party payors. A summary of the basis of reimbursement with significant third-party payors is as follows:

Hospital:

Medicare – Certain inpatient acute care services are paid at prospectively determined rates per discharge based on clinical, diagnostic and other factors. Transplantation services are paid based on cost-reimbursement methodologies subject to certain limits. Physician services are paid based upon established fee schedules. Outpatient services are paid using prospectively determined rates. The Hospital is reimbursed for certain services at tentative rates with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare administrative contractor.

Medicaid – Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed based upon a cost-reimbursement methodology. The Hospital is paid at a tentative rate with final settlement determined after submission of an annual cost report by the Hospital and audits by the Medicaid audit contractor. The Hospital is required to pay the federal match for the difference in reimbursement between the Tax Equity and Fiscal Responsibility Act inpatient rate and full cost. For outpatient services, the Hospital is required to pay the federal match for the difference reimbursed between the outpatient prospective rates and the cost of providing outpatient services to Medicaid beneficiaries.

Other – Payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations provide for payment using prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates

FGP and Regional Campuses:

Services rendered to both Medicare and Medicaid program beneficiaries are reimbursed on prospectively determined rates per unit of service.

The FGP and Regional Programs have payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations that provide for payment using prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

Additionally, UAMS has agreements to provide healthcare professionals to independent healthcare providers at contractually determined rates. These providers are responsible for billing and collecting from patients and third-party payors, as applicable, for the services provided by UAMS staff supplied by these contracts.

Approximately 48% of net patient service revenue is from participation in the Medicare and state-sponsored Medicaid programs for the year ended June 30, 2023. Management believes that UAMS is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action, including fines,

penalties, and exclusion from the Medicare and Medicaid programs. As a result, it is reasonably possible that recorded estimates will change materially in the near term.

Note 4: Cash, Cash Equivalents and Investments

A.C.A. §19-4-805 authorizes institutions of higher learning to determine the depositories and nature of investments of any of their cash funds which are not currently needed for operating purposes.

Cash and Cash Equivalents

Cash deposits are carried at cost. The following schedule reconciles the amount of deposits to the statement of net position at June 30, 2023:

Cash and Cash Equivalents	
Cash deposits at year end	\$ 373,679,523
cash held on deposit in state treasury	8,707,798
cash equivalents	164,241,102
cash on hand	175,181
Less: cash/cash equiv shown as deposits held in trust on SNP	(162,090,299)
adjustment for deposits in transit within the system	 287,681
TOTAL	\$ 385,000,986

Deposits are exposed to custodial risk if they are not covered by depository insurance (FDIC) and are uncollateralized. At June 30, 2023, none of the University's bank balances related to a Certificate of Deposit at a local bank were exposed to custodial credit risk.

Investments

Investments are reported at fair value, which, for reporting purposes, is market value. The following is a summary of the University's investments held at June 30, 2023:

Investment Type	Fair Value
Mutual & Money Market Funds	\$ 213,750,714
Corporate & Municipal Bonds	135,164,144
External Investment Pool	204,988,855
Short-term Investment Fund Pool	227,866,938
Certificate of Deposits	27,577,065
U.S. Treasury & Government Sponsored Agencies	446,519,544
Commercial Paper	8,472,231
Other	18,105,899
Sub-Total	 1,282,445,390
-shown as cash/cash equiv on Stmt of Net Position	(164,188,594)
-shown as deposits held in trust on Stmt of Net Position	(66,593,636)
Investments as reported on Stmt of Net Position	\$ 1,051,663,160

The University is required to provide investment risk disclosures for all invested funds. Interest rate risk is the risk that changes if interest rates will adversely affect the fair value of an investment. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The following tables show these risks for the University's funds outside the external investment pool and short-term investment fund pool.

		Interest Rate Risk							
]	Investment Mat	turie	es (in years)

External Investment Pool

In 1997, the University of Arkansas and the University of Arkansas Foundation established an external investment pool. This arrangement commingles (pools) the moneys of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio. Subsequent to its establishment, other entities have joined including the Walton Arts Foundation in 1998, the Fayetteville Campus Foundation in 2003, the University of Arkansas Community College at Hope Foundation in 2007, the Razorback Foundation in 2012, and the University of Arkansas Technology Development Foundation in 2016.

The external investment pool is exempt from registration with the Securities and Exchange Commission. The University of Arkansas Board of Trustees and the University of Arkansas Foundation Board of Trustees were the sponsors of this investment pool and were responsible for operation and oversight for the pool. All participation in this investment pool is voluntary.

In January 2010, the University of Arkansas Investment Committee approved an agreement which delegated authority to the UA Foundation to manage University funds held in the Pool. The agreement included delegation of all responsibility for all investment guidelines and performance objectives for accounts within the Pool. The agreement also delegated to the UA Foundation authority for further delegation of portfolio implementation decisions to one or more investment managers. In January 2010, the UA Foundation entered into such an agreement with Cambridge Associates, LLC.

In 2018, the UA Foundation revised their investment policies to only allow endowed monies to be maintained in the investment pool. In response to the change, the UA System Investment

Committee approved an agreement with Wilmington Trust to create a short-term investment pool for non-endowed investments. PFM Asset Management LLC was selected through a request for proposals to act as an investment advisor for the UA System for this pool designated as the Short-Term Investment Fund, or STIF (see below for additional information).

At June 30, 2023, four campuses and one division (UAF, Division of Agriculture, UALR, UAMS, and UAM) and six foundations participated in the Pool, whose net assets totaled \$2,725,101,292. The Pool was combined with 7.53% of the net assets owned by the University of Arkansas and external portions as follows: 66.29% by the University of Arkansas Foundation, 23.99% by the Fayetteville Campus Foundation, 0.65% by the Walton Arts Foundation, 0.11% by the University of Arkansas Community College at Hope Foundation, 0.03% by the University of Arkansas Technical Development Foundation, and 1.40% by the Razorback Foundation. The following tables contain information on the risk disclosures of the Pool.

Short-Term Investment Fund Pool

This pool was created for campuses to invest funds on a short-term basis so that the funds would be accessible within a short period to them as needed. There are five campuses or divisions currently invested in the STIF. The breakdown by campus or division at June 30, 2023 is as follows: System-30.20%, UAMS-0.52%, UAM-1.41%, PCCUA-2.92%, and the Division of Agriculture-64.95%. The following tables contain information on the risk disclosures of the STIF.

Extended Fixed-Income Investment Fund and Intermediate Term Growth Fund

In September 2021, the UA System Investment Committee approved an agreement with Wilmington Trust to expand the external investment pool with the following additional tiers and funds for investing: Extended Fixed-Income Investment Fund (Tier 2) and Intermediate Term Growth Fund (Tier 3).

The Extended Fixed-Income Investment Fund (Tier 2) seeks to provide long-term capital appreciation through the investment of high-quality bonds. The Fund expects to maintain an average duration, under normal circumstances, of not more than three years. The Intermediate Term Growth Fund (Tier 3) seeks to provide long-term capital appreciation through the investment of diversified portfolio of stocks and bonds. The Fund's investment objectives are based on a long-

term investment horizon of five years or longer. The following tables contain information on the risk disclosures for the Extended Fixed-Income Investment and Intermediate Term Growth Funds.

Endowment Funds

A.C.A. § 28-69-804 states, "Subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution. The University does not have a uniform policy addressing the authorization and spending of investment income. Such policies have been established at the applicable campuses and include spending rates averaged over a specified period and compliance with donor restrictions. The computation of net appreciation on investments of donor-restricted endowments that are available for expenditure at June 30, 2023, is as follows:

Total Endowment	\$ 198,034,398
Less: Funds treated as endowment	(33,167,798)
Less: Non-expendable portion of endowment	 (96,788,830)
Available for Expenditure	\$ 68,077,770

Note 5: Fair Value Measurement

The University's fair value hierarchy that prioritizes the inputs to valuation techniques gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

An individual investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the University. The University considers observable data to be market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of that investment and does not necessarily correspond to the University's perceived risk of that investment.

The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the University has the ability to access at the measurement date. Publicly traded equity securities and mutual funds are the primary investments included in Level 1 and are valued at the individual security's closing market price.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Observable inputs are those that reflect the assumptions market participants would use in pricing the asset developed based on market data obtained from independent sources. These types of sources would include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, models or other valuation methodologies. Level 2 investments include U.S. and international government debt securities valued at market corroborated prices and certain equity and fixed income investments in commingled investment vehicles reported at net asset value derived from the market prices of security holdings.
- Level 3: Inputs that are unobservable. Unobserved inputs are those that reflect the University's own assumptions about what market participants would use in pricing the asset developed based on the best information available. These types of sources would include investment manager pricing for private equities, hedge funds and certain limited partnerships. Limited partner interests in private equity and other partnerships and hedge fund investments are included in Level 3 and are valued

using the individual investment manager's reported estimates of fair value developed in accordance with reasonable valuation policies.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the University believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the valuation hierarchy, University invested funds, including amounts reported as deposits with bond trustees on the Statement of Net Position, at June 30, 2023:

	Sum	mary of Invest	men	ts by Fair Value Lew	el

TOTAL INVESTMENTS							\$ 1,118,256,796

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 of the fair value hierarchy are valued using a funds accounting technique or are provided by time deposit

custodians. Securities classified in Level 3 are valued using par value on the face of the investments.

- (1) This type includes investments in a broadly diversified external investment pool. Pooled investments include allocations to global equities, hedge funds, bonds, natural resources and real estate. The assets in the pool are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A one-week notice is required for redemptions over \$1 million. There is also a requirement for 30 days written notice if total withdrawals will exceed \$25 million in any 30-day period.
- (2) This type includes investments in a short-term investment pool comprised of fixed income investments with a duration of two years or less. The pooled investments are allocated primarily to treasuries, government agency bonds, corporate bonds, commercial paper, negotiable certificates of deposit, and money-market funds. The assets in the STIF are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A three-day notice is requested for redemptions of any amount.
- (3) This type includes investments in a short-term investment pool comprised of fixed income investments with a duration of three years or less. The pooled investments are allocated primarily international developed bonds, government agency bonds, corporate bonds, and money-market funds. The assets in the STIF are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A two-day notice prior to month-end is requested for redemptions of any amount.
- (4) This type includes a diversified portfolio of stocks and bonds investments with a duration of five years or longer. The pooled investments are allocated primarily to equities, bonds, natural resources, real estate, and money-market funds. The assets in the pool are accounted for at fair value determined according to the principles of the Financial Accounting Standards Board. A two-day notice prior to month-end is requested for redemptions of any amount.

Note 6: Disaggregation of Accounts Receivable and Accounts Payable

Current accounts receivable balances, net of allowances, at June 30, 2023, as shown on the Statements of Net Position, consist of the following:

ACCOUNTS RECEIVABLE	June 30, 2023
Student accounts	\$ 30,187,212
Non-student accounts	89,532,441
Health care related services	203,128,000

^{*}The June 30, 2022 Balance was restated due to the adoption of GASB Statement No. 96.

Library holdings, including old and rare books, valued at \$1,251,000 at June 30, 2023, held by the Medical Sciences Campus, are not included in the above chart or in the accompanying Statements of Net Position.

Note 8: Short-Term Borrowing

GASB Statement No. 38, Certain Financial Statement Note Disclosures, states that governments should provide details about short-term debt activity during the year, even if no short-term debt is outstanding at year-end. The University had the following short-term debt activity and outstanding balance as of June 30, 2023:

Short-Term Borrowing	June	30, 2022					Ju	ne 30, 2023		June 30, 2023
									Unu	sed Portion of ST
Description	Ba	lance	Ado	litions	Red	uctions		Balance		Borrowing
Line of Credit	\$	-	\$	-	\$	-	\$	-	\$	8,000,000
ERP Note-Regions		-		-		-		-		-
Other (specify)		-		-		-		-		-
TOTALS	\$	-	\$	-	\$	-	\$	-	\$	8,000,000

Note 9: Compensated Absences

Employees accrue and accumulate annual and sick leave in accordance with policies established by the Board of Trustees. The University accrues the dollar value of leave benefits in accordance with generally accepted accounting principles which require accrual of salary-related payments directly and incrementally associated with compensated absences, such as employer's share of social security taxes, as well as applicable salary expenses. These leave benefits are payable upon retirement, termination, or death of employees, up to the maximum allowed.

Full-time, non-classified employees accrue annual leave at the rate of fifteen hours per month and full-time classified employees accrue at a variable rate (from eight to fifteen hours per month) depending upon the number of years of employment in state government. Employees who are less than full-time, but are at least 50% time, accrue annual leave at prorated amounts. Under the University's policy, an employee may carry accrued annual leave forward from one calendar year to another, up to a maximum of 240 hours (30 working days). Classified employees who meet the conditions to be considered retirees at the time of termination of employment, are entitled to a partial payment of accumulated, unused sick leave in accordance with the provisions of Arkansas Code Annotated (A.C.A.) § 21-4-501. In accordance with A.C.A. § 21-4-505, two-year institutions may, at their discretion, provide to non-classified employees the same compensation for accumulated unused sick leave provided to classified employees. The Code also allows four-year institutions the same option. In no event shall an employee receive a sick leave amount upon separation that exceeds \$7,500.

Effective July 1, 2023, the University transitioned classified positions to non-classified roles. In accordance with the policy established by the Board of Trustees, the portion of the sick leave accrued as a classified employee will no longer be paid out upon any retirement, effective on or after July 1, 2023, for those employees whose roles transitioned from classified to non-classified. As of June 30, 2023, the sick leave accrual included only the known payouts in fiscal 2024 for June 30, 2023 retirements.

Changes in compensated absences are shown below:

Note 10: Bonds, Notes, Leases, Installment Contracts, and Subscription Payable

The retirement of some bond issues is secured by a specific pledge of certain gross revenues, surplus revenues and specific fees. Separate accounting is not required for these facilities under the provisions of the debt instruments; accordingly, segment reporting is not required for financial reporting purposes. A summary of long-term debt by campus is shown below. Total debt of \$2,040,937,638 shown in these schedules, which is related to bonds, notes, leases and installment contracts, differs from the amount of \$2,035,589,467 shown on the Statement of Net Position. This is due to an elimination entry of \$5,348,171 to account for two loans between UA campuses (see Note 19).

The current portion shown above for bonds, notes, leases, installment contracts and subscription arrangements differs from the statement of net position by \$352,922 which is the current portion of elimination entries related to intercompany debt (see Note 19).

Future Principal and Interest Payments

Total long-term debt principal and interest payments are shown below. Interest payments for variable rate debt have been calculated using the rate in effect at the financial statement date, though actual rates will vary. Total debt of \$2,040,937,638 shown in these schedules, which is related to bonds, notes, leases and installment contracts, differs from the amount of \$2,035,589,467 shown on the Statement of Net Position. This is due to an elimination entry of \$5,348,171 to account for two loans between UA campuses (see Note 19).

New Bonds Payable and Refundings

For the year ended June 30, 2023:

On August 25, 2022, the University issued \$16,655,000 in Various Facilities Revenue Bonds, (UAPB Campus) Series 2022, with various interest rates of 4.00% - 5.00%. Proceeds from this sale will be used to finance a portion of the costs of certain capital improvements, including the acquisition, construction, equipping, and furnishing of a student center (the "Student Center Facility") and the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for UAPB (collectively, the "Project") and to pay costs of issuance of the Bonds. On November 9, 2022, the University issued \$72,655,000 in Various Facility Revenue Bonds (Fayetteville Campus), Series 2022A, with interest rates of between 4.00% and 5.25%. The bonds were issued to provide funds to finance various construction and renovation projects on the University

campus and were issued on a tax-exempt basis. Projects include (a) the acquisition, construction, furnishing, and equipping of the Anthony Timberlands Center for Design and Materials Innovation; (b) the renovation, restoration, acquisition, construction, improvement, furnishing, and equipping of the Fine Arts Center; (c) the renovation, acquisition, construction, improvement, furnishing, and equipping of the first and second floors of Mullins Library; (d) the acquisition, construction, furnishing, and equipping of the Windgate Studio and Design Center; and (e) the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for the University of Arkansas, Fayetteville.

On November 9, 2022, the University issued \$4,025,000 in Various Facility Revenue Bonds (Fayetteville Campus), Taxable Series 2022B, with interest rates of between 4.70% and 5.28%. The bonds were issued to provide funds to finance various construction and renovation projects on the University campus and were issued on a taxable basis. Projects include the acquisition, construction, installation, and equipping of a roof replacement for the Engineering Research Center and the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for the University of Arkansas, Fayetteville.

Note 11: Commitments

The University has contracted for the construction and renovations of several facilities. At June 30, 2023, the estimated remaining costs to complete these facilities are shown below.

	Contract	
Campus	Balance	
UAF	\$ 152,534,734	
UAFS	3,707,480	
UALR	11,188,262	
UAMS	34,849,000	
UAM	1,321,104	
UAPB	10,062,584	
CCCUA	74,560	
PCCUA	460,382	
UACCHT	148,479	
ASMSA	3,361,693	
	\$ 217,708,278	

Note 12: Income Taxes

The University is tax exempt under the Internal Revenue Code except for tax on unrelated business income. The University had no significant unrelated business income for the year ended June 30, 2023. It is also exempt from state income taxes under Arkansas law. Accordingly, no provision for income taxes is made in the financial statements.

Note 13: Risk Management

The University of Arkansas Risk Management Program provides insurance coverage for all campuses within the University of Arkansas System. The role of the System Office is to analyze and recommend insurance coverage, but it is ultimately a campus decision on the specific levels of coverage to be bound.

In July 2022, the University entered the Arkansas Multi Agency Insurance Trust (AMAIT) property insurance program of the Arkansas Insurance Department. With that program the per claim deductible is \$250,000 (\$100,000 available to smaller campuses) and the University has access to the staff and property risk expertise of the Insurance Department. The University had limited property losses during the year.

The University also participates in the Arkansas Insurance Department Cyber Liability Insurance program. The policy addresses business interruption, data recovery, security and privacy, regulatory proceedings, and other aspects of cyber risks.

Auto coverage, through Cypress Insurance, a Berkshire Hathaway company, has a physical damage deductible of \$1,000 and provides coverage against liability losses up to \$1,000,000 per occurrence.

The Medical Sciences campus separately maintains malpractice insurance for certain clinical employees under a claims-made policy.

The University does not purchase general liability, errors or admissions, or tort immunity for claims arising from third-party losses on University property as the University of Arkansas has sovereign immunity against such claims. Claims against the University for such losses are conducted before the State Claims Commission. In such cases where the University enters into a lease agreement to hold a function at a location not owned by the University, for associated business projects, or for special events, general liability coverage may be purchased specific to that event or project.

The University maintains worker's compensation coverage through the State of Arkansas program. Premiums are paid through payroll and are based on a formula calculated by the Arkansas Department of Finance and Administration. The types of benefits and expenditures that are paid include the following: medical expenses, hospital expenses, death benefits, disability and claimant's attorney fees.

Additionally, the University participates in the State of Arkansas Fidelity Bond Program for claims of employee dishonesty. This program has a limit of \$300,000 recovery per occurrence with a \$2,500 deductible. Premiums are paid annually via a fund transfer from state appropriations to the Arkansas Department of Finance and Administration. There have been no reductions in insurance coverage from the prior fiscal year. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 14: Employee Benefits

Insurance Plans

The Board of Trustees of the University of Arkansas System sponsors self-funded health (including prescription coverage) and dental benefit plans for University employees and their eligible dependents. All campuses participate in the health and dental plans. The plans are also offered to employees of the University of Arkansas Winthrop Rockefeller Institute, the University of Arkansas Foundation, Inc., the Razorback Foundation, Inc., the Walton Arts Center Council, Inc., and the University of Arkansas Technology Development Foundation.

At June 30, 2023, a total of 17,610 active employees, former employees, and pre-65 retirees were participants in the health plan. As of June 30, 2023, there were three health plan design offerings: the Classic Plan, the Premier Plan and the Health Savings Plan. Within the System subsidy guidelines, each campus makes its contribution determination based on budget considerations. A total of 19,709 active employees, former employees, and retirees were participants in the dental plan as of June 30, 2023. Campus subsidies for dental vary from 0% to 100% by campus and by enrollment tier. Retirees, and former employees, through COBRA, participate on a fully contributory basis in the health and dental plans. Medicare-eligible retirees are not eligible to continue in the University's health plan but may elect a fully-insured Medicare Advantage Plan which includes Part D drug coverage.

The University health and dental plans are accounted for on the accrual basis. The System administration estimates the medical, pharmacy and dental claims liability to be \$18,873,600 at June 30, 2023. This liability is established for incurred but not paid (IBNP) claims, and includes a related accrual for claim adjustment expenses, which are expenses incurred in the ultimate settlement of the claim. The claims and claims adjustment accrual for health, pharmacy and dental is based on the calculation prepared by Segal Consulting.

The System administration purchases specific reinsurance to reduce its exposure to large claims. In a fiscal year, after paying claims of more than \$1,400,000 for any one covered individual, the University pays an aggregating specific deductible of \$375,000, on the first claim exceeding \$1,400,000 in paid claims, before being reimbursed from the reinsurance company. The plan has not purchased any annuity contracts on behalf of claimants. If needed, the University would make arrangements through its reinsurance carrier.

The funding levels for the Plan were established based upon anticipated year-end loss ratios of 100%. As of June 30, 2023, the loss ratio for the health plan was 95% and the loss ratio for the dental plan was 95%.

The System administration retains and accounts for all of the risk financing associated with the self-insurance plan's activities in accordance with GAAP.

Reconciliation of Changes in the Liability for Future I	FY23
Unpaid claims and claim adjustment expenses	_
at beginning of year	\$ 14,509,500
Incurred claims and claim adjustment expenses:	
Provision for insured events of the current year	190,047,700
Adjustment in provision for insured events of prior years	5,200
Total incurred claims and claim adjustment expenses	190,052,900
Payments:	
Claims and claim adjustment expenses attributable	
to insured events of the current year	171,174,100
Claims and claim adjustment expenses attributable	
to insured events of prior years	14,514,700
Total Payments	185,688,800
Total unpaid claims and claim adjustment expenses	
at end of year	\$ 18,873,600

The liability for future insurance claims includes health, pharmacy and dental incurred but not paid (IBNP) claims/claim adjustment expenses only.

Retirement Plans

Over ninety-seven percent of all employees of the University participate in the University of Arkansas Retirement Program (URP). The URP is a defined contribution 403(b) and 457(b) program as defined by the Internal Revenue Service Code. The authority under which the URP's benefits provisions are established or amended is through the President of the University through the Board of Trustees. Arkansas Code Annotated authorizes participation in the plan. Active recordkeeper/vendors to the URP include Teachers Insurance Annuity Association (TIAA) and Fidelity Investments.

The URP is a contributory plan with the required employee contribution and the University matching contribution, within IRS match limits. That contribution formula requires an employer base contribution equal to 5% of an employee's eligible salary to their TIAA or Fidelity Investments retirement account, allocated between the two companies according to the employee's choice, with a required employee contribution of 5%.

The University makes a one-for-one contribution for employee contributions in excess of 5%, with a maximum total University contribution of 10% of eligible salary up to the IRS match limit, which at June 30, 2023, was \$33,000. Employee contributions in excess of 10% are allowed by the plans in accordance with Internal Revenue Service regulations, but the University does not match these additional contributions.

All benefits attributable to plan contributions made by the participant are immediately vested in the participant, and contributions made by the University are cliff vested upon completion of two consecutive years of URP participation. The University's TIAA and Fidelity contributions for the fiscal year 2023 were \$ 125,009,990. The participants' contributions for the fiscal year 2023 were \$146,985,821.

Other than a small number of employees enrolled in federal retirement programs due to their position and funding, the remaining benefits eligible employees of the University participate in one of the two State-sponsored defined benefit retirement plans which are closed to new University participant enrollment. Current University employees who are participants in the Arkansas Public Employees Retirement System (APERS) or the Arkansas Teachers Retirement System (ATRS) can continue in that participation. Current University employees who are current APERS or ATRS participants and who transfer without a break in service between University System campuses may continue in APERS participation.

APERS is a cost-sharing multiple employer defined benefit pension plan administered by the State of Arkansas. The University's required contribution rate was an amount equal to 15.32% of eligible salary in fiscal year 2023. Those employees hired after July 1, 2005, must be contributory unless they had prior service as a state employee. Employees hired before that date may be contributory. The University's contributions for the fiscal year 2023 were \$3,508,778. Participants' contributions for the fiscal year 2023 were \$932,326, respectively. The annual required contribution amounts and the percentage contributed are determined by the annual actuarial valuation as set forth in Arkansas Code. APERS issues a publicly available financial report, which may be obtained by writing: APERS, One Union National Plaza, 124 W. Capitol, 5th Floor, Little Rock, AR 72201.

ATRS is a cost-sharing multi-employer defined benefit pension plan. The University contributed an amount equal to 15.00% of all covered employees' salaries in fiscal year 2023. Under certain conditions, covered employees may voluntarily contribute 7% of their salary. The University's contribution for the fiscal year 2023 were \$1,223,605. Participants' contributions for the fiscal years 2023 were \$434,199. The annual required contribution amounts and the percentage contributed are determined by the annual actuarial valuation as set forth in Arkansas Code. ATRS issues a publicly available financial report, which may be obtained by writing: ATRS, 1400 W. 3rd Street, Little Rock, AR 72201.

The University has, from time to time, negotiated voluntary early retirement agreements with faculty and staff which may include the provision of a stipend and healthcare or other benefits for future periods. The amount of liability established for these type agreements was \$29,189 at June 30, 2023.

NOTE 15: Defined Benefit Pension Plans

Arkansas Public Employees Retirement System (APERS)

Plan Description

APERS is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is

vested in the nine members of the Board of Trustees of the Arkansas Public Employees Retirement System (the Board). Membership includes three state and three non-state employees, all appointed by the Governor, and three ex-officio trustees, including the Auditor of the State, the Treasurer of the State and the Director of the Department of Finance and Administration. APERS issues a publicly available financial report that can be obtained at http://www.apers.org/publications.

Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapter 4 and may only be amended by the Arkansas General Assembly. APERS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest 3-year average compensation times the member's years of service. The 93rd State of Arkansas General Assembly, in Act 370, amended the law concerning the number of years used in the computation of the final average compensation (FAC) to five years for members first hired on or after July 1, 2022. Members hired prior to July 1, 2022 have their FAC computed using their highest 3-year average compensation. The percentage used is based upon whether a member is contributory or noncontributory as follows:

Contributory, prior to 7/1/2001	2.11%
Contributory, prior to 7/1/2005	2.07%
Contributory, $7/1/2005 - 6/30/2007$	2.03%
Contributory, on or after 7/1/2007	2.00%
Non-Contributory, prior to 7/1/2007	1.75%
Non-Contributory	1.72%

Members are eligible for full retirement benefits under the following conditions:

- at age 65 with 5 years of service,
- at any age with 28 years credited service.

Members may retire with a reduced benefit at age 55 with at least 5 years of actual service at age 55, or at any age with 25 years of service. The plan also provides disability and survivor benefits.

Effective July 1, 2016, new employees of the University are no longer eligible to participate in the Arkansas Public Employees Retirement System (APERS). Existing APERS participants are allowed to continue APERS participation.

Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 4. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. Members who began service prior to July 1, 2005, who elected to remain in the non-contributory plan, are not required to make contributions to APERS. Members who began service on or after July 1, 2005, are required to participate in the contributory plan and contribute 5.25% of their salaries. Employers are required to contribute at a rate established by the Board of Trustees of APERS based on an actuary's determination of a rate required to fund the plan. The University contributed 15.32% of applicable compensation for the fiscal year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2023, the University reported a liability of \$31,287,627 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The university's proportion of the net pension liability was based on the university's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2023, the university's proportion was 1.160%, which was a decrease of 0.218% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the University recognized pension expense of \$(1,778,492). At June 30, 2023, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

APERS	Defe	erred outflows	Def	erred inflows
Diff - expected & actual experience	\$	751,017	\$	(377,754)
Changes of assumptions				
Net difference in projected/actual earnings		6,600,246		
Changes in proportion		652,154		(6,367,242)
University contributions subsequent to measure		3,508,778		
	\$	11,512,195	\$	(6,744,996)

Deferred outflows of resources of \$3,508,778 related to pensions resulting from University contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

2024	\$ (1,774,248)
2025	(641,488)
2026	(928,458)
2027	4,602,615
2028	
Thereafter	
	\$ 1,258,421

Actuarial Assumptions

The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	25 years
Asset Valuation Method	4-year smoothed market; 25% corridor
Investment Rate of Return*	7.15%

Salary Increases	3.25% – 9.85% including inflation
Wage Inflation	3.25%
Post-retirement cost-of-living increases	3% Annual Compounded Increase
Retirement Age	Experience-based table of rates that are
	specific to the type of eligibility condition.
Mortality Table	Based on RP-2006 Healthy Annuitant benefit
	weighted generational mortality tables for
	males and females. Mortality rates are
	multiplied by 135% for males and 125% for
	females and are adjusted for fully
	generational mortality improvements using
	Scale MP-2017.
Average Service Life of All Members	3.7989

^{*}Net of investment and administrative expenses.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage and by adding expected price inflation. Best estimates of arithmetic real rates of return for the 10-year period from 2020 to 2029 were based upon capital market assumptions provided by the plan's investment consultant. For each major asset class included in the plan's current asset allocation as of June 30, 2022, these best estimates are summarized in the following table:

Asset Class	Current Allocation	Long-Term Expected Real
		Rate of Return
Broad Domestic Equity	37%	6.22%
International Equity	24	6.69
Real Assets	16	4.81
Absolute Return	5	3.05
Domestic Fixed	18	0.57
Total	100%	

The total real rate of return expected is 3.90% with the actuary's price inflation assumption of 3.25% resulting in a Net Expected Rate of Return of 7.15%.

Discount Rate

A single discount rate of 7.15% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.15%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term

expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated using a single discount rate that is 1%-point lower (6.15%) and 1%-point higher (8.15%) than the current rate:

	Sensitivity of Discount Rate				
1	% Decrease	D	iscount Rate	1%	Increase
	6.15%		7.15%		8.15%
\$	49.742.162	\$	31.287.627	\$	16.052.388

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued APERS financial report.

Arkansas Teacher Retirement System (ATRS)

Plan Description

ATRS is a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of Arkansas. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 266 of 1937. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the System is vested in the fifteen members of the Board of Trustees of the Arkansas Teacher Retirement System (the Board). Membership includes eleven members who are elected and consist of seven active members of ATRS with at least five years of actual service, three retired members receiving an annuity from ATRS, and one active or retired member from a minority racial ethnic group. There are also four ex officio members, including the State Bank Commissioner, the Treasurer of the State, the Auditor of the State and the Commissioner of Education. ATRS issues a publicly available financial report that can be obtained at https://www.artrs.gov/publications.

Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapter 7 and may only be amended by the Arkansas General Assembly. ATRS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest 3-year average compensation times the member's years of service. The percentage used is based upon whether a member is contributory or noncontributory as follows:

Contributory, 10 years or more of service	2.15%
Contributory, less than 10 years of service through 6/30/2018	2.15%
Contributory, less than 10 years of service after 7/1/2018	1.75%
Non-Contributory, 10 years or more of service through 6/30/2019	1.39%
Non-Contributory, 10 years or more of service beginning 7/1/2019	1.25%
Non-Contributory, less than 10 years of service through 6/30/2018	1.39%

Non-Contributory, less than 10 years of service after 7/1/2018

1.00%

Members are eligible to retire with a full benefit under the following conditions:

- at age 60 with 5 years of actual or reciprocal service,
- at any age with 28 years credited service.

Members with 25 years of actual or reciprocal service who have not attained age 60 may retire with a reduced benefit.

Members are eligible for disability benefits with 5 years of service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Survivor benefits are payable to qualified survivors upon the death of an active member with 5 years of service. The monthly benefit paid to eligible spouse survivors is computed as if the member had retired and elected the Joint & 100% Survivor option. Minor child survivors receive a percentage of the member's highest salary earned. ATRS also provides a lump sum death benefit for active and retired members with 10 years of actual service. The amount for contributory members will be up to \$10,000 and up to \$6,667 for noncontributory members. A cost-of-living adjustment of 3% of the current benefit is added each year.

Effective July 1, 2011, new employees of the University are no longer eligible to participate in the Arkansas Teacher Retirement System (ATRS). Existing ATRS participants are allowed to continue ATRS participation.

Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 7. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered. ATRS has contributory and noncontributory plans. Employers are required to contribute at a rate established by the Board of ATRS based on an actuary's determination of a rate required to fund the plan. The University contributed 15.00% of applicable compensation for the fiscal year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At June 30, 2023, the University reported a liability of \$12,777,998 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on the University's share of contributions to the pension plan relative to the total contributions of all participating employers. At June 30, 2023, the University's proportion was 0.242%, which was a decrease of 0.041% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the University recognized pension expense of \$(1,611,516). At June 30, 2023, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

ATRS	Defe	rred outflows	Def	erredinflows
Diff - expected & actual experience	\$	246,291	\$	(27,504)
Changes of assumptions		1,325,844		
Net difference in projected/actual earnings		1,870,225		
Changes in proportion		10,057		(4,099,881)
University contributions subsequent to measure		1,223,605		
	\$	4,676,022	\$	(4,127,385)

Deferred outflows of resources related to pensions of \$1,223,605 resulting from University contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the financial statements as follows:

2024	\$ (763,867)
2025	(435,559)
2026	(711,935)
2027	1,236,393
2028	
Thereafter	
	\$ (674,968)

Actuarial Assumptions

The total pension liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll
Amortization Period	30 years
Asset Valuation Method	4-year smoothed market for funding purposes;
	20% corridor
Wage Inflation	2.75%
Salary Increases	2.75 – 7.75% including inflation
Investment Rate of Return	7.25%
Retirement Age	Experience-based table of rates that are
	specific to the type of eligibility condition.
	Last updated for the 2021 valuation pursuant
	to an experience study for the period July 1,
	2015 – June 30, 2020.

Mortality Table	Pub-2010 Healthy Retired, General Disabled
	Retiree, and General Employee Mortality
	weighted tables were used for males
	and females. Mortality rates were adjusted for
	future mortality improvements using
	projection scale MP-2020 from 2010:
	Healthy Annuitant: Male-105% Female-105%
	Disabled Annuitant:Male-104% Female-
	104%
	Employee Mortality:Male-100% Female-
	100%

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant and actuary. For each major asset class included in the pension plan's target asset allocation as of June 30, 2022, these best estimates are summarized below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Total Equity	53%	5.3%
Fixed Income	15	1.3
Alternatives	5	4.8
Real Assets	15	4.0
Private Equity	12	7.6
Cash Equivalents	0	0.5
Total	100%	

Discount Rate

A single discount rate of 7.25% was used to measure the total pension liability based on the expected rate of return on pension plan investments. The current member and employer contribution rates are 7% and 15% of active member payroll, respectively. Although not all members contribute, the member and employer rates were scheduled to increase by 0.25% increments ending in fiscal year 2023. The ultimate member and employer rates are 7% and 15%, respectively. The projection of cash flows used to determine this single discount rate assumed that member and employer contributions will be made in accordance with this schedule. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the University's proportionate share of the net pension liability using the discount rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1%-point lower (6.25%) or 1%-point higher (8.25%):

Sensitivity of Discount Rate

1	% Decrease	D	iscount Rate	1%	Increase
	6.25%		7.25%		8.25%
\$	20,312,891	\$	12,777,998	\$	6,526,774

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued ATRS financial report.

NOTE 16: Other Postemployment Benefits (OPEB)

The University offers postemployment health (including prescription drugs) and dental benefits, along with life insurance (\$10,000 available coverage), to eligible retirees. Employees retiring on or after January 1, 2021, will not be eligible for life insurance coverage. Health and dental benefits are provided in the University's self-funded plan sponsored by the Board of Trustees of the University of Arkansas System for current and pre-65 retired employees. The plan is considered a single-employer, defined benefit plan. The System Administration manages and administers the plan. Although benefits are also provided under the University's plan for the employees of the University of Arkansas Foundation, Inc., the University of Arkansas Winthrop Rockefeller Institute, the Walton Arts Center Foundation, Inc., the Razorback Foundation, Inc., and the University of Arkansas Technology Development Foundation, no postemployment benefit is accrued by the University for these private entities. Financial activities of the plan are reported in the accompanying consolidated financial report. No assets are accumulated in a trust. Retirees pay 100% of premiums for all campuses with the following exceptions:

UACCRM, who paid 83% of the premium for single coverage for a closed group of employees through 1/1/19, but none of the premium for a spouse or unmarried dependent. Employees who retire currently and since December 31, 2018, will pay 100% of premiums for single and spouse coverage.

Employer costs are funded on a pay-as-you-go basis for all campuses. Retirees qualify for postemployment benefits as follows:

Employees must have a combination of age and years of service of at least 70 with at least 10 years of coverage under the plan. Retirees may cover spouses and eligible dependent children. Surviving spouses can continue coverage after retiree's death.

Retirees pay 100% of the fully insured premium directly to United Healthcare. As a result, no liabilities for Medicare eligible retiree benefits are included in this valuation.

Employees Covered by Benefit Terms

At June 30, 2023, the following employees were covered by the benefit terms:

Employees covered by Benefit Terms	Medical	Life
Inactive employees or beneficiaries currently receiving benefit payments	292	1,932
Active employees	19,127	
Total Employees covered by Benefit Terms	19,419	1,932

Total OPEB Liability

Total OPEB liability as of June 30, 2023 was \$70,782,000, determined by actuarial valuations as of July 1, 2022, rolled forward.

Summary of Key Actuarial Methods and Assumptions

Valuation date July 1, 2022 valuation for the year ended June 30, 2023

Valuation year Census data collected as of February 2023

Actuarial cost method Entry Age Normal
Amortization method Level percent of payroll

Remaining amortization period 30 years rolling

Asset valuation method N/A

Actuarial assumptions:

Investment rate of return 3.54%

Rate of salary increase

for amortization 4.00%

Medical inflation rate 7.00% grading to 4.14% over 20 years Pharmacy inflation rate 9.00% grading to 4.14% over 20 years

Retiree contribution inflation

rate 7.50% grading to 4.14% over 20 years

The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2021 was 2.16%, the unfunded rate determined as of June 30, 2021 based on the Bond Buyer 20-year-Bond GO Index. The discount rate used to measure the Total OPEB Liability (TOL) as of June 30, 2022 was 3.54%, the unfunded rate determined as of June 30, 2022 based on the Bond Buyer 20-year-Bond GO Index.

Mortality Rates:

Healthy Pub-2010 Teachers Headcount weighted Mortality Tables for

employees, contingent annuitants, and healthy retirees projected generationally using projection scale MP-2021 from base year

2010.

Disabled Pub-2010 Teachers Headcount weighted Mortality Tables for

disabled retirees projected generationally using projection scale

MP-2021 from base year 2010.

General Overview of the Valuation Methodology

The Entry Age Actuarial Cost Method was used to value the Plan's actuarial liabilities and to set the normal cost. Under this method, the normal cost rate is the percentage of pay contribution which would be sufficient to fund the Plan benefits if it were paid from each member's entry into the Plan until termination or retirement. The unfunded liability is amortized over a rolling 30-year period. The amortization method is a level percentage of pay.

The claims costs were developed from the active premium rates for the period July 1, 2022 to June 30, 2023. 74.1% of the premium was assumed to be for medical, 21.8% for pharmacy, and 4.1% for expenses based on information provided by University of Arkansas System.

The dental rates are set to match projected costs. Based on a comparison of the recent dental claims plus fees, the dental rates are set at a level sufficient to cover projected costs. Retirees pay 100% of the budget rate for coverage. Therefore, the cost for dental coverage was excluded from this valuation.

Changes in Actuarial Assumptions and Methods since the Prior Valuation

The claim costs and trends were updated to reflect changes in benefits and experience and our expectation for the future costs. The initial retiree contribution was adjusted to reflect current contribution rates.

The discount rate changed from 2.16% to 3.54%.

The report does not reflect future changes in benefits, penalties, taxes (including future excise taxes), or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010, related legislation, or regulations. It does reflect all ACA costs to date.

Changes in the Total OPEB Liability

The table below shows the changes in the total OPEB liability (TOL) during the measurement period ended on June 30, 2023.

	 2023
Balances at 6/30/2021 (Reporting Date 6/30/2022)	\$ 80,318,000
Changes for the year:	
Service cost	5,244,000
Interest (includes interest on service cost)	1,818,000
Changes of benefit terms	
Differences between expected and actual experience	(4,434,000)
Changes of assumptions	(9,569,000)
Benefit payments, including refunds of member contributions	(2,595,000)
Net changes in total OPEB liability	 (9,536,000)
Balances at 6/30/2022 (Reporting Date 6/30/2023)	\$ 70,782,000

During the measurement year, the TOL decreased by approximately \$9.5 million. The service cost and interest cost increased the TOL by approximately \$7.1 million while benefit payments decreased the TOL by approximately \$2.6 million.

The discount rate changed from 2.16% to 3.54% between June 30, 2021 and June 30, 2022.

Sensitivity of the Total OPEB Liability

Changes in the discount rate affect the measurement of the TOL. Lower discount rates produce a higher TOL and higher discount rates produce a lower TOL. The table below shows the sensitivity of the TOL to the discount rate.

Sensitivity of Total OPEB Liability to Changes in Discount Rate						
	1%	Discount	1%			
	Decrease	Rate	Increase			
	2.54%	3.54%	4.54%			
	\$77.524.000	\$70.782.000	\$64 755 000			

Changes in the healthcare trends affect the measurement of the TOL. Lower healthcare trends produce a lower TOL and higher healthcare trends produce a higher TOL. The table below shows the sensitivity of the TOL to the healthcare trends.

Sensitivity of Total OPEB Liability to Changes in Healthcare Cost Trend Rates						
1%	Healthcare	1%				
Decrease	Trend	Increase				
\$64,282,000	\$70,782,000	\$78,372,000				

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the University recognized OPEB expense of \$3,340,000. At June 30, 2023, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources.

	Deterred Outflows of			Deterred Inflows of		
	1	Resources		Resources		
Differences between expected and actual experience	\$	1,643,000	\$	8,095,000		
Changes in assumptions		5,170,000		8,129,000		
Contributions subsequent to the measurement date		2,189,000				
Total	\$	9,002,000	\$	16,224,000		

The \$2,189,000 reported as deferred outflows of resources resulting from the University's contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of

resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense in the financial statements as follows:

Year ended June 30:								
2024 \$	(2,020,000)							
2025	(1,660,000)							
2026	(2,259,000)							
2027	(2,732,000)							
2028	(500,000)							
Thereafter	(240,000)							

Note 17: Functional Classifications of Operating Expenses

The following is a reconciliation of the natural classifications as presented in the statement of revenues, expenses, and changes in net position to the functional classifications for fiscal year 2023:

_	Natural Classifications									
Functional	•	Compensation		Supplies	Sch	nolarships &				
Classifications		& Benefits		& Services	F	ellowships	Insurance	Dep	reciation	TOTAL

Note 19: Elimination of Inter-Company Transactions

The consolidated financial statements were prepared from financial statements submitted by each campus and the System Administration of the University. The inclusion of inter-company transactions in the consolidated financial statements is not considered materially significant to distort the amounts presented in the consolidated financial statements with the following exceptions, which were eliminated.

FY23 - Statement of Net Position

An elimination entry was made to reduce accounts receivable and accounts payable by \$19,389,307, which represent amounts owed by the campuses to the System Administration for insurance premiums and campus billings for services rendered, amounts owed between campuses, and interest due from a System Administration loan for eVersity from the campuses.

Three loans between University entities were eliminated to reduce assets and liabilities: (1) \$531,089 (current portion \$33,433) to reflect a loan from UAMS to UAF, and (2) \$4,817,139 (current portion \$319,489) to reflect a loan from the campuses to eVersity and (3) interinstitutional loans between the System Administration and 11 campuses to assist in financing the ERP implementation costs. The following schedule details the balance of the loans at June 30, 2023 which were eliminated against current and long-term debt (current portion \$3,297,135) and Other non-current assets:

Campus	Balance	at June 30, 2023
UAFS	\$	595,210
UALR		1,717,119
UAM		428,518
UAMS		15,082,943
UAPB		621,327
PCCUA		218,182
UACCB		109,723
UACCHT		111,910
UAPTC		390,450
UACCRM		68,276
ASMSA		112,704
Total	\$	19,456,362

FY23 - Statement of Revenues, Expenses, and Changes in Net Position

As explained in Note 14, the System Administration administers the self-funded insurance programs for the University. Insurance premiums remitted to the System Administration by the campuses are shown as insurance revenues, and insurance claims paid are shown as insurance expenditures on the System Administration's financial statements. The premiums expensed by the campuses are recorded as part of compensation and benefits. An elimination entry was made to reduce insurance revenue and compensation/benefits expenditures in the amount of \$141,352,349.

An elimination entry was made for billings by System Administration to the campuses for services rendered to reduce operating sales and services revenue and operating supplies/services expense in the amount of \$4,438,039. An elimination entry for services provided among campuses in the amount of \$864,594. These amounts decreased operating sales and services, other operating revenues and operating supplies/services.

An elimination entry for the System Administration's interest expense for a loan from the campuses was made to decrease other non-operating revenues (expenses) and investment income in the amount of \$87,071. An elimination entry for the System Administration's interest income for the loans referred to above with 11 campuses was made to decrease interest expense and investment income in the amount of \$657,119.

FY23 - Statements of Cash Flows

The effects of the elimination entries described above to the statement of net position and the statement of revenues, expenses and changes in net position are also reflected in the statement of cash flows.

Note 20: Joint Endeavor

In 1987, the University of Arkansas and the City of Fayetteville engaged in a joint endeavor to operate the Walton Arts Center. Funds were pooled from each entity to provide for the construction and operation of the center. The University of Arkansas/City of Fayetteville Arts Foundation, Inc., now called the Walton Arts Center Foundation, Inc., was established to administer this project and its funds. Activities of the foundation were managed by nine directors - three appointed by the

University, three by the City of Fayetteville, and three recommended by the Foundation that were approved by the mayor and chancellor.

The Walton Arts Center Council, Inc. was formed to construct, operate, manage, and maintain the Arts Center in Fayetteville, Arkansas, in accordance with the Interlocal Cooperation Agreement between the City of Fayetteville and the University of Arkansas. The ownership of the Arts Center facilities, including land, is held equally by the City and the University. The Arts Center Council was required to submit an annual budget to both the City and the University for approval. The Board of Trustees of The Arts Center Council was comprised of five members appointed by the University, five members appointed by the City, and ten members appointed at large, all of whom served as volunteers.

On August 14, 2014, the governing documents establishing and defining the joint endeavor between the City of Fayetteville and the University of Arkansas to operate the Walton Arts Center were revised to ensure clarity and flexibility to allow the Walton Arts Center to meet the arts and entertainment needs of all residents of Northwest Arkansas with a multi-venue system, while at the same time confirming support of the original partnership. Revisions were made to the respective Articles of Incorporation of the Walton Arts Center Foundation, Inc. and the Walton Arts Center Council, Inc. to clarify the purpose of each entity to encompass multiple venues in the Northwest Arkansas region; to allow the Walton Family Foundation to appoint nine additional directors to the Board of Directors of the Arts Center Council while ensuring that the City and University maintain their proportionate number of directors on the Board; to return the City of Fayetteville's initial payment of \$1.5 million to the Foundation back to the City for the City's use in the construction of a parking facility adjacent to the Walton Arts Center or as otherwise determined by the Fayetteville City Council; and with consent by the University to expend the institution's initial payment of \$1.5 million to the Foundation to help defray the construction costs of the proposed enlargement and enhancement of the Walton Arts Center located in Fayetteville, Arkansas. To date, the University's funds placed in the endowment have not been spent. Accordingly, the relationship of the University and Walton Arts Center Foundation, Inc, remains unchanged. In the event the funds are expended, as provided in the revised agreement, the Walton Arts Center Foundation, Inc. would no longer be an agent for the University nor would the University have the right of appointment of Walton Arts Center Foundation, Inc. directors.

An Amended and Restated Interlocal Cooperation Agreement was also executed that permits the Walton Arts Center to conduct business as a separate, free-standing non-profit corporation; that budget and operational oversight rests exclusively with the Walton Arts Center Council and confirms the Walton Arts Center is no longer an agent of the University or the City, nor restricted to the terms of the original agreement; and affirms the Walton Arts Center must comply with the terms of a new lease agreement executed by the University, City of Fayetteville and the Walton Arts Center Council.

The lease agreement extends the term to twenty-five years and recognizes the changed scope of the Walton Arts Center. The lease also provides assurances regarding the on-going quality and type of performances at the Walton Arts Center in Fayetteville.

Note 21: Related Parties

The Chancellor for the Rich Mountain campus is a member of the Board of Directors of Union Bank of Mena based in Mena, AR. At June 30, 2023, bank and certificate of deposit balances held at Union Bank of Mena for the Rich Mountain campus totaled \$2,616,640 (book balances shown on the statement of net position for the campus total \$2,323,330). Union Bank of Mena also serves as the note holder for a note payable shown on the statement of net position for the campus at June 30, 2023 at a balance of \$685,909.

Note 22: Contingencies

The University has been named as defendant in several lawsuits. It is the opinion of management and its legal counsel that these matters will be resolved without material adverse effect on the future operations or financial position of the University.

Immunity provisions in Arkansas law prohibit suits for damages against the Board of Trustees of the University of Arkansas System (UA Board) in Arkansas state courts. In addition, Arkansas law provides that state employees are "immune from suit, except to the extent they may be covered by liability insurance, for damages for acts or omissions, other than malicious acts or omissions, occurring within the course and scope of their employment." Therefore, employees of the University of Arkansas for Medical Sciences (UAMS) acting in good faith in the course and scope of their employment may be sued in state courts, but only to the extent of maintained insurance coverage. UAMS maintains malpractice insurance for certain employees under a claims-made policy. Premiums are accrued based on estimated claims, with the final premium amount determined based on actual claims experience. The cost of this policy is included in supplies and other expenses. A party may bring an action against the University through the Arkansas State Claims Commission (the Claims Commission). The Claims Commission may award a claim of up to \$15,000 without further review or appropriation. Awards that the Claims Commission makes in excess of \$15,000 must be approved and appropriated by the Arkansas State Legislature. Appropriations of this type, if any, reduce appropriations from the state to the University in the period in which the claim is appropriated.

In the fiscal year ended June 30, 2006, the Arkansas Development Finance Authority (the Authority) issued \$36,775,000 in Tobacco Settlement Revenue Bonds. The Authority made the proceeds of the bonds available to the UA Board to fund an expansion to the Arkansas Cancer Research Center, now known as the Winthrop P. Rockefeller Cancer Institute, which is on the campus of UAMS. The bonds have an approximate yield to maturity of 4.77% to 5.10% and principal and accumulated interest are payable beginning in 2021 through 2031 for \$22,158,000 of serial bonds and beginning in 2036 through 2046 for \$14,617,000 of term bonds.

Funds received from the Arkansas Tobacco Settlement Funds Act of 2000 are pledged for debt service and are the primary source of payment for the bonds. In accordance with a Loan Agreement dated June 1, 2006, between the UA Board and the Authority, the UA Board will be required to make debt service payments on the Series 2006 bond issue in the event of a shortfall in tobacco settlement revenues. However, no such payments will be made unless the debt service revenues are insufficient to make such payments. Management believes the debt service revenues

will be sufficient to service the entire principal and interest due. The *Global Insights USA, Inc.* report, prepared in August 2006, on the *Forecast of U.S. Cigarette Consumption (2004-2046)* indicated that tobacco consumption in 2046 is expected to decline by 54% from the 2003 level. For fiscal year 2003, Arkansas received \$60,067,457 from the Tobacco Settlement Fund. Using the 54% decline from above, Arkansas should receive approximately \$27.6 million in 2046 with the first \$5 million dedicated to pay the debt service on this bond issue.

If debt service revenues had been considered insufficient at June 30, 2023, the University would have incurred a liability of \$71,379,000 related to the issue. This amount includes drawdown of funds related to the project, issuance costs, discounts, accreted interest, and other expenses related to the issue. The revenues pledged by UAMS to secure the Loan Agreement consist of inpatient service fees and fees collected from other ancillary, therapeutic, and diagnostic services provided within the walls of the hospital but exclude physician-generated revenues, State appropriations, and revenues restricted for other purposes.

Note 23: Restatements

Statement of Revenues, Expenses, and Changes in Net Position

The University adopted GASB Statement No. 96, Subscription-Based Information Technology Arrangements in fiscal year 2023. GASB Statement No. 96 defines a subscription-based information technology arrangement (SBITA), establishes that a SBITA would result in a right-to-use Information Technology (IT) asset and a corresponding liability, provides capitalization criteria, and requires new note disclosures. The subscription asset is amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT asset to amortization expense (which may be combined with depreciation expense). Subsequent SBITA payments are accounted for consistent with how debt service payments on long-term debt are recorded, including segregating the SBITA payments between interest and principal. The current portion of the subscription liability is also segregated from the long-term portion.

Beginning in fiscal year 2023, the University started recognizing intangible "right to use" subscription assets equal to the present value of the SBITA payments. This increase in assets is offset by a corresponding increase in subscription liability. Prior to GASB 96, SBITAs were expensed as payments were made.

As a result of GASB 96, subscription assets, in fiscal year 2023, are reported separately as a right-to-use Information Technology (IT) asset. Subscriptions were recognized and measured using the facts and circumstances that existed at the beginning of fiscal year 2023. The present value of the subscriptions assets are calculated using the term of the lease and the incremental borrowing rate for the university at the beginning of the lease. The subscription terms vary according to the conditions of the individual SBITAs.

Beginning net position, as reported on the Statement of Revenues, Expenses and Changes in Net Position, was restated due to the implementation of GASB Statement 96, as amended. As a result, Net Position – beginning of the year was increased by \$4,194,796 to reflect the net effect of

recognizing the University's total right-to use subscription asset offset by subscription payables attributable to the year ended June 30, 2022.

Beginning net position, as reported on the Statement of Revenues, Expenses and Changes in Net Position, has also been restated for the year ended June 30, 2022 to adjust prior year grant revenue and receivables for the University of Arkansas, Hope-Texarkana due to overstatement in the amount of \$520,682.

Statement of Net Position

The net effect of these restatements was an overall increase to total net position of \$3,674,114. The net adjustment is reflected in the net position amounts reported as of June 30, 2022 for Net Investment in Capital Assets, and Unrestricted. The Statement of Cash Flows was also restated to reflect the changes.

		As Reported			Restated	
	J	une 30, 2022	Ne	t Adjustment	J	June 30, 2022

Unrestricted		1,093,787,501		(520,682)		1,093,266,819

On July 1, 2022, UAMS adopted GASB Statement No. 96, Subscription-Based Information Technology Arrangements (GASB 96), that addresses the accounting for the costs related to subscription-based information technology arrangements. The effect of this adoption in 2023 was to increase subscription IT assets by \$35,836,590, which included prior years capitalized implementation costs of approximately \$23,218,000 reported as construction in progress in 2022, and \$2,551,148 of payments before the subscription term, and subscription liabilities (see UAMS Note 9) by \$10,067,442. The adoption had no impact on beginning of year net position but did require the restatement of the beginning of year balances in related disclosures. (UAMS Note 5).

Note 24: Subsequent Events

Bond Issues

On August 3, 2023, the University issued \$10,260,000 in Athletic Facilities Revenue Bonds (Fayetteville Campus), Refunding Series 2023, with an interest rate of 5.00%. The proceeds of the bonds will be used to refund the Board's Athletic Facilities Revenue Bonds (Fayetteville Campus),

Series 2013A (except for the September 15, 2023 maturity thereof), and to pay costs of issuance. Net bond proceeds and premiums of \$10,649,438 from Series 2023 was deposited into an escrow account to retire the bonds. The refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$1,021,484. This difference, reported in the accompanying financial statements as Deferred outflows of resources, will be amortized through fiscal year 2028. The University completed the refunding to reduce its total debt service payments over the next five years by \$406,275 and to obtain a net present value economic gain of \$399,900.

On August 17, 2023, the University issued \$62,335,000 in Various Facility Revenue Bonds (Fayetteville Campus), Taxable Series 2023A, with interest rates between 4.751% and 5.467%. The bonds were issued to finance costs of certain capital improvements on or for the campus of the Fayetteville Campus including, without limitation, (a) the acquisition, construction, furnishing, and equipping of the Institute for Integrative and Innovative Research (I3R), (b) the acquisition, construction, furnishing, and equipping of the Multi-User Silicon Carbide Research and Fabrication Facility (MUSiC), and (c) the acquisition of construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for University of Arkansas, Fayetteville.

On July 7, 2023, an Invitation to Tender Bonds for Purchase was released inviting owners of the following (collectively referred to herein as the Invited Bonds) to tender such bonds for purchase by the Board.

- Various Facility Revenue Bonds (Fayetteville Campus) Refunding and Improvement Series 2016A (the Series 2016A Bonds)
- Various Facility Revenue Bonds (Fayetteville Campus), Series 2017 (the Series 2017 Bonds)
- Various Facility Revenue Bonds (Fayetteville Campus), Taxable Refunding Series 2019B (the Series 2019B Bonds)
- Various Facility Revenue Bonds (Fayetteville Campus), Taxable Refunding Series 2021 (the Series 2021 Bonds)

On August 17, 2023, the University issued \$60,075,000 in Various Facility Revenue Bonds (Fayetteville Campus), Refunding Series 2023B, with an interest rate of 5.00%. The proceeds of the Series 2023B Bonds were used to accomplish the current refunding of certain portions of the Invited Bonds that are validly tendered for purchase (the "Purchased Bonds") and to pay costs of issuance of the Series 2023B Bonds and costs of accomplishing the refunding and purchase of the Purchased Bonds. The amount outstanding of the Invited Bonds, amount refunded upon issuance of the Series 2023B Bonds, and respective interest rates prior to refunding are as follows:

Invited Bonds	Amount Outstanding	Tendered Amount	Interest Rate Range
Series 2016A Bonds	\$77,055,000	\$20,450,000	5.00%
Series 2017 Bonds	\$87,910,000	\$20,735,000	5.00%

Series 2019B Bonds	\$131,080,000	\$13,330,000	2.256% to 2.850%
Series 2021 Bonds	\$160,350,000	\$13,340,000	0.863% to 2.685%

A total of \$68,698,689 was deposited into the escrow account upon closing. The purchase price to retire the bonds was funded with net bond proceeds and premiums from the Series 2023B Bonds of \$67,923,060 and a contribution from the University of \$775,629 representing the interest on the retired bonds accrued to the closing date of the Series 2023B Bonds. The combined refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$3,951,439. This difference, reported in the accompanying financial statements as Deferred outflows of resources, will be amortized through the fiscal year 2045. The University completed the refunding to reduce its total debt service payments over the next twenty-two years by \$7,035,998 and to obtain an economic gain of \$4,818,148.

On August 3, 2023, the Board of Trustees of the University of Arkansas issued the Series 2023 Revenue Bonds (the 2023 Bonds) on behalf of UAMS. The 2023 Bonds consist of Various Facilities Revenue Bonds in the original amount of \$64,630,000, with a premium of \$8,923,760, which bear interest at 5.00%. The 2023 Bonds are payable in annual installments through November 2034. Proceeds from the issuance of the bonds were used to current refund Various Facilities Revenue Refunding Bonds, Series 2013.

On August 3, 2023, the Board of Trustees of the University of Arkansas issued the Series 2023 Revenue Bonds (the 2023 Bonds) on behalf of UALR. The 2023 Bonds consist of Various Facilities Revenue Bonds in the original amount of \$13,765,000 with a premium of \$1,201,176, which bear interest at 5.00%. The 2023 Bonds are payable in annual installments through October 2030. Proceeds from the issuance of the bonds were used to current refund the Student Fee Revenue Capital Improvement Bonds, Series 2013C.

Land Purchase

On May 28, 2023, the Board approved the purchase of approximately three acres of land for \$5,050,000. The property included four structures; two of which are slated for demolition and two that are rented through a third-party property management company. The land purchase was settled July 6, 2023.

Land Sale

On September 15, 2023, the Board approved the sale of a University owned property in Washington County which includes the former Southwest Experimental Fast Oxide Reactor (SEFOR) for \$1,150,000. The property was appraised for a market value of \$1,150,000. Additionally, a forest inventory and timber valuation conducted on the property values the timber at \$406,983. In the event of sale of any timber on the property, the buyer would execute a sponsored research agreement with the University for not-less-than 50% of the gross proceeds generated. The land, held by the University since 1971, had a cost of \$61,970 as of June 30, 2023.

Budget Stabilization Trust Fund Loan

On July 28, 2023, UAMS was approved for a loan of \$30,000,000 from the Budget Stabilization Trust Fund based upon the general revenue allocated to UAMS for fiscal year 2024. The loan funds were distributed to level the cash flow of UAMS and prevent the need to transfer funds from the intermediate-term investment fund pool, which had not regained market losses experienced over the last few years. The loan will be repaid in 10 monthly installments of \$3,000,000 beginning September 2023 and ending June 2024.

*Information is presented for those years for which it is available until a full 10-year trend is compiled.

Notes to Schedule:

No assets for the Plan are accumulated in a trust.

Change of Assumptions:

During the measurement year, the TOL decreased by approximately \$9.5 million. The service cost and interest cost increased the TOL by approximately \$7.1 million while benefit payments decreased the TOL by approximately \$2.6 million

The discount rate changed from 2.16% as of June 30, 2021 to 3.54% as of June 30, 2022. In addition, claims costs and trends were updated to reflect changes in benefits and experience and our expectation of future cost. Combined, these assumption changes resulted in a gain of \$9.6 million. This gain will be amortized over the average expected remaining service life of all active and inactive members of the Plan. The actual experience decreased the NOL by \$4.4 million due to changes in population, which will be amortized over the average expected remaining service life of all active and inactive members of the Plan.

Change of Benefits:

There were no benefit changes during 2023.

The University of Arkansas System is a comprehensive, publicly-supported higher education system composed of unique institutions, units and divisions that share the singular goal of serving Arkansas residents and others by developing and sharing knowledge to impact an ever-changing world. The System provides access to academic and professional education and develops intellectual growth and cultural awareness in its students, staff and faculty. The System further promotes an atmosphere of excellence that honors the heritage and diversity of our state and nation, and provides students, researchers and professionals with tools to promote responsible stewardship of human, natural and financial resources at home and abroad.

Enrollment listed by campus are the preliminary official 11th-day headcounts as provided in September 2023 to the Arkansas Division of Higher Education for Fall 2023.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE

Established: 1871 Enrollment: 32,140 www.uark.edu

Founded in 1871, the University of Arkansas, Fayetteville (U of A) is the flagship institution of the University of Arkansas System. U of A is the state's foremost partner, resource and catalyst for education and economic development and is a university for the integration of student engagement, scholarship, research and innovation that collectively transforms lives while advancing Arkansas and building a better world.

As Arkansas's first land-grant university, U of A has a mandate to teach, conduct research and perform outreach. The university offers baccalaureate, master's, doctoral, professional and specialist degree programs, including a Juris Doctor degree and an LL.M. in Agriculture and Food Law. The Carnegie Foundation for the Advancement of Teaching places U of A in its highest category for research activity, a classification shared by only 3 percent of universities nationwide. Research activity is a significant academic element at the university and an economic engine for the state.

UNIVERSITY OF ARKANSAS AT FORT SMITH

Established: 1928 Joined System: 2002 Enrollment: 5,514 www.uafs.edu

The University of Arkansas at Fort Smith (UAFS) was established in 1928 in response to the need for an institution of higher education to improve the local workforce. UAFS continues that tradition today as the premier regional institution for western Arkansas. By connecting education with careers, UAFS focuses on preparing students to succeed in the workforce as well as in elite post-graduate programs.

UAFS prides itself on highly accredited programs and exceptional faculty who continually adapt curricula to respond to the needs of business and industry. Students across disciplines experience hands-on learning in facilities equipped with leading-edge technology. Internship and mentor opportunities pair students with practitioners, developers, and executives from local start-ups to Fortune 500 companies. Employers seek out UAFS graduates, knowing they leave the institution fully prepared to succeed in high-demand fields.

UNIVERSITY OF ARKANSAS AT LITTLE ROCK

Established: 1927 Joined System: 1969 Enrollment: 7,935 www.ualr.edu

The University of Arkansas at Little Rock is a metropolitan research university that improves students' lives with real opportunities for social mobility and advances the community and state. The university's location in the state's center of government, business and culture gives students unparalleled internship, community service, and career opportunities. The university offers baccalaureate, master's, doctoral, professional and specialist degree programs, including a Juris Doctor degree.

A community partner, UA Little Rock is a major component of the city and the state's growing profile as a regional leader in research, technology transfer, economic development and job creation. More than one hundred different degree programs are offered in the classroom and online, including in-demand fields such as nursing, engineering, cybersecurity, business, criminal justice, computer science and education.

UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES

Established: 1879 Enrollment: 3,275

www.uams.edu | www.uamshealth.com

The University of Arkansas for Medical Sciences (UAMS) is the only health sciences university in Arkansas. It is the state's largest public employer with more than 10,000 employees working across the state. Clinical affiliates include Arkansas Children's, the Central Arkansas Veterans Healthcare System and Baptist Health. It is the only adult Level 1 trauma center in the state. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise including its hospital, regional clinics and clinics it operates or staffs in cooperation with other providers.

With its combination of education, research and clinical programs, UAMS has a unique capacity to lead health care improvement in the state. The university includes colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health and a Graduate School; a 535-bed UAMS Medical Center; eight Regional Campuses, (each with a Family Medical Center); a statewide network of Centers on Aging; the Translational Research Institute; the Winthrop P.

Rockefeller Cancer Institute; the Jackson T. Stephens Spine & Neurosciences Institute; the Donald W. Reynolds Institute on Aging; the Harvey & Bernice Jones Eye Institute; the Psychiatric Research Institute; and the Institute for Digital Health & Innovation.

UNIVERSITY OF ARKANSAS AT MONTICELLO

Established: 1909 Joined System: 1971 Enrollment: 2,758 www.uamont.edu

Founded in 1909 as the Fourth District Agricultural School, and later known as Arkansas A&M, the University of Arkansas at Monticello (UAM) joined the System in 1971. It is one of the region's few remaining open access universities and is often named among the most affordable and best values nationwide. Located in southeast Arkansas, UAM offers baccalaureate and master's degree programs at its main residential campus in Monticello. Several of the graduate programs are available in a hybrid or online format. Additionally, the university offers two-year associate degrees, technical certificates, an advanced technical certificate, and certificates of proficiency through its Colleges of Technology in Crossett and McGehee. The region's industries depend on UAM to continue offering cutting-edge technical education and training.

UAM has established a reputation for academic excellence in areas such as forestry, nursing, teacher education, business and social sciences. Students pursuing pre-professional studies are accepted into their respective programs, including medical, veterinary, and pharmacy school, at rates over 95% each year. The University is home to the Arkansas Forest Resources Center, which brings together interdisciplinary expertise from across the UA System. Among UAM's popular offerings are the associate of applied science degrees in hospitality and tourism, baccalaureate degrees in agriculture, fine arts and humanities, and master's degrees in music, education, forestry, debate and creative writing.

UNIVERSITY OF ARKANSAS AT PINE BLUFF

Established: 1873 Joined System: 1972 Enrollment: 2,117 www.uapb.edu

An 1890 land-grant institution, the University of Arkansas at Pine Bluff (UAPB) is the secondoldest university and the only public historically black university in Arkansas. The institution's historic mission is to teach in areas related to agriculture and the mechanical arts, as well as scientific and classical studies and help solve economic, agricultural and other problems in the community, state and region.

UAPB offers thirty undergraduate programs, eight master's degrees, and a doctorate program in Aquaculture/Fisheries, one of the country's leading programs that also supports Arkansas's \$165 million aquaculture and baitfish industry. The university's bachelor's degree program in regulatory

science is a designated Center of Excellence by the U.S. Department of Agriculture. Other areas of emphasis at UAPB include teacher education, business development and student leadership development and its NSF-funded Science, Technology, Engineering and Math (STEM) Academy.

COSSATOT COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Established: 1975 Joined System: 2001 Enrollment: 1,345 www.cccua.edu

University of Arkansas Cossatot has campuses in De Queen, Nashville, Ashdown, and Lockesburg that support our mission and our newly minted five-point 2025 Strategic Plan. The campus adheres to its vocational training roots by offering certificates of proficiency, technical certificates, associate degrees, and non-credit workforce training in high-demand skilled and technical programs, while still offering a full roster of associate transfer degrees. Each semester, students can select from more than 75 online courses at UA Cossatot. It also collaborates with several universities to offer bachelor- and master's-level degrees. UA Cossatot is accredited by the Higher Learning Commission (HLC), Accreditation Council for Business Schools & Programs (ACBSP), Accreditation Council for Occupational Therapy Education (ACOTE), and the Commission on Accreditation in Physical Therapy Education (CAPTE). It is the only Hispanic Serving Institution (HSI) in Arkansas and now offers 64 percent of all courses using only open educational resources (OER), which eliminates the need for students to purchase or rent textbooks.

PHILLIPS COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Established: 1964 Joined System: 1996 Enrollment: 1,392 www.pccua.edu

The first community college established in Arkansas, Phillips Community College of the University of Arkansas (PCCUA) is a multi-campus, two-year college serving Eastern Arkansas in Helena-West Helena, DeWitt, and Stuttgart. PCCUA offers adult education, technical certification and associate degrees in academic, occupational/technical and continuing education programs and partners with other colleges and universities to offer bachelor's and master's degrees. We are accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the National League for Nursing Accrediting Commission, the National Accrediting Agency for Clinical Library Sciences, and the Accreditation Council for Business Schools and Programs. PCCUA is committed to helping every student succeed providing quality, affordable, and accessible education.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT BATESVILLE

Established: 1975 Joined System: 1997 Enrollment: 1,238 www.uaccb.edu

The University of Arkansas Community College at Batesville (UACCB) serves a multi-county area in north central Arkansas, offering associate degrees, technical certificates, certificates of proficiency, adult education (GED and ESL) and kids' college. Accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, the campus has expanded program offerings and student services in order to meet its student-focused mission. Supported by an Independence County sales tax, UACCB provides affordable access to technical education and college transfer programs that meet the diverse higher education needs of the citizens of northeast Arkansas.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT HOPE-TEXARKANA

Year Established: 1965 Joined System: 1996 Enrollment: 1,292 www.uaht.edu

Serving Southwest Arkansas, the University of Arkansas Community College at Hope-Texarkana (UACCHT) offers the first two years of a traditional college education transferable to a four-year university, as well as an array of certificate programs to prepare students for an ever-changing workforce. UACCHT is an accredited, open-access institution that connects students and community partners to quality education and supports a culture of academic, occupational, personal growth and enrichment programs throughout Southwest Arkansas. UACCHT is supported by a Hempstead County sales tax. UACCHT opened the Texarkana Instructional Facility in 2012 becoming a regional contributor to the educational needs of Southwest Arkansas. The Texarkana facility has enabled the College to expand programs in both the technical and industrial areas, as well as the health professions.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT MORRILTON

Established: 1963 Joined System: 2001 Enrollment: 2,229 www.uaccm.edu

Originally established as a vocational-technical school and then a technical college, the University of Arkansas Community College at Morrilton (UACCM) is a two-year institution offering university-transfer and career-specific training programs, adult education, workforce education and community outreach programs. UACCM offers an associate of arts and an associate of science degrees designed for university transfer, as well as associate of applied science degrees, technical certificates and certificates of proficiency designed for immediate entry into the job market.

UACCM has transfer agreements with all state universities, and in collaboration with individual four-year colleges, has also developed 2+2 plans that ensure a smooth transfer to specific academic degree programs.

UACCM is supported by a Conway County sales tax. Construction was completed in the spring of 2018 on the 53,843-square-foot Workforce Training Center (WTC) and is considered one of the premier technical training facilities in the state.

UNIVERSITY OF ARKANSAS-PULASKI TECHNICAL COLLEGE

Established: 1945 Joined System: 2017 Enrollment: 4,143 www.uaptc.edu

The University of Arkansas-Pulaski Technical College (UA-PTC) is a two-year technical college based in North Little Rock with a mission to serve its community's education needs through technical programs, university-based transfer programs and specialized programs for business and industry. Originally founded as a vocational-technical school, UA-PTC has evolved through the years to meet the varying educational needs of the citizens of central Arkansas. In addition to its main campus in North Little Rock, the college has four additional locations in Pulaski and Saline Counties.

UNIVERSITY OF ARKANSAS COMMUNITY COLLEGE AT RICH MOUNTAIN

Established: 1983 Joined System: 2017 Enrollment: 721

www.uarichmountain.edu

The University of Arkansas Community College at Rich Mountain's (UACCRM) main campus in Mena is situated on a pristine 40-acre campus at the foot of Arkansas' second highest peak, Rich Mountain, with satellite campuses located in Waldron and Mount Ida.

A two-year public community college offering six associate degrees, seven associate workforce degrees, fifteen technical/certificate programs and a growing list of athletic programs, as well as an adult education program, UA Rich Mountain provides transformative education to all learners with an average 14:1 student to faculty ratio.

Originally founded as a vocation-technical school, Rich Mountain became a community college in 1983, and has continued to evolve to meet the needs of its students and community. The main campus includes a 13,000 s.f. event venue and on-campus residential housing.

ARKANSAS SCHOOL FOR MATHEMATICS, SCIENCES AND THE ARTS

Established: 1993 Joined System: 2004

asmsa.org

The Arkansas School for Mathematics, Sciences and the Arts (ASMSA) is the state's premier high school focusing on excellence in mathematics, science and the arts. Located in Hot Springs, ASMSA is one of seventeen public residential high schools in the country specializing in the education of gifted and talented students who have an interest and aptitude for mathematics, science and the arts. All classes are taught at the college level, and the school offers nearly 70 concurrent courses. Through the school's "college bridge" program, ASMSA graduates average 50 hours of college credit while finishing high school.

UNIVERSITY OF ARKANSAS CLINTON SCHOOL OF PUBLIC SERVICE

Established: 2004

www.clintonschool.uasys.edu

Located on the grounds of the William J. Clinton Presidential Center and Park in Little Rock, the University of Arkansas Clinton School of Public Service is the first graduate school in the nation to offer a Master of Public Service (MPS) degree, both in a classic campus setting and online. As part of the school's unique curriculum, students complete hands-on public service projects, including local work in Arkansas communities and international projects across the world.

The model is unique in higher education because most of the school's financial investment is in scholarship and service and not in infrastructure and overhead. Little Rock's River Market serves as its student union. The Central Arkansas Main Library is the school library. When there is a need for auditorium space, the school accesses the Clinton Library, the Statehouse Convention Center or the Ron Robinson Theater – all of which are within walking distance.

The school's curriculum is enhanced with a national and international speaker series which brings in leaders and scholars from the arts, business, education, government, international development, nonprofits, philanthropy and public service and are free and open to the public. The speakers have included United States presidents and ambassadors, Pulitzer Prize recipients, and Nobel Prize winners.

DIVISION OF AGRICULTURE

Established: 1959

www.division.uaex.edu

The University of Arkansas System Division of Agriculture is the statewide organization providing land grant research and extension to Arkansas agriculture, communities, families and youth. The mission of the division is to discover new knowledge, incorporate it into practical applications and assist Arkansans in its application. The division is comprised of two principal units: the Arkansas

Agricultural Experiment Station and the Cooperative Extension Service. Division faculty, staff and facilities are located on several university campuses, at regional research and extension centers, branch stations, extension centers and other locations. An extension office is located in all 75 counties in cooperation with county governments.

The Division of Agriculture has earned patents in a variety of research programs in food science, animal science, plant pathology, horticulture, biological and agricultural engineering, poultry science, crop, soil, and environmental sciences; and the Rice Research and Extension Center. Volunteers are an extremely important component of delivering Extension programs, particularly in 4-H, Extension Homemakers and Master Gardeners.

ARKANSAS ARCHEOLOGICAL SURVEY

Established: 1967

https://archeology.uark.edu/

The mission of the Arkansas Archeological Survey is to study and protect the 13,000-year archeological heritage of Arkansas, to preserve and manage information and collections from archeological sites, and to communicate what is learned to the people of the state. The survey has 10 research stations across the state, each with a full-time Ph.D. archeologist associated with regional higher education institutions and state parks. The archeologists conduct research, assist other state and federal agencies to help promote the economic importance of the state's heritage resources, and are available to local officials, landowners, educators and students, and citizens in need of information about archeology or archeological sites.

Arkansas Archeological Survey databases contain information on more than 50,000 archeological sites and 8,000 projects, available to qualified professional archeologists at state and federal agencies, colleges and universities, and federally recognized tribes. The Survey's curation facility, managed jointly with the University of Arkansas Museum, provides a secure, state-of-the-art home for both Survey and University artifact collections. Students and teachers across Arkansas use the Survey's educational websites to learn about our state's prehistoric and historic cultural heritage.

CRIMINAL JUSTICE INSTITUTE

Established: 1988 www.cji.edu

The Criminal Justice Institute (CJI) is a campus of the University of Arkansas System that serves a unique population of non-traditional students—certified law enforcement professionals who are actively employed within the state's law enforcement organizations. The Institute is committed to making communities safer by supporting law enforcement professionals through training, education, resources and collaborative partnerships.

Utilizing both online learning opportunities and classroom-based instruction, CJI provides an educational experience designed to enhance the performance and professionalism of law enforcement in progressive areas of policing, including law enforcement leadership and management, forensic sciences, computer technologies and related crimes, traffic safety, illicit

drug investigations and school safety. In addition, the Institute develops and delivers curriculum in cyberterrorism and sexual assault management and investigation through the National Center for Rural Law Enforcement (NCRLE), a division of CJI committed to helping rural law enforcement agencies effectively combat crime in their communities.

UNIVERSITY OF ARKANSAS GRANTHAM

Established: 1951 Enrollment: 4,065 www.uagrantham.edu

On Nov. 1, 2021, Grantham University (Lenexa, Kan.) joined the University of Arkansas System and officially became University of Arkansas Grantham. As a 100 percent-online institution, UA Grantham joined forces with UA System eVersity and is now a stronger institution with greater ability to serve the thousands of students already enrolled in more than 50 fully-online degree and certificate programs. UA Grantham relocated its headquarters to Little Rock and kept its operational location in Lenexa, Kan.

Since its founding in 1951, Grantham has sought to enable access to education for adult learners. Now part of the UA System, UA Grantham is better-positioned to grow the number of quality, affordable, professionally-relevant programs it offers to learners in Arkansas, across the country, and around the world.

UNIVERSITY OF ARKANSAS SYSTEM

www.uasys.edu

The System administration carries out the governance and administration of the University of Arkansas System in accordance with policies of the Board and the President.

The System administration includes the activities that further the efforts to meet the goals of the strategic plan for the UA System and to achieve its comprehensive mission. In this capacity, the System office provides the oversight and development of policies and procedures to assist the campuses and units; provides oversight of the preparation of annual operating budgets and financial reports to the Board; prepares the consolidated annual financial statements; administers a program of employee benefits and risk management; provides legal advice and representation; provides internal audits and risk assessments of the fiscal operations of the campuses and entities; and coordinates public and media relations, communications, and governmental relations activities on behalf of the System, campuses and entities. The System Office further provides administrative staff support for the Board and President. Academic Affairs provides leadership and guidance to assist campuses and entities to meet statewide goals in student retention and graduation.
