Chair Randy Lawson called the regular session meeting of the Board of Trustees of the University of Arkansas to order at 9:31 a.m. on Monday, March 9, 2026, in the Hospital Lobby Gallery at the University of Arkansas for Medical Sciences in Little Rock, in person and virtually, and called on UAMS Chancellor Lowry Barnes to begin with his campus report.

1. Campus Report, Dr. C. Lowry Barnes, UAMS Chancellor:

UAMS Chancellor C. Lowry Barnes, MD., welcomed the Board of Trustees to UAMS for the meeting at its Little Rock campus. He gave an institutional report, sharing information on the health sciences university including degrees offered in its five colleges and graduate school on both its Little Rock and Northwest Arkansas campuses.

Dr. Barnes discussed the impact that UAMS' eight regional campuses have on the state, especially in rural areas and praised the clinical and research programs at UAMS' eight institutes. Barnes expressed appreciation for the incredible work done by Team UAMS and their engagement in UAMS' Strategic Plan, ASPIRE 2033 and UAMS CARES, the new hospitality program. He announced an increase in UAMS' minimum wage from \$15-\$16 an hour.

After showing a video describing the significant impact of UAMS' physician residency programs on the state, he introduced other speakers including Molly Gathright, M.D., executive associate dean of graduate medical education in the College of Medicine; Susan Long, Ed.D, dean of the College of Health Professions and Nathan Johnson, Ph.D., chair of the College's Department of Laboratory Sciences.

Chair Lawson called on Trustee Ford to convene the Audit and Fiscal Responsibility Committee at 10:20 a.m., called on Trustee Crass to convene the Joint Hospital Committee at 11:14 a.m., and called on Trustee Fryar to convene the Academic and Student Affairs Committee at 11:34 a.m.

At the conclusion of the Academic and Student Affairs Committee, Chair Lawson requested a motion to go into Executive Session for the purpose of considering appointments to the UAMS Medical and AHEC staffs, the Winthrop Rockefeller Distinguished Lectures Advisory Committee, and the Walton Arts Center Council; the report of tenure awarded; and the promotion of public officers or employees for the various campuses of the University of Arkansas System. Upon motion of Trustee Ford and second by Trustee Deere, Executive Session commenced at 12:33 p.m.

4. Executive Session:

Chair Lawson reconvened the regular session at 1:53 p.m. and called for action on the following matters discussed in Executive Session:

4.1. Approval of Appointment of John C. Davis to the Winthrop Rockefeller Distinguished Lectures Advisory Committee, UASYS:

Upon motion by Trustee Eichler and second by Trustee Cox, the following resolution was approved:

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the appointment of the following individual to serve on the Winthrop Rockefeller Distinguished Lectures Advisory Committee for the term indicated is hereby approved: Dr. John C. Davis, UAF Campus Representative, Term Expires June 30, 2029.

4.2. Approval of Appointment of Brandy Cox to the Walton Arts Center Council, Inc., UAF:

Upon motion by Trustee Fryar and second by Trustee Deere, the following resolution was approved:

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT Dr. Brandy Cox is hereby appointed to the Walton Arts Center Council, Inc., for a term extending from December 17, 2025, through June 30, 2028.

4.3. Approval of Initial Appointments, Six-Month Reviews, Reappointments and Changes in Privileges for Medical, Regional and Affiliated Health Professional Staff, UAMS:

Trustee Ford moved that the requests for initial appointments, six-month reviews, reappointments and changes in privileges for the University Hospital and AHEC staffs be approved; second was made by Trustee Deere. The Board voted to adopt the following resolution:

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the following Initial Appointments, Reappointments, and Six-Month Reviews and Requests for Changes in Privileges for Medical, Regional and Affiliated Health Professional Staff are hereby approved:

At the conclusion of the vote on Executive Session items, Chair Lawson called on Trustee Dickey to convene the Athletics Committee at 1:55 p.m. and called on Trustee Todd to convene the

Buildings and Grounds Committee at 2:09 p.m. Chair Lawson reconvened the regular session of the meeting at 2:14 p.m.

5. Report on University Hospital-Board of Trustees Joint Committee Meeting Held March 9, 2026:

Trustee Crass reported that the University Hospital-Board of Trustees Joint Committee met on March 9, 2026, and moved that the actions of the Committee, which included approval of the minutes of the meeting held January 29, 2026, be approved by the Board. Trustee Fryar seconded the motion and the following committee items were approved by the full Board:

5.1 Approval of the Emergency Preparedness Report, UAMS:

Dr. Michelle Krause presented the Emergency Preparedness Report. Winter storm Fern impacted all the UAMS Enterprise with clinics and classes closing across the state, January 23 – 30, 2026. UAMS Main Campus lost 3 1/2 outpatient clinical days resulting in a loss of revenue. Due to the severe weather and cold there was flooding in Education 2 building, restoration is underway.

5.2 Review of Quality, Experience and Safety Report, UAMS:

Dr. Krause presented the Quality, Experience and Safety Report. Progress in reducing Healthcare-Associated Infections (HAIs) continues to trend positively. Compared to the same period last fiscal year, total HAIs have decreased by 38%. There has been overall progress in the reduction of falls and falls with injury, with the implantation of Fall Apparent Cause Analysis (ACA). When compared to the same period last fiscal year, there has been a 30% reduction in total inpatient falls and 61% reduction in falls with injury, which is reflective of the fall reviews and efforts of improvement targeted at prevention across the inpatient units. The Clinical Command Center goals were to decrease Length of Stay (LOS) and improve discharge times. Continuing to improve month over month, UAMS has a 56% transfer acceptance rate with a monthly average of 361 accepted transfers.

SmartCare started in 2012 by UAMS to encourage UAMS employees and their families to stay within our healthcare system. In 2018 SmartCare was opened to all UA System employees and their families. In 2025 UAMS saw 9, 761 patients through SmartCare or a total of 18,707 visits.

5.3 Review of Clinical Enterprise Key Indicators, UAMS:

Ms. Amanda George presented the UAMS Integrated Clinical Enterprise Key Indicators for the period ending January 2026. Year to date inpatient discharges, clinic visits and surgical cases are above budget from prior year.

6. Report on Audit and Fiscal Responsibility Committee Meeting Held March 9, 2026:

Audit and Fiscal Responsibility Committee Chair Ford reported on the meeting held March 9, 2026, which included approval of the minutes of the meeting held January 29, 2026. Upon motion by Trustee Ford and second by Trustee Eichler, the following committee items were approved by the full Board:

6.1 Approval of FORVIS's Reports on Federal Awards in Accordance with the Uniform Guidance for UAMS for Year Ending June 30, 2025:

Chief Audit Executive (CAE) Laura Cheak introduced David Coleman, FORVIS Assurance Partner to present the UAMS FY2025 Single Audit. During the presentation it was noted that there were not any findings.

6.2 Approval of the Landmark PLC's Independent Accountant's Reports on the Application of Agreed-Upon Procedures over the University's Intercollegiate Athletics Programs for the Year Ended June 30, 2025:

Landmark PLC's Senior Partner Sue Talkington presented three reports. Ms. Talkington reviewed the reports for the University of Arkansas at Little Rock and the University of Arkansas at Pine Bluff.

6.3 Approval of Fiscal Year 2026 Audit Plan Update Report:

The Fiscal Year 2026 Audit Plan Update Report was reviewed and approved. The update included the Audit Plan Update, the Strategic Audit Risk Assessment Report, Internal Audit Reports completed since the last meeting, the Follow-Up Report on Prior Audits, and a listing of External Audit Reports received and reviewed during Fiscal Year 2026, with unmodified opinions.

6.4 Update on Losses Identified Through the Internal Audit Process:

The Committee received an update on the Internal Audit Department's Loss Report Tracking schedule. The schedule was presented as an information item.

RESOLUTION
OF THE BOARD OF TRUSTEES
OF THE UNIVERSITY OF ARKANSAS

AUTHORIZING THE ISSUANCE OF BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS ATHLETIC FACILITIES REVENUE BONDS (FAYETTEVILLE CAMPUS) FOR THE PURPOSE OF REFUNDING CERTAIN OUTSTANDING BONDS; AUTHORIZING THE EXECUTION OF CERTAIN DOCUMENTS; AND PRESCRIBING OTHER MATTERS PERTAINING THERETO.

WHEREAS, the Board of Trustees of the University of Arkansas (the "Board") is authorized under the Constitution and laws of the State of Arkansas, including particularly Arkansas Code of 1987 Annotated, Title 6, Chapter 62, Subchapter 3 (the "Act"), to borrow money for the purpose of acquiring, constructing and equipping capital improvements for use by the University of Arkansas System (the "System") and to refund bonds issued under the Act to finance such capital improvements; and

WHEREAS, the Board has previously issued its Athletic Facilities Revenue Bonds (Fayetteville Campus), Tax-Exempt Series 2016A (the "Series 2016A Bonds"); and

WHEREAS, the Series 2016A Bonds are currently in the outstanding principal amount of \$24,845,000, and the Series 2016A Bonds are subject to optional redemption by the Board without penalty on and after September 15, 2026; and

WHEREAS, it has been found and determined, based on the advice of the staff of the System and the Fayetteville campus of the University of Arkansas (the "Fayetteville Campus"), that the Board can, based on current market conditions, recognize net present value savings by the refunding of all or portions of the outstanding Series 2016A Bonds (the "Refunding"), and that the Refunding should be financed by the Board's Athletic Facilities Revenue Bonds (Fayetteville Campus) (the "Bonds"), the proceeds of the sale thereof to be used for accomplishing the Refunding and paying the costs of issuing the Bonds; and

WHEREAS, the Bonds are to be secured pursuant to a Trust Indenture to be dated as of the dated date of the Bonds (the "Indenture"), between the Board and Regions Bank, with offices in Little Rock, Arkansas, as trustee (the "Trustee"); and

WHEREAS, in order to proceed with the Refunding, it is necessary for the Board (a) to authorize the issuance and marketing of the Bonds; (b) to authorize the President of the System to deem final a Preliminary Official Statement for the Bonds and to authorize its use; (c) to authorize the pricing of the Bonds and the execution of a Bond Purchase Agreement for the Bonds with the Underwriters (as hereinafter defined) in connection

therewith; and (d) to authorize the execution of the Indenture and related documents, all relating to the security and issuance of the Bonds;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS:

Section 1. After receiving advice from and the recommendation of the Vice President for Finance and Chief Financial Officer of the System and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus, all or any portion of the Series 2016A Bonds may be refunded if such refunding would produce an aggregate net present value savings of at least three percent (3%) of the principal balance of the Series 2016A Bonds being refunded. In the event that such net present value savings threshold is met, the Bonds are hereby authorized to be issued to accomplish the Refunding of the Series 2016A Bonds selected for the Refunding. The Bonds shall have a final maturity date not later than the final maturity date of the Series 2016A Bonds being refunded. Any Series 2016A Bonds being refunded shall be called for redemption on September 15, 2026 or the earliest practicable date thereafter.

The Bonds shall be issued in an aggregate principal amount not greater than the amount needed to accomplish the Refunding and to pay the estimated costs of issuing the Bonds and accomplishing the Refunding, including the payment of fees to Bond Counsel (as hereinafter defined), the Underwriters, the financial advisor and other professionals engaged by or on behalf of the Board to accomplish the issuance of the Bonds and the Refunding.

All Bonds shall have a description in the name that shall indicate the year in which the particular Bonds are issued and may contain a letter designation selected by the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus, which shall be in sequential order after taking into account other bonds previously issued in such year.

The Bonds may be divided into multiple series if taxable and tax-exempt bonds are being issued, if advantageous for planning purposes or if necessitated for federal income tax purposes, as determined by the President of the System. Each series shall have a series name that reflects such series as "Refunding" and each series may have a series name that reflects if such series is taxable for federal income tax purposes.

Section 2. The Bonds shall be general obligations only of the Board, and the Bonds shall be secured by a pledge of revenues derived from Athletic Gate Receipts (as defined in the Indenture), and any student athletic fee that may in the future be charged to students attending the Fayetteville Campus to support intercollegiate activities, it being understood that no such student athletic fee is planned to support this financing.

Section 3. In order to provide for the issuance of the Bonds and to prescribe the terms under which the Bonds will be secured, executed, authenticated, accepted and held, the Chair, Secretary, and Assistant Secretary of the Board and the President of the System are hereby authorized to execute all documents necessary for the issuance of the Bonds, including, without limitation:

- (a) the Indenture to be dated as of the date of the Bonds, between the Board and the Trustee, setting forth the terms and conditions of the Bonds and providing for the issuance of the Bonds;
- (b) a Bond Purchase Agreement between the Board and the Underwriters, setting forth the purchase price and the other terms and conditions upon which the Bonds will be sold to the Underwriters; and
- (c) a Continuing Disclosure Agreement between the Board and the Trustee, setting forth certain obligations of the Board to make continuing disclosure of financial information and certain events to the secondary municipal marketplace, as set forth in Rule 15c2-12 of the Securities and Exchange Commission.

The Indenture, the Bond Purchase Agreement, and the Continuing Disclosure Agreement for the Bonds shall be in substantially the form heretofore distributed to representatives of the System and the Fayetteville Campus and made available to the Board with such changes as shall be approved by the Chair or the President. The Board recognizes that certain revisions may be made to the Indenture, the Bond Purchase Agreement and the Continuing Disclosure Agreement prior to the issuance of the Bonds, and hereby authorizes the Chair or President to approve and accept such revisions, the signature of either on the Bond Purchase Agreement, the Indenture, and the Continuing Disclosure Agreement to constitute proof of their acceptance of such revisions. Specifically, the President or the Chair is each hereby authorized to accept the final maturity schedule, interest rates, and reoffering yields for the Bonds if such officer deems such rates, yields, and maturity schedule to be appropriate and within the authority granted by this Resolution and execute the Bond Purchase Agreement with the Underwriters. Prior to the sale of the Bonds, the President or the Chair is hereby authorized to confer with Bond Counsel in allocating the principal amount of such Bonds between tax-exempt bonds and taxable bonds for federal income tax purposes.

The President is hereby authorized to negotiate an Underwriters' discount with the Underwriters that is not in excess of 0.25% of the par amount of the Bonds. The purchase price may include original issue premiums and discounts in such amounts as may be approved by the President.

Section 4. The Board hereby authorizes the use of a Preliminary Official Statement in the marketing of the Bonds and authorizes the production of an Official Statement for

the Bonds. The Preliminary Official Statement is hereby approved in substantially the form heretofore distributed to representatives of the System and the Fayetteville Campus and made available to the Board. The Board recognizes that certain revisions may be made to the Preliminary Official Statement prior to its delivery to prospective purchasers of the Bonds, and hereby authorizes the Chair or the President to approve and accept such revisions, the signature of either on each such Preliminary Official Statement to constitute proof of acceptance of such revisions. The Board hereby authorizes the President to "deem final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission the Preliminary Official Statement with such revisions as may be accepted by the President. The Board hereby further authorizes and approves the production of a final Official Statement of the Bonds, and authorizes and directs the President to execute and deliver each Official Statement, in such form as he deems acceptable, in connection with the issuance of the Bonds.

Section 5. The Chair, Secretary, and Assistant Secretary of the Board, the President of the System, and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus are hereby authorized and directed to do any and all lawful things to effect the execution and delivery of the Bonds, the Indenture, the Continuing Disclosure Agreement, and the Bond Purchase Agreement, and the execution and delivery of all papers, documents, certificates and other instruments of whatever nature that may be necessary or desirable for carrying out the authority conferred by this Resolution or evidencing the authority and its exercise. The Secretary or Assistant Secretary of the Board is hereby authorized to acknowledge and attest the signatures of the Chair and to execute such other documents as may be required in connection with the issuance of the Bonds.

Section 6. The Board hereby expresses its intent to select Crews & Associates, Inc., and Stephens Inc., as underwriters for the sale of the Bonds (collectively, the "Underwriters"). The Board hereby expresses its intent to retain Friday, Eldredge & Clark, LLP as bond counsel ("Bond Counsel"). The President of the System and Vice President for Finance and Chief Financial Officer of the System, in consultation with the Chancellor of the Fayetteville Campus and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus, are authorized to negotiate the terms and conditions of an agreement with Bond Counsel, including a reasonable fee arrangement, and to execute such agreement as they determine is necessary and in the best interest of the System. If such negotiations are unsuccessful, the President of the System and the Vice President for Finance and Chief Financial Officer of the System, in consultation with the Chancellor of the Fayetteville Campus and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus, are hereby authorized to negotiate with another bond counsel. Upon the conclusion of successful negotiations, Bond Counsel will begin documenting the issuance of the Bonds upon such schedule and in such manner as the President of the System shall direct.

Section 7. The Chair of the Board, the President of the System, and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus are each authorized and directed to take all actions and do all things necessary to perform the obligations of the Board under the Bonds, the Indenture, the Bond Purchase Agreement, and the Continuing Disclosure Agreement. The Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus is specifically authorized and directed to make or cause to be made all payments on the Bonds as required by the Indenture. It is acknowledged and approved that the obligations of the Chair of the Board, the President of the System, and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus under the Bonds, the Indenture, and the Continuing Disclosure Agreement may be enforced by mandamus as a remedy under applicable Arkansas statutes. For purposes of this Section, the term "Executive Vice Chancellor for Finance and Administration" shall include any officer who succeeds to the functions and duties normally performed by the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus.

Section 8. The provisions of this Resolution are hereby declared to be separable and if any provision shall for any reason be held illegal or invalid, such holding shall not affect the validity of the remainder of this Resolution.

Section 9. All resolutions and parts thereof in conflict herewith are hereby repealed to the extent of such conflict.

7. Report on Academic and Student Affairs Committee Meeting Held March 9, 2026:

BE IT FURTHER RESOLVED THAT employees and students of the University who may serve as officers or directors of the subject company shall do so in their individual capacities and not as employees of the University or at the direction of the University.

BE IT FURTHER RESOLVED THAT this resolution is adopted pursuant to the provisions of Arkansas Code Annotated § 19-64-502.

13. Request for Approval of Revised Board Policy BP 440.1, Tuition Waivers for Employees, All Campuses and Units:

General Counsel David Curran and Senior Director of Policy and Public Affairs Ben Beaumont Upon motion of Trustee Dickey and second by Trustee Fryar, the following resolution was approved by Board:

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the proposed revisions to Board Policy 440.1, *Tuition Waivers for Employees*, are hereby adopted and approved as presented to the Board at its March 9, 2026, meeting.

BOARD POLICY
TUITION WAIVER FOR EMPLOYEES

440.1

I. Eligibility

All full-time active employees of the University and certain affiliated organizations¹, not on leave without pay other than workers compensation, military or family medical leave, employed as of the final day of regular registration in any particular session or semester, their spouses, and their dependent children (as defined by the Internal Revenue Service) are eligible. Surviving spouses, who have not remarried, and dependent children of deceased employees who died while in the full-time employment of the University of Arkansas or an affiliated organization are also eligible. All enrollees must meet normal admissions requirements, and audits should be on a space available basis only. For employees hired after May 1, 2017, eligibility as described above shall begin with the final day of regular registration following continuous employment in a full-time position with the University for one complete fall or spring semester.

II. Transferability

The tuition waiver benefit is available to any employee, employee's spouse, or employee's dependent children at any on-campus unit of the University of Arkansas or affiliated organization regardless of the site of employment. Individual units may also allow tuition waivers in specified off-campus classes when enrollment in the class in which enrollment is

¹ Includes component units and other organizations listed in the UA System Consolidated Financial Statements and personnel with orders to conduct ROTC programs on a UA System campus.

sought already has sufficient student enrollment by full-fee paying students to meet the minimum enrollment (as established by the offering unit) to recover the costs of offering the class. Waiver benefits are applicable to web based or distance education courses offered through any campus unit of the University of Arkansas or through the University of Arkansas Grantham. Waiver benefits are applicable to tuition only. All applicable fees are to be paid in full for any enrollment. The waiver benefit is applicable to credit classes only.

III. Extent of Waiver

A. Employees may take up to 132 undergraduate semester credit hours at any UA academic institution at 50% of the cost of tuition. A Chancellor or chief executive officer may offer a greater employee discount or offer an employee waiver for graduate degree programs or offer waivers for additional hours for employees enrolled in programs at the employee's campus. A Chancellor or chief executive officer may also choose to reimburse a percentage of tuition for employees taking undergraduate or graduate courses at another UA academic institution. If a campus elects to offer reimbursements or additional waivers, the campus or unit must first adopt a policy that has been approved by the Office of General Counsel.

B. Employees of the University of Arkansas System office, the Cooperative Extension Service, the Agricultural Experiment Stations, the UAMS Area Health Education Centers, and other divisions, units, and affiliated organizations that do not offer undergraduate degree programs shall designate one campus as the "employee's campus" for purposes of this policy. The designated campus shall remain the same for the term of employment unless the site of employment changes. These employees should receive the same employee and/or dependent tuition waiver available for undergraduate education on the designated "employee's campus" that is available for employees of the designated campus. These employees may only receive a waiver or reimbursement for graduate education tuition if their employing unit adopts a policy to offer this benefit through reimbursement to either the employee or the campus where the employee is enrolled.

C. Spouses and dependent children may take up to 132 undergraduate semester credit hours and receive a 50% tuition discount at the employee's campus or 40% tuition discount at any other campus within the University of Arkansas. A student may not receive discounts as both an employee and as a spouse or dependent child of an employee. A Chancellor or chief executive officer may offer a greater tuition discount for the spouse/dependents of employees on their home campus. If a campus or unit elects to offer a greater discount, the campus or unit must first adopt a policy that has been approved by the Office of General Counsel.

IV. Administration

Campuses and units may adopt campus policies and procedures for issues involved with administering the tuition waiver such as creating approval processes for increasing the employee waiver or providing reimbursements for tuition charged at another UA institution,

and allocating leave time for coursework in accordance with UASP 445.1. Any policy must first be submitted to the Office of General Counsel for review and approval.

Chair Lawson called on Trustee Ford to convene the Audit and Fiscal Affairs Committee meeting to address two matters tabled at its March 9, 2026, meeting. Chair Lawson reconvened the regular session of the Board and called for a report from the Committee meeting just held.

3. Audit and Fiscal Responsibility Committee Report and Approval of Actions Taken, UAF:

Committee Chair Scott Ford stated that the items tabled at the Committee's March 9 meeting were considered, with the Committee approving an amendment to one of the resolutions. Upon motion by Trustee Ford and second by Trustee Dickey, the full Board approved the following two items as recommended by the AFR Committee:

3.1 Approval to Issue Various Facility Revenue Bonds, UAF:

RESOLUTION
OF THE BOARD OF TRUSTEES
OF THE UNIVERSITY OF ARKANSAS
AUTHORIZING THE ISSUANCE OF BOARD OF TRUSTEES OF THE
UNIVERSITY OF ARKANSAS VARIOUS FACILITY REVENUE BONDS
(FAYETTEVILLE CAMPUS) FOR THE PURPOSE OF (A) REFUNDING
CERTAIN OUTSTANDING BONDS AND (B) FINANCING ALL OR A
PORTION OF THE COSTS OF CAPITAL IMPROVEMENTS FOR THE
FAYETTEVILLE CAMPUS OF THE UNIVERSITY OF ARKANSAS;
AUTHORIZING THE EXECUTION OF CERTAIN DOCUMENTS; AND
PRESCRIBING OTHER MATTERS PERTAINING THERETO.

WHEREAS, the Board of Trustees of the University of Arkansas (the "Board") is authorized under the Constitution and laws of the State of Arkansas, including particularly Arkansas Code of 1987 Annotated, Title 6, Chapter 62, Subchapter 3 (the "Act") to borrow money for the purpose of acquiring, constructing and equipping capital improvements for use by the University of Arkansas System (the "System") and to refund bonds issued under the Act to finance such capital improvements; and

WHEREAS, the Board has previously issued its Various Facility Revenue Bonds (Fayetteville Campus), Refunding and Improvement Series 2016A (the "Series 2016A Bonds"); and

WHEREAS, the Series 2016A Bonds are currently in the outstanding principal amount of \$41,285,000, and the Series 2016A Bonds maturing after November 1, 2026 are subject to optional redemption by the Board without penalty on and after November 1, 2026; and

WHEREAS, it has been found and determined, based on the advice of the staff of the System and the Fayetteville campus of the University of Arkansas (the "Fayetteville Campus"), that the Board can, based on current market conditions, recognize net present value savings by the refunding of all or portions of the outstanding Series 2016A Bonds (the "Refunding"), and that the Refunding should be financed by the Board's Various Facility Revenue Bonds (Fayetteville Campus) (the "Refunding Bonds"), the proceeds of

the sale thereof to be used for accomplishing the Refunding and paying the costs of issuing the Refunding Bonds; and

WHEREAS, the Board has determined and hereby finds and declares that there is a need for financing certain capital improvements on or for the Fayetteville Campus, including, but not limited to, the following: (a) the acquisition, construction, furnishing, and equipping of the Maple Hill Central residence hall (the "Maple Hill Central Project"); (b) the acquisition, construction, equipping, and expansion of district heating distribution material and equipment to serve the Maple Hill District and other related campus district heating capacity improvements and utility infrastructure upgrades (the "Utility Project"); and (c) the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for the Fayetteville Campus (collectively with the Maple Hill Central Project and the Utility Project, the "Project"), all of which Project the Board hereby finds and declares is proper and suitable for the Fayetteville Campus and the System and for the Fayetteville Campus's and the System's educational purpose; and

WHEREAS, the staff of the System and the Fayetteville Campus have recommended, and the Board has determined and hereby finds and declares, that the best method of financing all or a portion of the costs of the Project will be through the issuance of its Board of Trustees of the University of Arkansas Various Facility Revenue Bonds (Fayetteville Campus) (the "Improvement Bonds"), which Improvement Bonds will have an aggregate principal amount not to exceed \$132,000,000, the proceeds of the sale thereof to be used to finance costs of the Project, to pay costs of issuing the Improvement Bonds, and to fund capitalized interest (if necessary or desirable); and

WHEREAS, the Refunding Bonds and the Improvement Bonds (collectively, the "Bonds") are to be secured pursuant to a Master Trust Indenture dated as of November 1, 1996, as supplemented by a First Supplement to Master Indenture dated as of May 1, 2011 (collectively, the "Master Indenture"), between the Board and Simmons First National Bank, Pine Bluff, Arkansas (now Simmons Bank), as trustee (the "Trustee"), which Master Indenture may be further supplemented and amended as set forth in a Second Supplement to Master Trust Indenture (the "Supplement to Master Indenture"), as further described in Section 5 hereof; and

WHEREAS, the Bonds are to be issued on the terms and in the form set forth in one or more Series Trust Indentures (the "Series Indentures") between the Board and the Trustee, and each Series Indenture shall contain an indication of the year in which the Bonds issued under such Series Indenture are issued, and may contain a letter designation for each series of the Bonds issued under such Series Indenture which shall be in sequential order after taking into account other bonds previously issued under the Master Indenture in such year; and

WHEREAS, prior to the issuance of the Improvement Bonds, the Fayetteville Campus will obtain, pursuant to Arkansas Code of 1987 Annotated Section 6-62-306, a resolution of the Arkansas Higher Education Coordinating Board giving its advice that the Project is economically feasible; and

WHEREAS, it is anticipated that proceeds of the Improvement Bonds to be issued for the Maple Hill Central Project and the Utility Project will be supplemented with funds from other sources, including reserves and other available funds of the Fayetteville Campus; and

WHEREAS, the Board intends that prior to the issuance of the Improvement Bonds certain costs relating to the Project will be incurred and paid from certain funds and accounts established and administered by the Fayetteville Campus or the System; and

WHEREAS, on September 26, 2025, the Board adopted an intent and reimbursement resolution with respect to the Maple Hill Central Project and the Utility Project; and

WHEREAS, in order to proceed with the financing of the Project and the Refunding, it is necessary for the Board (a) to authorize the issuance and marketing of the Refunding Bonds and the Improvement Bonds; (b) to authorize the President of the System to deem final a Preliminary Official Statement or Preliminary Official Statements for the Refunding Bonds and the Improvement Bonds and to authorize their use; (iii) to authorize the pricing of the Refunding Bonds and the Improvement Bonds and the execution of a Bond Purchase Agreement or Bond Purchase Agreements for the Refunding Bonds and the Improvement Bonds with the Underwriters (as hereinafter defined) in connection therewith; and (iv) to authorize the execution of the Series Indentures and related documents, all relating to the security and issuance of the Refunding Bonds and the Improvement Bonds;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS:

Section 1. After receiving advice from and the recommendation of the Vice President for Finance and Chief Financial Officer of the System and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus, all or any portion of the Series 2016A Bonds may be refunded if such refunding would produce an aggregate net present value savings of at least three percent (3%) of the principal balance of the Series 2016A Bonds being refunded. In the event that such net present value savings threshold is met, the Refunding Bonds are hereby authorized to be issued to accomplish the Refunding of the Series 2016A Bonds selected for the Refunding. The Refunding Bonds allocable to the Refunding of the Series 2016A Bonds shall have a final maturity date not later than the final maturity date of the Series 2016A Bonds being refunded. Any Series 2016A Bonds being refunded that mature after November 1, 2026 shall be called for redemption on such date or the earliest practicable date thereafter.

The Refunding Bonds shall be issued in an aggregate principal amount not greater than the amount needed to accomplish the Refunding and to pay the estimated costs of issuing the Refunding Bonds and accomplishing the Refunding, including the payment of fees to Bond Counsel, the Underwriters, the financial advisor and other professionals engaged by or on behalf of the Board to accomplish the issuance of the Refunding Bonds and the Refunding.

In order to finance costs of the Project, to pay the costs of issuing the Improvement Bonds, including the payment of fees to Bond Counsel, the Underwriters, the financial advisor and other professionals engaged by or on behalf of the Board to accomplish the issuance of the Improvement Bonds and the Project, and to fund capitalized interest (if necessary or desirable), the Board hereby approves, authorizes and directs the issuance, execution and delivery of the Improvement Bonds in an aggregate principal amount not to exceed \$132,000,000. The Improvement Bonds shall mature not later than December 1, 2056 and shall have an aggregate true interest cost (after taking into account original issue discount and premium and Underwriters' discount but excluding costs of issuing such Improvement Bonds) not greater than 5.50%.

All Bonds shall have a description in the name that shall indicate the year in which the particular Bonds are issued and may contain a letter designation selected by the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus per series of Bonds, which shall be in sequential order after taking into account other bonds previously issued under the Master Indenture in such year.

The Refunding Bonds and the Improvement Bonds may be combined and issued at one time, or in the alternative and subject to the provisions of Section 5 hereof, all or any portion of the Refunding Bonds and the Improvements Bonds may be issued at separate times; provided, however, there shall be no more than two issues of Bonds authorized under this Resolution. The Bonds issued at the same time may be divided into multiple series if taxable and tax-exempt bonds are being issued, if advantageous for planning purposes or if necessitated for federal income tax purposes, as determined by the President of the System. Each series of an issue may have a series name that reflects that such series is "Refunding" or "Improvement" or "Refunding and Improvement." If all or any portion of the Bonds are issued as taxable for federal income tax purposes, such Bonds may have a series name that reflects that such series is taxable for federal income tax purposes.

Section 2. All Bonds shall be general obligations only of the Board, and all Bonds shall be secured by a pledge of (a) all tuition and fee revenues collected by the Fayetteville Campus; (b) all sales and services revenues and all auxiliary enterprises revenues (as such terms are used in the context of generally accepted accounting principles) derived from projects funded or refunded with the bonds issued under the Master Indenture; and (c) all surplus sales and services and auxiliary enterprises revenues (as such terms are used in the context of generally accepted accounting principles) derived from residence halls, married student apartments, fraternity and sorority houses, residence dining services, the Arkansas Union,

and transit and parking services to the extent such revenues are derived from facilities funded with obligations issued pursuant to the Act (the "Pledged Revenues"); provided, however, that such Pledged Revenues are subject to previous pledges to Existing Obligations as described in Section 6.03 of the Master Indenture and shall not include (A) athletic gate receipts and other revenues derived from intercollegiate athletics at the Fayetteville Campus, or (B) any fees authorized or imposed by the Fayetteville Campus and dedicated to a specific purpose unrelated to obligations issued pursuant to the Act or to facilities funded with such obligations.

Section 3. In order to provide for the issuance of the Bonds and to prescribe the terms under which the Bonds will be secured, executed, authenticated, accepted and held, the Chair, Secretary, and Assistant Secretary of the Board and the President of the System are hereby authorized to execute all documents necessary for the issuance of the Bonds, including, without limitation:

- (a) a Series Indenture for each issue of Bonds to be dated as of the date of the particular Bonds that are part of such issue, between the Board and the Trustee, setting forth the terms and conditions of such particular Bonds and providing for the issuance of the particular Bonds;
- (b) a Bond Purchase Agreement for each issue of Bonds between the Board and the Underwriters, setting forth the purchase price and the other terms and conditions upon which the issue of Bonds will be sold to the Underwriters; and
- (c) a Continuing Disclosure Agreement for each issue of Bonds between the Board and the Trustee, setting forth certain obligations of the Board to make continuing disclosure of financial information and certain events to the secondary municipal marketplace, as set forth in Rule 15c2-12 of the Securities and Exchange Commission.

The Series Indenture, the Bond Purchase Agreement, and the Continuing Disclosure Agreement for an issue of Bonds shall be in substantially the form heretofore distributed to representatives of the System and the Fayetteville Campus and made available to the Board with such changes as shall be approved by the Chair or the President. The Board recognizes that certain revisions may be made to a Series Indenture, a Bond Purchase Agreement and a Continuing Disclosure Agreement prior to the issuance of an issue of Bonds, and hereby authorizes the Chair or President to approve and accept such revisions, the signature of either on a Bond Purchase Agreement, a Series Indenture, and a Continuing Disclosure Agreement for Bonds to constitute proof of their acceptance of such revisions. Specifically, the President or the Chair is each hereby authorized to accept the final maturity schedule, interest rates, and reoffering yields for each issue of the Bonds if such officer deems such rates, yields, and maturity schedule to be appropriate and within the authority granted by this Resolution and execute a Bond Purchase Agreement with the Underwriters. Prior to

the sale of an issue of Bonds, the President or the Chair is hereby authorized to confer with Friday, Eldredge & Clark, LLP, as bond counsel, in allocating the principal amount of such Bonds between tax-exempt bonds and taxable bonds for federal income tax purposes or in determining that the entirety of the Bonds of an issue shall be taxable bonds for federal income tax purposes.

The President is hereby authorized to negotiate an Underwriters' discount with the Underwriters that is not in excess of 0.25% of the par amount of the Bonds of an issue. The purchase price may include original issue premiums and discounts in such amounts as may be approved by the President.

Section 4. The Board hereby authorizes the use of a Preliminary Official Statement in the marketing of each issue of the Bonds and authorizes the production of an Official Statement for each issue of the Bonds. The Preliminary Official Statement is hereby approved in substantially the form heretofore distributed to representatives of the System and the Fayetteville Campus and made available to the Board. The Board recognizes that certain revisions may be made to the Preliminary Official Statement prior to its delivery to prospective purchasers of each issue of the Bonds, and hereby authorizes the Chair or the President to approve and accept such revisions, the signature of either on each such Preliminary Official Statement to constitute proof of acceptance of such revisions. The Board hereby authorizes the President to "deem final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission the Preliminary Official Statement with such revisions as may be accepted by the President. The Board hereby further authorizes and approves the production of a final Official Statement for each issue of the Bonds, and authorizes and directs the President to execute and deliver each Official Statement, in such form as he deems acceptable, in connection with the issuance of each issue of the Bonds.

Section 5. If the President of the System, upon the advice of the Vice President for Finance and Chief Financial Officer of the System or the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus, deems that it is in the best interest of the Board, all or any portion of the Refunding Bonds and the Improvement Bonds may be issued at separate times; provided, however, there shall be no more than two Bond issues authorized under this Resolution. The Series Indenture, the Bond Purchase Agreement, the Continuing Disclosure Agreement, and the Preliminary Official Statement have been prepared and made available to the Board assuming that the Refunding Bonds and the Improvement Bonds will be combined into and sold as one issue at the same time. In the event that the President of the System, as stated in the first sentence of this Section, determines that it is in the best interest of the Board for all or any portion of the Refunding Bonds and the Improvement Bonds to be issued at separate times, the Chair or the President are each authorized to accept a Series Indenture, a Bond Purchase Agreement, a Continuing Disclosure Agreement, and a Preliminary Official Statement for each issue of the Bonds, so long as such documents remain in substantially the form as heretofore distributed to representatives of the System and the Fayetteville Campus and made available to the Board at this meeting, with such changes necessitated by issuing the Bonds at separate times. The

signature of the Chair or President on each of such documents shall evidence approval thereof.

Section 6. In its Resolution adopted September 17, 2021, the Board authorized the execution and delivery of the Supplement to Master Indenture. Such authorization is hereby confirmed and ratified. The Supplement to Master Indenture shall be in substantially the form heretofore distributed to representatives of the System and the Fayetteville Campus and made available to the Board with such changes as shall be approved by the then Chair or the then President. The Board recognizes that certain revisions may be made to the Supplement to Master Indenture, and hereby authorizes the then Chair or the then President to approve and accept such revisions, the signature of either on the Supplement to Master Indenture to constitute proof of their acceptance of such revisions.

Section 7. The Chair, Secretary, and Assistant Secretary of the Board, the President of the System, and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus are hereby authorized and directed to do any and all lawful things to effect the execution and delivery of the Bonds, the Master Indenture, the Series Indenture, the Continuing Disclosure Agreement, the Bond Purchase Agreement, and the Supplement to Master Indenture (if such document is executed as contemplated pursuant to Section 6 hereof), and the execution and delivery of all papers, documents, certificates and other instruments of whatever nature that may be necessary or desirable for carrying out the authority conferred by this Resolution or evidencing the authority and its exercise. The Secretary or Assistant Secretary of the Board is hereby authorized to acknowledge and attest the signatures of the Chair and to execute such other documents as may be required in connection with the issuance of the Bonds.

Section 8. The Board hereby expresses its intent to select BofA Securities, Inc., as senior manager, and Raymond James & Associates, Inc., as co-manager, as underwriters for the sale of the Bonds (collectively, the "Underwriters"). The Board hereby expresses its intent to retain Friday, Eldredge & Clark, LLP as bond counsel ("Bond Counsel"). The President of the System and Vice President for Finance and Chief Financial Officer of the System, in consultation with the Chancellor of the Fayetteville Campus and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus, are authorized to negotiate the terms and conditions of an agreement with Bond Counsel, including a reasonable fee arrangement, and to execute such agreement as they determine is necessary and in the best interest of the System. If such negotiations are unsuccessful, the President of the System and the Vice President for Finance and Chief Financial Officer of the System, in consultation with the Chancellor of the Fayetteville Campus and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus, are hereby authorized to negotiate with another bond counsel. Upon the conclusion of successful negotiations, Bond Counsel will begin documenting the issuance of the Bonds upon such schedule and in such manner as the President of the System shall direct.

Section 9. The Chair of the Board, the President of the System, and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus are each authorized and directed to take all actions and do all things necessary to perform the obligations of the Board under the Bonds, the Master Indenture, the Series Indentures, the Bond Purchase Agreement, and the Continuing Disclosure Agreement. The Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus is specifically authorized and directed to make or cause to be made all payments on the Bonds as required by the Master Indenture and the Series Indentures. It is acknowledged and approved that the obligations of the Chair of the Board, the President of the System, and the Executive Vice Chancellor for Finance and Administration of the Fayetteville Campus under the Bonds, the Master Indenture, the Series Indentures, and the Continuing Disclosure Agreement may be enforced by mandamus as a remedy under applicable Arkansas statutes. For purposes of this Section, the term "Executive Vice Chancellor for Finance and Administration" shall include any officer who succeeds to the functions and duties normally performed by the Executive Vice Chancellor for Finance and Administration or chief financial officer of the Fayetteville Campus.

Section 10. The President of the System and other appropriate officials are hereby authorized to present such information as they deem appropriate to the Arkansas Higher Education Coordinating Board for its advice with respect to the economic feasibility of the Project.

Section 11. The "official intent" with respect to the Maple Hill Central Project and the Utility Project adopted September 26, 2025 is confirmed.

Section 12. The provisions of this Resolution are hereby declared to be separable and if any provision shall for any reason be held illegal or invalid, such holding shall not affect the validity of the remainder of this Resolution.

Section 13. All resolutions and parts thereof in conflict herewith are hereby repealed to the extent of such conflict.

3.2 Approval of Reimbursement Resolution (as amended during the AFR Committee meeting to remove the Maple Hill North Residence Hall Portion), UAF:

RESOLUTION

EXPRESSING THE INTENT OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS TO ISSUE BONDS AND TO REIMBURSE FROM THE PROCEEDS OF BONDS CERTAIN COSTS INCURRED FOR THE PURPOSE OF FINANCING ALL OR A PORTION OF THE COSTS OF CAPITAL IMPROVEMENTS FOR THE FAYETTEVILLE CAMPUS OF THE UNIVERSITY OF ARKANSAS; AND PRESCRIBING OTHER MATTERS PERTAINING THERETO.

WHEREAS, the Board of Trustees of the University of Arkansas (the "Board") is authorized under the Constitution and laws of the State of Arkansas, including particularly Arkansas Code of 1987 Annotated, Title 6, Chapter 62, Subchapter 3 (the "Act") to borrow money for the purpose of acquiring, constructing and equipping capital improvements for use by the University of Arkansas System (the "System"); and

WHEREAS, the Board has determined and hereby finds and declares that there is a need for financing certain capital improvements on or for the Fayetteville campus of the University of Arkansas (the "Fayetteville Campus"), including, but not limited to, the following: (a) the acquisition, construction, and equipping of parking facilities and improvements, including particularly, without limitation, the Razorback Road Parking Garage (the "Parking Project"); (b) the acquisition, construction, furnishing, and equipping of an academic classroom building (the "Classroom Building Project"); and (c) the acquisition, construction, improvement, renovation, equipping and/or furnishing of other capital improvements and infrastructure and the acquisition of various equipment and/or real property for the Fayetteville Campus (together with the Parking Project and the Classroom Building Project, the "Project"), which Project the Board hereby finds and declares is proper and suitable for the Fayetteville Campus and the System and for the Fayetteville Campus's and the System's educational purpose; and

WHEREAS, the Board does not have the funds to accomplish the Project, but can obtain all or a portion of the necessary funds by the issuance of revenue bonds (the "Bonds"), under the authority of the Act; and

WHEREAS, it is anticipated that proceeds of the Bonds to be issued for the Parking Project and the Classroom Building Project will be supplemented with funds from other sources, including reserves and other available funds of the Fayetteville Campus; and

WHEREAS, the Board intends that prior to the issuance of the Bonds certain costs relating to the Project will be incurred and paid from certain funds and accounts established and administered by the Fayetteville Campus or the System; and

WHEREAS, the Board wishes to express its current intent to reimburse certain funds and accounts for all expenditures related to the Project from the proceeds of the Bonds and desires that, with respect to the Bonds, such reimbursement comply with Treasury Regulation Section 1.150-2 (the "Regulation") so that proceeds of the Bonds will be deemed spent when such reimbursement is made; and

WHEREAS, the Board intends to issue the Bonds pursuant to a definitive resolution to be subsequently adopted for this purpose;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of the University of Arkansas:

Section 1. The Board currently contemplates that the Project will include the capital improvement projects described above.

Section 2. The Board intends to issue the Bonds for the purpose of financing and/or reimbursing a portion of the costs of the Project. The Board expects that not to exceed \$171,000,000 in aggregate principal amount of Bonds will be issued for the Project. The proceeds of the Bonds are expected to also provide funds to pay the costs of issuing the Bonds and to fund capitalized interest (if necessary or desirable). The Bonds will not be issued until the final terms of the proposed issuance have been presented to and approved by the Board. The Bonds shall be secured by a pledge of tuition, certain student fees, and certain other auxiliary revenues from the Fayetteville Campus.

Section 3. The Bonds may be issued as part of one or more bond issues to be subsequently presented to and approved by the Board.

Section 4. The President of the System and other appropriate officials are hereby authorized to present such information as they deem appropriate to the Arkansas Higher Education Coordinating Board for its advice with respect to the economic feasibility of the Project.

Section 5. Costs incurred in accomplishing the Project prior to the issuance of the Bonds will be paid from certain funds and accounts established and administered by the Fayetteville Campus or the System. The Board intends to use certain proceeds from the issuance of the Bonds to reimburse such accounts. This Resolution shall constitute an "official intent" for purposes of the Regulation.

Section 6. The provisions of this Resolution are hereby declared to be separable and if any provision shall for any reason be held illegal or invalid, such holding shall not affect the validity of the remainder of this Resolution.

Section 7. All resolutions and parts thereof in conflict herewith are hereby repealed to the extent of such conflict

There being no further business before the Board, the meeting was adjourned at 11:37 a.m.

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Voluntary Retirement Agreement of Dr. Andrea Stewart at the University of Arkansas at Pine Bluff is hereby approved.

BE IT FURTHER RESOLVED THAT Dr. Andrea Stewart must resign her position no later than June 30, 2026, and relinquish all tenure rights. In return, the University of Arkansas at Pine Bluff will provide payment to or on behalf of Dr. Andrea Stewart in accordance with the Voluntary Retirement Agreement.

BE IT FURTHER RESOLVED THAT Dr. Andrea Stewart shall be granted emeritus status effective June 30, 2026.

BE IT FURTHER RESOLVED THAT Dr. Andrea Stewart will be provided a period of at least seven (7) days following execution of the Voluntary Retirement Agreement by the Chairman of the Board within which to revoke the Agreement as required by applicable law.

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

The following are requests to exceed the line-item maximum salaries for exceptionally well-qualified personnel. This request has been carefully considered, and I concur with the recommendations. A proposed resolution for your consideration follows.

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT salaries set forth below (in addition to any future cost-of-living raises that are generally applicable to the campus) which are in excess of the line-item maximum established by law, are hereby approved for the following individuals in accordance with Arkansas Code Annotated section 6-62-103:

University of Arkansas at Little Rock:

May 12, 2026

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Extracurricular camps are conducted on the various campuses of the University primarily during the summer months and holiday breaks. Authorization of use of University facilities for these camps by University employees for private compensation is permitted by State law (Ark. Code Ann. § 6-62-401) and Board policy 1715.1. In addition, some camps may be conducted on University campuses by the University itself rather than by University employees for private compensation. In such cases, these camps may be approved by the Chancellor under campus policies.

The resolution approving the camps also includes language concerning the need for policies and training in reporting suspected child maltreatment and the conducting of background checks for personnel associated with these camps for which Board authorization is required as well as all camps sponsored by or conducted on our campuses

A resolution is attached for your consideration. I recommend its approval.

Sincerely,

Jay B. Silveria

President

Charles E. Scharlau Presidential Leadership Chair

RESOLUTION

WHEREAS, the activities involved in the proposed extracurricular camps at the various campuses of the University of Arkansas present no conflict of interest with the mission and purpose of the institution; and

WHEREAS, the activities proposed will bring to campus a number of potential students who might enroll on campus as a result of their exposure to its facilities and its personnel while engaged in these activities; and

WHEREAS, the contemplated activities will generate funds to be paid to the University for housing and meals and for the use of other institutional facilities which will be used to help support the auxiliary functions of the campuses serving to enroll students;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board fully supports the mission and purpose of the various campuses hosting extracurricular athletic and academic camps, and generally grants permission to the employees and campuses seeking to conduct during 2026-27 the extracurricular camps set out below, and further approves the fees as shown below.

BE IT FURTHER RESOLVED THAT each campus whose employees are conducting the aforesaid camps pursuant to Board Policy 1715.1 as well as each campus that may host or allow use of facilities for other camps that do not require the express approval of the Board shall make certain that policies and contractual provisions are in place to assure that all applicable laws and regulations dealing with mandatory reporting of suspected child maltreatment are followed, that appropriate staffing patterns are utilized, that personnel involved in the conduct of such camps receive instruction in applicable policies, procedures, laws and regulations regarding protection of children, and further that campus officials shall assure that persons involved in the conduct of such camps have undergone criminal background checks (including registered sex offender checks). The President may furnish guidelines for matters to be included in such policies and contractual provisions.

RESOLUTION

WHEREAS, Marlon Blackwell, Distinguished Professor of Architecture and the E. Fay Jones Chair in Architecture (2016-2025) in the Fay Jones School of Architecture and Design, University of Arkansas, Fayetteville, retired on June 30, 2025, after thirty-three years of service; and

WHEREAS, Mr. Blackwell joined the University of Arkansas in 1992, where he has taught hundreds of students and served in leadership roles in the Fay Jones School, while developing and expanding his Fayetteville-based professional practice, Marlon Blackwell Architects; and

WHEREAS, Mr. Blackwell received a Masters of Architecture II from Syracuse University in Florence, Italy, in 1991, and a Bachelors of Architecture and Environmental Design from Auburn University in Auburn, Alabama, in 1980; and

WHEREAS, Mr. Blackwell, a Fellow of the American Institute of Architects, was named the 2020 recipient of the American Institute of Architects Gold Medal, a recipient of an Arts & Letters Award in Architecture from the American Academy of Arts & Letters in 2012 — the first Arkansan so honored — and a Ford Fellow by United States Artists in 2014; and

WHEREAS, Mr. Blackwell has enjoyed an impressive career as an influential educator, administrator and critic, was honored as the 2020 Southeastern Conference (SEC) Professor of the Year for his outstanding teaching and leadership, has served as a visiting professor and critic at numerous universities, and has lectured widely on the work of his professional practice both nationally and internationally; and

WHEREAS, Mr. Blackwell co-founded the U of A's Mexico Summer Urban Studio, and served as head of the Department of Architecture from 2009 to 2015, helping to guide the school through the evolution of pedagogical strategies; and

WHEREAS, Mr. Blackwell has mentored and helped shape a generation of architecture students, and has played an important role in elevating the school into the ranks of nationally recognized programs in architecture and design;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board bestows upon Mr. Blackwell the title of Distinguished Professor Emeritus of Architecture, effective May 21, 2026, and grants him certain rights and privileges as extended to emeritus faculty by the Fayetteville campus and the University of Arkansas System.

FURTHERMORE, the Board directs that this resolution shall be spread upon the minutes of this meeting, and a copy provided to Mr. Blackwell.

RESOLUTION

WHEREAS, Dr. Cline is widely recognized as a leader in community college and workforce education and is praised for cultivating a student-centric culture that strengthened academic quality, workforce preparation, and community partnerships at UA-EACC;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board hereby bestows upon Dr. Cathie Cline the title of Chancellor Emeritus and grants her certain rights and privileges as extended to emeritus chancellors by the college and the University of Arkansas System.

BE IT FURTHER RESOLVED THAT the Board congratulates Dr. Cline on her retirement and directs that this resolution shall be spread upon the minutes of this meeting, and a copy shall be provided to Dr. Cline.

RESOLUTION

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT pursuant to Board Policy 470.2 the Board acknowledges with appreciation receipt of donated funds to The University of Arkansas Foundation, Inc. or to the University to establish the following endowed awards, chairs, endowments, funds, lectureship, professorship, and scholarships:

UNIVERSITY OF ARKANSAS AT MONTICELLO

Donor's Name: UAM African American Alumni Association & Dr. Simmie Armstrong, Jr.

Name of Endowment: Simmie Armstrong, Jr. MD Scientific Scholarship

For the Benefit of: Mathematical and Natural Sciences

Donor's Name: Mr. and Mrs. Kelton Busby, Jr.

Name of Endowment: Kelton and Betty Busby Endowed Scholarship

For the Benefit of: School of Education

COSSATOT COMMUNITY COLLEGE OF THE UNIVERSITY OF ARKANSAS

Donor's Name: Gayla Irvan

Name of Endowment: The Alex Irvan Memorial Scholarship

For the Benefit of: One annual scholarship awarded to a student in the Occupational Therapy Assistant Program

UNIVERSITY OF ARKANSAS AT LITTLE ROCK

Donor's Name: Leslye Shellam

Name of Endowment: Shellam Flake Planetarium Endowment Fund

For the Benefit of: The revitalization and operation of the planetarium at the University of Arkansas at Little Rock

Donor's Name: Estate of Barbara Buckley Miles

Name of Endowment: Barbara Buckley Miles Non-Traditional Scholarship

For the Benefit of: Non-Traditional students studying at the University of Arkansas at Little Rock

Donor's Name: Tom Hanlon

Name of Endowment: Dr. Gary Chamberlin Memorial Endowed Scholarship

For the Benefit of: Students studying in the Donaghey College of Science, Technology, Engineering and Mathematics at the University of Arkansas at Little Rock

Donor's Name: Estate of Dr. Charles M. McClain, Jr.

Name of Endowment: Pat and Dr. Charles M. McClain, Jr. Endowed Nursing Scholarship

For the Benefit of: Students studying nursing at the University of Arkansas at Little Rock

Donor's Name: Dr. Julie Flinn

Name of Endowment: Anthropology Student Success Endowment

For the Benefit of: Students studying anthropology at the University of Arkansas at Little Rock

Donor's Name: James Darcey
Name of Endowment: Edward Darcey Endowed Scholarship
For the Benefit of: Students studying at the University of Arkansas at Little Rock

Donor's Name: Patrick Ifrah
Name of Endowment: Patrick Ifrah Endowed Scholarship
For the Benefit of: Students studying accounting at the University of Arkansas at Little Rock

Donor's Name: Rebsamen Fund
Name of Endowment: Rebsamen Fund Endowed Social Work Scholarship
For the Benefit of: Students studying social work at the University of Arkansas at Little Rock

May 12, 2026

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

As you know the May 20-21 meeting is the last regular Board meeting for the 2025-2026 academic year. The next regular Trustee meeting is scheduled for September 17-18, 2026, at the University of Arkansas, Fayetteville. There are several pending buildings and grounds matters which could require action before September, and I am requesting that the Buildings and Grounds Committee be authorized to take appropriate action on buildings and grounds matters that may need attention prior to the next regular meeting of the Board. As usual, all Trustees will be provided with any materials sent to the Buildings and Grounds Committee and will be invited to participate in any meetings.

A resolution is set forth below for your consideration. I recommend approval.

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT in the interim between this meeting and the next regular Board meeting, upon the presentation and approval of the President, the Buildings and Grounds Committee of the Board is delegated the authority to take appropriate action on all buildings and grounds matters that may need attention prior to the next regular meeting of the Board.

Sincerely,

Jay B. Silveria

President

Charles E. Scharlau Presidential Leadership Chair

TO MEMBERS OF THE ACADEMIC AND
STUDENT AFFAIRS COMMITTEE:

Dr. Ed Fryar, Chair
Mr. Steve Cox
Mr. Judd Deere
Mr. Jeremy Wilson
Mr. Randy Lawson, Ex-Officio

Dear Committee Members:

Chancellor Charles Robinson, University of Arkansas, Fayetteville, is requesting approval of to add a new administrative unit called the Arkansas Research Institute for Electronics Systems (ARIES) in the Division of Research and Innovation, effective Fall 2026.

The University requests the creation of a new institute, the Arkansas Research Institute for Electronics Systems (ARIES) to unify the University of Arkansas’s strengths in materials growth, device fabrication, and electronics packaging. ARIES would advance the state’s leadership in fields such as microelectronics, power electronics, photonics, RF/microwave circuits, AI, cybersecurity, and semiconductor packaging. Its work would support key applications including electric grid modernization, electrified transportation, data centers, and communications, all aimed at meeting global needs for efficient and sustainable energy technologies. The institute would promote collaboration, support new small business development, and train a skilled workforce to drive future innovation in electronics.

I concur with this recommendation, and a resolution for your consideration follows.

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board hereby approves the addition of a new administrative unit called the Arkansas Research Institute for Electronics Systems (ARIES) in the Division of Research and Innovation at the University of Arkansas, Fayetteville, effective Fall 2026.

BE IT FURTHER RESOLVED THAT the President is hereby authorized to submit this proposal to the Arkansas Division of Higher Education for appropriate action.

Sincerely,

Jay B. Silveria, President
Charles E. Scharlau Presidential Leadership Chair

Executive Summary

This proposal seeks the establishment of the Arkansas Research Institute for Electronics Systems (ARIES) that brings together several strengths at the University of Arkansas, from growth of materials to fabrication of devices to packaging electronics, advancing the state's leadership in the broad area of electronics. This includes the areas of microelectronics, power electronics, photonics, RF/microwave circuits, AI, cybersecurity, and electronic packaging of semiconductor devices. It will address a host of application domains such as electric power grid modernization, electrified transportation, data centers, and communications meeting the growing global demand for efficient and sustainable energy solutions. ARIES will broadly foster collaboration, develop new small businesses, and train a skilled workforce to address the challenge to innovate future electronics.

With more than two decades of success in inventing and delivering on power electronics, circuit design, electronic packaging, and preparing a corresponding workforce, the University of Arkansas has an internationally recognized research group, integrating expertise from across five departments and programs. With the launch of the National Multi-User Silicon Carbide (MUSiC) Research and Fabrication Laboratory, Arkansas now possesses the only vertically integrated R&D and low-volume prototyping user facility in the U.S. that is uniquely capable of innovative research and research translation from fundamental advances into high Technology Readiness Levels (TRLs). By unifying these strengths and unique capabilities within a single institute, ARIES will open Arkansas to a new era of industry engagement.

ARIES will be housed within the Division of Research and Innovation (DRI) and report to the Vice Chancellor for Research and Innovation (VCRI) at the University of Arkansas, Fayetteville. It will be led by an Executive Director, supported by faculty directors of ARIES programs and core facilities, including Workforce Development (WFD), Photonics, RF/microwave, and Cybersecurity, the MUSiC facility, the High-Density Electronics Center (HiDEC), and the National Center for Reliable Electric Power Transmission (NCREPT), as well as senior staff in technology, operations, and business development. ARIES will serve as:

- A national research leader supporting both U.S. defense and national security and the commercial sector through the design and development of next-generation power, RF, photonics, quantum, analog, digital and mixed-signal microelectronics.
- An economic development driver by positioning semiconductor fabrication alongside Arkansas' established strengths in electronics packaging and electronics design, prototyping and test as applied to aerospace, automotive, and advanced industrial equipment attracting more businesses to Arkansas.
- A talent engine preparing graduate and undergraduate students for high-demand, high-paying careers.

ARIES research expenditures will begin at just over \$30 million and are expected to grow tenfold in 10 years. ARIES will be supported by a combination of state appropriations, federal research grants, industry partnerships, and private funding. This growth is predicted to be driven by both an increase in U.S. Dept. of Energy funding and a substantial increase in U.S. Department of War funding. In many cases, these will be collaborative projects with industry. We will seek new ways to secure permanent funding sources. Long-term growth will be sustained through continual modernization of existing facilities and expansion into new specialized laboratories.

Governance will remain within the University of Arkansas, with external experts in business, technology, and technology translation participating through an Advisory Board that provides strategic guidance on research direction, industry engagement, workforce development, and commercialization strategies.

ARIES positions the University of Arkansas and the state as a national hub for innovation, directly supporting U.S. competitiveness and security, state economic growth, and the development of a highly skilled workforce.

Project Goal and Objectives

The goal of this proposal is to establish the Arkansas Research Institute for Electronics Systems (ARIES), which will be housed within University of Arkansas DRI and reporting to the VCRI. ARIES is led by Dr. H. Alan Mantooth, Distinguished Professor of Electrical Engineering and 21st Century Research Leadership Chair in the Department of Electrical Engineering and Computer Science at the University of Arkansas. The objectives of ARIES are to be:

1. A **national research leader** supporting both U.S. defense and national security and the commercial sector through the design and development of next-generation power, RF, photonics, quantum, and analog, digital and mixed-signal microelectronics.
2. An **economic development driver** by positioning semiconductor fabrication alongside Arkansas' established strengths in electronics packaging and electronics design, prototyping and test as applied to aerospace, automotive, and advanced industrial equipment attracting more businesses to Arkansas.
3. A **talent engine** preparing graduate and undergraduate students for high-demand, high-paying careers in electronics.
4. The source of next-generation electronics **innovations**.
5. A new burgeoning source of electronic technology and domestic workforce that **dramatically expands the U.S. electronics ecosystem**.

Unique Value to the University and Distinction in Arkansas

ARIES leverages a leading group of researchers (see [Appendix A](#) for benchmark data against other top U.S. power electronics programs), a \$100M Multi-User SiC (MUSiC) power and integrated circuit prototyping facility, facilities in a packaging center, a high power testing center, and, while not directly associated with ARIES at this time, a nano fabrication and characterization center that collectively position Arkansas alongside national leaders, such as Georgia Tech Research Institute (GTRI) which contributed \$1.45B to the state of Georgia's economy in 2023.¹ ARIES has the potential and the goal to achieve the same level of impact as GTRI but with a focus on creating and leading the future of electronics. We possess the "know-how" to **(i)** bring resources, partners, and facilities to address military and commercial needs by reducing the barriers to innovation, **(ii)** enhance the U.S. microelectronics infrastructure, **(iii)** to standup, operate, and sustain MUSiC, the only open low-volume SiC prototyping Fab in the Nation for wafers, power devices, integrated circuits, sensors, and opto-electronics, and **(iv)** drive economic development and build the workforce of the future contributing to Arkansas's innovation economy, national competitiveness and technological leadership.

MUSiC's and part of ARIES mission is to assist researchers and small businesses to prototype their discoveries or ideas, closing the gap between basic research and high-volume manufacturing with a low-volume (10s-100s) prototyping facility. Designed to be compatible with X-FAB's² high

volume capacity facility, MUSiC has now uniquely expanded the U.S. semiconductor infrastructure. Moreover, ARIES facilities also play a key role in a UA training program that provides “hands-on” prototyping in the research fabs to foster innovative ideas and talent in semiconductor technology. These are recruiting and education tools and an approach to preparing the next generation of semiconductor scientists and engineers that plays a key role in ARIES.

ARIES will initially be composed primarily of the University of Arkansas Power Group (UAPG), which currently includes 20 UA tenure-track faculty from across five departments and programs, and an additional 3 faculty conducting expert research in materials and devices. ARIES faculty will maintain reporting lines to their Colleges/Programs and will initially come from the following five UA departments/programs: Electrical Engineering and Computer Science (EECS), Mechanical Engineering (MEEG), Chemical Engineering (CHEG), Physics (PHYS), and the Materials Science and Engineering program (MSEN).

With the opening of the MUSiC facility, the UAPG program has truly become unique in the nation in its design, research, development, and fabrication of electronic devices, circuits, and systems. UAPG works in close collaboration with faculty members in the Institute for Nanoscience and Engineering (NANO). Through the combined work of UAPG faculty and select faculty from NANO, research at UA in materials and electronics represents a truly vertically integrated structure, one not represented anywhere else in the nation in terms of mandate, scale and breadth of research, and spans the full innovation pipeline: from basic semiconductor and electronics materials research to device fabrication, packaging, module creation, circuit design, design automation, systems engineering and prototyping, and through to test, measurement, and field deployment of prototypes.

The UAPG has successfully addressed a “materials-to-systems” research agenda that includes electrified transportation (cars, trucks, heavy equipment, aircraft, drones, and Navy ships), electric power grid modernization (new protection devices, high power conversion devices), energy and space exploration (extreme environment electronics needing high temperature, low temperature, radiation hardening features) and data center power delivery and thermal management. For instance, in this latter area the UAPG, and now ARIES, will be developing next generation power electronics for reducing the power demands of AI data centers that will reduce water usage, increase electrical efficiency, and reduce ongoing maintenance and operations of the data center through advanced health monitoring of the power delivery assets. Further, ARIES researchers will be investigating new AI methods for the *design* of these power electronic components. Therefore, in an interesting circular engineering activity, we will design the AI design tools to more rapidly and optimally design the power conditioning and monitoring electronics that serve the AI data centers that are used to train the very algorithms being used by our AI design tools! And, of course, these design tools will be used in our operations as well as our research into our broader research agenda from materials to systems.

ARIES will provide value to several UA programs and departments. Significant funding increases will benefit Colleges and Departments through the necessary addition of tenure-track and other faculty lines (such as industry experts onboarding as Professors of Practice). This will lead to increased UA research output and reputation. UA student enrollment is on the rise, a trend that is expected to continue over the next 10 years.³ Increasing the faculty ranks supports the Provost's mission to grow and improve academic programming for graduate and undergraduate students by providing broader academic and research experiences and opportunities. Increased faculty count will be necessary to meet the academic programming needs of all students.

Integrated collaborative research with other UA institutes will offer the following benefits:

- More competitive proposal submissions to awarding opportunities.
- A lower total cost of research through cost sharing.
- An increased efficiency in the use of human and physical resources through tight integration of operational and technical staff, leading to higher facility and tool utilization.
- A stronger national reputation for UA and the state.

ARIES is well-positioned to advance state priorities by elevating Arkansas to the national stage as a go-to hub for developing next-generation semiconductors and their applications in defense and national security, as well as building commercial enterprises. ARIES faculty have set a historical precedent for building high-performing companies translated from UA research (see [Appendix B](#) for a list of start-ups spun from ARIES faculty research). In doing so, ARIES can also help position semiconductor manufacturing alongside the state's established strengths in aerospace, printed circuit board manufacturing, and advanced industrial equipment. An economic study is underway to quantify the potential contribution of ARIES to the Arkansas economy.

To summarize, ARIES mission is to turn Arkansas into a launchpad for hard tech innovation, translating next generation electronics and semiconductors ideas into deployable impact. We unite a vertically integrated ecosystem so that fundamental research, fabrication, packaging, testing, prototyping and talent development function efficiently under one organization in tight collaboration with critical stakeholders. Through strong partnerships with industry, igniting technological and economic growth by *(i)* transitioning breakthrough research and ideas from universities, start-ups, small and large businesses, and government labs on next generation materials and devices to prototype facilities; and by *(ii)* preparing the next generation of leaders of semiconductor technology and economy.

By coupling university excellence with industry and defense partners, we drive U.S. competitiveness and state prosperity while preparing career-ready talent.

Director Position and Organizational Structure

The Executive Director of ARIES will report directly to the Vice Chancellor for Research and Innovation and will also serve as an Associate Vice Chancellor for Research and Innovation, supporting initiatives that advance UA's general research and economic development mandates. For the initial formation of ARIES, there will be ten (10) directors reporting to the Executive Director. Seven of the directors are UA faculty and will oversee strategic operations for the 3 UAPG facilities (MUSiC, HiDEC, and NCREPT) as well as WFD, Cybersecurity, Photonics and RF/microwave programs. Three directors are staff and support the Institutes' technology program (a Chief Technology Officer), operations (a Managing Director), and business development (a Director of Business Development). Figure 1 shows the organizational structure and outlines reporting lines across faculty directors, operations, and research personnel. It is important to note that the university is reviewing titling for consistency and standardization to best national practices. Consequently, some of the titles may soon change.

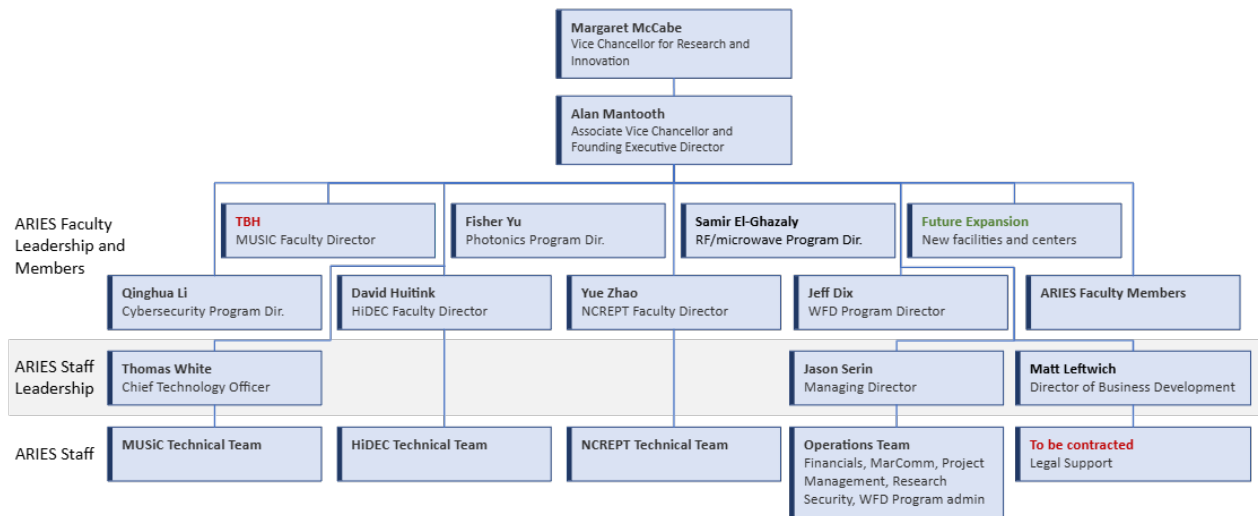

Figure 1. Proposed initial ARIES organizational structure.

Faculty and Personnel Involvement

ARIES will engage faculty across engineering, physics, and materials science disciplines. Table 1 provides a list of the initial faculty members who will participate in the Institute. Given that we expect to 10x our yearly expenditures in about 10 years (see [Estimated Expenditures](#) section), the number of faculty will also need to at least double in that same time frame. ARIES faculty will report through the organizational structure as illustrated in Figure 1 only for the purposes of their research activities that align with ARIES research and development goals. Our intention is not to disentangle faculty from their current department for academic appointments and performance reviews. In other words, at least initially, their appointment with ARIES exists as a separate appointment from their current departmental affiliation. However, with ever shifting and evolving research organizational structures, we will work with all stakeholders to seek the most efficient and functional faculty reporting-line arrangements that also benefit the colleges and departments. That said, ARIES leadership should remain as co-decision makers for new faculty appointments to ARIES.

ARIES faculty will collaborate with affiliated academic units in the College of Engineering, Fulbright College of Arts and Sciences, and other colleges and programs where interdisciplinary research alignment is beneficial. We will work with the appropriate Deans to establish faculty lines that align with both traditional fundamental research as well as research translation specialist appointments. We anticipate recruiting highly experienced industrial and government researchers into Professor of Practice positions to prioritize valuable IP generation and related translational activities. At the other end of the career spectrum, we will continue to hire top-rated early career professionals with incentives that include commercialization fast track programs.

Non-faculty staff personnel appointed to ARIES will be solely affiliated with the institute and will include dedicated engineers (design, process, packaging, test, facilities), operational and compliance staff (finance, marketing and communications, proposals, research security, workforce development), and business development staff supporting industry and government partnerships. Table 2 provides a list of the current and planned (short-term) non-faculty staff members of ARIES. As the institute grows, there will be a concurrent need to expand both technical and operational positions. See section [Administrative Control and Lines of Authority](#) for more on this.

Note, this is the initial organization and is expected to evolve as ARIES grows and matures.

Student Involvement

ARIES will provide unique opportunities for post-doctoral, graduate, and undergraduate students to actively participate in cutting-edge research, gain hands-on training, and prepare for high-demand careers in electronics design, semiconductors, power electronics, microelectronics and electronics materials. Through these activities, ARIES will establish itself not only as a center of research excellence, but also as a talent engine for Arkansas by preparing students and Arkansas residents to meet the growing workforce demands in semiconductors and advanced electronics. Student involvement will occur through the following pathways:

Research Participation: Graduate students and post-docs will be engaged through Research Assistantships (GRAs) working on sponsored research. Undergraduate students will have opportunities to professionally develop through Research Experiences for Undergraduates (REU), Summer Undergraduate Research Fellowships (SURF), faculty-led projects, and part-time research appointments during the academic year and summer. Interested and capable high school students will be offered research experiences and training opportunities.

Entrepreneurship and Innovation: Graduate students and advanced undergraduates will participate in innovation activities, contributing to intellectual property development, startups, and technology transfer initiatives supported by ARIES.

Hands-On Training in Core Facilities: Graduate, undergraduate, community college, and high school students, as well as community members seeking new or expanded skills will gain direct training in cleanroom fabrication (MUSiC), packaging and prototyping (HiDEC), and advanced testing and measurement (NCREPT), building technical skills that are directly aligned with industry needs.

Capstone and Curriculum Integration: Senior capstone design projects will be integrated with ARIES facilities, enabling student teams to design, build, and test prototypes addressing real-world problems. ARIES facilities will also be used to enhance existing laboratory courses, embedding students in authentic research environments.

Mentorship and Outreach: Graduate students will mentor undergraduates in research labs, creating a pipeline of talent from introductory research experiences to advanced doctoral studies. Students will also support K–12 STEM outreach activities through the UAPG WFD program, strengthening the statewide talent pipeline for semiconductors and advanced manufacturing.

Estimated Expenditures

The UAPG faculty currently achieves just over \$30M in annual research expenditures. This is expected to double in five years with a long-term objective of reaching \$300M yearly in research expenditures in 10 years. This will be achieved through a combination of fundamental and applied research, growth in faculty size, and significant growth in DoD-based funding in addition to energy-based funding. Table 3 provides a high-level view of the ARIES 10-year strategic plan for achieving these ambitious goals.

Table 3. ARIES 10-year Executive Summary Strategy

| Goal | How to achieve it |
|--|--|
| Increase yearly funding expenditures from \$30M/year to \$300M/year | In addition to increased fundamental and applied research funding across the board, seek programs of record funding opportunities with DoD and DOE along with classified research with both DoD and DOE. |
| Increase the number of ARIES faculty from the current 23 to about 50 | Increased funding will support additional traditional and novel tenure-track faculty lines distributed across several colleges and departments. |
| Add an additional 3 Integrative Partnerships Program Centers* | Build nationally leading research programs in growth areas of national priority, such as in AI, cybersecurity, quantum, or computational and digital twins, to name a couple examples. |
| To build resiliency and continued program modernization, create a research reserve of ~5% of yearly research expenditures for equipment and facilities maintenance and repair, and equipment replacements. | Negotiate a 5% facilities and instrumentation maintenance overhead into future contracts. |

*See [Appendix C](#) for a list of centers awarded to ARIES faculty in the last 10 years.

Fiscal Resources and Potential Funding Sources

ARIES will grow from \$30M in annual expenditures through a diversified portfolio of funding sources. Competitive federal and state grants and contracts from DoD, DOE, NSF, and others will provide major research funding. With the uniqueness of MUSiC, classified research contracts are anticipated. This will naturally lead to growth of research expenses.

Industry partnerships will generate revenue through contract research, fee-for-service activities, and memberships. ARIES faculty have a strong history of working closely with industrial sponsors in cutting-edge research and new product development (See [Appendix C](#) for a sampling of ARIES industrial partnerships collaborating as members of ARIES research centers). An added benefit of working with industry is the expanded experiences for students being exposed to solving time-sensitive problems for industry. Industrial partnerships help us produce a superior student in terms of expertise and readiness to tackle real-world issues!

Private philanthropy and endowments will support fellowships, endowed chairs, and capital investments. Cost-sharing with UA departments and state incentives will leverage these resources further.

Innovation seed funding (such as I-Corps grants) and technology transfer awards (such as SBIR and STTR) will support research translation activities and help grow the state commercial ecosystem (for established precedent, see [Appendix D](#) for a list of innovation and technology transfer grants awarded to ARIES faculty). This balanced approach ensures both stability and growth.

ARIES is expected to create direct economic impact. The UAPG has successfully demonstrated such impacts through its startup companies and will now attract new companies to the region for additional impact (See [Appendix B](#) for a list of companies started from ARIES research). Revenues from research, development, services, and prototyping activities will sustain facility operations and support modernization activities on an ongoing basis. It is anticipated that a portion of indirect costs of contracts and research grants (i.e., these revenues) will be returned to ARIES to support its facility operations and modernization needs, whatever federal adjustments are made. This percentage will depend on the federal government's allowed F&A rates and how items can be allocated to direct cost structures going forward that were previously included in F&A categories.

Allocation of indirect costs to ARIES will also help to support faculty needs if indirect returns that traditionally made their way through colleges and departments no longer occur.

Space and Equipment Needs

ARIES will initially leverage existing UA research and office facilities, including MUSiC, HiDEC, and NCREPT laboratories, as well as research and administrative spaces in the Engineering Research Center (ENRC), in the Martin Luther King site (MLKT), and in the Cato Springs Research Center (CSRC). Initial equipment needs will be met through existing laboratories supplemented by new acquisitions, funded *via* federal grants, state support, and industry services and collaborations. It is expected that long-term growth will include continual modernization of existing spaces (see table 3 for more details).

Administrative Control and Lines of Authority

ARIES will be initially governed by the Founding Executive Director and will report into DRI under the VCRI. The Executive Director will provide overall leadership, with responsibility for setting the Institute's strategic direction (with input from the Institute faculty, Advisory Board, and senior staff members), coordination of faculty activities within the Institute, budget oversight, and execution of ARIES mission.

Three Faculty Directors will provide strategic and technical leadership control of the Institute-affiliated laboratories MUSiC, HiDEC, and NCREPT, while coordinating through ARIES for unified strategic alignment and resource sharing (see Figure 1 for organizational structure). Senior staff leadership of the facilities will be responsible for tactical and operational control of the respective labs.

Operational and administrative functions will be managed by a Managing Director, who will oversee all Institute-specific financials, research and administrative compliance, research security, the workforce development program, and external reporting. The team reporting to the Managing Director will expand as operational volume increases and as new administrative roles are

introduced. The Managing Director will also help coordinate administrative activities with UA support departments such as Business Services, Legal, Office of Sponsored Research (OSP), and others, as necessary.

External partnerships with industry, government agencies, or other universities will be structured as sponsored research, contracts, memberships, or collaborative agreements, all of which remain subject to University of Arkansas policies, state regulations, and federal compliance requirements.

Advisory Board

The ARIES Advisory Board will be composed of the Executive Vice Chancellor for Finance & Administration (EVCFA), VCRI, Provost, ARIES Executive Director, Dean of the College of Engineering, and five external representatives from industry and government. The Advisory Board will provide strategic guidance, industry insights, and independent recommendations to enhance the Institute's impact in:

Strategic Direction & Mission Alignment: Assess whether ARIES activities remain aligned with UAs mission, state priorities, and national initiatives, and recommend emerging areas of research or applications ARIES might pursue.

Industry & Government Partnerships: Identify opportunities for partnerships with companies, defense primes, utility organizations, and government agencies.

Workforce Development & Education: Help ensure ARIES program graduates are trained with the skills most in demand by industry.

Technology Commercialization & Innovation: Review and advise on strategies for technology transfer, handling intellectual property, startup support, and provide perspective on how ARIES research can be best positioned for commercialization and economic impact.

Research Competitiveness & Funding: Share insights on how ARIES can strengthen its competitiveness for NSF, DoW, DOE, and industry programs.

External Benchmarking: Suggest best practices in governance, compliance, and operations drawn from industry and government.

The Advisory Board external partner members shall hold no formal administrative authority over ARIES operations, personnel, or budgetary decisions. All administrative control resides within the University of Arkansas.

Metrics for Five-Year Review

ARIES will be evaluated every 5 years to assess to what degree the Institute met its strategic objectives and mission goals (accountability), and assess ARIES financial health, research productivity, and the contribution ARIES made to Arkansas (feasibility). Among the metrics to be used to evaluate ARIES:

- External research funding secured (federal, industry, state, and private)
- Number of graduate and undergraduate students trained and the contribution of their research

- Workforce development outcomes
- Number of publications, patents, and technology transfer events, and the respective impact
- Number of industry partnerships created, and the resultant impact
- Contribution to state and regional economic development

Conclusion

The establishment of ARIES represents a formative opportunity for UA and the State of Arkansas. By uniting world-class faculty, state-of-the-art and one-of-a-kind facilities, and a comprehensive vertically integrated research ecosystem, ARIES will advance the frontiers of wide band gap electronics and semiconductors while directly contributing to national priorities and security, regional and state economic development, and specialized workforce readiness.

With stable state support and strong federal, industry, and private partnerships, ARIES will provide Arkansas with a platform for innovation in the critical, national priority field of semiconductors. ARIES is not only an investment in research excellence but also a catalyst for long-term prosperity and leadership within the state and the nation.

Appendix A: Benchmark Data for Select Members of the UAPG Program

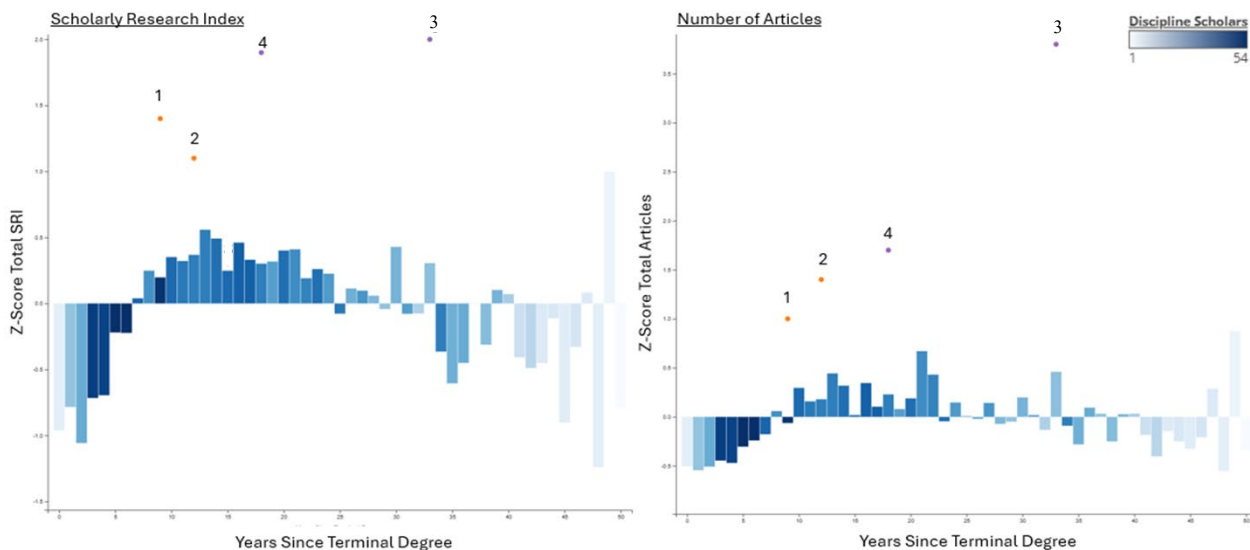

Following is a comparison of senior ARIES faculty relative to other major electronics programs. The comparative data plots the UA faculty listed in the following table against entire departments of Electrical Engineering, Mechanical Engineering, and Computer Science at the following institutions: North Carolina State University; Purdue University; University of California, Berkeley; University of Michigan; University of Wisconsin–Madison; and Virginia Polytechnic Institute and State University.

This comparison illustrates the significant and impactful work of ARIES leadership as quantified by total articles z-score and Scholarly Research Index (SRI).

- A **z-score** expresses how far an observation is from the mean of a reference group, *measured in standard deviations*, where 0.0 is exactly at the group average.
- **SRI** is a composite score that quantifies a researcher’s academic productivity, impact, and influence within their field. It typically integrates multiple indicators such as:
 - Publication output (e.g., total articles, books, conference papers)
 - Citation counts (how often those works are cited)
 - Authorship role (first/last author weighting)
 - Journal impact (quality or ranking of venues where work appears)

| Yue Zhao | NCREPT Faculty Director | 9 | 34 | 1.0 | 1.4 | 1 |
| Fisher Yu | Photonics Director | 18 | 48 | 1.7 | 1.9 | 4 |

While this is not a perfect comparative, one can see from the graphs below, ARIES leaders punch far above their weight class when compared to the averages of all faculty members at other powerhouse institutions known for quality work in electronics research.

According to ScholarGPS, University of Arkansas is ranked #2 in the world (#1 in the US) in power module electronics (a) and ranked #10 in the world (#2 in the US) in power electronics in the last 5 years (b). Dr. Mantooth is ranked #8 in the world (#1 in the US) in power electronics over the last 5 years (c). These rankings are based on publications and citations.

Appendix B: Spinout Companies from ARIES Research

Faculty associated with ARIES have a strong record of translating research into commercial ventures. The following table provides information on several companies that have spun out of ARIES faculty research. These startups illustrate ARIES role as a driver of innovation and regional economic development.

| Company | Year Est. | Founders/ UA Link | Focus Area | Current Status/ Notes |
|---|-----------|---|--|--|
| Arkansas Power Electronics International (APEI) | 1997 | Founded by Dr. Schirmer and Dr. Olejniczak in close collaboration with Dr. Mantooth | Power electronics systems and modules | Acquired by Cree in 2015; continues as Wolfspeed Fayetteville; Many of the 50 employees were UA graduates. |
| Lynguent, Inc. | 2001 | Co-founded by Dr. Mantooth; served as Chief Scientist | EDA tools, mixed-signal design automation | Based in Portland, OR; licensed UA technology. |
| Ozark Integrated Circuits (Ozark IC) | 2011 | Spun out of UA research led by Dr. Mantooth | Integrated circuits for extreme environments | Independent fabless semiconductor company; SBIR/STTR funded. |
| Arktonics, LLC | 2014 | Drs. Fisher Yu and Baohua Li | Optoelectronics (IR detectors/emitters, lasers) | Manufacturer of ICs and semiconductor components. |
| RF Pyramids, LLC | 2019 | Supported by Prof. Samir El-Ghazaly | RF/millimeter-wave devices and components | UA-affiliated startup. |
| Bastazo, Inc. | 2020 | Drs. Alan Mantooth, Jia Di, and Qinghua Li (UA) with Philip Huff (UALR) | AI-driven industrial cybersecurity, critical infrastructure resilience | Growing startup based on technology from DOE's SEEDS cybersecurity center at UA with DOE and DoD projects. |

Appendix D: Table of Innovation and Technology Transfer awards

Following is a sample list of product innovation awards won by ARIES faculty.

- I-Corps (Innovation Corps): An NSF program that provides training and seed funding to help researchers assess the commercial potential of their technology.
- SBIR (Small Business Innovation Research): A federal program that funds small businesses to engage in R&D with commercialization potential.

- STTR (Small Business Technology Transfer): Like an SBIR but requires formal collaboration with a research institution.

TO MEMBERS OF THE ACADEMIC AND
STUDENT AFFAIRS COMMITTEE:

Dr. Ed Fryar, Chair
Mr. Steve Cox
Mr. Judd Deere
Mr. Jeremy Wilson
Mr. Randy Lawson, Ex-Officio

Dear Committee Members:

Chancellor C. Lowry Barnes, M.D., University of Arkansas for Medical Sciences, is requesting a curriculum revision for the Accelerated Bachelor of Nursing (BSN) program in the UAMS College of Nursing.

The College of Nursing proposes reducing the Accelerated BSN program from 62 to 49 credit hours by streamlining course content and removing unnecessary overlap while maintaining all existing objectives and program outcomes. This adjustment aligns the program with regional ABSN standards and does not affect the traditional BSN curriculum. This change would be effective for the fall 2027 semester.

I concur with this recommendation. A proposed resolution for your consideration follows.

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board hereby approves the curriculum revision for the Accelerated Bachelor of Nursing (BSN) program in the College of Nursing at the University of Arkansas for Medical Sciences, effective Fall 2027.

BE IT FURTHER RESOLVED THAT the President is hereby authorized to submit this proposal to the Arkansas Division of Higher Education for appropriate action.

Sincerely,

Jay B. Silveria
President
Charles E. Scharlau Presidential Leadership Chair

TO MEMBERS OF THE ACADEMIC AND
STUDENT AFFAIRS COMMITTEE:

Dr. Ed Fryar, Chair
Mr. Steve Cox
Mr. Judd Deere
Mr. Jeremy Wilson
Mr. Randy Lawson, Ex-Officio

Dear Committee Members:

Chancellor Phillip Wilson, University of Arkansas Rich Mountain, is requesting approval to establish a traditional Associate Degree in Nursing program on the Mena campus to prepare students for licensure as Registered Nurses through classroom instruction, simulation training, and clinical experiences. The program supports the College's mission to provide transformative education and aligns with workforce development priorities that address nursing shortages in rural communities.

UA Rich Mountain is prepared to deliver this program. The College has secured \$12 million in federal funding for a new Allied Health facility and Arkansas ALIGN grants for advanced simulation equipment. On-campus housing, qualified faculty, and strong partnerships with regional healthcare providers ensure a supportive learning environment and reliable clinical placements.

Sustainability will be driven by steady enrollment, strong job placement rates, and collaboration with employers. Existing LPN and bridge programs show clear demand. Local healthcare partners report ongoing RN vacancies, and labor market data indicates high demand and competitive wages across Western Arkansas. Average monthly postings for Registered Nurses were 246, compared to 106 hires, indicating a hiring challenge and reinforcing the need for program graduates. Employment projections from 2025 to 2030 reveal that Registered Nurse positions will grow 3.6%. Wage data further underscores the attractiveness of these roles, with Registered Nurses earning a median of \$36.29 per hour, equivalent to approximately \$72,790 annually, which is 27 percent above the national average. In summary, the need for the Registered Nursing program is driven by high employer demand, competitive wages, and persistent hiring challenges, even as overall employment growth continues.

I concur with this recommendation. A proposed resolution for your consideration is set out below.

 - Total cost for an in-state student (before housing, books, transportation): \$ 13,924
 - Total cost for an out-of-state student (before housing, books, transportation): \$ 15,436
2. Expected starting salary
 - For students entering practice right after graduation, the starting salaries can range between \$ 57,380 and \$ 77,130 .
3. Expected salary after 5 years
 - After five years, the salaries will range between \$ 77,130 and \$ 99,960 .

New Program Proposal Form

A new program proposal can be submitted once a Letter of Intent has been presented to the Arkansas Higher Education Coordinating Board. Program proposals must be received by ADHE by the established deadlines. After ADHE reviews a submitted proposal, a member of ADHE executive staff will present a recommendation for approval at the next AHECB meeting. An institution's Provost/Chief Academic Officer, or their representative, is required to be in attendance to answer questions and/or present information.

When completing this form, please use a font color of black. Make all attempts to preserve document formatting. If you choose to create a separate document, please use the same outline structure as below.

1. INSTITUTION NAME: University of Arkansas Rich Mountain

2. PROPOSED PROGRAM TITLE: AAS in Traditional Nursing

3. REQUESTED CIP CODE: 51.3801

4. PROPOSED START DATE: January 2027

5. PROPOSED ACADEMIC PROGRAM REVIEW DATE:

Program review date must be within 10 years of program start date.

6. PRIOR APPROVALS

a. Provide the date that the Board of Trustees approved (or will consider) the proposed program.

May 20, 2026

b. Provide a copy of the Board of Trustees meeting agenda that lists the proposed program, and written documentation of program/unit approval by the Board of Trustees prior to the Coordinating Board meeting that the proposal will be considered.

c. Provide documentation of external program review or approval by any required, external agency/board/program accreditors such as education, nursing-initial approval required, health professions, counseling, etc.

Arkansas Board of Nursing Prerequisite approval acquired January 7, 2026

d. Provide the date that the institutional curriculum committee approved the proposed program.

7. PROGRAM SUMMARY

The University of Arkansas Rich Mountain (UA Rich Mountain) seeks to establish a traditional Associate Degree in Nursing (ADN) program on its main campus in Mena, Arkansas. The program will prepare students for licensure as Registered Nurses (RNs) through a curriculum that combines classroom instruction, simulation-based learning, and clinical experiences. Graduates will be eligible to sit for the NCLEX-RN exam.

This program supports UA Rich Mountain's mission to provide transformative education to all learners. It aligns with strategic initiatives focused on healthcare workforce development, rural health improvement, and partnerships with local healthcare providers to address critical nursing shortages.

UA Rich Mountain is well-positioned to deliver this program. The College has secured \$12 million in federal funding to construct a new Allied Health facility that will house the ADN program. Arkansas ALIGN grants have funded simulation manikins for advanced clinical training. The College offers on-campus housing for students beyond its service area and retains highly qualified faculty, including two MSN-prepared instructors. Strong partnerships with local healthcare providers ensure robust clinical placement opportunities.

The program will be sustained through consistent enrollment, strong job placement rates, and ongoing collaboration with healthcare partners. Existing LPN and ARNEC Bridge programs demonstrate demand and institutional capacity. Tuition revenue, grants, and healthcare partnerships will support operational costs.

Graduates will demonstrate clinical competence, critical thinking, and ethical decision-making. They will be prepared to pass the NCLEX-RN exam and enter the workforce as entry-level registered nurses.

Registered nurses represent a high-wage, high-demand occupation in Arkansas. Projections Central estimates 9% growth through 2030, with 1,640 annual openings statewide. RNs in Western Arkansas earn an average of \$66,510, with some reports indicating a median salary of \$71,000. Local healthcare providers report persistent vacancies, ensuring strong job prospects for graduates. Lightcast data reveals 8 average monthly job postings for RNs in the college service area. Initial enrollment target is 16 students annually, with plans to expand as resources allow. Recruitment will focus on current LPN students, local high school graduates, and adult learners. Survey data indicates strong interest: 86% of current LPN students expressed intent to pursue an ADN, and 78% would attend a traditional ADN program at UA Rich Mountain.

Operating costs include faculty salaries, clinical site agreements, and instructional materials. Capital needs include simulation equipment, lab upgrades, and technology for telehealth training. Funding sources include federal allocations, state grants, and institutional budgets. The program will address critical nursing shortages, improve healthcare access, and stimulate local economic growth through job creation and retention. Increased tourism and population growth will further elevate healthcare demand, making this program essential for regional development. The ADN program will be housed within the Division of Allied Health.

- a. List degree programs or emphasis areas currently offered at the institution that support the proposed program.

Associate of Arts
Associate of General Studies
Technical Certificate in Health Professions

8. PROGRAM NEED

- a. Based on the Workforce Analysis provided by ADHE, summarize program need in terms of corporate demand, current job availability, and employment/wage projections.

The analysis of the Registered Nursing program indicates a strong and sustained demand for nursing professionals in the region. Between January and November 2025, there were 10,494 total job postings and 3,332 unique postings for nursing roles, reflecting a posting intensity of three to one, which suggests employers are exerting significant effort to fill these positions. Top employers such as Mercy, National Park Medical Center, and Our Lady of Mercy Healthcare System accounted for hundreds of postings, and the most prolific job title was Registered Nurse. Average monthly postings for Registered Nurses were 246, compared to 106 hires, indicating a hiring challenge and reinforcing the need for program graduates. Employment projections from 2025 to 2030 reveal that Registered Nurse positions will grow 3.6%. Wage data further underscores the attractiveness of these roles, with Registered Nurses earning a median of \$36.29 per hour, equivalent to approximately \$72,790 annually, which is 27 percent above the national average. In summary, the need for the Registered Nursing program is driven by high employer demand, competitive wages, and persistent hiring challenges, even as overall employment growth continues apace.

- b. Submit a summary of the employer needs survey conducted by the institution. Institutions may use their own survey format. Templates are available [here](#) if needed. The summary should include:
 - Corporate demand
 - Current job openings
 - Employment and wage projections
 - Names and types of organizations or businesses surveyed
 - Method of data collection (phone interviews, letters of interest, student inquiries, etc.)

Through discussions with local employers, the college is responding to employer needs by developing the AAS in Nursing. Mena Regional Health System, our region's largest employer of nurses and other allied health associates, faces an ongoing and growing need for qualified registered nurses. Recruitment and retention of RNs continue to be among their greatest workforce challenges. Additionally, The Green House Cottages of Homewood, a long-term care facility, requires qualified RNs to maintain their operating guidelines. Further, Elite Home Health, an expanding network of home-based care, currently employs fifteen RNs and expects that number to grow. Finally, Elite Hospice must RNs on staff to begin the process of a dying

patient to passing. All of these industry partners not only support the creation of a traditional RN pathway at UARM but offer their services as clinical sites for future students. The college seeks to meet this need for our local industry partners. Current job openings, employment, and wage projections all signal a healthy market for RNs. Projections Central estimates 9% growth through 2030, with 1,640 annual openings statewide. RNs in Western Arkansas earn an average of \$66,510, with some reports indicating a median salary of \$71,000. Local healthcare providers report persistent vacancies, ensuring strong job prospects for graduates. Lightcast data reveals 8 average monthly job postings for RNs in the college service area.

c. Describe what workforce need the proposed program will address and how the institution became aware of this need.

The United States currently faces a national nursing shortage that is expected to worsen over the next several years as more nurses exit the field through burnout and retirement. Arkansas is one of many states that is currently experiencing shortages. Currently, Arkansas has a nurse to population ratio of 9.17 per 1000 residents (nursingjournal.org). Regionally, Western Arkansas needs nurses. According to Lightcast data, annual job openings for RNs in the region is 176 and expected to continue to rise. Our local employers feel this squeeze. Conversations with folks at local hospitals, clinics, home health, and hospice all have the same theme. Employers demand more nurses and encourage the college to expand its programming to graduate more nurses for the local community.

d. Describe any established employer partnerships and explain how the employer will support the proposed program such as tuition assistance, capital investments, or other enrollment incentives.

The college has established partnerships with a wide variety of employer partners across the allied health industry. Mena Regional Health Systems, Healthy Connections, Green House Cottages, Elite Home Health, and Elite Hospice all partner with the college in various ways. All of these partners provide clinical hours, space, and personnel to aid students in their clinical rotations. The college also has plans to add Mercy as an additional clinical partner. Many of these employers also have representatives on the college's allied health advisory committees where they provide input on curriculum and recruiting. All these partners regularly hire graduates from the college's programs.

e. If applicable, provide evidence regarding student interest and demand.

In 2025, 50 current LPN students at UA Rich Mountain participated in a survey regarding a traditional ADN program. When these students were asked if they would continue their education to earn an Associate Degree in Nursing, 86% responded yes and 14% responded maybe. Additionally, these students were asked if they would attend a traditional ADN program at UA Rich Mountain with a response of 78% of students stating yes and 16% stating maybe. Lastly, these particular students were asked if a traditional ADN program had been available prior to their admission to the LPN program, would they have chosen that route instead of the LPN route. 37% responded yes and 48% responded maybe.

9. PROGRAM ADVISORY COMMITTEE

The advisory committee will consist of 6-8 members from business and industry partners from allied health fields that require RNs. These groups meet with department faculty to evaluate current programs and propose enhancements. New programs and program changes are reviewed with the advisory committee. Advisory committees are indispensable in identifying current and future occupational skills, knowledge, and goals. Such input ensures that graduates have the necessary skills that the labor market demands for success. Advisory Committee members are appointed on an annual basis and are expected to meet twice per year.

10. ENROLLMENT AND GRADUATION PROJECTIONS

In the table below, provide program enrollment and graduation projections for the next five academic years. Should this proposal contain more than one credential, complete a table for each award type. Projections need to be realistic and attainable based on workforce need/demand.

| Academic Year | Projected Enrollment | Projected Graduates |
|---------------|----------------------|---------------------|

Total hours AAS Registered Nursing 63 hours

NURS 21158 Nursing Process I

This course introduces the fundamental concepts, principles and skills essential to the practice of the registered nurse including holism, physiological/psychosocial integrity, health promotion and maintenance, safety, communication and collaboration. Emphasis is placed on developing skills, assessment abilities, professional behaviors and critical thinking. An introduction to the nursing process and evidence-based practice is provided. Basic Pharmacology is introduced with a review of medical math and an emphasis on medication administration. Care of the adult patient is introduced including common conditions of illness, nutritional needs and care of the patient in acute, subacute or convalescent stages of illness. Special needs of the geriatric patient are included.

NURS 21242 Nursing Practicum I

This practicum course is designed to provide opportunities for students to practice and apply the knowledge, skills and professional behaviors acquired in Nursing Process I. Focus is on safe and quality care to culturally diverse adults in skilled care facilities and long-term care facilities with an emphasis on the geriatric population. Curriculum concepts are reinforced through direct clinical application to support student comprehension and professional growth.

NURS 21148 Nursing Process II

This course transitions the foundational knowledge gained through Nursing Process I including the nursing process, evidence-based practice, critical thinking and professional behaviors. The course is designed to apply the foundational knowledge to provide care to acute unstable adult patients in the hospital setting. This course also provides for the acquisition of knowledge related to nursing care provided by the registered nurse for the childbearing family focusing on women's/men's health, as well as care during the antepartum, intrapartum and postpartum periods. The course introduces students to the newborn and pediatric patient experiencing normal development and alterations in body systems. Pharmacology for these specific patient groups is introduced.

NURS XXXXX Nursing Practicum II

This practicum course is designed to provide opportunities for students to practice and apply the knowledge acquired in Nursing Process II to provide safe and quality care to culturally diverse adults and pediatric patients in hospitals and clinics. Simulation is utilized in addition to clinical experiences in this course. Curriculum concepts are reinforced through simulation and clinical application to support student comprehension and professional growth.

NURS XXXXX Nursing Process III

This course transitions the knowledge gained through Nursing Process I and II including the nursing process, evidence-based practice, critical thinking and professional behaviors. There is a focus on nursing care for adults experiencing mental health conditions. The student will learn knowledge to care for patients of high acuity with complex needs as well as those requiring care in emergency situations. Advanced pharmacological concepts are included. This course also focuses on the role of the registered nurse in management and leadership.

NURS XXXXX Nursing Practicum III

This course is designed to provide opportunities for students to practice and apply the knowledge acquired in Nursing Process III to provide safe and quality care to culturally diverse adults in hospitals and clinics. Simulation is utilized in addition to clinical experiences in this course. Incorporates evidence-based practice, quality improvement, professional behaviors, management, and legal and ethical responsibilities of the registered nurse in a variety of healthcare settings.

NURS XXXXX NCLEX-RN Preparation

This course provides a comprehensive review in preparation for taking the NCLEX-RN.

a. Describe specified program-level learning outcomes.

Graduates of the Registered Nursing Program will be able to:

1. Provide quality, safe, holistic, patient-centered, evidence-based nursing to diverse patient populations across the lifespan guided by a caring attitude.
2. Engage in critical thinking necessary to provide quality patient care.
3. Implement quality improvement measures for diverse patient populations.
4. Participate in collaborative relationships with members of the interprofessional team.
5. Use information management principles, techniques, and systems, and patient care technology to communicate, manage knowledge, mitigate error, and support decision-making.
6. Provide leadership in a variety of healthcare settings for diverse patient populations.
7. Function as a competent nurse assimilating professional, ethical, and legal guidelines in practice as a professional nurse.

b. State the program admission and graduation requirements. Indicate if any licensure/certification is a requirement for either program admission or graduation.

Admission Criteria

Students must apply in person and submit the following information to the Registrar's Office:
UARM Application for Admission

High School Transcript or copy of GED
College Transcripts from all colleges attended
Proof of Measles/Rubella Immunization (if born after January 1, 1957)
ACT, Accuplacer or ASSET scores (previous scores may be used or ASSET may be retaken)
Students must submit the following information to the Vice Chancellor for Student Affairs Office:
Traditional Nursing Admission Application
Preadmission Exam (NEX) test results
ACT, Accuplacer or ASSET scores

Graduation Policy

To be eligible for graduation, students must successfully complete all general education requirements and all nursing courses with a grade of C or better. When all program requirements have been met, the student's completion status will be submitted to the State Board of Nursing to indicate the student's intent to sit for the licensing examination.

Graduation from the Traditional Nursing Program does not guarantee approval by the Arkansas State Board of Nursing to take the NCLEX-RN licensure examination. Students should review the criminal background check information provided by the Arkansas Department of Health.

- c. Describe or provide a link to the institution's assessment process. If the proposed program will be assessed in a manner other than described, indicate the adapted assessment measures.

<https://www.uarichmountain.edu/assessment/index.html>

12. INSTRUCTION BY DISTANCE EDUCATION

- a. If the proposed program will be offered by distance education, provide rationale for this mode of delivery and why distance education is appropriate for the proposed program's field of study.

General Education courses already offered via distance education will continue to be offered to students in this program. Nursing classes will not be offered via distance education.

13. FACULTY

Shannon Rosson, MSN, Director of Nursing – University of Arkansas

15. PROGRAM EXPENDITURES

One full-time instructor salary + fringe: \$65,625 annually

One part-time instructor salary: \$12,000 annually

Library books: \$400

Instructional Equipment: \$558,000 paid through ALIGN grant funds

Allied Health Building: \$12,000,000 paid through federal grant funds

16. PROGRAM FUNDING

Tuition and mandatory fees per credit hour: \$182 x 63 credit hours=\$11,466 program cost per student. Annual cost per student will be approximately \$5733. At 16 students per year over three years the program should generate \$91,278 per year with totals \$275,184 over three years.

UA Rich Mountain received a \$12,000,000 federal award to construct a new Allied Health Building on the Mena campus. The building is expected to be completed in Fall 2026.

UA Rich Mountain received two 2-year ALIGN grants totaling \$1,116,903.53. The award period ends in December 2026.

The program will include a program specific kit fee to offset supply and equipment costs.

17. PROGRAM DUPLICATION

Similar programs are offered at institutions in Arkansas. However, the sheer demand for nurses in the college's service area as well as across the state justifies the launch of this program at UARM.

- a. If a similar program was used as a model for the proposed program, indicate the institution and program name.

UA Rich Mountain utilized program and curriculum at UA Hope-Texarkana and UA Cossatot as models.

18. SPECIALIZED ACCREDITATIONS

If specialized accreditation is required for the proposed program, provide the following:

- Name of accrediting agency
Arkansas State Board of Nursing

TO MEMBERS OF THE ACADEMIC AND
STUDENT AFFAIRS COMMITTEE:

Dr. Ed Fryar, Chair
Mr. Steve Cox
Mr. Judd Deere
Mr. Jeremy Wilson
Mr. Randy Lawson, Ex-Officio

Dear Committee Members:

The Chancellors have requested approval of tuition and fee amounts for the 2026-2027 fiscal year. The documents indicate current and proposed amounts for each of the campuses. I recommend approval of the proposed amounts. A resolution for your consideration is as follows:

WHEREAS, the Board of Trustees of the University of Arkansas asserts its singular focus on student success as evidenced by student retention and graduation;

THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the proposed tuition and fees for the 2026-2027 fiscal year for the University of Arkansas campuses are hereby adopted and approved.

Sincerely,

Jay B. Silveria
President
Charles E. Scharlau Presidential Leadership Chair

Tuition rates expressed are per semester or per credit hour. Summer sessions are charged at the per hour rate listed times the number of hours taken.

- (a) For the following border states: LA, MO, MS, OK, TN and TX, tuition will be charged at the in-state resident rate for College of Medicine, College of Pharmacy-Pharm. D. program only, College of Nursing programs (with the exception of the Nurse Anesthesia), and the following programs in the College of Health Professions: Audiology, Cytology, Medical Laboratory Sciences traditional program, Respiratory Therapy BS and MS, and Dietetics.
- (b) The Accelerated BSN students will be charged tuition and fees starting in the Summer term instead of the fall term.
- (c) Tuition updated to an annual rate that remains the same throughout the academic year. Students will be charged a flat rate per semester that will remain the same for three (3) years starting FY27 for all semesters (fall, spring, summer).
- (d) The Medical Laboratory Sciences Traditional Program students are charged standard resident tuition rates. Non-Degree students, historically transfer into the online program and should be charged the Medical Laboratory Technology to Medical Laboratory Sciences BS online rate. The Medical Laboratory Sciences Extended Internship Program students are charged \$250 per credit hour regardless of residency status.
- (e) Tuition is an annual rate and is divided by three semesters.
- (f) Tuition is an annual rate that remains the same throughout the academic year. A flat rate is charged for each semester (fall and spring).
- (g) Tuition is a set program cost and will not increase while the student is enrolled in the program. Any increases in tuition will be effective for the next incoming class.

TUITION NARRATIVES

The College of Medicine is requesting a 4.4% increase in base tuition for FY26-27. Even with this increase, the MD degree program will be at the mean for Public Medical Schools in the AAMC Southern region. We are proposing a 6% reduction on non-resident base tuition for FY26-27 to attract more applicants. Arkansas resident applications have been

declining (30% decline over the last five years) and there is increased competition for medical students with the opening of the Alice Walton School of Medicine in FY25-26. A new degree program, Master of Science in Medical Education, is being proposed for approval in January 2027 with students enrolling in Fall 2027. Having the tuition structure approved in advance will allow for publishing the cost of attendance in a timely manner.

The College of Pharmacy is requesting an increase in tuition for FY26-27. Tuition was increased by 3% in FY24-25 and was increased by 5% for FY22-23. Enrollment into Pharm. D. programs is highly competitive; therefore, keeping the COP tuition rate within the 25th percentile allows the UAMS COP to stay competitive within the region.

The College of Nursing is not requesting an increase in the resident tuition for the graduate Masters and DNP Programs, and a flat rate for the resident and non-resident tuition for the DNP-CRNA Program in FY27. MNSc Nursing Administration, MNSc Nursing Administration/Nursing Education (dual), Nursing Admin Non-Degree, Nursing Education Graduate Certificate, Nursing Educator Non-Degree will be assessed a new lower rate of \$491. Traditional RN to BSN will include 9 Graduate credit hours at the Undergraduate tuition rate. These recommendations will continue to keep tuition competitive with other nursing programs in Arkansas and the southern region.

The College of Health Professions is requesting to maintain its tuition rates for undergraduate and graduate programs. These recommendations will continue to keep tuition competitive with other allied health programs in the state and region. We are recommending to clarify the tuition rates currently being charged for MLTMLS-BS online, MLS Traditional, and Extended Internship program.

The Graduate School is requesting an increase in tuition for FY26-27 of 2.5%. Rates will remain competitive within the region with the Graduate School being in the median for regional peer comprehensive academic health centers.

The College of Public Health is not requesting a tuition or fee increase/change for FY26-27. We remain slightly below the median for tuition base and slightly above the median in total tuition/fees among the 60 schools reporting to the ASPPH. Plus we remain very competitive with other regional CEPH accredited schools. Starting FY27, all CPH tuition will be charged at the in-state rate only. No student will be charged the non resident rate.

- 1 The Student Health Fee is not charged to students enrolled in UAMS-designated 100% online programs and is not charged for the summer semester.
- 2 The Student Transportation fee is not charged to students enrolled in UAMS-designated 100% online programs. For each term, students enrolled in programs on the Northwest campus will not be charged. Summer session rate is \$39.
- 3 The UAMS Technology Fee is charged to all students with the exception of students enrolled in UAMS-designated 100% online programs. They are charged one-half of the standard rate. This fee is not charged for the summer semester.
- 4 Undergraduate students taking less than 6 hours and Graduate students taking less than 5 hours will not be charged. The fee is not charged for the summer semester. Students enrolled in UAMS-designated 100% online programs will be charged one-half of the standard rate.
- 5 The Student Activity fee is not charged to students enrolled in approved, UAMS-designated 100% online programs. It is not charged for the summer semester.
- 6 This fee is charged to students actively engaged in a UAMS degree program but not enrolled in credit-bearing courses/activities, are preparing to fulfill graduation requirements and/or awaiting completion of final licensure tests.
- 7 The following fees were included within the COM tuition rates starting Fall of 2017: Disability Insurance (\$26/semester), Malpractice Insurance (\$188/semester), Standardized Patient Fee (\$170/semester) and Curriculum Assessment Monitoring Fee (Exam Software) (\$35/semester). Total = \$419/semester; \$838/year.
- 8 A one-time student application fee is charged to all applicants.
- 9 This fee for mandatory course study materials applies to all students and provides them with important study materials needed for medical licensure examination preparation. These materials are provided to students at a reduced institutional rate.
- 10 The CON sets the Undergraduate Standardized Patient Fee amount based on required usage of standardized patients.
- 11 The College of Nursing Graduate Program Fee is a generic fee that replaced the Advanced Health Assessment Fee previously charged to the graduate students enrolled in the Advanced Health Assessment course. The fee covers the use of standardized patients (\$75), Typhon, a graduate student tracking software (\$25), and the addition of Osmosis Clinical Sciences Library (\$70), Enflux a comprehensive academic success support system (\$90). This fee is charged each semester to students enrolled in graduate programs. **Nursing Administration MNSc Nursing Administration/Nursing Education (dual), Nursing Admin Non-Degree, Nursing Education Graduate Certificate, Nursing Educator Non-Degree (per hr.) students will only be assessed Typhon graduate student tracking software (\$25)**
- 12 The College of Nursing Progression Test Fee includes price increases associated with the cost of ATI, ExamSoft, ExamSoft Clinical Judgement Exams Complete Solutions, Kahoot, Typhon and Nursing Central for the BSN students. The fee should be charged each semester. **RN to BSN/MNSc will only be assessed Examsoft and Nursing Central fees (\$40)**
- 13 Although not a fee, this deposit is due upon acceptance, as a reservation of enrollment prior to actual registration. It is non-refundable, but will be applied to the first semester tuition if the applicant enrolls within a year.
- 14 The Anesthesia Professional Liability Insurance/Student Liability Insurance is provided to students only by the American Association of Nurse Anesthetists (AANA). The needed liability insurance for CRNAs is more comprehensive in the variety of anesthetizing locations in which they will gain clinical experiences.
- 15 The CRNA Progression Fee includes the costs of AANA/NBCRNA Dual Enrollment, SEE Exam APEX and mandatory certification review course. All components are either required and/or enhance performance with uniquely tailored assignments geared towards ensuring successful completion of the program. Students will be charged annually during the Fall term.
- 16 The Nurse Midwifery Program Fee includes mandatory certification review course, Intermittent Auscultation training, Suturing Workshop (\$160).
- 17 The Simulated NAPLEX fee covers the cost of a simulated NAPLEX. The exam will be administered to P3 and P4 students.
- 18 The NAPLEX Prep Course fee is spread out over the duration of the program to cover the cost of an externally provided prep course to improve NAPLEX pass rate.

- 19 Immunization Training by APhA is required by most state Boards of Pharmacy to administer immunizations. This training is during the P1 year Fall semester only.
- 20 The Professional Development Fee is used to subsidize the current Student Activity Fee funding of professional development activities specific to the COP students.
- 21 Decision Support Technology for students includes various technology tools (such as device-based LexiComp & Access Pharmacy fees). In FY26, we are requesting an increase in this fee because the vendor has increased the cost of the software.
- 22 Electronic Test Delivery Software secures test delivery for onsite and remote testing for (P1, P2, & P3 per semester only).
- 23 Laboratory fees in the College of Health Professions are set on a credit hour of enrollment basis with the following exceptions:
 - (a) Physical Therapy charges a \$200 lab fee during the fall and spring terms.
 - (b) Physician Assistant Studies charges a laboratory fee of \$450 for summer, fall, and spring terms.
 - (c) Genetic Counseling charges a laboratory fee of \$330 for fall, and spring terms.
 - (d) Speech-Language Pathology charges a laboratory fee of \$180 for fall, and spring terms.
 - (e) Nuclear Medicine Imaging Sciences charges a laboratory fee of \$87 for fall, spring and summer terms.
 - (f) Dental Hygiene charges a laboratory fee of \$300 fall, spring and summer semesters.
- 24 The Student Liability Insurance in the College of Health Professions covers students in a wide range of programs. Fall term only. Student in Physician Assistant Studies will not be charged for malpractice coverage.
- 25 The College of Health Professions sets the Standardized Patient Fee amount based on required usage of standardized patients.
- 26 The Audiology program purchases Oscopes for the first year students as part of their necessary equipment.
- 27 The Respiratory Therapy 'voucher' fee provides funding to the student when it is time to sit for his/her registry exams while still in school. With the voucher, the student would only need to enter a code in order to sit for their exam.
- 28 The Credit by Examination fee would apply to College of Health Professions courses for which a student demonstrates competency or equivalency in the subject matter. This would be similar to a CLEP exam. The fee for Credit by Examination would be 1/2 the per credit hour rate of the course in which the student is seeking credit.
- 29 The Medical Laboratory Sciences BS Traditional Program and Cytology charges a one time fee of \$150.00 for the maintenance of the classroom microscopes and associated information technology.
- 30 This College of Public Health fee covers the cost for the Certificate in Public Health exam that is a college requirement. The exam is offered by the National Board of Public Health Examiners, to be taken by all MPH students upon completion of their MPH core courses. This fee is assessed one-time when students take the Certified Public Health Exam Prep Seminar course.

AND GROUNDS COMMITTEE:

Col. Nate Todd, Chair
Mr. Kevin Crass
Mr. Judd Deere
Mr. Ted Dickey
Mr. Randy Lawson, Ex-Officio

Dear Committee Members:

Chancellor Charles Robinson, University of Arkansas, Fayetteville, requests project approval and selection of professional design consultants and a construction manager/general contractor for the Arkansas Union Fit Out for Student Services project in accordance with Board Policy 730.2. A copy of the Capital Project Proposal is attached for your information. The advertisement and selection process has been followed in accordance with Board Policy.

Interviews for the design consultants were conducted on April 9, 2026. Ten firms responded to the advertisement, and five were interviewed. The selection committee felt that two of the five teams are best suited for this project based on experience with projects of similar scope and complexity. The Chancellor and the selection committee would like to offer the following professional design firms to the Board of Trustees for consideration (**in order of preference**):

Fennel Purifoy Architects/Dake Wells Architecture
MBL

Interviews for contractors were conducted on April 8, 2026. Nine firms responded to the advertisement, and five were interviewed. The selection committee felt that two of the five teams are best suited for this project based on their experience with projects of similar size, scope and complexity. The Chancellor and the selection committee would like to offer the following general contractors to the Board of Trustees for consideration (**in order of preference**):

Kinco
Clark Contractors

I concur with Chancellor Robinson's recommendations. A proposed resolution for your consideration follows.

CAPITAL PROJECT PROPOSAL FORM*campus: Fayetteville**name of proposed facility: Arkansas Union interior fit out for student services***1. PROPOSED FUNCTION OF PROJECT**

The Arkansas Union is situated at the center of the University of Arkansas campus, where it provides a community hub for students, faculty, staff, and visitors. This project will repurpose areas on the second and sixth floors that currently house inefficient and underused office suites into public-facing spaces for several student service units that focus on advising, career readiness, community, and belonging: the Center for Educational Access, UA Cares, NEXUS, Office of Career Connections, and Office of Student Accountability.

The *Arkansas Union interior fit out for student services* is the latest in a series of renovations aimed at improving the student experience in the Arkansas Union. The project envisions a significant transformation of two areas that currently lack spatial clarity, due to years of incremental modifications, and feel hidden away from the activity of the rest of the building. The renovation will create a better programmatic fit and clearer identity for three interrelated programs on the second floor, and two on the sixth floor. It will also improve visibility to the spaces so they're more accessible to the student body and to employers who visit for recruitment.

A recent study tested the program fit, a possible spatial arrangement, and helped determine the project scope and budget. On the second floor, the proposed layout includes a series of compact office pods for the Center for Educational Access, UA Cares, and NEXUS, all sharing communal work rooms, multipurpose spaces, and an open student hub that fronts onto the building's main circulation route. The sixth floor will house the Office of Career Connections and Office of Student Accountability with an intuitive arrival sequence, right-sized staff offices, and a shared conference room.

TO MEMBERS OF THE BUILDINGS AND GROUNDS COMMITTEE:

- Col. Nate Todd, Chair
Mr. Kevin Crass
Mr. Judd Deere
Mr. Ted Dickey
Mr. Randy Lawson, Ex-Officio

Dear Committee Members:

Chancellor Charles F. Robinson, University of Arkansas, Fayetteville, requests approval to name the new Walton College academic building, "Mandy and Bill Dillard II Hall."

The University of Arkansas, Fayetteville, hopes to recognize the Dillards' significant contributions to the University and the Sam M. Walton College of Business — including a transformational gift that is helping support the new academic building that would bear their name. Also, Walton College Dean Brent Williams recommends approval of this request.

I concur with Chancellor Robinson's recommendation. A proposed resolution follows for your consideration.

WHEREAS, Bill Dillard II and Mandy Dillard have demonstrated extraordinary generosity and enduring commitment to the University of Arkansas through philanthropic leadership that has advanced students, programs, and facilities across the university; and

WHEREAS, Bill Dillard II is a graduate of the University of Arkansas and a distinguished business leader whose family name is deeply associated with retail innovation, job creation, and service to the State of Arkansas; and

WHEREAS, Mandy Dillard has demonstrated a meaningful commitment to the community through her philanthropic support, civic engagement and service to organizations that strengthen education, health and quality of life across Arkansas; and

WHEREAS, Bill and Mandy Dillard have supported the University of Arkansas through major gifts and service, including support for the Sam M. Walton College of Business Department of Accounting, the Land of Opportunity Scholarship, Razorback Athletics, student organizations, and other university initiatives; and

WHEREAS, the Sam M. Walton College of Business is experiencing significant enrollment growth and requires additional instructional, study, and collaboration space to support students and faculty and to strengthen the college's national standing and impact; and

WHEREAS, Bill Dillard II and Mandy Dillard have made a transformational gift to support the new academic building for the Sam M. Walton College of Business, an investment that will help expand the university's capacity to educate future business leaders; and

WHEREAS, the new approximately 100,000-square-foot academic building, located at North Harmon Avenue and West Fairview Street adjacent to the Donald W. Reynolds Center for Enterprise Development, will add substantial classroom, study, and collaboration space for the Walton College community; and

WHEREAS, recognizing the generosity and leadership of Bill Dillard II and Mandy Dillard through the naming of this facility is consistent with the mission and traditions of the University of Arkansas and its practice of honoring individuals whose contributions have had a lasting and significant impact on the institution;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the new academic building for the Sam M. Walton College of Business at the University of Arkansas, Fayetteville, shall henceforth be named Mandy and Bill Dillard II Hall, in recognition of the Dillards' longstanding generosity, service, and commitment to the University of Arkansas and the State of Arkansas.

BE IT FURTHER RESOLVED THAT this resolution shall be included in the minutes of this meeting, and a copy shall be provided to Bill Dillard II and Mandy Dillard as an expression of the Board's appreciation.

Dear Committee Members:

Chancellor Charles Robinson at the University of Arkansas, Fayetteville, is requesting approval to purchase property located at 682 S. Lt. Col. Leroy Pond Ave., in Fayetteville, Arkansas.

The property is located adjacent to the University Arts District and includes a 15,600 square foot warehouse building situated on 1.06 acres of land. The property was appraised for a market value of \$1,880,000 and use value of \$2,345,000. An offer of \$2,300,000 was made to and accepted by the owner, 6420 Bentonville Rogers, LLC, for the purchase of the real property.

A map illustrating the location of the property is attached to this letter. Funding for the purchase will be from University Reserves. The immediate use of the property will be to relocate and expand University Surplus, with the existing Surplus building used to service the campus's growing Transit fleet.

I concur with Dr. Robinson's recommendation and have attached a resolution for your consideration.

Sincerely,

Jay B. Silveria

TO MEMBERS OF THE BUILDINGS
AND GROUNDS COMMITTEE:

Col. Nate Todd, Chair
Mr. Kevin Crass
Mr. Judd Deere
Mr. Ted Dickey
Mr. Randy Lawson, Ex-Officio

Dear Committee Members:

University of Arkansas at Fort Smith (“UAFS”) Chancellor Terisa Riley seeks Board approval to list three contiguous lots of real property (referred to collectively as the “Property”) for sale. UAFS currently uses the Property to provide UAFS students with housing by means of an apartment complex on the Property that is commonly known as Sebastian Commons (the “Apartments”).

As spelled out more fully below, the Apartments need substantial repairs. UAFS would like to avoid this cost and realize financial benefits by selling the Property to a private developer on the condition that the developer uses the Property to repair the Apartments or build new ones for the benefit of UAFS students and employees.

The Property consists of three contiguous lots located on the west edge of the UAFS campus. It is owned in fee simple and has a common street address of 801 North 49th Street, Fort Smith, Sebastian County, Arkansas 72901.

The Apartments are comprised of eight apartment-style residential buildings currently and historically operated by UAFS as student housing. They are adjacent to the UAFS campus and support undergraduate enrollment and enhance student engagement and retention. Demand for student housing on or near campus is expected to continue, and in some cases increase, as UAFS pursues its recruitment and retention objectives.

Based on a recent independent appraisal, the current market value of the Property with the Apartments is estimated to be approximately \$6,950,000. However, the Apartments need substantial repairs, capital improvements, and modernization to remain safe, competitive, and attractive to students. UAFS has received estimates indicating that the cost of necessary repairs and renovations is approximately \$9,631,898. This estimated cost significantly exceeds the University’s current ability to fund such work from available resources without obtaining external financing.

2404 North University Avenue / Little Rock, Arkansas 72207-3608 / 501-686-2505

University of Arkansas – Pulaski Technical College / University of Arkansas Community College at Rich Mountain

University of Arkansas East Arkansas Community College / North Arkansas College of the University of Arkansas

The Property and the Apartments were originally acquired and improved using proceeds of tax-exempt financing. However, while the original bonds were tax-exempt, they have since been combined and refinanced and are part of Bond 2020A, which is a taxable bond and not subject to the complex requirements that govern tax-exempt bonds.

Given (i) the significant and growing capital needs of the Apartments, (ii) the estimated repair and renovation costs that materially exceed the appraised value of the Property and the University's capacity to fund such improvements without taking on additional debt, and (iii) the University's broader capital priorities and financial constraints, UAFS has determined that it is in the University's best interest to explore a sale of the Property. A sale of the Property would:

1. Allow UAFS to avoid incurring substantial additional debt or diverting limited capital resources to non-strategic renovations of aging facilities;
2. Unlock the current appraised value of the Property (approximately \$6,950,000) to support other institutional priorities, subject to applicable law, bond requirements, and System policies; and
3. Potentially enable collaboration with a qualified private developer to replace outdated student housing with modern facilities that could continue to serve UAFS students.

UAFS is evaluating the possibility of conveying the Property to a third-party developer with the condition that the developer remodel and update the Apartments to serve UAFS students and employees. UAFS is providing this notice to comply with Board Policy 300.2 and UASP 300.2 and to ensure transparency regarding the proposed disposition of the Property and the Apartments.

I concur with Dr. Riley's recommendation. A proposed resolution is attached for your consideration.

RESOLUTION

WHEREAS, the Board of Trustees of the University of Arkansas ("Board") governs the University of Arkansas at Fort Smith ("UAFS" or "University"); and

WHEREAS, the Chancellor of UAFS has determined that it is in the best interest of the University to divest of the property at 801 North 49th Street, Fort Smith, Sebastian County, Arkansas 72901, which is currently the location of an on-campus student housing apartment complex known as Sebastian Commons; and

WHEREAS, the Chancellor has advised that selling the property is a preferred strategy to avoid the significant, long-term financial liabilities and great expense associated with necessary, substantial repairs and potential rebuilding of Sebastian Commons; and

WHEREAS, the President of the University of Arkansas system concurs with the Chancellor's assessment that the sale of Sebastian Commons is in the best interest of the University's financial health and strategic goals; and

WHEREAS, the Board of Trustees is willing to entertain offers for the purchase of the property, finds the proposed contract with the realty agent acceptable (provided that it is revised to require Board approval of any offer to purchase the property), and wishes to authorize the necessary steps to pursue a sale of the property (with any offer subject to review and approval by the Board);

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the listing of the property with the student housing apartments known as Sebastian Commons is hereby authorized in accordance with University policy and state law.

BE IT FURTHER RESOLVED THAT the President of the University of Arkansas, or his designee, and the Chancellor of UAFS, or her designee, are authorized to list the property for sale, and to entertain offers, negotiate with potential buyers, and take all such further action and execute such documents and instruments as may be necessary to effectuate the sale of the property, subject to Board approval of any offer so that the final sale agreement is subject to review by the General Counsel and final approval by the Board of Trustees in accordance with this resolution.

EXCLUSIVE LISTING AGREEMENT

This Exclusive Listing Agreement (this “Agreement”) is entered into by and between the undersigned (“Owner”) and Ghan & Cooper Commercial Properties, LLC (“Agent”).

1. Exclusive Listing Right. In consideration of the services to be rendered by Agent pursuant to this Agreement, Agent will have the exclusive right to list and market the sale or exchange of the real property more particularly described on Exhibit A with a street address of 801 North 49th Street, Fort Smith, Arkansas (the “Property”) subject to the terms and conditions set forth in this Agreement.

2. Term. The term of this Agreement (the “Term”) will commence on June 1, 2026, and will expire on the later of: (a) the close of business on the date of June 1, 2027, as extended by automatic extension as provided herein; (b) the date of the closing of the sale or exchange of the Property with any prospective buyer. Until this Agreement may be terminated, the initial Term will be automatically extended for successive periods of thirty (30) days each following the expiration of the initial Term or the expiration of the subsequent automatically extended periods, as applicable. The Term will further be automatically extended through the date of the closing of any sale or exchange if Owner agreed to any sale or exchange the Property during the Term, but such sale or exchange of the Property will occur after the Term.

3. Listing Price. Agent will market the Property for a sale price of \$ _____ or any other price that Owner and Agent may approve in writing (the “Listing Price”), provided that final approval is only by resolution of the Board of Trustees of the University of Arkansas. Owner will sell the Property to any buyer that offers or is willing to pay the Listing Price pursuant to a sale or exchange with terms and conditions considered commercially reasonable in the market area where the Property is located. Owner will refer to Agent all offers and inquiries received directly or indirectly by Owner with respect to the Property or any part thereof during the Term.

4. Marketing Costs. Agent will pay all standard expenses approved by Agent to market the sale or exchange of the Property during the Term. Agent shall market the Property using Crexi and/or other commercial real estate marketing platforms selected at Agent’s discretion as part of Agent’s standard marketing program. If Owner request that the Property be listed or marketed on any additional or alternative platforms not included in Agent’s standard marketing program, Agent shall use reasonable efforts to accommodate such request; however, any fees, subscription costs, advertising expenses or other charges associated with such additional or alternative platforms shall be the sole responsibility of Owner and must be approved by Owner in advance. Agent will place standard signage on the property. If Owner request additional signage to be placed on the property or property specific language to be included in the signage, this additional cost will be paid for by the Owner. Agent may, in its discretion, negotiate any co-broker fee with the selling firm.

5. Commissions Generally. If the Property or any part thereof may be sold or exchanged during the Term, regardless of the efforts of Agent, Owner will pay Agent, on the closing of such sale or exchange a commission as described on Exhibit B (“Commission”). A Commission will be due to Agent if Owner agreed to any sale or exchange of the Property during the Term or if such sale or exchange of the Property will occur after the Term. A Commission will also be due to Agent if Owner enters into any sale or exchange of the Property within one hundred eighty (180) days after the expiration of the Term with either: (a) any person identified by agent during the Term as a prospective buyer; or (b) any person whose interest in the Property was caused, in whole or in part through the actions of Agent.

6. Commissions for Sale or Exchange. The Commission for a sale or exchange of the Property during the Term will be equal to the percentage of the Gross Sales Price set forth on Exhibit B which will be paid in full on the date of the closing of the sale or exchange of the Property. The term “Gross Sales Price” will mean the total amount paid to Owner prior to the deduction of any expenses with respect to the sale or exchange of the Property whether paid on or after the closing of the sale or exchange of the Property. A transaction fee of \$500.00 may be charged by the Agent to the Owner at time of closing. This transaction fee will be added as an additional line item to the closing statement with the title company at the time of closing. If a title company is not involved in the transaction, this transaction fee will be paid directly by the Owner to the Agent.

7. Cancellation. Owner and Agent will each have the right to terminate this Agreement during the Term, except to the extent automatically extended as provided in Section 2, upon thirty days advance written notice to the other. If Owner elects to terminate this Agreement during the Term, Owner will reimburse Agent for the marketing cost in the amount of One Thousand Dollars (\$1,000.00). Such reimbursement will be made at the time of such written notice by Owner to terminate this Agreement.

8. Agency Relationships. Owner authorizes Agent to market the Property utilizing any one or more of the following agency relationships: (a) Agent may represent a buyer with respect to any sale or exchange of the Property; (b) Agent may represent Owner and a buyer with respect to any sale or exchange of the Property. Agent may, in its discretion, share the Commission with any other

agent participating in any sale or exchange of the Property. Owner authorizes Agent to disclose to a buyer any information related to the Property provided by Owner or known to Agent that Agent may determine to be necessary with respect to full disclosure of all facts and circumstances that may affect any sale or exchange of the Property. Owner acknowledges that when Agent represents Owner and a buyer, a conflict of interest may arise. Owner hereby waives any right to receive the undivided loyalty of Agent with respect to the sale or exchange of the Property. Agent will use reasonable efforts to treat Owner and a buyer fairly and equitably. Owner hereby waives any claim now or hereafter arising out of any conflicts of interest that may arise from the representation by Agent of Owner and a buyer.

9. Access and Authorizations. During the Term, Agent will, for purposes of marketing the sale or exchange of the Property: (a) have free access to the Property at all reasonable times; (b) be authorized to place signs on the Property; (c) be authorized to obtain from and to disclose to anyone all loan, utility, and other information regarding the Property, as determined by Agent in its discretion; (d) be authorized to offer sub-agency to other real estate licensees; (e) to require Owner to sign and acknowledge a document to be filed with the public records of the Property regarding this Agreement and the rights and obligations of the parties with respect to this Agreement and the Property; and (f) to publish any notice including any notice filed with the public records of the Property regarding this Agreement and the rights and obligations of the parties with respect to this Agreement and the Property.

10. Property Management. Except as agreed in a separate written management agreement, Owner acknowledges that Agent has not been engaged to act as a property manager with regard to the Property. Owner acknowledges that Agent's responsibilities do not include an obligation to assist with: (a) any repairs or maintenance of the Property; (b) any construction of any improvement to the Property; (c) compliance with any local ordinances regarding the condition of the Property; (d) any communications between Owner and any tenant of the Property; (e) collection of any rents from any tenant of the Property; (f) payment of any expenses not covered under this Agreement; or (g) any similar services typically provided by a property manager in the same county as the Property. Agent reserves the right, in its discretion, to charge Owner appropriate fees with respect to any property management services provided by Agent.

11. Owner Representations, Warranties, and Covenants. Owner hereby represents, warrants, and covenants as follows: (a) Owner has fee simple and merchantable title to and has all requisite authority to sell or exchange the Property; (b) no person other than Agent has any right to, or during the Term will, market or be entitled to any commission in connection with the sale or exchange of the Property or any part thereof; (c) Owner has disclosed to Agent in writing all conditions of the Property which require disclosure under applicable law or which could have a material adverse effect on the value or desirability of the Property; (d) Owner has made, and will make all decisions regarding any sale of the Property based on its own independent business judgment after review of all information required by Owner; and (e) all information provided by, or on behalf of, Owner to Agent is correct and complete.

12. Notice. Any notice, demand, request, or other communication permitted or required by this Agreement will be deemed received by a party two (2) days after delivery of such notice, demand, request, or other communication to the address for such party set forth on the signature page hereof, unless another address will be designated by such party in accordance with this Section by either electronic mail, personal delivery, overnight delivery service, first class mail, or certified or registered mail.

13. General Provisions. Each party executed and delivered this Agreement with the intent to be legally and equitably bound to its terms and conditions. This Agreement will be governed by and interpreted pursuant to the laws of the State where the Property is located without regard to principles of conflicts of laws. Any remedies provided in this Agreement will be in addition to any remedies otherwise available to a party pursuant to applicable law. Time will be of the essence. This Agreement will inure to the benefit of, will be binding on, and will be enforceable by the heirs, successors, and assigns of each party. This Agreement will not be interpreted to grant any rights for the benefit of any third-party beneficiary. This Agreement will be interpreted as though each party shared equally in its negotiation and preparation. Each Exhibit to this Agreement will be incorporated into this Agreement as though fully set forth word for word. If there will be an irreconcilable conflict between the terms and conditions of this Agreement and the terms and conditions of any other document executed and delivered in connection with this Agreement, the terms and conditions of this Agreement will prevail. Each term and condition of this Agreement will be severable from all other terms and conditions of this Agreement. All representations, warranties, and covenants in this Agreement will survive the execution and delivery of this Agreement. Each party represents, warrants, and covenants that it had a satisfactory and adequate opportunity to thoroughly review this Agreement and to consult legal counsel prior to the execution and delivery of this Agreement. This Agreement may be waived, modified, or amended only by a subsequent written agreement executed and delivered by each party. The course of dealing and the course of performance among the parties will not modify or amend this Agreement. This Agreement may not be assigned, delegated, or otherwise transferred, directly or indirectly, by a party to any person for any purpose. This Agreement may be executed and delivered in counterparts. This Agreement contains the entire agreement of the parties on the subject matters of this Agreement. The terms and conditions of this Agreement supersede all prior or contemporaneous representations, warranties, and covenants of the parties with respect to the subject matters of this Agreement whether oral or written or express or implied.

Dear Committee Members:

As you might recall, we have implemented new efficiencies throughout the UA System as these matters have been brought to our attention. The approval process for the granting of standard non-exclusive right-of-way easements is now processed more efficiently. Following review by the General Counsel's office, these easements are signed by the President and reported to you during the Buildings and Grounds committee meeting.

The following easement has been approved since the last report to the Trustees. Please let us know if you have any questions concerning this matter.

TO MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Charles Robinson at the University of Arkansas, Fayetteville, is requesting approval to modify the purpose and fund usage of the Roy and Margaret Rom Endowed Award.

This endowment was established with a gift in 2003 from longtime faculty member Dr. Roy Rom, who retired from the University of Arkansas in 1988, and his wife, Mrs. Margaret Rom, for the benefit of Fruit Studies in the Department of Horticulture in the Dale Bumpers College of Agricultural, Food and Life Sciences. Specifically, the gift agreement stated the endowment was intended to support a travel award for a Fruit Studies graduate student to attend a professional meeting or for travel to conduct faculty approved research. The agreement also stated that it was subject to Board Policy 470.2. However, the Dale Bumpers College of Agricultural, Food and Life Sciences no longer offers a graduate program or concentration area in Fruit Studies, making this fund impracticable to administer as originally written.

Unfortunately, both Dr. Roy Rom and Mrs. Margaret Rom are now deceased, which eliminates the possibility of pursuing an amendment to the original gift agreement in order to make the award practicable to administer. Therefore, pursuant to Board Policy 470.2, with the consultation and approval of the heirs of Roy and Margaret Rom and the Office of General Counsel, Chancellor Robinson joins Dean Edwards of the Dale Bumpers College of Agricultural, Food and Life Sciences in recommending that the Fruit Studies restriction be removed and the use of the award to be modified to support any graduate student in the Horticulture Department to attend a professional meeting, for travel to conduct faculty approved research, or for international travel for study abroad.

I concur with Dr. Robinson's recommendation and have attached a resolution for your consideration.

Thank you.

Sincerely,

Jay B. Silveria, President

RESOLUTION

WHEREAS, in 2003, Roy and Margaret Rom established a charitable gift annuity to create the “Roy and Margaret Rom Endowed Award” in support of the Horticulture Department of the Dale Bumpers College of Agricultural, Food, and Life Sciences at the University of Arkansas, Fayetteville; and

WHEREAS, Dr. Rom was a long-serving member of the University’s Horticulture Department; and

WHEREAS, the purpose of the award was to support a travel award for a Fruit Studies graduate student to attend a professional meeting or for travel to conduct faculty approved research; and

WHEREAS, there is no longer a Fruit Studies program or concentration at the University of Arkansas, Fayetteville; and

WHEREAS, the Roms have passed away; and

WHEREAS, under such circumstances, Board of Trustees Policy 470.2 authorizes the Board to change an endowment because of changed conditions which make it impossible or impracticable to fulfill the purposes for which the endowment was established while maintaining, as nearly as possible, the purpose for which the respective endowment was created; and

WHEREAS, in light of the forgoing, at the recommendation of Bumpers College Dean Jeff Edwards, the University of Arkansas, Fayetteville, requests the Board’s approval to modify the purpose of the award by removing the Fruit Studies restriction and authorizing use of the award to support any graduate student in the Horticulture Department to attend a professional meeting, for travel to conduct faculty approved research, or for international travel for study abroad; and

WHEREAS, the campus has consulted with the heirs of the donors and they concur with the proposed revision; and

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Board hereby adopts this resolution, approving the modification of the Roy and Margaret Rom Endowed Award, as follows:

Purpose: The purpose of the Roy and Margaret Rom Award is to support a travel award for a Horticulture graduate student to attend a professional meeting, and/or for travel to conduct faculty approved research, and/or for international travel for study abroad.

Administration: The selection of the recipients of the Roy and Margaret Rom Endowed Award shall be recommended to the Dean of the Dale Bumpers College of Agricultural, Food, and Life Sciences in consultation with the Department Chair of the Horticulture Department through a committee process consistent with University policy. The funds are to be allocated for travel to a professional meeting, and/or to accommodate approved travel for research purposes, and/or for international travel for study abroad.

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

As a condition of federal funding received in support of Razorback Transit, the University is required to maintain a Drug and Alcohol Policy, which includes provisions relating to the drug-and-alcohol testing of employees in safety-sensitive positions.

This policy has been revised on several occasions, and in each instance the revisions were approved by the Board of Trustees. The policy generally establishes an alcohol misuse prevention program and implements an anti-drug program consisting primarily of testing, but also with elements requiring training, educating, and evaluating employees in safety-sensitive positions. The purpose of the policy is to provide a drug and alcohol free workplace for the employees, their co-workers, vehicle passengers, and the general public. The policy also has provisions encouraging voluntary treatment for assistance in substance abuse.

The proposed updated policy entails limited changes to align with current U.S. Department of Transportation regulations and best practices.

Because of the length of the proposed revised policy, it is not being provided, but a summary of changes is attached, and the updated policy itself will be furnished to any Trustee who wishes to review it.

A resolution is attached for your consideration. I recommend its approval.

Sincerely,

Jay B. Silveria
President
Charles E. Scharlau Presidential Leadership Chair

RESOLUTION

WHEREAS, the Board of Trustees of the University of Arkansas, acting through Razorback Transit, is dedicated to providing safe and dependable passenger transportation services; and

WHEREAS, it is our policy to assure that employees are not impaired in their ability to perform assigned duties in a safe, productive, and healthy manner and that our workplace environment is free from the adverse effects of drug abuse and alcohol misuse; and

WHEREAS, it is also our policy that the unlawful manufacture, distribution, dispensing, possession, or use of any controlled substance is prohibited and that we encourage employees to seek professional assistance anytime personal problems, including alcohol or drug dependency, adversely affects their ability to perform their assigned duties; and

WHEREAS, the U.S. Department of Transportation, Federal Transit Administration has mandated a compliant Drug and Alcohol Testing Program regulated by 49 CFR Part 655, as amended, and 49 CFR Part 40, as amended, for safety-sensitive employees of public transportation agencies as a condition of federal funding; and

WHEREAS, the proposed updated Drug and Alcohol Policy meets the requirements of the federal regulations;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the proposed revised Drug and Alcohol Policy for Razorback Transit, in compliance with federal regulations, is hereby adopted.

Razorback Transit

Substance Abuse Policy Update

As a condition of federal funding, Razorback Transit is required to comply with all applicable Federal Transit Administration (FTA) and U.S. Department of Transportation (DOT) regulations. This Drug and Alcohol Policy update is required to align with current regulations and best practices. The proposed changes are summarized as follows:

- Updated link to FTA Drug and Alcohol Program web site
- Revised citation to DOT regulations
- Clarification that FTA regulations prohibit consumption of alcohol by all covered employees within four (4) hours prior to the performance of safety-sensitive job functions, but **Razorback Transit policy** prohibits covered employees from consuming alcohol within **eight (8) hours** prior to the performance of safety-sensitive job functions, and that violation of this provision is prohibited and **is cause for termination of employment.**
- Clarification that it is **Razorback Transit policy**, rather than mandated via regulation, that, in the event of a non-fatal accident, when any other covered employee beyond the driver whose performance could have contributed to the accident is tested, the **employee will not be permitted to return to driving duties until a negative test result has been received.**
- Clarification that certain provisions on special arrangements for end-of-shift random testing in circumstances where an employee has advance, verifiable notice of **scheduled medical or child care commitments**, are a matter of **Razorback Transit policy** rather than mandated by regulation.
- Clarification that test refusal provisions also pertain to oral fluid specimen testing.
- Clarification that the policy's statement regarding medical marijuana is based on the authority of FTA regulations.

TO MEMBERS OF THE BOARD OF TRUSTEES:

Dear Trustees:

Board Policy 100.4, *Rules and Regulations of the Board of Trustees of the University of Arkansas for the Governance and Administration of the University of Arkansas*, requires the Board to review and approve proposed plans for local governance of each campus in the UA System. In accordance with the policy, enclosed is the proposed local governance document for the University of Arkansas at Pine Bluff.

Vice President for Academic Affairs Michael Moore and Chancellor Anthony Graham will be available to discuss any questions you may have. I recommend approval of this governance document. A proposed resolution for your consideration follows. The revised governance document supersedes Board Policy 1510.1, and the resolution includes verbiage deleting this policy.

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the campus governance document presented at the May 20-21, 2026, meeting of the Board of Trustees for the University of Arkansas at Pine Bluff is approved as presented.

BE IT FURTHER RESOLVED THAT Board Policy 1510.1, *Rules for the Governance of the University of Arkansas at Pine Bluff*, is hereby deleted.

Shared Governance Constitution

University of Arkansas at Pine Bluff

1.0 PURPOSE AND SCOPE

We, the University of Arkansas at Pine Bluff (“UAPB” or “University”), affirm that effective institutional governance is strengthened through meaningful participation of faculty, staff, and students in an advisory capacity to the Chancellor.

This Constitution establishes the framework for shared governance at UAPB in alignment with policies of the University of Arkansas System Board of Trustees.

This document (a) defines the roles, authority, and relationships among governance bodies; (b) establishes advisory structures for institutional decision-making; and (c) ensures alignment with applicable Board policies, system procedures, and institutional priorities.

All additional operational procedures, membership structures, and internal processes of governance bodies shall be defined in separate bylaws, which may be amended at the campus level.

1.1 DEFINITIONS

Chancellor

The Chief Executive Officer of UAPB, appointed by the Board of Trustees upon recommendation of the President.

Administration

Employees holding administrative titles including but not limited to directors, deans, vice chancellors, chief of staff, and Chancellor.

Faculty

Employees holding academic rank (e.g., instructor, assistant professor, associate professor, professor, librarian, extension specialist with academic rank).

Staff

Employees who are not faculty or administrators.

Student

Any individual enrolled at UAPB and in good academic standing.

2.0 AUTHORITY AND RESPONSIBILITY

2.1 Role of the Chancellor

The Chancellor is responsible for the leadership, management, and administration of UAPB, subject to:

- University of Arkansas Board of Trustees policies;
- Applicable federal and state laws; and
- University of Arkansas System procedures.

The Chancellor:

- Serves as the final institutional decision-maker on all matters of governance;
- Establishes administrative and advisory structures to support institutional effectiveness; and
- Serves as the official liaison between the University and the President, Board of Trustees, and external stakeholders.

2.2 Shared Governance Framework

Shared governance at UAPB is exercised through three independent, representative advisory bodies:

1. Faculty Senate
2. Staff Senate
3. Student Government Association (SGA)

Each body:

- Operates in an advisory capacity to the Chancellor;
- Represents the interests and perspectives of its respective constituency; and
- Develops recommendations within its defined scope.

These bodies function independently but may collaborate on matters of institutional significance.

3.0 GOVERNING BODIES

3.1 Faculty Senate

The Faculty Senate is the representative body of the faculty and advises the Chancellor on academic matters, including but not limited to:

- Curriculum and academic programs
- Academic policies and standards
- Faculty welfare and professional responsibilities
- Academic planning and institutional effectiveness

3.2 Staff Senate

The Staff Senate is the representative body of staff and advises the Chancellor on matters including:

- Staff welfare and working conditions
- Professional development and engagement
- Institutional operations affecting staff
- Communication between staff and administration

3.3 Student Government Association (SGA)

The Student Government Association represents the student body and advises the Chancellor on matters including:

- Student experience and quality of life
- Institutional policies affecting students
- Student services and engagement
- Campus climate and student success

3.4 Advisory Nature of Governance Bodies

All governance bodies:

- Serve in an advisory capacity only;
- Do not possess independent decision-making authority over institutional operations and;
- Submit formal recommendations to the Chancellor for consideration.

3.5 Transmission and Review of Recommendations

Recommendations from any governance body shall be submitted to the Chancellor. Within two weeks, the Chancellor shall either:

- Provide a written response indicating approval, modification, or non-approval; or
- Request additional information or analysis.

3.6 Escalation Process

If a governance body does not receive favorable action:

- The matter may be shared with the other governance bodies for consideration;
- Upon a three-fifths (3/5) vote of each of the three bodies, the issue may be forwarded to the President of the University of Arkansas System;
- The President may determine whether the matter warrants review by the Board of Trustees.

4.0 BYLAWS

Each governance body shall develop and maintain its own bylaws, which will include:

- Membership and representation
- Election procedures
- Officer roles and responsibilities
- Committees and operational processes
- Meeting structure and procedures:
 - (1) Meeting notices and the tentative agenda shall be publicized at least five (5) days in advance of the meeting;
 - (2) Meetings shall be open to all represented persons, although floor privileges may be limited;
 - (3) Minutes of the meetings shall be made available to all members of the governance structure and the Chancellor promptly following the meeting. The minutes shall also be archived and made accessible to the public upon request.

Bylaws must:

- Be consistent with this Constitution; and
- Align with University of Arkansas System policies.

Bylaws may be amended at the institutional level and do not require Board approval.

5.0 AMENDMENTS TO THE CONSTITUTION

Amendments to this Constitution shall:

1. Be approved by a three-fifths (3/5) vote of each governance body;
2. Be submitted to the Chancellor for review;
3. Be forwarded to the President of the University of Arkansas System; and
4. Require approval by the University of Arkansas Board of Trustees.

TO THE MEMBERS OF THE BOARD OF TRUSTEES

Dear Trustees:

Chancellor Lindsay Bridgeman, University of Arkansas Grantham, has requested approval of UA Grantham's Strategic Plan 2026-2031 document, as attached.

The plan builds on past accomplishments and is in alignment with the strategic pillars of the UA System. The strategic priorities include student success, student experience and university excellence.

I concur with Chancellor Bridgeman's recommendation. A proposed resolution for your consideration follows.

WHEREAS, the University of Arkansas Grantham has developed a strategic plan for 2026-2031 in its effort to support success and to guide both long-term growth and daily operations;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS THAT the Strategic Plan 2026-2031 for the University of Arkansas Grantham is hereby approved as presented.

Sincerely,

Jay B. Silveria

UNIVERSITY OF ARKANSAS GRANTHAM

About the University of Arkansas Grantham

Celebrating its 75th anniversary in 2026, the University of Arkansas Grantham has a long, rich history. The institution that would eventually become UA Grantham started out as a technical school for veterans and evolved over time to become a pioneer and leader in continuing education.

Early Years and Focus on Distance Education: 1951-1999

Founded in Los Angeles, California, in 1951 by World War II veteran Donald Grantham, the institution began as the Grantham Radio License School. Its initial mission was to help returning service members who relied on education benefits to acquire the skills and certifications needed for careers in the growing fields of electronics and communications.

The school quickly embraced distance education to serve a geographically dispersed, non-traditional student population, including military service members and working adults. It expanded its physical presence with campuses in cities like Washington, D.C., and Kansas City, Missouri, in the 1950s.

In 1961, it achieved accreditation from the Distance Education and Training Council (now the Distance Education Accrediting Commission, or DEAC) and was renamed the Grantham School of Electronics. By 1976, Donald Grantham shifted the institution's focus exclusively to distance education, discontinuing residential operations.

Throughout the 1980s and 1990s, the institution, then Grantham College of Engineering, continued to expand its program offerings to include associate and bachelor degrees in fields like electronics engineering technology and computer science.

Transition to Full Online Learning and Relocation: 2000-2020

In 2000 Grantham began offering its degree programs exclusively online, and in 2002, it was renamed Grantham University. The university's resilience was tested in 2005 when Hurricane Katrina severely damaged the main campus in Slidell, Louisiana. Demonstrating remarkable adaptability, the university relocated and restarted operations in temporary offices in Kansas City, Missouri. Grantham University would remain in the Kansas City metropolitan area for more than 15 years.

Joining the University of Arkansas System: 2021 - Present

In mid-2021, the University of Arkansas System Board of Trustees unanimously voted to acquire Grantham University. This move, finalized on November 1, 2021, merged Grantham with the System's existing online initiative, eVersity, and officially established the University of Arkansas Grantham.

A public, not-for-profit online university based in Little Rock, Arkansas, UA Grantham now serves adult learners worldwide, offering certificate, associate, bachelors, and masters degrees programs delivered completely online, and relying on a workforce of more than 200 adjunct faculty members and 125 staff distributed throughout the United States.

The integration into Arkansas' premier public university system has strengthened UA Grantham, allowing it to continue and provide high-quality, affordable education to non-traditional students, backed by the strong reputation of the University of Arkansas System, and driven by a sustained commitment to its founding mission of serving non-traditional students.

University Mission and Vision

The University's mission and vision are our north star – reflecting our history, echoing our commitment to student success, and guiding both our long-term growth initiatives and daily operations.

Vision

The University of Arkansas Grantham is committed to being a globally recognized innovator in higher education, serving those who serve and serving those who strive to make a difference in their professional lives and community.

Mission

The mission of the University of Arkansas Grantham is to provide quality, accessible, affordable, professionally relevant programs in a continuously changing global society.

This broad mission statement is rooted in extraordinary purpose: UA Grantham serves those who serve and those who want to make a difference. The University achieves its mission by providing access to education especially to those who are typically underserved by traditional post-secondary education: working adults, first-generation college students, active-duty military members and veterans, those who ensure our public safety, business owners and entrepreneurs – all those who need a second chance and all those who never had a first chance.

The University of Arkansas Grantham provides online higher education for learners balancing education with career, family, and community commitments. The university provides flexible online learning environment, dedicated student support, monthly course starts, degree and certificate programs in in-demand fields, affordable tuition, and technology – all with one overarching goal: student success in every class and through to graduation.

The University of Arkansas Grantham Strategic Plan

The UA Grantham Strategic plan for 2026-2031 builds on past accomplishments and is in alignment with the strategic pillars of the University of Arkansas System. Articulated by UA System President Jay B. Silveria in 2026, these six pillars shape the System’s strategic decision-making:

1. Expanded Access to High-Quality, Diverse Educational Opportunities
2. A Systemwide Commitment to Student Success
3. Advancing Scholarship, Innovation, and Discovery
4. Stewardship of Talent, Resources, and Public Trust
5. Responsiveness to Statewide Needs and Priorities
6. Collaboration and Integration through Technology and Business Innovation

As stated by President Silveria, these pillars “provide a common framework that allows our institutions to advance their unique missions while working collectively toward systemwide goals.”

Accordingly, the purpose of the university’s strategic plan is to clearly communicate to all UA Grantham stakeholders the strategic initiatives and objectives of the institution. In this way, the Strategic Plan guides the university development activities as well as its day-to-day operations.

The University’s strategic planning process establishes shared commitment in identifying objectives and creating metrics to measure the University of Arkansas Grantham’s progress toward continuous growth, development, and improvement. The planning process is directed by the University’s mission, priorities, and outcomes and assures the institution remains accountable to all stakeholders and sustainable into the future.

This Strategic Plan allows the University to identify internal and external trends, determine how to maximize opportunities, how it can differentiate itself in a changing educational environment, and guard against risks. The Strategic Plan allows the University Leadership Team (ULT) to prioritize and better direct the University’s resources while enhancing educational opportunities.

University Operations

Leadership of each of the University's operational areas is responsible for coordinating internal and cross-departmental activities that support the mission, priorities, and student and institutional outcomes. In doing so, activities undertaken in all operational areas ensure continued growth and viability.

Academics

The Academics team is responsible for coordinating day-to-day operations of UA Grantham's four colleges, for managing and supporting faculty, and for ongoing enhancement of course content using best-in-class instructional design principles.

Academics is comprised of three areas:

- **College Leadership** The Directors of the College of Business, College of Health Professions, College of Humanities and Social Sciences, and College of Science, Engineering, and Technology lead the development of professional and relevant program curriculum. These leaders rely on input from faculty, students, and industry experts to update content so that it reflects current industry standards and technology, in alignment with accreditation requirements and institutional goals.
- **Academic Operations** This group maintains and improves course material within the learning management system. Team members facilitate the design process for effective quality instruction, resolve technical issues, and maintain and enhance course materials that support effective, high-quality instruction.
- **Faculty Management** This team recruits and manages faculty, conducts classroom performance reviews, provides feedback and academic coaching, and oversees faculty scheduling. The team also helps ensure academic expectations and instructional standards are consistently met.

Finance and Sustainability

Because UA Grantham is self-sustaining – in other words, it does not receive budget support from the State of Arkansas – the Finance Team enforces commitment to sustainable operations across all functional areas, thereby ensuring that the University remains viable, so that in turn it can achieve its mission.

Holding the responsibility for maintaining the university's financial integrity, the Finance Team is accountable for finance operations, procurement, and tax reporting.

- **Finance Operations** The team ensures accurate recording of all financial transactions, completes internal and external financial reporting, and analyzes financial data and trends. The team also partners with university leaders to develop the annual budget and monitor budget variances.
- **Procurement** The team manages the procurement and accounts payable process in compliance with state regulations and ensures timely payment of university obligations.
- **Tax Reporting** The team ensures all taxes are filed and paid in compliance with federal, state, and local regulations, including all payroll related taxes in partnership with HR.

Human Resources

Human Resources serves as an institutional partner that supports the people and practices essential to achieving the University's mission. By strengthening the foundation upon which faculty and staff operate, Human Resources helps sustain quality, accessibility, affordability, and relevance. The team is responsible for the following activities:

- **HR Management and Operations** Encompasses compensation and benefit program design, leave processes, HRIS technology, and workforce analytics required to support the university stakeholders' needs. The function also manages employee relations and coaches UA Grantham managers to effectively lead their teams, align staff performance with university goals, and ensure a productive and engaged workforce.
- **Talent Acquisition** Partners with university leaders to forecast hiring needs, conduct full life cycle recruiting, and build relationships internally and externally, creating positive hiring experience for all candidates.
- **Payroll** Manages end-to-end payroll administration for multi-state workforce in compliance with university policy and federal, state, and local regulations.
- **Title IX** Acts as Title IX Coordinator ensuring compliance with federal regulations related to discrimination, harassment, and equity.

Marketing

The Marketing team is responsible for branding, communication, and leveraging the university's advertising budget to generate prospective student interest in UA Grantham programs. Activities managed by the team span the entire student lifecycle: from first impressions on social media or the university's website, through using communications to support the enrollment process, to maintaining current student engagement and developing the alumni community.

- **Creative Services** The Creative Services team is responsible for communications, social media, content development, and graphic design.
- **Marketing Operations** The Marketing Operations team is responsible for managing advertising on Google and Facebook, and for maintenance and development of web properties.

Student Experience

The Student Experience team is responsible for supporting students from first inquiry, through initial enrollment and all the way to graduation. This work encompasses managing admissions, enrollment, first term student onboarding, and retention processes.

- **Admissions** The Admissions team engages with prospective students to navigate the enrollment process, including helping students complete their application, collect required documents for admissibility, and motivate them before their courses begin.

- **Student Advising** Following admission, student support transitions to the Student Advising team. Members of the Advising team assist students with everything from course navigation and degree planning to time management and motivation.
- **Student Services** The Student Services team is responsible for maintaining resources and tools students utilize such as online tutoring, the learning center, and career services.
- **Training and Operations** The Training and Operations team is responsible for new hire training, ongoing training, and development of the Student Experience team.

Enrollment Services

Enrollment Services encompasses three operational areas of the institution: Registrar, Student Financial Services, and Compliance and Institutional Research.

- **Registrar's Office** The Registrar's office is responsible for general maintenance of Student Information System (SIS) records. The team supports students, staff, and faculty in the admission cycle, course scheduling, and various student requests such as transcripts and verification.
- **Student Financial Services** The Financial Aid and Student Accounts teams work with students and staff to support all financial aspects, and to administer the awarding of Title IV aid, Veterans Administration education benefits, and military Tuition Assistance funds.
- **Compliance and Institutional Research** This team is responsible for the oversight and reporting requirements of various processes related to accreditation, federal and state guidelines, and UA Board of Trustees and UA System policies.

Information Technology

The IT team is responsible for delivering and supporting the digital infrastructure that enables remote learning, including the university's centralized technology infrastructure and applications, and a variety of solutions directly managed by other UA Grantham teams. IT is organized into three teams:

- **Service Desk** The Service Desk team handles employee onboarding and separation, software license management and installation, workstation provisioning, and initial technical support for all centralized IT services.
- **Technology Services** The Technology Services team is responsible for legacy physical datacenter infrastructure and cloud-based virtual infrastructure services that underlie user-facing services. The team also manages technical services such as email, single sign-on, file sharing, workstation deployment, and cybersecurity monitoring.
- **Information Systems** The Information Systems team manages the online course system, legacy database archives, and data reporting tools. The team also develops and maintains data integration software that ties together critical systems used for admissions, financial aid, student records, student outreach, human resources, finance, and user authentication.

Institutional Assessment: SWOT Analysis

The first step in developing a sound five-year strategic plan for the University of Arkansas Grantham focused on the completion of a Strengths, Weaknesses, Opportunities, and Threats (SWOT) analysis. The SWOT analysis completed by the University Leadership Team encompasses both internal and external elements influencing the University’s growth and is essential to inform the development of strategic initiatives.

The summary of the 2025 SWOT analysis is below.

UA Grantham’s Strategic Priorities and Initiatives

The University of Arkansas Grantham Strategic Plan is mission-driven and focused on communicating its ongoing commitment for providing quality, accessible, affordable, professionally relevant programs in a continuously changing global society.

The strategic priorities and initiatives are assessed annually as part of the Institutional Effectiveness Planning efforts. Each fiscal year action items are identified with metrics such as target completion, budget requirements and oversight responsibility outlined. Action items are consistently monitored through various data inputs including reports, surveys, outcomes assessment analysis, and stakeholder feedback.

Strategic Priority 1 – Student Success

UA Grantham is focused on fostering student persistence and supporting students from enrollment to graduation. This commitment ensures that students not only start but also complete their academic journeys, paving the way for long-term achievements.

Goals

- Our goal is to revitalize and expand our academic offerings to meet the demands of the modern workforce and the aspirations of our students in alignment with the needs of the state of Arkansas.
- Our goal is to maintain academic rigor and relevant course curriculum through a robust cycle of review, refresh, and replace that will foster opportunities to incorporate learning technologies to better prepare our students for the evolving workforce landscape.
- Our goal is to enhance the outcomes of the students we serve through collaboration with industry on curriculum development and through transfer credit opportunities with other credit-granting organizations.

Strategic Priority 2 – Student Experience

UA Grantham is committed to providing a seamless, supportive, and enriching experience for our students as they engage with our academic programs.

Goals

- Our goal is to support a positive experience for our students through continuous improvement to avenues students use to interact with faculty, staff and technology platforms.
- Our goal is to enrich the entire student journey by fostering a connected community, expanding critical support services, and personalizing student outreach to proactively meet their evolving academic and personal needs.
- Our goal is to provide programs that are relevant and meet the demands of the lifetime learner market where workforce demands are out of alignment with traditional academic structures.

Strategic Priority 3 – University Excellence

UA Grantham strives for excellence, emphasizing continuous improvement in all facets of university operations, and supporting the overarching goal of strengthening UA Grantham as a thriving, self-sustaining institution.

Goals

- Our goal is to maintain focus on strategic priorities and institutional effectiveness throughout the university, through transparency and accountability.
- Our goal is to cultivate a culture of continuous improvement, accountability, and professional growth by investing in robust training programs, fostering leadership development, and creating a clear connection to the mission in all areas.
- Our goal is to build a seamless, data-driven operational ecosystem by integrating our technology platforms, automating manual workflows, and leveraging artificial intelligence to enhance efficiency and decision-making across the student lifecycle. By streamlining our back-end operations, we directly improve the front-end experience for both our students and the employees dedicated to supporting them.
